Independent Auditor's Report

Plan Participants and the Retirement Plan Administrative Committee
TNC US Holdings, Inc.
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of The Nielsen Company 401(k) Savings Plan (Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE NIELSEN COMPANY 401(k) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023**

1. Plan Description

The following description of The Nielsen Company 401(k) Savings Plan (the “Plan”) provides only general information. A more complete description of the Plan, including eligibility requirements and vesting provisions, is contained in the Plan document.

General

The Plan is a retirement savings plan which covers all eligible salaried employees of TNC US Holdings, Inc. and its subsidiaries and affiliates that have been designated to participate in the Plan (collectively, the “Company” or “Nielsen”). The Plan provides deferred compensation benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was originally established on January 1, 1988 and has been amended and restated to conform the Plan’s provisions to those required by subsequent revisions to ERISA statutes and to the provisions of the plans for other Nielsen subsidiaries, which were merged into the Plan.

Fidelity Management Trust Company (the “Trustee”) manages several separate investment funds (the “Trust”) on behalf of the Plan. The Trustee has been granted custodial authority over the Trust. The Retirement Plan Administrative Committee is responsible for the administration of the Plan. Each participant’s account is invested in the investment funds in the proportion directed by the participant for both employer and employee contributions.

On March 27, 2020, the “Coronavirus Aid, Relief, and Economic Security (CARES) Act” was signed into law. The CARES Act includes several relief provisions available to the Plan and its participants. Plan management has evaluated the relief provisions available to plan participants under the CARES Act and has implemented the following provisions for the period from March 27, 2020 through December 31, 2020:

- Special coronavirus distributions up to \$100,000
- Special coronavirus loans up to \$100,000 or 100% of the participant’s vested account balance
- Extend the period for loan repayments, if applicable, up to one year.

In accordance with the CARES Act, the Plan will be amended to retroactively adopt these provisions no later than December 31, 2025.

Eligibility

As described in the Plan document, full-time salaried employees can participate in the Plan on the date of their employment. Part-time employees are eligible to participate upon completion of one year of service in which the employee earns at least 1,000 hours. A part-time employee who fails to earn 1,000 hours during the first 12 months of employment will become eligible to participate on January 1 following the first calendar year in which an employee works 1,000 hours.

Contributions

The Plan provides for contributions made by eligible employees and by the Company. The Plan allows for the following types of contributions:

- Compensation reduction (before tax and after tax)
- Catch-up contributions
- Rollover contributions
- Roth contributions (after tax)
- Employer matching contributions
- Employer discretionary contributions

- Employer profit sharing contributions
- Qualified employer profit sharing contributions

The compensation reduction contribution is a contribution of 1% to 50% of an employee’s eligible compensation, subject to certain IRS limitations made to a participant’s account through payroll withholdings as elected by the employee. Employee contributions may be further limited as a result of various tests, required under ERISA, including those related to highly compensated employees. The maximum dollar limit for the compensation reduction contribution was \$23,000 and \$22,500 for the years ended December 31, 2024 and 2023, respectively. Eligible employees are automatically enrolled in the Plan at a 6% pre-tax deferral percentage, unless the employee elects not to participate in the Plan.

Participants who are at least 50 years of age are eligible to make a catch-up contribution if the participant contributes at least 6% of eligible compensation and the statutory maximum before tax compensation reduction contribution. Catch-up contributions are limited by statute to \$7,500 for 2024 and 2023. Employees may also make rollover contributions of vested benefits from other defined contribution plans.

The employer matching contributions are equal to 50% of a participant’s before tax compensation reduction contribution, up to a maximum of 6% of the participant’s eligible compensation.

The employer profit sharing contribution is a discretionary contribution made by the Company and allocated to all employees regardless of whether the employee elected to make voluntary compensation reduction contributions to the Plan. These contributions are allocated to each employee’s account in the same proportion that each employee’s eligible compensation, as limited by the Internal Revenue Code (\$345,000 and \$330,000 for 2024 and 2023, respectively) bears to the total compensation of all employees who qualify. The Trustee opened eligible accounts for those qualifying employees who have elected not to make voluntary compensation reduction contributions to the Plan. An employee who is not a participant becomes partially or fully vested in his account in the same manner as in the vesting requirements described in Note 1. The Company did not make any employer profit sharing contribution in 2024 or 2023.

The qualified employer profit sharing contribution is a discretionary contribution made by the Company and allocated to all non-highly compensated employees regardless of whether or not the non-highly compensated employee elected to make voluntary compensation reduction contributions to the Plan. These contributions are allocated to each non-highly compensated employee’s account in the same proportion that each non-highly compensated employee’s eligible compensation bears to the total eligible compensation of all non-highly compensated employees who qualify. The Trustee opened accounts for those non-highly compensated employees who have elected not to make voluntary compensation reduction contributions to the Plan. A non-highly compensated employee who is not a participant becomes fully vested in his account in the same manner as in the vesting requirements documented in Note 1. No qualified employer profit sharing contribution was made in 2024 or 2023.

