## Report of Independent Auditors

To the Administrator of Rolls-Royce Corporation Personal Savings Plan for Hourly-Rate Employees

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of Rolls-Royce Corporation Personal Savings Plan for Hourly-Rate Employees (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

Schedule H, line 4i -Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR HOURLY-RATE EMPLOYEES

Notes to Financial Statements

December 31, 2024 and 2023

### (1) Description of Plan

The following description of the Rolls-Royce Corporation Personal Savings Plan for Hourly-Rate Employees (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions, which are available from the Plan administrator.

#### (a) General

Hourly employees of Rolls-Royce Corporation (the "Company") or certain affiliated companies who are covered by the collective bargaining agreement between the Company and United Auto Workers ("UAW") are eligible to participate in and accumulate savings under the Plan on the first day of the first pay period following the attainment of seniority. Previously eligible employees with seniority who return to active employment with the Company may participate immediately.

Seniority is attained after working at least ninety days within a six-month period. Participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and is a Section 401(k) plan.

#### (b) Contributions

Voluntary employee contributions to the Plan are made through weekly payroll deductions from each participant's eligible earnings, at a rate not less than 1% of eligible earnings, not to exceed 75%, as provided in the plan document. Participants may also make after-tax contributions up to applicable Internal Revenue Service ("IRS") limits for such contributions. All participants who attain age 50 prior to the end of the taxable year are eligible to make catch-up contributions in accordance with the Internal Revenue Code ("IRC") provided such contributions do not exceed 75% in the aggregate when combined with deferred savings contributions or IRS limits. The contribution rate of each eligible participant in the Plan is automatically 3% beginning 90 days following the date which the employee first becomes eligible for participation in the Plan.

The Company matches up to 100% of the elective contributions of participating employees classified as "Condition 1" employees, as defined in the collective bargaining agreement with the UAW, limited to 5% of the participant's eligible weekly earnings. An annual 3% non-elective Company contribution for "Condition 1" employees is also included in the Plan. This contribution is subject to a three-year "cliff" vesting schedule. Participants that terminate employment prior to being fully vested in the annual discretionary 3% contributions, forfeit this portion of their account. The 2005 National Collective Bargaining Agreement defines employees as "Condition 1" if they were hired to launch a new derivative of an existing product/program to exploit new markets or existing customers requiring incremental business that would require the addition of manpower and includes all hires following the first hire under Condition 1. The annual 3% non-elective Company contribution, which is presented as employer contributions receivable in the Statements of Net Assets Available for Benefits, totaled \$484,253 and \$467,516 as of December 31, 2024 and 2023, respectively.

HOURLY-RATE EMPLOYEES**

Notes to Financial Statements

December 31, 2024 and 2023

**(c) Plan Administration**

The Fiduciary Committee of Rolls-Royce North America, Inc. is the administrator of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as trustee and custodian. Fidelity Workplace Services LLC serves as the record-keeper.

**(d) Participant Investment Account Options**

Investment account options available include various funds. Each participant has the option of directing his/her contributions into any of the separate investment accounts and may change the allocation daily.

**(e) Participant Accounts**

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, and plan earnings, less any applicable expenses.

**(f) Vesting**

Participants are fully vested in the balance of their accounts and no portion of such accounts is subject to forfeiture, except as noted in Note 1(b) above.

**(g) Notes Receivable from Participants**

Participants may borrow from their accounts in the Plan one time each calendar year. The aggregate amount of the participant’s outstanding loans may not exceed the lesser of (1) 50% of the current market value of vested assets in the participant’s account or (2) \$50,000, less the participant’s highest outstanding loan balance in the 12-month period preceding the loan application.

Loans are granted for a minimum period of 12 months, with additional increments of 12 months, to a maximum of 5 years (10 years in the event the loan is for the purchase or construction of the participant’s principal residence), provided a participant may not elect a term which will result in repayment of less than \$10 per pay period. Interest on the loan is fixed and equal to the prevailing prime rate published in the *Wall Street Journal* on the first business day of the month of the submission of the participant’s loan application. Interest rates on such loans ranged from 3.25% to 8.50% as of December 31, 2024 and 2023. Participant loans are reported at the unpaid balance plus accrued, but unpaid, interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are not recorded as distributions until they are deemed distributed based on the terms of the plan document.

**ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR  
HOURLY-RATE EMPLOYEES**

Notes to Financial Statements

December 31, 2024 and 2023

**(h) Forfeitures**

Participants who terminate employment prior to being fully vested in the annual discretionary 3% contributions, forfeit this portion of their account. Forfeitures are used to reduce future Company contributions or to pay Plan expenses. As of December 31, 2024 and 2023, the Plan had an available forfeiture balance totaling \$224,644 and \$242,796, respectively. Total Plan forfeitures during the years ended December 31, 2024 and 2023 amounted to \$1,332 and \$5,863, respectively. During the years ended December 31, 2024 and 2023, the Company used \$80,653 and \$32,190, respectively, to pay administrative expenses.

