INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Edison 401(k) Savings Plan

Opinion on the Financial Statements

We have audited the financial statements of Edison 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for plan benefits as of December 31, 2024 and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements (collectively, the financial statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2024, and the changes in net assets available for plan benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Plan management (Management) is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the transactions of the Plan that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal controls of the Plan. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability of the Plan to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information in the accompanying Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Reportable Transactions for the year then ended, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

McConnell Jones

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the supplemental schedules are fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter—Auditor's Report on the 2023 Financial Statements

The 2023 financial statements were audited by predecessor auditors whose report dated June 25, 2024, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2023 supplementary information was fairly stated in all material respects in relation to the financial statements as a whole.

NOTES TO FINANCIAL STATEMENTS

1. Plan Description

The following description of the Edison 401(k) Savings Plan (the "Plan") provides only general information. The Plan sponsor is Southern California Edison Company ("SCE," the "Plan Sponsor"). Participants should refer to the summary plan description and plan document, as amended, for a complete description of the Plan's provisions.

Nature of Plan

Eligibility

The Plan is a defined contribution plan with a 401(k) feature, in which qualifying full-time and part-time employees of Edison International (the "Company") and subsidiary companies, including SCE, are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. An employee, as defined by the plan document, is eligible to participate in the Plan immediately upon employment.

Contributions

Subject to statutory limits, all participants may defer pre-tax and after-tax dollars up to 84% of eligible pay. Participating employers provide matching contributions of up to 6% of a participant's eligible pay. The Company allows employees who have attained age fifty before the close of a plan year to make catch-up contributions subject to Internal Revenue Service ("IRS") limitations for employees who have attained age fifty. The Plan also accepts rollover contributions from other qualified plans. In addition to the matching contributions mentioned above, employees hired by the Company on or after December 31, 2017, receive non-elective employer contributions. Represented employees receive a non-elective contribution of 4-6%, based on age and service points. Non-represented employees hired between December 31, 2017 and June 30, 2024, receive a non-elective employer contribution of 6%. Non-represented employees hired on or after July 1, 2024, receive a non-elective contribution of 4-6%, based on age and service points.

Vesting

Participants immediately vest in their own contributions plus actual earnings thereon. Employer contributions plus actual earnings thereon vest at a rate of 20% per year. After five years of service or reaching age 65, all existing and future employer contributions and related earnings are fully vested.

Forfeitures

Forfeited non-vested accounts are used to offset employer contributions. On December 31, 2024 and 2023, the unused portion of forfeited non-vested accounts totaled approximately \$115,000 and \$11,000, respectively. During 2024, there were \$2,475,000 of new forfeited non-vested accounts. Forfeited non-vested accounts were used to reduce employer contributions by approximately \$2,371,000 in 2024.

Plan Trust

Plan assets are held in a trust with State Street Bank and Trust Company (the "Trustee") for the benefit of participants and their beneficiaries. The mutual covenants to which the Plan Sponsor and the Trustee agree are disclosed in the trust agreement between the Plan Sponsor and the Trustee. Participants should refer to the trust agreement for a complete description of the mutual covenants.

Plan Administration

The Plan is administered by the Southern California Edison Company Benefits Committee (the "Plan Administrator"), and Conduent Inc. is the Plan's record keeper. The Plan provides participants with a detailed description of each investment fund choice and lists the respective investment manager.

Administrative and Investment Expenses

Except as noted below, the Plan Sponsor pays the cost of administering the Plan, including fees and expenses of the Trustee and record keeper. The fees, taxes and other expenses incurred by the Trustee or investment managers in making investments are paid out of the applicable investment funds. These expenses also include brokerage fees for sales or purchases of Edison International Common Stock on the open market. No additional costs are incurred in connection with sales of Edison International Common Stock within the trust or the transfer of assets between funds. Effective January 1, 2024, a recordkeeping fee of \$9.50 per quarter was applied to the accounts of former employees who separated for reasons other than retirement (defined as age 55 or more with 5 or more years of service) and maintained a balance in the Plan one full quarter after termination. This fee is subject to change with advance notice. Expenses associated with the individual participant brokerage accounts and professional financial advisory services are paid by the participants enrolled in these services.