Participant Accounts

Each participant’s account is credited with the participant’s compensation reduction contribution, catch-up contribution, Roth contribution, rollover contribution, employer matching contribution, employer discretionary contribution, an allocation of both employer profit sharing contribution and qualified employer profit sharing contribution, and Plan earnings, as defined in the Plan. The benefit to which a participant is entitled is attributable to his or her vested balance.

Vesting

A participant is entitled to a 100% non-forfeitable interest in the value of his account attributable to compensation reduction contributions, catch-up contributions, rollovers, and qualified employer profit sharing contributions at all times, along with Plan earnings thereon.

A participant becomes fully vested in his account attributable to employer matching contributions, employer discretionary contributions, and employer profit sharing contributions, as follows:

Years of Service	Vesting Percentages
1	100%
2	100%

Retirement

The normal retirement date is defined as the anniversary date nearest to the date the participant attains age 65. Early retirement is available at age 55. If a participant retires prior to the normal retirement date and has a vested account balance of greater than \$5,000, the participant must submit a request in writing in order to receive a distribution prior to the normal retirement age.

Distribution of Benefits

Upon separation from service, a participant can request a withdrawal of the vested portion of the amount credited to his or her account. In the case of death or disability while employed, the participant is deemed to be 100% vested. If the participant is married, his or her spouse will automatically become the beneficiary, unless otherwise indicated by the participant. If the participant is single, his or her estate will automatically become the beneficiary, unless otherwise indicated by the participant. A lump sum distribution is the sole distribution option available under the Plan, except for certain grandfathered plan provisions from former plans related to Company acquisitions.

A participant who terminates employment with a vested balance greater than \$5,000 may elect to receive a deferred lump sum distribution. As required by statute, no election may be made by a participant to postpone distribution beyond April 1st of the year following the year a participant reaches age 70-1/2.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act was signed into law. Beginning in 2020, the participants must reach age of 72 before making elections to receive deferred lump sum distributions.

If a participant terminates employment with a vested balance greater than \$1,000 but less than \$5,000, the participant may elect to receive a lump sum distribution or roll the distribution to a qualifying retirement account. However, if the participant fails to make an affirmative election, the participant’s vested balance will automatically roll over to an individual retirement account.

If a participant terminates employment with a vested balance of \$1,000 or less, an automatic lump sum distribution will be made without the participant’s consent. However, the participant may elect to roll over the distribution to another qualifying retirement account.

Withdrawals

A withdrawal cannot be made from the pre-tax compensation reduction contribution account, the catch-up contribution account, the employer matching contribution account, the employer discretionary contribution account, the employer profit sharing contribution account, or the qualified employer profit sharing contribution account by a participant or beneficiary prior to separation from service, death, disability, attainment of age 59-1/2, termination of the plan without establishment of a successor plan or due to financial hardship. No withdrawal can be in excess of the employee and vested employer contributions in these accounts. Hardship withdrawals are subject to the approval of the Company. Partial or total withdrawals from employee rollover and after tax contribution accounts can be made at any time.

Forfeitures

Forfeitures apply to employer matching contribution accounts, employer discretionary contribution accounts, employer profit sharing contribution accounts and qualified employer profit sharing contributions accounts. All forfeitures can be utilized to reduce the employer matching, discretionary and profit sharing contribution, to defray the expenses of the Plan, or to make Plan corrections. Total forfeitures of \$8,977 and \$87,572 were used to reduce employer matching contributions and pay for fees for 2024 and 2023, respectively. At December 31, 2024 and 2023, the Plan’s forfeiture account balance was \$936,462 and \$711,090 respectively, which amounts were included in the statements of net assets available for benefits.

Rollovers

A participant may rollover all or part of his or her interest in another qualified 401(k) subject to the approval of the Trustee as the Plan’s representative. The participant will be 100% vested in this account and the rollover account will not be subject to forfeiture for any reason.

Notes Receivable from Participants

A participant may request a loan of up to 50% of his or her vested account balance, not to exceed \$50,000. The note receivable shall bear interest at one percent (1%) over the prime rate as calculated by Reuters on the last business day of the month immediately preceding the date the loan is granted. The interest rate at the inception of the loan shall remain in effect for the duration of the loan. Interest on participant loans ranged from 3.25% to 9.5% at December 31, 2024 and 2023.

Loans are repayable over a period not to exceed 60 months, except for mortgage loans for a primary residence, which may be for a period not to exceed the lesser of the remaining years to retirement or 30 years. Loans are collateralized by the participant’s vested account balance. Repayments of principal and interest are made through periodic payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments in which the fair value is measured at net asset value per share using the practical expedient are not included in the investment in fair value hierarchy.