**(i) Participant Withdrawals and Payment of Benefits**

A participant in the Plan may make a complete or partial withdrawal, without penalty, of the amounts held in the participant's account at any time after attaining age 59½ or prior to age 59½ in the event of termination of employment, death, total and permanent disability, or financial hardship. Withdrawals are paid as a lump sum based on the current value of the account at the date of withdrawal. Upon termination of employment, a participant may take distribution of the participant's entire account balance in either a single lump-sum payment or in installments or elect to have the account balance transferred into another tax-deferred plan or individual retirement account, unless otherwise specified in the Plan.

Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals, and loans under all applicable plans maintained by the Company. The amount that may be withdrawn for financial hardship shall be limited to the lesser of (1) the vested balance in the participant's account as of the date of withdrawal or (2) the amount required to meet the need created by the financial hardship and anticipated income taxes and penalties resulting from the early withdrawal.

Prior to a participant attaining the age of 65 years and for accounts with balances between \$1,000 and \$5,000, (including amounts attributable to any rollover contributions), if the participant does not elect to have such distribution transferred directly to an eligible retirement plan in a direct rollover, or to receive the distribution directly, the Plan administrator will make a direct rollover of the distribution to an individual retirement account (as designated by the Plan administrator).

**(j) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth under ERISA. In the event of Plan termination, participants would become 100 percent vested in their non-elective Company contributions and earnings thereon.

**(k) Subsequent Events**

The Company has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

**ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR  
HOURLY-RATE EMPLOYEES**

Notes to Financial Statements

December 31, 2024 and 2023

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**(b) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**(c) Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Investment transactions are recorded on the trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

For investments held solely by the Plan, net appreciation(depreciation) in fair value of investments includes both realized gains (losses) on the sale of investments, and unrealized appreciation (depreciation) in fair value of investments.

**(d) Payment of Benefits**

Benefits are recorded when distributed to participants.

**(e) Administrative Expenses**

Administrative expense may be paid by the Company or the Plan, at the Company's discretion. The types of administrative expenses paid by the Plan includes recordkeeping and other consulting type fees.

## ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR HOURLY-RATE EMPLOYEES

Notes to Financial Statements

December 31, 2024 and 2023

### (3) Tax Status

The IRS has determined and informed the Company by a letter dated November 17, 2017, that the Plan and related trust are designed in accordance with applicable Sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is, in general, no longer subject to income tax examinations for years prior to 2021.

### (4) Investments and Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, *Fair Value Measurements*, establishes the framework for measuring fair value by providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

**Level 1** – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

**Level 2** – Inputs to the valuation methodology are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

**Mutual funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common collective trusts** – Common collective trusts are private investment securities valued using the Net Asset Value (“NAV”) provided by the trustee. The NAV is calculated for a private market, and is based on the fair value of the underlying assets owned by the fund, which are predominately traded on an active market, less its liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value, as certified by the trustee, as of December 31, 2024 and 2023. Classification within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement.

<b>Assets at Fair Value as of December 31, 2024</b>

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net assets Available for Benefits.

Common collective trusts - 2023	\$ 115,338,710	N/A	Daily	None

**(5) Trustee Certified Information**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from Fidelity that the investment and investment related information provided by them is complete and accurate. The investment information in Note 4, excluding leveling, and the amounts included in the financial statements for investments at fair value, notes receivable and related interest income from participants, interest and dividend income, net appreciation (depreciation) in fair value of investments, and all amounts in the supplemental schedule were provided, or were derived from information provided, and certified as complete and accurate by Fidelity as of and for the years ended December 31, 2024 and 2023.

**(6) Related Party Transactions**

For the years ended December 31, 2024 and 2023, \$175,128,668, and \$164,448,768, respectively, of the Plan's investments included common collective trusts and mutual fund investments managed by Fidelity. Fidelity is the trustee as defined in the Plan and, therefore, transactions in these funds represent party-in-interest transactions. Additionally, notes receivable from participants represent party-in-interest transactions for 2024 and 2023. Expenses paid by the Plan to Fidelity for various administrative services are shown as administrative expenses in the Statements of Changes in Net Assets Available for Benefits and totaled \$37,934 and \$32,401 for the years ended December 31, 2024 and 2023, respectively.

