|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

**Part III Accountant's Opinion**

**3** Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

**a** The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1)  Unmodified (2)  Qualified (3)  Disclaimer (4)  Adverse

**b** Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1)  DOL Regulation 2520.103-8 (2)  DOL Regulation 2520.103-12(d) (3)  neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

**c** Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **FREED MAXICK, P.C.**

(2) EIN: **45-4051133**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

|  | Yes | No | Amount  |
|--|-----|----|---------|
| <b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)                 |     | X  |         |
| <b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? ## REQUIRED COMMUNICATIONS

Auditing standards generally accepted in the United States of America (GAAS) (AU-C 260, *The Auditor's Communication With Those Charged With Governance*) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

### Our Responsibilities With Regard to the Financial Statement Audit

Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated May 21, 2025. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

As management determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.

### Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication dated May 21, 2025, regarding the planned scope and timing of our audit and identified significant risks.

### Accounting Policies and Practices

#### Preferability of Accounting Policies and Practices

Under accounting principles generally accepted in the United States of America, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice.

#### Adoption of, or Change in, Accounting Policies

Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

#### Significant Accounting Policies

We did not identify any significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### Significant Unusual Transactions

We did not identify any significant unusual transactions.

### Audit Adjustments and Uncorrected Misstatements

The following audit adjustments were recorded by the Plan:

- Entry to record the employer match and profit-sharing contributions for the Plan year ended December 31, 2024 in the amount of \$9,721,278.

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

## Form 5500 Filing

GAAS requires that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditor's report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements, other than appropriate reconciling items with the draft Form 5500 as disclosed in the notes to the financial statements.

## Other Information Included in Annual Reports

Our responsibility for other information included in annual reports is to read the information and consider whether its content or the manner of its presentation is materially inconsistent with the financial information covered by our auditor's report, whether it contains a material misstatement of fact or whether the other information is otherwise misleading. We read the Plan's Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements.

## ERISA-Required Supplemental Schedule

We subjected the information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedule, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplemental schedule are presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplemental schedule agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditor's report for the ERISA-required supplemental schedule. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

## Observations About the Audit Process

### Disagreements With Management

We encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit, or significant disclosures to be included in the financial statements.

### Consultations With Other Accountants

We are not aware of any consultations management had with other accountants about accounting or auditing matters.

### Significant Issues Discussed With Management

No significant issues arising from the audit were discussed or were the subject of correspondence with management.

### Significant Difficulties Encountered in Performing the Audit

We did not encounter any significant difficulties in dealing with management during the audit.

### Difficult or Contentious Matters That Required Consultation

We did not encounter any significant and difficult or contentious matters that required consultation outside the engagement team.

## Reportable Findings

In planning and performing the audit, we considered plan provisions relevant to designing audit procedures for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions. Our audit was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or other specified criteria that might be considered reportable findings.

A reportable finding is one or more of the following:

- A matter that is identified as an instance of noncompliance or suspected noncompliance with laws or regulations;
- A finding arising from the audit that is significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process; or
- A deficiency in internal control identified during the audit that has not been communicated to management by other parties that is of sufficient importance to merit management's attention.

We are required to communicate reportable findings from the audit procedures performed relating to the plan provisions to you, in writing.

## Shared Responsibilities: AICPA Independence

The AICPA regularly emphasizes that auditor independence is a **joint responsibility** and is managed most effectively when management, audit committees (or their equivalents), and audit firms work together in considering compliance with American Institute of Certified Public Accountants (AICPA) independence rules. For Freed Maxick, P.C. ("Freed") to fulfill its professional responsibility to maintain and monitor independence, management, the Plan, and Freed each play an important role.

### Our Responsibilities

- AICPA rules require independence both of mind and in appearance when providing audit and other attestation services. Freed is to ensure that the AICPA's General Requirements for performing non-attest services are adhered to and included in all letters of engagement.
- Maintain a system of quality control over compliance with independence rules and firm policies.

