## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the  
The Geode Capital Management, LLC Retirement Plan  
Boston, Massachusetts

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed our audits of the financial statements of Geode Capital Management, LLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Geode Capital Management, LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Geode Capital Management, LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Geode Capital Management, LLC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Geode Capital Management, LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Geode Capital Management, LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplemental Schedule Required by ERISA*

The supplemental Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**GEODE CAPITAL MANAGEMENT, LLC RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE A – DESCRIPTION OF THE PLAN**

The following description of the Geode Capital Management, LLC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all full time employees of Geode Capital Management, LLC (the "Company"). The Plan was established on January 1, 2002 to provide a systematic savings plan for eligible employees (the "participants"). Eligible employees may join the Plan on the first day of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Company has appointed an investment trustee and custodian, Fidelity Management Trust Company (the "trustee" or "Fidelity"), to hold the Plan's assets, execute investment transactions, and administer the participants' accounts. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

**Contributions**

Eligible employees who choose to participate are allowed to contribute between 3% and 50% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contribution into various investment options offered by the Plan. These options include professionally managed mutual funds and a brokerage account which allows participants to invest in a wide array of securities. Contributions are subject to certain IRS limitations.

The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation until changed by the participant.

The Company makes a non-discretionary matching contribution to each participant equal to 100% of participant deferrals up to 6% of eligible compensation. To be eligible to receive the matching contribution, a participant is required to have completed 1,000 hours of service during the Plan year. For the year ended December 31, 2024, the matching contribution totaled \$2,170,478. The Company reduced the 2024 total by applying \$911,429 of forfeitures resulting in an employer match of \$1,259,049. Additional profit sharing amounts may be contributed at the option of the Company. During the year ended December 31, 2024, the profit sharing contribution totaled \$3,870,692, and was contributed to the Plan subsequent to the Plan year end.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administration expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**GEODE CAPITAL MANAGEMENT, LLC RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE A – DESCRIPTION OF THE PLAN (continued)**

**Notes Receivable from Participants**

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

**Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years of service	0%
After 2 years of service	20%
After 3 years of service	40%
After 4 years of service	60%
After 5 years of service	100%

**Payment of Benefits**

On termination of service, a participant shall be entitled to receive a distribution in an amount equal to the value of his or her vested account in the form of a lump sum or in installments.

Hardship withdrawals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship.

**Other Income**

The Plan participates in a revenue-sharing agreement with Fidelity. Under the terms of the agreement, each eligible participant shall receive a participant revenue credit each quarter. The credit is calculated based on basis points and average daily balances of certain investments held in the Plan as stipulated in the agreement. Income received in 2024 under this agreement totaled \$26,833 and is recorded as Other Income in the Statement of Changes in Net Assets.

**Forfeited Accounts**

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$103,331 and \$269,799, respectively. These accounts are used to reduce future expenses and employer contributions. During the year ended December 31, 2024, the Plan Sponsor used \$100,000 to reduce their payment of the 2023 profit sharing contribution, and \$911,429 to reduce their payment of the employer match.

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**GEODE CAPITAL MANAGEMENT, LLC RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Board of Directors determines the Plan's valuation policies utilizing information provided by the trustee and custodian. See Note C for discussion of fair value measurements.

The Plan's shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at each year end. This method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Benefits are recorded when paid.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Date of Managements Review**

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

**NOTE C – FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**GEODE CAPITAL MANAGEMENT, LLC RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE C – FAIR VALUE MEASUREMENTS (continued)**

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023:

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).
- *Brokerage accounts*: Participant directed mutual funds that are valued on the basis of readily determinable market prices (Level 1).

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023.

	<i>Assets at Fair Value as of December 31, 2024</i>

**NOTE D – CERTIFIED INVESTMENTS**

The Plan trustee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity (the trustee of the Plan).

**NOTE E – RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS**

*Related Parties*

Certain expenses of maintaining the Plan are paid by the Plan Sponsor (and those expenses are excluded from the financial statements). The Plan Sponsor is also part of an affiliated group with FMR LLC. The following subsidiaries of FMR LLC provide the stated services to the Plan, which are related party transactions:

- Fidelity Workplace Services LLC – provides participant recordkeeping, accounting functions and other plan related services at no charge to the Plan
- Fidelity Brokerage Services LLC – provides brokerage services at no charge to the Plan
- Fidelity Management Trust Company – provides trustee related services at no charge to the Plan

Eligible participants direct the investment of Plan assets. Some of the funds in which the assets of the Plan's related trust are invested are managed by Fidelity Management & Research Company and other affiliates of FMR LLC ("Fidelity"). For certain investments, the Plan Sponsor serves as the sub-advisor for which it receives sub-advisory fees.

*Parties in Interest*

Section 3(14) of ERISA defines a party in interest to include, among others, fiduciaries or employees of the Plan or the Plan Sponsor (as applicable), any person who provides services to the Plan or an employer whose employees are covered by the Plan. The Plan invests in shares of registered investment companies managed by Fidelity. A portion of the income or loss of the Plan is derived from these investments. Fees paid by the Plan to Fidelity for certain investment management fees were deducted from the net asset values of the funds held by the Plan.

Certain employees and officers of the Plan Sponsor, who are also participants in the Plan, perform administrative services to the Plan at no cost to the Plan. These transactions are exempt from the prohibited transaction rules. The Plan is administered by the Plan Sponsor. In that role, the Plan Sponsor has the power to make various administrative determinations as provided for under the Plan documents.

**NOTE F – PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**GEODE CAPITAL MANAGEMENT, LLC RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2024**

**NOTE G – TAX STATUS**

The Plan adopted a volume submitter profit-sharing plan with Fidelity Management Trust Company. That Plan obtained its latest opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

**NOTE H – RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