**(7) Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

## Report of Independent Auditors

To the Administrator of Rolls-Royce Corporation Personal Savings Plan for Hourly-Rate Employees

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the accompanying financial statements of Rolls-Royce Corporation Personal Savings Plan for Hourly-Rate Employees (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, including the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical

requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedule Required by ERISA***

Schedule H, line 4i -Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR HOURLY-RATE EMPLOYEES

Notes to Financial Statements

December 31, 2024 and 2023

### (1) Description of Plan

The following description of the Rolls-Royce Corporation Personal Savings Plan for Hourly-Rate Employees (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions, which are available from the Plan administrator.

#### (a) General

Hourly employees of Rolls-Royce Corporation (the "Company") or certain affiliated companies who are covered by the collective bargaining agreement between the Company and United Auto Workers ("UAW") are eligible to participate in and accumulate savings under the Plan on the first day of the first pay period following the attainment of seniority. Previously eligible employees with seniority who return to active employment with the Company may participate immediately.

Seniority is attained after working at least ninety days within a six-month period. Participation is voluntary. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and is a Section 401(k) plan.

#### (b) Contributions

Voluntary employee contributions to the Plan are made through weekly payroll deductions from each participant's eligible earnings, at a rate not less than 1% of eligible earnings, not to exceed 75%, as provided in the plan document. Participants may also make after-tax contributions up to applicable Internal Revenue Service ("IRS") limits for such contributions. All participants who attain age 50 prior to the end of the taxable year are eligible to make catch-up contributions in accordance with the Internal Revenue Code ("IRC") provided such contributions do not exceed 75% in the aggregate when combined with deferred savings contributions or IRS limits. The contribution rate of each eligible participant in the Plan is automatically 3% beginning 90 days following the date which the employee first becomes eligible for participation in the Plan.

The Company matches up to 100% of the elective contributions of participating employees classified as "Condition 1" employees, as defined in the collective bargaining agreement with the UAW, limited to 5% of the participant's eligible weekly earnings. An annual 3% non-elective Company contribution for "Condition 1" employees is also included in the Plan. This contribution is subject to a three-year "cliff" vesting schedule. Participants that terminate employment prior to being fully vested in the annual discretionary 3% contributions, forfeit this portion of their account. The 2005 National Collective Bargaining Agreement defines employees as "Condition 1" if they were hired to launch a new derivative of an existing product/program to exploit new markets or existing customers requiring incremental business that would require the addition of manpower and includes all hires following the first hire under Condition 1. The annual 3% non-elective Company contribution, which is presented as employer contributions receivable in the Statements of Net Assets Available for Benefits, totaled \$484,253 and \$467,516 as of December 31, 2024 and 2023, respectively.

**ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR  
HOURLY-RATE EMPLOYEES**

Notes to Financial Statements

December 31, 2024 and 2023

**(c) Plan Administration**

The Fiduciary Committee of Rolls-Royce North America, Inc. is the administrator of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as trustee and custodian. Fidelity Workplace Services LLC serves as the record-keeper.

**(d) Participant Investment Account Options**

Investment account options available include various funds. Each participant has the option of directing his/her contributions into any of the separate investment accounts and may change the allocation daily.

**(e) Participant Accounts**

Each participant’s account is credited with the participant’s contribution, the Company’s contribution, and plan earnings, less any applicable expenses.

**(f) Vesting**

Participants are fully vested in the balance of their accounts and no portion of such accounts is subject to forfeiture, except as noted in Note 1(b) above.

**(g) Notes Receivable from Participants**

Participants may borrow from their accounts in the Plan one time each calendar year. The aggregate amount of the participant’s outstanding loans may not exceed the lesser of (1) 50% of the current market value of vested assets in the participant’s account or (2) \$50,000, less the participant’s highest outstanding loan balance in the 12-month period preceding the loan application.

Loans are granted for a minimum period of 12 months, with additional increments of 12 months, to a maximum of 5 years (10 years in the event the loan is for the purchase or construction of the participant’s principal residence), provided a participant may not elect a term which will result in repayment of less than \$10 per pay period. Interest on the loan is fixed and equal to the prevailing prime rate published in the *Wall Street Journal* on the first business day of the month of the submission of the participant’s loan application. Interest rates on such loans ranged from 3.25% to 8.50% as of December 31, 2024 and 2023. Participant loans are reported at the unpaid balance plus accrued, but unpaid, interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent participant loans are not recorded as distributions until they are deemed distributed based on the terms of the plan document.

**ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR  
HOURLY-RATE EMPLOYEES**

Notes to Financial Statements

December 31, 2024 and 2023

**(h) Forfeitures**

Participants who terminate employment prior to being fully vested in the annual discretionary 3% contributions, forfeit this portion of their account. Forfeitures are used to reduce future Company contributions or to pay Plan expenses. As of December 31, 2024 and 2023, the Plan had an available forfeiture balance totaling \$224,644 and \$242,796, respectively. Total Plan forfeitures during the years ended December 31, 2024 and 2023 amounted to \$1,332 and \$5,863, respectively. During the years ended December 31, 2024 and 2023, the Company used \$80,653 and \$32,190, respectively, to pay administrative expenses.

