Employee Trust Investment Committee  
Bridgestone Americas, Inc. Incentive Savings Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We have performed audits of the financial statements of Bridgestone Americas, Inc. Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's responsibilities for the audit of the financial statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other matter – supplemental schedule required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Bridgestone Americas, Inc. Incentive Savings Plan**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

#### **NOTE A - DESCRIPTION OF THE PLAN**

The Bridgestone Americas, Inc. Incentive Savings Plan (the "Plan") is sponsored by Bridgestone Americas, Inc. (the "Company"), a wholly-owned subsidiary of Bridgestone Corporation, a Japanese corporation.

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### ***General***

The Plan is a defined contribution plan designed to provide eligible employees with tax-advantaged long-term savings for retirement. Hourly-paid employees of the Company who are not represented by a collective bargaining agent, who have been employed by the Company for at least 30 days, and who are employed by the Bridgestone Retail Operations, LLC, a wholly-owned subsidiary of the Company, or other eligible subsidiaries of the Company are eligible to become participants in the Plan. Eligible employees must be at least 18 years old to participate.

The Plan is administered by the Company, and Fidelity Management Trust Company (the "Trustee" or "Fidelity") serves as the Plan's trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

#### ***Contributions***

The Plan provides for contributions by participants, through payroll deductions, and for matching contributions by the Company. Each participating employee elects to contribute to his or her participant account a percentage of eligible compensation, as defined, not less than 1% and not more than the maximum allowable under the Internal Revenue Code ("IRC"), provided that the maximum allowable contributions do not exceed 50% of the participant's eligible compensation prior to the contributions. Participants may elect to contribute to their account on a pre-tax basis, on a Roth basis, or a combination of both. Participants who do not affirmatively enroll or decline enrollment upon becoming eligible to participate in the Plan are automatically enrolled in the Plan at a contribution rate of 3%, which automatically increases by 1% each year until the contribution rate reaches 6% unless a participant opts out. Automatic contributions are treated as pre-tax contributions and are invested 100% in a target retirement date investment fund based on the participant's date of birth. Participants may change their contribution percentages at any time. Rate changes are updated weekly. Rollover contributions, as they occur, represent contributions, and earnings thereon, that participants voluntarily transferred from another qualified plan.

As of December 1, 2020, participants may roll over a single lump sum distribution to the Plan from the Company's defined benefit plans: the Bridgestone Americas, Inc. Retirement Plan, the Bridgestone Americas, Inc. Salaried Employees Retirement Plan, that Bridgestone Americas, Inc. Hourly Employees Pension Plan, or the Bridgestone Americas, Inc. Non-Contributory Pension Plan.

The Plan provides for a matching contribution from the Company of 50% of each participant's contribution, not to exceed 3% of each participant's eligible compensation.

All participants who have elected to make contributions and have attained age 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with, and subject to the limitations of the IRC. The catch-up contributions are not eligible for matching contributions from the Company.

#### ***Vesting***

Each participant is immediately and fully vested in all participant contributions and earnings thereon. Participants hired on or after January 1, 2019 are vested in matching contributions after three years of

**Bridgestone Americas, Inc. Incentive Savings Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

service. Participants who were hired or rehired prior to January 1, 2019 are vested in matching contributions of the Company and the earnings thereon in increments of 20% for each year beginning with the employee's second year of service, with 100% vesting of the Company contributions after completing six years of service. Participants are also 100% vested upon death, disability, or the attainment of age 65 while an employee. If a participant's employment with the Company is terminated for any reason other than those indicated above, the unvested portion of the participant's account is forfeited on the earlier of (1) the date of distribution of the vested account balance or (2) the fifth anniversary of the termination date.

Forfeitures under the Plan are used to reduce Company contributions. Forfeitures used during the year ended December 31, 2024 were \$3,580,269. Unused forfeitures as of December 31, 2024 and 2023 were \$141,694 and \$104,774, respectively.

***Investment Options***

The investment options include registered investment companies, collective trusts, money market fund, and a self-directed brokerage account. The Trustee maintains separate accounts for each Plan participant and invests such participant's contributions as directed by the participant, in one or more investment options offered by the Plan.

***Payment of Benefits***

On termination of service due to death, disability, retirement or other reasons, a participant is eligible to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also permits in-service distributions upon the attainment of age 59½ and hardship withdrawals. Hardship withdrawals are permitted up to amounts necessary to satisfy an immediate and heavy financial need. The Plan requires minimum distributions for participants upon reaching age 73. Account balances less than \$1,000 at termination will be distributed via check if a timely distribution request is not received.