### Your Responsibilities

- Timely inform Freed, before the effective date of transactions or other business changes, of the following:
  - New affiliates, directors, officers, or persons in financial reporting oversight roles.
  - New beneficial owners of the Plan Sponsor's equity securities that have significant influence.
  - Change in corporate structure impacting affiliates such as add-on acquisitions or exits.
- Provide necessary affiliate information such as new or updated investment structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations.
- Understand and conclude on the permissibility, prior to the Plan and its affiliates, including the Plan Sponsor, and the officers, directors or persons in a decision-making capacity, engaging in business relationships with Freed.
- Not entering into relationships resulting in Freed, Freed covered persons or their close family members, temporarily or permanently acting as an officer, director or person in an accounting or financial reporting oversight role at the Plan or Plan Sponsor.

## Internal Control Matters

We have separately communicated control deficiencies that are reportable findings in internal control over financial reporting identified during our audit of the financial statements, and this communication is attached as Exhibit A.

## **Other Operational Matters and Recommendations**

We have separately communicated the other operational matters and recommendations identified during our audit of the financial statements, and this communication is attached as Exhibit B.

## **Significant Written Communications Between Management and Our Firm**

Copies of significant written communications between our firm and the management of the Plan, including the representation letter to be provided to us by management, are attached as Exhibit C.

### Internal Control Matters

Employee Retirement Plans Oversight Committee  
United Health Services, Inc. 403(b) Retirement Plan  
10-42 Mitchell Avenue  
Binghamton, New York 13903

In planning and performing our audit of the financial statements of the United Health Service, Inc. 403(b) Retirement Plan (the Plan) as of and for the year ended December 31, 2024, in accordance with auditing standards generally accepted in the United States of America, we considered relevant plan provisions and the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Following are descriptions of other identified deficiencies in internal control that we determined did not constitute significant deficiencies or material weaknesses:

### **Timeliness of Contributions**

The timely deposit of employee deferrals has been a highly publicized issue for the DOL and they are allocating resources for audits specifically for this issue. The DOL's audit procedure has been to review the Plan Sponsor's pattern for depositing deferrals. If, for example, a Plan Sponsor is able to deposit deferrals within three business days of month end, but deposits one month's deferrals ten business days after month end, that month is deemed to be a prohibited transaction. The DOL reasons that the Plan Sponsor has shown an ability to deposit the money within a shorter time frame; therefore, the funds for that one month were not deposited "as soon as they were reasonably segregated".

During our testing of timeliness of contributions, we noted pay periods where there was a lag for remitting employee deferrals and employer contributions. The Plan Sponsor should remit participant deferrals into the Plan as soon as they can be reasonably segregated and establish a pattern for doing so. If a situation arises where the Plan Sponsor is not able to follow their established pattern, it should document reasons for the departure.

#### **Recommendation**

Management should ensure contributions are remitted as soon as reasonably segregated and establish a pattern in doing so.

#### **Management's Response**

These delays occurred during the immediate months following a Human Capital Management (HCM) and Payroll System conversion that provided temporary operational challenges. Since this conversion, UHS Management has engaged with the software vendor—Workday—and Voya to ensure timely biweekly contribution deposits. This process includes a biweekly reconciliation to immediately identify and resolve any issues that began in the second half of 2024.

### **Enrollment Delays**

During our eligibility testing, we identified two participants who were not timely enrolled into the Plan upon meeting eligibility requirements. This was due to the Plan not notifying the TPA of their eligibility and therefore the enrollment notification was delayed to the participant.

#### **Recommendation**

Management should ensure the payroll feed files to Voya are reviewed on a periodic basis to ensure employees are timely enrolled into the Plan and deferrals are properly set up in payroll.

#### **Management's Response**

These delays occurred during the immediate months following a HCM and Payroll System conversion that provided temporary operational challenges. Since this conversion, UHS Management performs a biweekly reconciliation to confirm that the employee enrollments and elections match Voya as the system of record.

### **Improper Employer Contributions for CMH Participants**

During our contribution testing, we identified two CMH participants whose employer match and nonelective contributions were incorrectly calculated. Per the plan document, overtime and shift differential pay codes are excluded from eligible compensation. However, when calculating the annual employer contributions for the plan year, these pay codes were improperly included as eligible compensation.

#### **Recommendation**

Management should either amend the Plan document to include these pay codes as eligible wages if that is their intention OR implement a limitation in the payroll system to ensure these codes are properly identified as excludable wages when calculating the employer contributions for the plan year.

#### **Management's Response**

With the approval of CMH Senior Leadership granted in October 2025, the plan document will be modified to remove the overtime and shift differential wage exclusions from contributions clauses. UHS Management has engaged with an attorney to draft the plan document updates for Board approval in 2025.

