To the Board of Trustees of
Plan de Bienestar de la Unión General de Trabajadores de Puerto Rico

We have audited the financial statements of *Plan de Bienestar de la Unión General de Trabajadores de Puerto Rico* ("The Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), for the year ended *December 31, 2024*, and we will issue our report thereon dated *October 13, 2025*. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated *January 29, 2025*. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by *Plan de Bienestar de la Unión General de Trabajadores de Puerto Rico* are described in *Note 1* to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during *2024*. We noted no transactions entered into by the Entity during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated **October 13, 2025**.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Entity's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Entity's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

The attached list of relevant management comments, including any circumstances that could affect the form or content of the report, were discussed with management during the performance of the audit.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with U.S. generally accepted accounting principles, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of Board of Thrustees of *Plan de Bienestar de la Unión General de Trabajadores de Puerto Rico* and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

J & J CPA, LLC

Comment No. 2024-01
Census Data

Observation:

During our testing of participant census data used for eligibility and benefits payments, we noted that certain fields (e.g., date of birth, dependent information, or employment status, plan selection, new and terminated participants) were inconsistently recorded across employers. Incomplete or inaccurate census data may lead to improper determination of participant eligibility, inaccurate premium assessments, or processing errors in benefits administration. It can also impact the accuracy of financial reporting.

Recommendation:

We recommend the Plan implement enhanced validation procedures for data submissions from contributing employers. Periodic reviews and reconciliation processes should be performed to ensure all required fields are complete and accurate.

Comment No. 2024-02
Inactive Accounts with No Recent Activity

Observation:

We noted several accounts in the trial balance (e.g., Accounts receivable Bank Thrust, accounts payable Triple S, accounts payable First Medical and prior-year accruals) that showed no movement during the year continued in their inclusion. Carrying dormant accounts without review may obscure financial reporting, complicate the closing process, or indicate incomplete account cleanup from prior periods.

Recommendation:

We recommend management conduct a periodic review of all general ledger accounts, identifying and investigating those with no recent activity. Accounts determined to be obsolete or unnecessary should be closed or written off as appropriate, with trustee approval when required.
