**Statement by Enrolled Actuary**  
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

## Independent Auditor's Report

Plan Administrator and Plan Management  
Greenfield Banking Company Employees' Pension Plan  
Greenfield, Indiana

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Greenfield Banking Company Employees' Pension Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Greenfield Banking Company Employees' Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Greenfield Banking Company Employees' Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting***

As discussed in Note 1 to the financial statements, the Board of Directors of Greenfield Banking Company, the Plan's sponsor, voted on October 11, 2024, to terminate the Plan, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenfield Banking Company Employees' Pension Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Greenfield Banking Company Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Greenfield Banking Company Employees' Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Administrator and Plan Management  
Greenfield Banking Company Employees' Pension Plan

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Greenfield Banking Company Employees' Pension Plan

## Note 1: Description of the Plan

The following description of Greenfield Banking Company Employees' Pension Plan (Plan) provides only general information. Additional information about the vesting and benefit provisions and the Pension Benefit Guaranty Corporation's (PBGC) benefit guarantee is contained in the Plan Document and *Summary Plan Description*, which are available from the Plan Administrator.

### **General**

The Plan is a noncontributory defined-benefit plan that covers substantially all employees of Greenfield Banking Company (Bank) and the Bank's wholly owned subsidiary, GBC Portfolio Management, Inc. (Portfolio). An employee becomes eligible to participate after completing one year of service (defined as 1,000 hours of service during a 12-month period) and attaining age 21. The Plan is subject to provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). GBC Portfolio Management, Inc. serves as the Plan trustee. Fifth Third Bank (Fifth Third) serves as the Plan custodian.

Effective January 1, 2014, new hire participation in the Plan was frozen. Any employee not meeting the eligibility requirements for the Pension Plan as of December 31, 2013 is generally not permitted to participate in the Pension Plan.

On October 21, 2024, the Board of Directors of Greenfield Banking Company, the Plan sponsor, approved the termination of the Plan effective December 31, 2024. The Company intends to make all contributions necessary to satisfy all vested accrued liabilities. Final distribution of assets to Plan participants occurred in 2025.

### **Contributions**

The Bank's present intention is to continue funding the Plan as needed to maintain the Plan's funded percentage, as defined by the *Pension Protection Act of 2006*. The Plan has met the minimum funding requirements established by the federal government.

### **Pension Benefits**

Benefits under the Plan are based on two percent of monthly plan eligible compensation multiplied by the years of benefit service (not to exceed twenty-five years). Normal retirement age for Plan benefits is 65. Participants may elect to receive reduced benefits upon early retirement at age 55, provided that they have at least seven years of service with the Bank. Accrued benefits are payable as an annuity over the participant's lifetime or as a qualified joint and survivor annuity or certain lump-sum payments. Effective January 1, 2009, a lump-sum form of payment is no longer available for any benefit accrued after December 31, 2008. In connection with the Plan termination, effective December 31, 2024, the Plan was amended to freeze pension benefits.

### **Death and Disability Benefits**

The spouse of a participant will receive a 50% survivor annuity, as defined in the Plan, upon the death of the participant. The surviving spouse annuity is equal to 50% of the participant's monthly benefit. This benefit is immediately payable to the spouse if the participant was already receiving

# Greenfield Banking Company Employees' Pension Plan

benefits. If the participant was not already receiving benefits, payments to the spouse may commence as of the earliest date the participant would have received benefits. Disability benefits are also available.

## ***Vesting***

Upon completion of three years of credited vesting service but prior to becoming eligible for a normal retirement benefit, a participant is entitled to a deferred vested termination benefit equal to a percentage of their accrued retirement benefit. Eligible employees are fully vested upon completion of seven years of credited vesting service.

## ***Plan Termination***

On October 21, 2024, The Board of Directors of Greenfield Banking Company, the Plan sponsor, approved the termination of the Plan effective December 31, 2024 with final settlement of assets in 2025.

The net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- (A) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- (B) Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) up to the applicable limitations discussed below.
- (C) Vested benefits not insured by the PBGC.
- (D) All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. Whether all participants receive their benefits when the Plan terminates will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

## Note 2: Summary of Significant Accounting Policies

### ***Basis of Accounting***

The accompanying financial statements for 2024 are prepared on the liquidation basis of accounting. The accompanying financial statements for 2023 are prepared on the ongoing basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets available for benefits, disclosure of contingent assets and liabilities and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

### ***Valuation of Investments and Income Recognition***

Marketable securities are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices. U.S. Agencies bonds and notes, taxable municipal bonds and U.S. Treasury bills are valued on the basis of yields currently available on comparable securities of issuers with similar credit ratings. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. The money market fund and certificates of deposit are valued at the cost basis, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### ***Payment of Benefits***

Benefit payments to participants are recorded upon distribution.

### ***Administrative Expenses***

Administrative expenses may be paid by the Bank or the Plan, at the Bank's discretion.

### ***Accumulated Plan Benefits***

Accumulated plan benefits (see Note 5) are those estimated future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to:

- (A) Retired or terminated employees or their beneficiaries
- (B) Present employees or their beneficiaries

Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all

# Greenfield Banking Company Employees' Pension Plan

circumstances - retirement, death, disability and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts excluded from Plan assets are excluded from accumulated plan benefits.