### **Incorrect Employee Contributions**

During our contribution testing, we identified one participant who received an incorrect employee contribution for the pay period selected. The payroll system improperly excluded a portion of their regular compensation due to a change in employment status during the pay period. As a result, not all eligible wages were included in the contribution calculation, causing the participant to receive a lower contribution than they should have.

### **Recommendation**

Management should implement a review process for employees with status changes during the period to ensure contributions are calculated on the appropriate eligible wages and ensure this is accurately reflected and configured in the Workday system.

### **Management's Response**

UHS Management has engaged with the software vendor—Workday—to review and resolve 403(b) eligible wage calculations for employees with a status change mid pay period. Management will perform a quarterly audit to ensure that no additional issues arise.

Management's responses to the internal control deficiencies identified in our audit were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

This communication is intended solely for the information and use of the Employee Retirement Plans Oversight Committee, Plan Administrator, management, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

### Letter Communicating Other Operational Matters and Recommendations

As a service to you, we looked for areas where the Plan can improve its administration and other current items based on recent legislation or best practices. The observations made and recommendations developed are the result of our normal audit procedures and not any special study, consequently, they are limited only to those more important areas which came to our attention during the course of our audit.

#### Census Inaccuracies

During our the audit, we received multiple versions of the 2024 census data. Upon review of the employee census data, we identified several errors relating to missing names, wages and hours. Additionally, there were errors in the census relating to dates of employment for certain employees. This includes duplicate employees, missing termination dates, missing rehire dates, incorrect dates of hire, and improperly included employees. Management should review the census data for accuracy of employee's employment history to ensure census data is complete and accurate.

This communication is intended solely for the information and use of the Employee Retirement Plans Oversight Committee, Plan Administrator, management, and others within the Plan, and is not intended to be and should not be used by anyone other than these specified parties.

## INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of  
United Health Services, Inc. 403(b) Retirement Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of United Health Services, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of schedule h, line 4i - schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### NOTES TO THE FINANCIAL STATEMENTS

---

#### NOTE 1. DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan that operates under Section 403(b) of the Internal Revenue Code (IRC). The Plan was established on January 1, 2009, and was restated on January 1, 2022, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers substantially all employees of United Health Services, Inc. (UHS), United Health Services Hospitals, Inc. (UHSH), Chenango Memorial Hospital, Inc. (CMH), Delaware Valley Hospital, Inc. (DVH), Ideal Senior Living Center, Inc. (ISLC), Ideal Senior Living Center Housing Corporation, Inc. (ISLCHC), Professional Home Care, Inc. (PHC), Twin Tier Home Health, Inc. (TTHH), and United Medical Associates, P.C. (UHSMG) (collectively, the Companies) who have elected to participate. UHS (a not-for-profit parent holding corporation) is the sole member of the Companies, except for UHSMG, which is affiliated through contracted service agreements. The Companies are responsible for the oversight of the Plan. The Retirement Plans Oversight Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

**Contributions:** Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan has an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. If a new employee, after receiving a notice from the Plan Administrator, does not make an elective deferral election within 60 days of employment, the employee will be deemed to have made an automatic elective deferral election in the amount of 3% of compensation to go to the appropriate target retirement date fund until changed by the participant.

Effective January 1, 2012, any employee hired or rehired after this date by UHS, UHSH, ISLC, ISLCHC, PHC and UHSMG are eligible to receive a non-elective employer contribution to the Plan ranging from 2% to 6% of the participant's eligible wages based on the participant's age if they have completed 1,000 hours of service and are employed on December 31st of each year. Effective January 1, 2024 all employees are eligible for non-elective contributions regardless of their commencement date. There was no discretionary employer non-elective contribution made for the years ended December 31, 2024 and 2023. For the plan year ended December 31, 2023, an employee hired by UHS, UHSH, ISLC, ISLCHC, PHC and UHSMG and age 40 or older on or before the last day of the Plan year, is eligible to receive an additional non-discretionary non-elective contribution equal to 1% of participant's plan year compensation. Employees participating in the Plan before January 1, 2012 were not eligible for this employer contribution. This did not apply for the plan year ended December 31, 2024.

