Independent Auditor's Report

To the Plan Administrator
Cumberland Trust 401(k) Plan
Nashville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Cumberland Trust 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cumberland Trust 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-105 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Auditor's report continued on next page)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cumberland Trust 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cumberland Trust 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Auditor's report continued on next page)

-
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cumberland Trust 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
 - Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cumberland Trust 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(Auditor's report continued on next page)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CUMBERLAND TRUST 401(K) PLAN
Notes to Financial Statements
December 31, 2024

Note 1 - Description of Plan

The following description of the plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

Cumberland Trust and Investment Company ("the Company") leased its employees from a Professional Employer Organization ("PEO") from inception to December 31, 2023. Effective January 1, 2024, the Company hired the leased employees and terminated the PEO agreement. The Company established the Cumberland Trust and Investment Company 401(k) Plan ("the Plan") effective January 1, 2024 and the participants' account balances were rolled over into the Plan during January 2024.

From January 1, 2024 through January 23, 2024, the Plan was in a black-out period for a change in service providers to facilitate the transfer of account balances from the former PEO's plan to the Plan. As a part of the transfer process, the former PEO plan sold all of the investments and the proceeds were transferred to the Plan custodian, Voya Retirement Insurance and Annuity Company ("Voya"). Voya reinvested the proceeds in accordance with the Plan's investment mapping. During the black-out period, participants were allowed to make salary deferrals and the contributions were invested in the Plan at the end of the black-out period on January 24, 2024.

General

The Plan is a defined contribution plan and substantially all employees may participate in the Plan. Employees may participate in the Plan provided that they are twenty-one or older, have completed three consecutive months of service and are not a union or leased employee or certain nonresident alien. Once an employee meets the eligibility requirements, they are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan, at a default 3% contribution as a pre-tax contribution. The default investment option is a target date fund based on the participant's age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions and vesting

Participants may make up to \$23,000 in pre-tax contributions and/or after-tax Roth 401(k) contributions in 2024 up to 100% compensation as defined by the Plan. Participants who have attained age fifty before the end of the calendar year are eligible to make catch-up contributions of up to \$7,500 in 2024. Total employee and employer contributions are limited to \$69,000 in 2024. The Plan permits participants to make rollover contributions from other qualified defined benefit or defined contribution plans. However, the Plan does not accept a direct rollover of any outstanding loans. Participants direct the investment of their contributions and balances into various investment options offered by the Plan.

The Company makes a Safe Harbor matching contribution equal to 100% of the first 3% of the participant's salary deferral and 50% of the participant's salary deferrals between 3% and 5% of compensation up to a maximum of \$345,000 in compensation for 2024 in accordance with Internal Revenue Service ("IRS") regulations. Both the employee and Company's matching contributions are

immediately vested. During 2024, the employer matching contribution was \$572,514.

Each year the Plan Sponsor may also make a discretionary contribution to participants employed as of the last day of the Plan year, in the form of non-elective contributions, but is not required to do so. Any discretionary contribution is immediately vested. No discretionary contribution was made in 2024.

Participant Accounts

Each participant's account is credited (charged) with the participant's contributions and Plan Sponsor employer matching contributions, as well as allocations of the Plan Sponsor's profit sharing contribution and Plan investment earnings (losses) and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Loans

A participant is permitted to request a loan limited to the lesser of \$50,000 or 50% of their account balance for a term generally no longer than five years, except for the purchase of a principal residence. Principal and interest is paid ratably through payroll deductions. The minimum loan amount is \$1,000 and only one loan may be outstanding at any time. Interest accrues at prime plus 1% and is fixed for the duration of the loan. Loans are secured by the participant's account balance and a promissory note. Upon severance of employment, the loan balance is due and payable in full unless directly rolled over to another employer's plan.

Payment of Benefits Upon Termination of Service

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive a lump-sum payment equal to their account balance. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in their account as a lump-sum distribution. If the participant's account balance is less than \$5,000, the Plan may distribute the total vested balance to an individual retirement account without the participant's consent.

Hardship Withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the processing of distributions are included in administrative expenses and charged directly to the participant's account. During 2024, the Plan paid \$23,972 to One Digital, the Plan's investment advisor, \$14,982 to Voya, the custodian and recordkeeper, and \$8,510 to July Services and its predecessor Acuff & Associates, the third party administrator. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which participant compensation is earned.

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had no liabilities for excess contributions applicable to participants at December 31, 2024.

Payment of Benefits

Benefits are recorded when paid.

Events Occurring After Reporting Date

The Plan Sponsor has evaluated events and transactions that occurred between January 1, 2025 and October 10, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

Note 3 - Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including the fair value of investments and notes receivable from participants held at December 31, 2024, and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value.

- (i) Mutual funds: Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the Plan year. The mutual funds are deemed to be actively traded.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments

CUMBERLAND TRUST 401(k) PLAN
Notes to Financial Statements (Continued)

could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets within the fair value hierarchy as of December 31, 2024:

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ <u>15,166,916</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>15,166,916</u>

Note 5 - Income Tax Status

The Plan Sponsor adopted a pre-approved defined contribution plan, which received a favorable opinion letter from the IRS on November 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the internal revenue code ("IRC"). The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the Plan administrator believes that the adopted pre-approved plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

U. S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Risks and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Note 7 - Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Voya and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and holds note receivables from participants which are deemed to be party-in-interest transactions. During the year ended December 31, 2024, the Plan Sponsor incurred administrative service fees from One Digital and July Services, which are deemed to be parties-in-interest.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

Net assets available for benefits per the financial statements	\$ 15,448,003