Risks and Uncertainties

The Plan's investments are concentrated in funds that invest in marketable securities. Such securities are subject to various risks that determine the value of the fund. Due to the level of risk associated with certain equity securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees and Expenses

Certain administrative fees and expenses are paid for by the Company. Participants are charged a quarterly fee of \$10 for administration of the Plan.

3. Information Certified by the Plan's Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule(s) is complete and accurate:

Information relating to investments and notes receivable from participants held by the custodian at December 31, is as follows:

	2024	2023
Investments at fair value	\$ 1,516,483,968	\$ 1,447,021,406
Notes receivable from participants	12,169,338	13,075,697
	<u>\$ 1,528,653,306</u>	<u>\$ 1,460,097,103</u>

The following was also certified by the custodian for the years ended December 31, 2024 and 2023 and are presented below accordingly:

	2024	2023
Total net appreciation in fair value of investments	\$ 210,360,391	\$ 233,969,513
Interest income on notes receivable from participants	930,873	716,450
Interest and dividend income	7,947,419	8,863,540
	\$ 219,238,683	\$ 243,549,503

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Common/Collective Trusts

During 2024 and 2023, common/collective trusts, which invest in fully benefit-responsive contracts, include Fidelity's Managed Income Portfolio II Fund that invests in fixed-income securities or bond funds and enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investments at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. These events include premature termination of the contracts by the Plan, layoffs, plan termination, bankruptcy, mergers and early retirement incentives. The Plan administrator does not believe that the occurrence of any of these events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

5. Fair Value Measurements

The Plan complies with the accounting standard which defines fair value, prescribes methods for measuring fair value, establishes a fair value hierarchy based on the input levels to measure fair value and expands financial statement disclosures. The three input levels of the fair value hierarchy are described as follows:

- Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets
- Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; model derived valuations whose inputs are observable.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Cash, from money market accounts: Valued at cost which approximates fair value.
- Registered investment companies: Valued at quoted prices in active markets based on net asset value of shares determined by the underlying securities held by the Plan at 2024 and 2023 year-end.
- Common/collective trusts: Valued at net asset value of the shares determined by the underlying securities held by the Plan at 2024 and 2023 year-end, respectively. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Assets of the Plan at fair value measured on a recurring basis as of December 31, 2024 are as follows:

	Level 1	Level 2	Total
Cash, interest bearing	\$ 41,279,312	\$ —	\$ 41,279,312
Registered investment companies			
Fixed income	21,615,742	—	21,615,742

Assets of the Plan at fair value measured on a recurring basis as of December 31, 2023 are as follows:

	Level 1	Level 2	Total
Cash, interest bearing	\$ 40,356,761	\$ —	\$ 40,356,761

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following summarizes the Plan's investments measured at fair value based on net asset value per share, as a practical expedient to fair value as of December 31, 2024:

December 31, 2024	Fair Value	Unfunded commitment	Redemption Frequency	Redemption Notice Period
Fidelity Managed Income Portfolio II	\$ 56,003,638	n/a	Daily	None for participants; 12 months for plan sponsor

The following summarizes the Plan's investments measured at fair value based on net asset value per share, as a practical expedient to fair value as of December 31, 2023:

December 31, 2023	Fair Value	Unfunded commitment	Redemption Frequency	Redemption Notice Period
Fidelity Managed Income Portfolio II	\$ 61,576,379	n/a	Daily	None for participants; 12 months for plan sponsor
Spartan 500 Index Pool Class D	\$ 464,474,107	n/a	Daily	None
Vanguard Target Retirement Funds	\$ 572,875,321	n/a	Daily	None
FIAM Core Plus Commingled Pool	\$ 31,005,447	n/a	Daily	None for participants; 15 business day notice for plan sponsor

6. Tax Status

The Plan obtained its latest determination letter dated January 5, 2017, in which the Internal Revenue Service (the “IRS”) stated that the Plan, as then designed through December 11, 2015, was in compliance with the applicable requirements of the Internal Revenue Code. Certain amendments were made from 2015 through 2021; however, the plan administrator believes that the plan sponsor has operated the Plan in a manner that does not jeopardize its tax status. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan’s management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain position taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan’s management believes they are no longer subject to income tax examinations for years prior to 2018.

7. Related Party Transactions

Certain Plan investments are managed by the Plan Trustee and, therefore, these transactions qualify as party-in-interest transactions. Net trustee fees incurred by the Plan were \$344,144 and \$423,492 for the plan years ended December 31, 2024 and December 31, 2023, respectively.

8. Plan Termination

The Company reserves the right to alter, amend or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts. Presently, there is no intention on the part of the Company to terminate the Plan.

9. Subsequent Events

The Company has evaluated subsequent events through October 14, 2025, the date the financial statements were available for issuance.