## ***Plan Tax Status***

The Plan obtained its latest determination letter on January 25, 2016, in which the Internal Revenue Service (IRS) stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code and, therefore, not subject to tax. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

## **Note 3: Certification of Plan Custodian**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fifth Third Bank, the custodian of the Plan, has certified the following information included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments as shown in the statements of net assets available for benefits and related disclosures as of December 31, 2024 and 2023
- Investment income as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023
- Investment information included in the accompanying schedule of assets (held at year end) as of December 31, 2024 and schedule of reportable transactions for the year ended December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules. The Plan has a money market account held at Federated Investors for \$4,004,572 and \$300,223 in 2024 and 2023, respectively, that was subjected to full scope audit procedures.

In addition, there were two and one investments included on the GBC Investment Detail that were not included on the Fifth Third statement as of December 31, 2024 and 2023, respectively. Greenfield Banking Company has two accounts with Fifth Third to settle trades, a main account and a Plan account. These Plan investments were incorrectly included in the main account instead of the Plan account at December 31, 2024 and 2023, with a total market value of \$1,481,328 and \$248,826 at December 31, 2024 and 2023, respectively. These Plan investments were subjected to full scope audit procedures.

## **Note 4: Disclosures About Fair Value of Assets**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

The methods of valuation described below may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

### ***Recurring Measurements***

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2024 and 2023:

# Greenfield Banking Company Employees' Pension Plan

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the year ended December 31, 2024. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

## Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments in the Plan include the money market fund, certificates of deposit and mutual funds. Level 2 investments include the U.S. Agencies bonds and notes, taxable municipal bonds and U.S. Treasury bills. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no Level 3 investments held by the Plan.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

*Mutual funds:* Valued at the net asset value (NAV) of shares held by the Plan at year end.

*U.S. Agencies bonds and notes, U.S. Government mortgage-backed securities, taxable municipal bonds and U.S. Treasury bills:* Valued using matrix pricing.

*Money market fund and certificates of deposit:* Valued at amortized cost, which approximates fair value.

## Note 5: Accumulated Plan Benefits

An actuary from McCready and Keene, Inc. determines the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The disclosure of the plan's benefit obligation changed from end of the year to the beginning of the year due to the plan's impending termination. The accumulated plan benefit information as of the beginning of 2024 and 2023 was as follows:

	<u>2024</u>	<u>2023</u>
<b>Actuarial present value of accumulated plan benefits</b>		
Vested benefits		
Active and terminated vested participants	\$ 9,583,053	\$ 8,077,126

Changes in the actuarial present value of accumulated plan benefits were as follows:

	<u>2024</u>	<u>2023</u>
<b>Actuarial present value of accumulated plan benefits, beginning of year</b>	\$ 15,816,142	\$ 18,725,086
Increase (decrease) during the year attributable to		
Benefits accruing during the Plan year	469,282	643,318
Changes in actuarial assumptions (change in mortality table and interest rates)	(2,264,173)	(1,794,075)
Actuarial gain	1,302,143	(1,082,790)
Increase for interest due to decrease in the discount period	600,932	553,936
Benefits paid	<u>(1,160,845)</u>	<u>(1,229,333)</u>
Net decrease	<u>(1,052,661)</u>	<u>(2,908,944)</u>
<b>Actuarial present value of accumulated plan benefits, end of year</b>	<u>14,763,481</u>	<u>15,816,142</u>

Significant assumptions underlying the actuarial computations for 2024 are:

- Assumed rate of return on investments: 4.92%
- Mortality basis: Pri - 2012 Total Data Set, MP-2021 Mortality Improvement Scale
- Normal retirement age: 65
- Asset valuation: Market
- Employee turnover: Sarason T-3

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

## Note 6: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan invests in a money market fund related to the Plan trustee and Company. The Bank provides certain administrative services at no cost to the Plan.

## **Note 7: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

## **Note 8: Subsequent Events**

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued.

ACTUARIAL COST METHOD	Accrued Benefit (Unit Credit)	Projected Unit Credit	Accrued Benefit (Unit Credit)
ASSET VALUATION METHOD	See Below	See Below	Market Value

**Accrued Benefit (Unit Credit)**

The funding target is equal to the sum of the individual accrued liabilities for all participants. The individual's accrued liability is the present value of the benefit accrued in prior plan years. The target normal cost is the present value of benefits accruing in the plan year. Experience gains and losses are included in the calculation of the funding target and are amortized as part of the shortfall amortization.

**Projected Unit Credit**

Under this method, the actuarial accrued liability is calculated for each participant as the actuarial present value of the portion of the projected benefit earned to date calculated by applying the plan's benefit formula to service for all plan years before the current plan year and the average earnings projected to retirement or other termination date. The normal cost is the portion of the accrued liability allocated to the current plan year.

**Actuarial Value of Assets**

The Actuarial Value of Assets is a 24-month average determined in accordance with Notice 2009-22. Actuarial Value of Assets must fall within 90% to 110% of market value.

Assumed rate of return is the lesser of 7.00% or the segment rate specified in Notice 2009-22.

For termination of employment on or after 12/31/1989, the participant can also elect to receive an immediate monthly annuity as of any date coincident with or next to the following date of termination and prior to early or normal retirement date.

Death Benefit

In the event of a participant's death while an employee on or after satisfaction of vested termination requirements, but prior to his actual retirement, his surviving spouse, if any, will be entitled to a 50% Survivor's Benefit.

In the event of a participant's death on or after his actual retirement while an employee but prior to the commencement of his benefit, his beneficiary will be entitled to the benefit, if any, payable on account of the participant's death assuming his retirement benefit had commenced the day before his death.

Optional Forms of Payment

Life Annuity, Joint and Survivor Annuity with 50%, 66-2/3%, 75% or 100% continuing to survivor, Life Annuity with 5, 10, 15 or 20 years certain, Lump Sum based on accrued benefit as of December 31, 2008.