Participant Accounts

Each participant account is adjusted for certain activities, including a participant's contribution, the employer's contribution, distributions, loan activities, and allocation of investment earnings (losses) and related expenses. Allocation of earnings (losses) and related expenses is based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes Receivable from Participants

Participants may borrow from the vested portion of their account, a minimum of \$1,000 to a maximum of \$50,000, with certain restrictions. Loan transactions are treated as transfers from (to) the investment fund to (from) participant loans. Loan terms range from one to four years for general-purpose loans or up to 15 years for the purchase of a primary residence. Loans bear interest at the prime rate in effect at the time of loan issuance plus one percent. Interest rates on outstanding loans range from 4.25% to 10.50% as of December 31, 2024, and mature on various dates through January 2040. Principal and interest are paid ratably through payroll deductions and are reinvested in the participant's account. Some separated participants may repay loan obligations directly rather than through payroll deductions. Participant loans amounted to approximately \$88,046,000 and \$82,396,000 as of December 31, 2024 and 2023, respectively.

Distributions to Participants

Account balances are distributed as soon as practicable after a participant dies, becomes entitled to and requests a distribution, or terminates employment with an account balance of \$7,000 or less. Participants may otherwise delay distribution, subject to the minimum distribution requirements under Internal Revenue Code ("IRC") Section 401(a)-(9). Participants may receive lump sum distributions. An installment form of distribution payment is also available to certain participants. In-service withdrawals may be taken upon attainment of age 59½, or for certain financial hardships. Participants taking in-service withdrawals will be required to pay all applicable taxes on the withdrawals and may be subject to penalty taxes for early withdrawals taken prior to age 59½. Participants who terminate employment with a vested account balance less than or equal to \$1,000 will automatically be paid in a single lump sum. If the vested account balance is greater than \$1,000 but less than or equal to \$7,000 upon termination of employment, participants will have their vested account balance automatically rolled over to individual retirement accounts ("IRA") selected by the Chair or Secretary of the Plan Administrator, unless the participants make a timely distribution election.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared and presented on the accrual basis of accounting and in conformity with U.S. generally accepted accounting principles ("GAAP") applicable to employee benefit plans and ERISA.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Risks and Uncertainties

The Plan's investment in Edison International Common Stock amounted to approximately \$305,123,000 and \$321,498,000 as of December 31, 2024 and 2023, respectively. Such investments represented approximately 5% and 6% of the Plan's net assets as of December 31, 2024 and 2023, respectively. For risks and uncertainties regarding investment in Edison International Common Stock, participants should refer to the Edison International annual report on Form 10-K for the year ended December 31, 2024, and the quarterly report on Form 10-Q for the period ended March 31, 2025.

The Plan provides for various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Plan participates in various investment options that include securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include the devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. See Note 3 for details.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Notes receivable from participants that are in default, as provided in the plan document, are treated for tax purposes as deemed distributions for active participants or loan offsets for terminated participants and also reported as such in the

Form 5500. The loan offsets are included in Distributions to participants in the Statement of Changes in Net Assets Available for Plan Benefits.

Distributions to Participants

Distributions to participants, other than notes receivable from participants, are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were issued. During this period, there were no material subsequent events that affected the Plan's financial statements.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (referred to as an "exit price"). The fair value of an asset or liability considers assumptions that market participants would use in pricing the asset or liability, including assumptions about nonperformance risk. The Plan categorizes financial assets and liabilities into a three-level fair value hierarchy based on valuation inputs used to derive fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are:

- Level 1: The fair value of Level 1 assets and liabilities is determined using unadjusted quoted prices in active markets that are available at the measurement date for identical assets and liabilities;
- Level 2: Pricing inputs other than Level 1 that are observable, either directly or indirectly, such as quoted market prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument; and
- Level 3: The fair value of Level 3 assets and liabilities is determined using the income approach through various models and techniques that require significant unobservable inputs. The Plan does not have any Level 3 assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. All of the investments had observable pricing inputs. There were no changes in the valuation methods during 2024 and 2023. Plan assets carried at fair value are described below.

Edison International Common Stock and investments in equity mutual funds are valued at the unadjusted quoted prices in active or highly liquid and transparent markets and are classified as Level 1.

Investments in separately managed accounts ("separate accounts") are managed by external investment managers and include the following: Cash and short-term interest-bearing investments with initial maturities of three months or less are recorded at cost, plus accrued interest, which approximates fair value. The value of equity investments, real estate investment trusts, and US Treasury investments in separate accounts is based on quoted market prices in active or highly liquid and transparent markets and is therefore classified as Level 1. The fair value of fixed-income investments, including asset-backed securities, in separate accounts is based on evaluated prices that reflect significant observable market information but are classified as Level 2 because they trade in markets that are not considered active. Separate accounts also include minor investments in derivative contracts, including options and futures traded in active markets and swap contracts valued at fair value, as determined by the investment managers taking into consideration exchange quotations on underlying instruments, dealer quotations and other market information.