***Participant Accounts***

Each participant's account is increased or decreased, as appropriate, with (a) the participant's contributions, (b) the Company's contributions, (c) investment earnings and losses based on the participant's account balance and composition, (d) distributions, (e) forfeitures, and (f) investment administration fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***Notes Receivable from Participants***

Subject to certain limitations, the Plan permits participants to borrow up to one half of the vested amount credited to a participant's account, subject to a minimum of \$1,000 and a maximum of \$50,000, reduced by the highest outstanding loan balance within the past 12 months. A participant may have only one outstanding loan at any time, which may be repaid in advance without penalty. The period of repayment for a loan is one to five years, with a fixed interest rate equal to the prime rate for the last business day of the first month of the calendar quarter immediately preceding the calendar quarter in which the loan is made. Participants may borrow from the vested value of their balances invested in any of the various investment funds at their discretion. Loan repayments are invested on the same pro rata basis as the borrower has directed the investment of his or her current Plan contributions. Interest rates on outstanding notes receivable from participants ranged from 3.25% to 8.50% at December 31, 2024 and 2023.

***Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to alter, suspend or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the

**Bridgestone Americas, Inc. Incentive Savings Plan**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

rights of all participants to the amounts credited to such participants' accounts at the date of termination are non-forfeitable.

***Transfer of Assets***

Certain employees participate in the Plan or other affiliated Bridgestone Americas, Inc, sponsored plans. Participation in the Plan or the Bridgestone Americas, Inc. Tax-Efficient Savings Plan (the "Tax-Efficient Plan") or the Bridgestone Americas, Inc. Retirement Savings Plan (the "Retirement Savings Plan") or The Firestone Polymers Savings Plan (the "Polymers Plan") or the Bridgestone Americas, Inc. Employee Savings Plan for Bargaining Unit Employees (the "Bargaining Plan") is based upon the employee's job classification. Consequently, transfers of assets between the Plans listed occur as participants change job classifications. The assets are transferred at fair value.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

***Use of Estimates***

The presentation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value. Fair value is the price that would be received upon the sale of an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

***Administrative Expenses***

Investment administration fees, recordkeeping fees, and audit fees are paid by the Plan. The Company pays certain other costs of administering the Plan, such as legal fees and other related costs. Expenses paid by the Company are excluded from these financial statements.

***Payment of Benefits***

Benefit payments are recorded upon distribution.

**Bridgestone Americas, Inc. Incentive Savings Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred and charged to the participant's account. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**NOTE C - FAIR VALUE MEASUREMENTS**

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are identified below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund

Valued at a net asset value ("NAV") of \$1.00 per share held by the Plan at year end, based on quoted prices in active markets.

Registered investment companies

Valued at the NAV of shares held by the Plan at year end, based on quoted prices in active markets.

Collective trust funds

Valued at the NAV of units held by the Plan at year end, as determined by the fair value of the underlying assets. Underlying assets include commingled pools of exchange traded equity, fixed income and/or short-term investments and index funds of exchange traded equity, bond and debt securities.

Stable value fund

Valued at the NAV of the fund which represents the Plan's fair value. The NAV is calculated by the trustees of the fund based on fair value of the fund's underlying assets, which includes investment contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund.

Self-directed brokerage accounts

Assets primarily include investments in common stocks valued at the closing price per share in active markets and registered investment companies measured at fair value using the methodology previously discussed.

The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value for the collective trust funds and the stable value fund.

The T. Rowe Price Stable Value Common Trust Fund (the "Fund") is stated at fair value, which reflects the NAV of the fund. The NAV is based on the fair value of the underlying securities plus the contract value of the fully benefit-responsive wrapper contracts. The NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the Fund. The Fund represents a collective trust fund with underlying investments in Guaranteed Investment Contracts, Bank Investment Contracts, Synthetic Investment Contracts, and Separate Account Contracts. These investment contracts are designed to provide principal stability and a competitive yield.

Certain events can limit the Plan's ability to transact at contract value with the Fund, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value are probable of occurring.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE D - INFORMATION CERTIFIED BY TRUSTEE**

The Plan administrator has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan administrator determined that the certifications received from the Trustee meets the requirements of ERISA Section 103(a)(3)(C). The Trustee certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Investment income and interest income on notes receivable from participants, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024; and
- Schedule H, Line 4i - Schedule of Assets (held at end of year) as of December 31, 2024.

**NOTE E - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near

term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

**NOTE F - PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of a money market fund, registered investment companies and collective trusts managed by Fidelity. Fidelity is the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

**NOTE G - TAX STATUS**

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated July 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance, in all material respects, with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

**NOTE H - SUBSEQUENT EVENTS**

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements.

In December 2024, the Company amended the Plan to include both an after-tax employee contribution option and the option for an in-Plan Roth conversion of after-tax contributions, starting on January 1, 2025. The Company also amended the Plan to allow eligible student loan payments to count towards the employer matching contribution starting January 1, 2025.

Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require disclosure to the financial statements.
