INDEPENDENT AUDITOR'S REPORT

To the Trustees of the
Factory Automation Systems, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Factory Automation Systems, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis- as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits -modified cash basis- for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Factory Automation Systems, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent Factory Automation Systems, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Auditor's Report (continued)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Factory Automation Systems, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Factory Automation Systems, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Factory Automation Systems, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditor's Report (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets Held for Investments as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FACTORY AUTOMATION SYSTEMS, INC. 401(K) RETIREMENT PLAN

Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

1. BASIS OF ACCOUNTING AND SIGNIFICANT ACCOUNTING POLICIES

The financial statements are prepared on the modified cash basis which is a basis of accounting other than accounting principles generally accepted in the United States of America (US GAAP). Under this basis, revenue and related assets are recognized when received rather than when earned and expenses are recognized when paid rather than when incurred, except for investments which are valued at fair value. Management has determined that the modified cash basis of accounting as described above is an acceptable basis for the preparation of the financial statements in the circumstances.

Money market investments are stated at cost plus accrued interest, which equals current value. Investments in pooled and separate equity funds are stated at current value based on quoted market values. Current value is the amount that the Plan can reasonably expect to receive for the investment in a current sale. Purchases and sales of securities are recorded on a trade date basis.

The preparation of financial statements in conformity with the modified cash method of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

2. DESCRIPTION OF THE PLAN

Factory Automation Systems, Inc. 401(k) Retirement Plan is a defined contribution plan covering all employees of Factory Automation Systems, Inc. who have met certain minimum service requirements. The Plan was established in 1994 and qualifies under Section 401 of the Internal Revenue Code of 1986. It satisfies the requirements of Section 401(k) and the provisions of the Employee Retirement Income Security Act of 1974. The Plan allows salary reductions (401(k) deductions) up to the limits prescribed by law. The Company will match from 0% to 100% of the employee contribution, up to a maximum of 8% of an employee's annual compensation, based on Company profitability as determined on a quarterly basis. The Company pays significant portions of the plans operating expenses. Employees' salary reduction contributions are funded semi-monthly. Forfeitures may be used to reduce Company contributions; none were used during 2024. The participants have a choice of 41 investment programs for their account balances. The funds representing 5% or more of the Plan's net assets as of the beginning of the plan year are as follows:

TRwPr RETIREMENT 2035	\$2,394,136
MFS GROWTH FUND R4	6,340,170

For the Years Ended December 31, 2024 and 2023

2. DESCRIPTION OF THE PLAN (Continued)

The Company has the right to discontinue contributions at any time and terminate the Plan. In the event the Plan terminates, the net assets of the Plan shall be used, subject to the payment of expenses and taxes, for the benefit of participants and beneficiaries. Each participant's account shall be fully vested and thereafter non-forfeitable.

Each participant's account is credited with the following:

- (a) Participant's salary reduction contributions
- (b) Company's matching contribution
- (c) Additional contributions by the Company (if any)
- (d) Plan earnings

The Plan provides for withdrawals by Plan participants in the event of death, retirement, disability and other specified circumstances. All employee contributions vest immediately. The vested percentage of Company contributions is 25% per year upon completion of two years of service.

Participants may borrow from their fund accounts a minimum of \$1,000 and up to fifty percent (50%) of their vested account balance, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest based on the prime rate published in the Wall Street Journal on the first business day of each month plus two percent (2%). Principal and interest is paid ratably through weekly payroll deductions.

3. TAX STATUS

The Plan filed with the Internal Revenue Service information necessary for it to rule on the Plan's qualification pursuant to Section 401 of the Internal Revenue Code of 1986. The Plan received a favorable determination letter dated April 22, 1996 and it is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The qualification means the Plan is not subject to tax under present income tax law. The Trustees do not believe that amendments made since the determination letter, or any other events that have occurred, will adversely affect the Plan's qualification. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2020.

4. TRANSACTIONS WITH PARTIES-IN-INTEREST

There were no transactions with parties-in-interest during the year other than with fiduciary.

5. ASSETS HELD BY TRUSTEE

All Plan assets are held in a fiduciary trust plan by Voya Retirement Insurance and Annuity Company. A summary of the information furnished by the trustee is as follows:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$29,601,197	\$24,592,583
Insurance company general accounts	300,547	563,047
Loans to participants	<u>45,338</u>	<u>79,366</u>
 Total	 <u>\$29,947,082</u>	 <u>\$25,234,996</u>

6. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

For the Years Ended December 31, 2024 and 2023

6. FAIR VALUE MEASUREMENTS (Continued)

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument.

Mutual Funds – The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets. Lifecycle funds are managed based on a target date. Due to similar valuation techniques, they are classified as mutual funds.

Money Market Fund – The money market fund is held as an individual plan asset, has a principal value of \$1 per unit and has an available price quoted daily in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2024 and 2023, plan management evaluated the funds and determined, based on the underlying assets of mid to large cap stock, that these funds should be classified as Level 1. Guaranteed accounts, if any, are also classified as Level 1 because they do not meet the criteria for Level 2. The Plan investments at fair value classified within Level 3 were nil as of December 31, 2024 and 2023.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

2024	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	\$29,601,197	-	-	\$29,601,197
Insurance company general accounts	300,547	-	-	300,547
Participant loans	45,338	-	-	45,338

6. FAIR VALUE MEASUREMENTS (Continued)

2023	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
Mutual funds	\$24,592,583	-	-	\$24,592,583
Insurance company general accounts	563,047	-	-	563,047
Participant loans	79,366	-	-	79,366

7. RISK AND UNCERTAINTIES

The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

8. SUBSEQUENT EVENTS REVIEW

Management evaluated events and transactions that occurred after the balance sheet date for potential recognition and disclosure through September 19, 2025, the date on which the financial statements were available to be issued.