The self-directed brokerage accounts contain investments stated at quoted market prices for equities and mutual funds, and therefore, are classified as Level 1. Fixed-income investments in this category are classified as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following presents information about the Plan's investments that are measured at fair value on a recurring basis as of December 31, 2024 and 2023, by level within the fair value hierarchy:

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts in the Statements of Net Assets Available for Plan Benefits.
- ² These investments primarily consist of corporate bonds, U.S. government and agency securities including U.S. treasury notes and bonds. These investments also include mortgage backed securities of \$17,935,000 and \$18,280,000 as of December 31, 2024 and 2023, respectively.

There were no investments classified as Level 3 held by the Plan during 2024 and 2023.

Fund Investments Valued at Net Asset Value per Share as a Practical Expedient

NAV is used as a practical expedient to estimate fair value, and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used if it is determined to be probable that the investment will be sold for an amount different from the reported NAV. The following table summarizes investments measured at fair value based on NAV per share:

4. Investment Elections

The Trustee invests contributions in accordance with participant elections from their choice of the available investment options offered within the Plan.

Participants may elect changes to their investment mix effective each business day, with certain restrictions. The Plan imposes a seven-day trading restriction that applies to all funds except the Edison International Stock Fund. Reallocation elections may also be subject to redemption fees or other measures imposed by investment fund managers. Participants may effect changes to their deferral percentages and deferral investment elections coincident with their pay frequency.

The transfer of a participant's investment from one fund to any other fund is based on the net asset value of the units allocated to the participant's account as of the close of market on the date of transfer.

5. Investment Options

As of December 31, 2024 and 2023, all participants were able to choose from various investment fund offerings. These investment funds consisted of the following:

- Tier 1 – Ten Target Date Funds: Premixed allocation of stocks, bonds and cash. Each Target Date Fund is built from a combination of the Tier 2 core funds and designed to be more conservative over time as each fund approaches its target date.
- Tier 2 – Ten Institutional Funds representing a range of asset classes: large and small U.S. stocks, cash equivalents, non-U.S. stocks, real assets and fixed-income instruments, with varying degrees of risk and return.
- Tier 3 – Self-Directed Brokerage Accounts: Allow participants to select investments from among thousands of publicly traded securities, including individual equities, mutual funds, fixed-income products, exchange-traded funds, real estate investment trusts, and taxable unit investment trusts.

The Plan Sponsor's Trust Investment Committee may direct the Trustee to establish new investment funds or discontinue existing ones as well as change the investment medium for each investment fund. Participants should refer to the summary plan description for a more complete discussion of the various investment options.

Effective June 30, 2021, further investment in the Edison International Stock Fund was closed to new investment, including deferrals and contributions (reinvestment of dividends on Edison International Stock is not treated as new investment for this purpose). Amounts currently invested in the Edison International Stock Fund may remain invested there.

7. Related-Party Transactions

The Plan's Trustee receives fees for benefit payment, trustee, and custodial services. Certain Plan investments, including investments held in the trust, are shares of funds managed by State Street Global Advisors ("SSGA"), an affiliate of the Plan's Trustee. The Plan includes, as an investment option, the Edison International Stock Fund, which primarily invests in the Company's common stock. See Note 2 for a discussion of the amount of the Plan's investment in the Company's common stock. The Company allows for the use of office property and equipment and provides services necessary for the administration of the Plan, such as accounting and legal services at no cost to the Plan. In addition, the Plan issues loans to participants, see Notes Receivable from Participants in Note 1 for more details. These transactions qualify as exempt party-in-interest transactions under ERISA.

SSGA is the investment manager of the Edison International Stock Fund and the Money Market Fund. Fees earned by SSGA in its capacity as the investment manager of the Edison International Stock Fund and Money Market Fund were approximately \$205,000 and \$189,000, respectively for 2024. These fees were shown as a reduction in Interest income and included in Management fees, respectively, on the Statement of Changes in Net Assets Available for Plan Benefits.

See Note 10 regarding Edison International Stock Fund dividend payments.

8. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts. The trust will continue after termination until all trust assets have been distributed to participants and their beneficiaries.

9. Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated June 15, 2017, that the Plan and related trust are designed in accordance with the applicable qualification sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan, as amended, is designed in compliance with the applicable qualification requirements of the IRC, and that the Plan continues to be tax exempt. In addition, the Plan Administrator is not aware of any unaddressed operational issues for which corrective action is not being taken that will prevent the continuation of the Plan's qualified tax status.