**(i) Participant Withdrawals and Payment of Benefits**

A participant in the Plan may make a complete or partial withdrawal, without penalty, of the amounts held in the participant's account at any time after attaining age 59½ or prior to age 59½ in the event of termination of employment, death, total and permanent disability, or financial hardship. Withdrawals are paid as a lump sum based on the current value of the account at the date of withdrawal. Upon termination of employment, a participant may take distribution of the participant's entire account balance in either a single lump-sum payment or in installments or elect to have the account balance transferred into another tax-deferred plan or individual retirement account, unless otherwise specified in the Plan.

Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals, and loans under all applicable plans maintained by the Company. The amount that may be withdrawn for financial hardship shall be limited to the lesser of (1) the vested balance in the participant's account as of the date of withdrawal or (2) the amount required to meet the need created by the financial hardship and anticipated income taxes and penalties resulting from the early withdrawal.

Prior to a participant attaining the age of 65 years and for accounts with balances between \$1,000 and \$5,000, (including amounts attributable to any rollover contributions), if the participant does not elect to have such distribution transferred directly to an eligible retirement plan in a direct rollover, or to receive the distribution directly, the Plan administrator will make a direct rollover of the distribution to an individual retirement account (as designated by the Plan administrator).

**(j) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth under ERISA. In the event of Plan termination, participants would become 100 percent vested in their non-elective Company contributions and earnings thereon.

**(k) Subsequent Events**

The Company has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued.

**ROLLS-ROYCE CORPORATION PERSONAL SAVINGS PLAN FOR  
HOURLY-RATE EMPLOYEES**

Notes to Financial Statements

December 31, 2024 and 2023

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

**(b) Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**(c) Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Investment transactions are recorded on the trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

For investments held solely by the Plan, net appreciation(depreciation) in fair value of investments includes both realized gains (losses) on the sale of investments, and unrealized appreciation (depreciation) in fair value of investments.

**(d) Payment of Benefits**

Benefits are recorded when distributed to participants.

**(e) Administrative Expenses**

Administrative expense may be paid by the Company or the Plan, at the Company's discretion. The types of administrative expenses paid by the Plan includes recordkeeping and other consulting type fees.

### (3) Tax Status

The IRS has determined and informed the Company by a letter dated November 17, 2017, that the Plan and related trust are designed in accordance with applicable Sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is, in general, no longer subject to income tax examinations for years prior to 2021.

### (4) Investments and Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") Topic 820, *Fair Value Measurements*, establishes the framework for measuring fair value by providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

**Level 1** – Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

**Level 2** – Inputs to the valuation methodology are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

**Mutual funds** – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

**Common collective trusts** – Common collective trusts are private investment securities valued using the Net Asset Value (“NAV”) provided by the trustee. The NAV is calculated for a private market, and is based on the fair value of the underlying assets owned by the fund, which are predominately traded on an active market, less its liabilities.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value, as certified by the trustee, as of December 31, 2024 and 2023. Classification within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement.

(1) Certain investments that are measured at fair value using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net assets Available for Benefits.

December 31, 2024 and 2023

The following table summarizes the investments measured at fair value based on NAV, as a practical expedient, as of December 31, 2024 and 2023.

<u>December 31, 2024 and 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Eligible)</u>	<u>Redemption Notes Period</u>
Common collective trusts - 2024	\$ 121,778,028	N/A	Daily	None
Common collective trusts - 2023	\$ 115,338,710	N/A	Daily	None

**(5) Trustee Certified Information**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has obtained certifications from Fidelity that the investment and investment related information provided by them is complete and accurate. The investment information in Note 4, excluding leveling, and the amounts included in the financial statements for investments at fair value, notes receivable and related interest income from participants, interest and dividend income, net appreciation (depreciation) in fair value of investments, and all amounts in the supplemental schedule were provided, or were derived from information provided, and certified as complete and accurate by Fidelity as of and for the years ended December 31, 2024 and 2023.

**(6) Related Party Transactions**

For the years ended December 31, 2024 and 2023, \$175,128,668, and \$164,448,768, respectively, of the Plan's investments included common collective trusts and mutual fund investments managed by Fidelity. Fidelity is the trustee as defined in the Plan and, therefore, transactions in these funds represent party-in-interest transactions. Additionally, notes receivable from participants represent party-in-interest transactions for 2024 and 2023. Expenses paid by the Plan to Fidelity for various administrative services are shown as administrative expenses in the Statements of Changes in Net Assets Available for Benefits and totaled \$37,934 and \$32,401 for the years ended December 31, 2024 and 2023, respectively.

**(7) Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