Effective January 1, 2013, any employee hired or rehired after this date by CMH is eligible to receive a non-elective employer contribution to the Plan of 2% of the participant's eligible wages if they have completed 1,000 hours of service and are employed on December 31st of each year. They are also eligible for employer matching contributions to the Plan of 100% of the participants' voluntary deferral contribution up to a maximum of 3% of compensation if they have completed 1,000 hours of service and are 21 years of age.

TTHH employees who had met the eligibility requirements and who contributed at least 1% into the voluntary portion of the Plan were eligible to receive a discretionary employer matching contribution, which was determined by the employer annually.

Participants from DVH are eligible for employer match contributions if they are 21 years of age and have completed one year of service. DVH matches 100% of the participants' voluntary deferral contribution up to a maximum 5% of compensation.

#### NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Effective January 1, 2022, any employee hired or rehired after January 1, 2012, by UHS, UHSH, ISLC, ISLCHC, PHC and UHSMG is eligible for employer match contributions. The employer matches 50% of the participant's elective deferrals on the first 6% of participant's compensation. Effective January 1, 2024, all employees are eligible for matching contributions and non-elective contributions regardless of their commencement date.

The Companies made employer contributions amounting to \$10,173,995 for the year ended December 31, 2024 (\$7,006,805 – 2023).

**Participant Accounts:** Each participant's account is credited with the participant's contributions and the Companies matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Companies' employer match and non-elective contribution portion of their accounts is based on years of credited service. Participants become fully vested after completion of three years of credited service.

**Notes Receivable from Participants:** Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from 1 to 5 years or up to a reasonable period of time for purchase of a principal residence. The loans are secured by the balance in the participant's account. The loan interest rate is set at the prime rate at the time of the loan. Principal and interest is paid ratably through regular payroll deductions.

**Payment of Benefits:** On termination of service due to death, disability, termination or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or equal installments over a period of not more than the participant's assumed life expectancy or the joint life and last survivor expectancy of the participant and the participant's designated beneficiary. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

**Forfeited Accounts:** At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$1,411,446 and \$1,019,747, respectively. These accounts will be used to reduce future employer contributions or to pay for plan expenses. For the year ended December 31, 2024, the Plan used \$384,514 to reduce employer contributions (\$467,913 – 2023).

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting:** The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates:** The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition:** Investments are reported at fair value (except for fully benefit investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, custodian and insurance company. See Note 3 for discussion of fair value measurements.

### NOTES TO THE FINANCIAL STATEMENTS

---

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Notes Receivable from Participants:** Notes receivable from participants are measured at their unpaid principal, balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

**Payment of Benefits:** Benefits are recorded when paid.

**Administrative Expenses:** Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent Events:** The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

#### NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 (FASB ASC 820) are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

#### NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

**Shares of registered investment companies:** Valued at the net asset value (NAV) of shares held by the Plan at year end. The NAV is the closing price reported on the active market on which the securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023, respectively.

|   | <u>Investments at Fair Value as of December 31, 2024</u> |                |
|---|--|----------------|
|   | <u>Level 1</u>   | <u>Total</u>   |
| Shares of registered investment companies | \$ 365,865,174   | \$ 365,865,174 |

  

|   | <u>Investments at Fair Value as of December 31, 2023</u> |                |
|---|--|----------------|
|   | <u>Level 1</u>   | <u>Total</u>   |
| Shares of registered investment companies | \$ 306,523,750   | \$ 306,523,750 |

#### NOTE 4. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a fully benefit-responsive guaranteed investment contract with Metropolitan Life Insurance Company (MetLife) totaling \$12,686,742 and \$13,775,058 for the years ended December 31, 2024 and 2023, respectively. MetLife maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

### NOTES TO THE FINANCIAL STATEMENTS

#### NOTE 5. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya Institutional Trust Company (VITC). VITC is the custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

#### NOTE 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become fully vested in their employer contributions.

#### NOTE 7. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 31, 2017, that the Plan and the related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

#### NOTE 8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

#### NOTE 9. FINANCIAL CERTIFICATION

The following unaudited financial information relating to the Plan's assets at December 31, 2024 and 2023, as well as transactions for the years then ended has been derived from information provided by VITC, the custodian of the Plan's assets and has been certified by VITC as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on the certification, and the information relating to assets as well as transactions have not been audited by independent accountants.