10. Employee Stock Ownership Plan

The portion of the Plan consisting of the Edison International Stock Fund constitutes an employee stock ownership plan that allows for the current distribution of dividends to the accounts of all participants through the Plan. Such distributions amounted to approximately \$1,610,000 for the year ended December 31, 2024. On December 12, 2024, the Board of Directors of Edison International declared a quarterly common stock dividend of \$0.8275 per share which was paid on January 31, 2025 to the shareholders of record as of January 7, 2025. As a result, there was no dividend income accrued and included in Dividends receivable in the accompanying financial statements at December 31, 2024. As of December 31, 2023, approximately \$3,507,000 was accrued in Dividends receivable and paid on January 31, 2024.

EDISON 401K SAVINGS PLAN
1515 WALNUT GROVE AVE
ROSEMEAD, CA 91770

Dear Client,

Department of Labor regulations require that retirement plan service providers report the compensation they have earned from each retirement plan to the plan administrator on an annual basis for use by the plan administrator to complete IRS Form 5500, Schedule C.

Enclosed please find the report of compensation earned by Charles Schwab and its affiliates, for EDISON 401K SAVINGS PLAN for services provided during the period of January 1, 2024 - December 31, 2024.

Because retirement plans with fewer than 100 participants generally are not required to file Schedule C, please refer to the IRS instructions for Form 5500 to determine if it's necessary for you to report the information we've provided on your plan's annual return.

If you have any questions regarding the information on the enclosed report or about using this information to prepare Form 5500 for the plan, please contact the plan's third party administrator or recordkeeper.

Sincerely,
Charles Schwab & Co., Inc.

****The other service providers listed in this report are those to whom fees have been paid from your plan account(s) at Schwab during the year, at the specific direction of the plan fiduciary or other authorized party. Such fees reported may not represent all amounts that were paid by the plan to these providers. If available, the Employer Identification Numbers ("EINs") listed were provided to us at the time of payment. You should contact these providers for disclosure of their services and fee schedules. If you have retained additional service providers for this plan that are not listed in this report or other fees that were paid from the plan and not specifically disclosed separately from other plan transactions, you may want to contact such other service providers for more information. For example, if the Plan permits a participant self directed brokerage option and a broker, investment advisor or other financial service provider has been authorized to direct investments and charge a fee / commission you will need to contact the broker, investment advisor or other financial service provider for a report summarizing such fees. If Schwab were directed to separately pay a fee to a broker, investment advisor or other financial service provider such payment will be reflected in the list of direct payments to other service providers. However, if a broker, investment advisor or other financial service provider reduces a settled trade amount by the broker, investment advisor or other financial service provider's fee / commission, Schwab may not be privy to such fee / commission amount and you will need to obtain a summary of such fees from the broker, investment advisor or other financial service provider.**

Indirect Compensation Received by Schwab:

Indirect compensation is any compensation received for services related to the plan that is not paid directly by the plan or plan sponsor. Schwab receives the following indirect compensation from your plan:

Schwab Advisor Network: Charles Schwab & Co, Inc. (EIN#94-1737782) receives compensation from third-party independent investment advisors for account(s) in your plan if a participant retains an advisor referred through the Schwab Advisor Network (SAN) service. Account Type	Paid By	EIN
Participant Brokerage	EMPIRICAL FINANCIAL SERVICES L	27-2114998

The SAN participation fee is calculated quarterly as a percentage of the average daily balance of assets in accounts managed by the participating advisor. In general, the percentage Schwab receives ranges from 0.10% - 0.25% on an annual percentage basis, depending on asset levels in the accounts being managed. More details regarding the SAN referral program are available in the Schwab Advisor Network Disclosure Document. Please contact your Schwab representative for more details, including a copy of the current document and details on accounts in your plan that participate in the program.

This compensation may be paid by the fund company or one of its affiliates. Disclosure of this compensation was previously provided by CS & Co, Inc. and its affiliates who provide services for your plan. For more details please refer to your Schwab account agreement and Appendix 1 - Shareholder Servicing Payment Rates.

Non-Monetary Compensation: Schwab's Gift's and Entertainment Policy provides that gifts to or from a customer, financial institution, news or financial media (other than a close relative) may not exceed a total value of \$100 in any calendar year without prior approval. If you need additional information, please contact your Schwab service representative.

Eligible Indirect Compensation Received by Schwab:

In general, certain types of indirect compensation that have previously been disclosed may be categorized as eligible indirect compensation. While all amounts paid from the plan should be considered when determining which service providers to report, IRS Form 5500 instructions state that there is no need to report the amount or formula for eligible indirect compensation on Form 5500, Schedule C. The below information lists the types of eligible indirect compensation Schwab may earn for your plan and where to find the written disclosures used to determine Schwab's compensation.
