INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee and participants of the
Burgess Information Systems Inc. Employees Savings Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Burgess Information Systems Inc. Employees Savings Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2024 and 2023

1. Description of Plan

The following description of the Burgess Information Systems Inc. Employees Savings Trust (the Plan) provides only general information. Participants should refer to the Plan document, copies of which are available from the plan administrator, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, safe harbor plan covering eligible employees of Burgess Information Systems, Inc. and participating commonly-owned employers: ProCare Pharmacy Benefit Manager Inc., ProCare Pharmacy Care LLC., ProCare HospiceCare Inc., and Employee Health Insurance Management, Inc. (collectively, the Company or Sponsor) except certain nonresident aliens and leased employees as defined by the Plan document. Employees who have a minimum of 1,000 hours of service per year, have one or more years of service with the Company, and who are 21 years old or older are eligible to enter the Plan. Employees are allowed to enter the Plan on the first day of the quarter coinciding with or next quarter following the date eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to make pre-tax and/or Roth contributions of up to 100% of eligible compensation as defined by the Plan document, not to exceed a maximum \$23,000 (\$30,500 for participants over age 50 by the end of the Plan year) in 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Sponsor makes safe harbor matching contributions of 100% of the participant's deferral up to the first 3% of eligible compensation plus 50% of the next 2%, not to exceed 5% of eligible compensation. The Sponsor also may make discretionary contributions to the Plan as determined by Plan management. The Sponsor did not make a discretionary contribution in 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, the Sponsor's contributions and earnings on the investments in their account. Each participant's account is charged with withdrawals, losses on the investments in their account, participant transaction fees related to loans and distributions requested by the participant, and an allocation of administrative expenses. Allocations are based on the value of account balances. Participants direct the investment of their accounts into various investment options offered in the Plan.

Burgess Information Systems Inc. Employees Savings Trust

Notes to Financial Statements December 31, 2024 and 2023

Participants may change their investment options on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Sponsor's safe harbor matching contributions, plus actual earnings thereon. Participants are fully vested in the Sponsor's discretionary contributions after three years of service.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$0 and \$2,027, respectively. Forfeited non-vested accounts can be used to reduce future Sponsor contributions or to pay Plan expenses. The Plan used \$24,748 of forfeitures to reduce Sponsor contributions in 2024.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of the vested balance of their account. Participants may only have one outstanding note at a time. The notes are secured by the balance in the participant's account and must bear interest at a reasonable rate, as defined in the Plan document. During 2024, the interest rates on the outstanding participant notes were 4.25% to 10.50% for the term of the note, not to exceed 5 years unless used for the purchase of a primary residence. Principal and interest are paid through payroll deductions. Notes receivable from participants also qualify as party-in-interest transactions.

Payment of Benefits

At the time of death, total disability, retirement, or termination of service, the participant or their beneficiary may receive payment of the vested balance in their account in a lump sum, partial lump sum, or installment payments. If a participant terminates employment and has an account balance less than \$7,000, the participant will automatically receive a lump sum payment equal to the value of the vested account balance. The participant's vested account may also be withdrawn for in-service distributions or for certain hardship situations.

Administrative Expenses

The Plan document permits certain administrative expenses to be paid by the Plan. All other expenses are paid by the Sponsor. The Sponsor does not expect reimbursement from the Plan for administrative expenses paid on behalf of the Plan. Administrative fees paid by participants include loan initiation fees and distribution fees. Additionally, participants are charged a fee

Burgess Information Systems Inc. Employees Savings Trust

Notes to Financial Statements December 31, 2024 and 2023

based on the balance in their accounts for investment management and administrative services. This fee is netted with investment returns in each participant's account. These expenses are paid to a service provider of the Plan and therefore qualify as party-in-interest transactions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates, and such differences may be material to the financial statements.

Contributions

Participant contributions are considered payable to the Plan upon the withholding of contributions from the participant's paycheck. The employer's safe harbor matching contributions are considered payable to the Plan when the related participant's contributions are payable to the Plan. The employer discretionary contributions, if any, are payable to the Plan after approval by Plan management.

Valuation of Investments and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net change in fair value of investments includes interest, dividends, and realized and unrealized gains and losses. Fees incurred by the Plan for the investment management services are included in net change in fair value of investments, as they are paid through revenue sharing rather than a direct payment. Interest income is recorded when received.

Notes to Financial Statements December 31, 2024 and 2023

Notes Receivable from Participants

Notes receivable from participants are carried at their outstanding balance. Interest income is recognized when received. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 8, 2025, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2024 and 2023, and the net change in fair value of investments and interest income for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company (Matrix Trust), the Plan's qualified institution.

4. Investments

The Plan's investments are susceptible to various market risks. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements December 31, 2024 and 2023

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other observable data, including quoted prices for identical assets in inactive markets

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan's own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Investments in mutual funds and the money market fund are stated at quoted market prices for the identical security in an active market (Level 1).

The common/collective trust fund is valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Notes to Financial Statements December 31, 2024 and 2023

The following table summarizes the Plan's investments based on the inputs used to determine their values as of December 31, 2024 and 2023:

	Level 1	
	2024	2023
Mutual funds	\$ 24,273,623	\$ 21,924,946
Money market fund	-	11,857
Total assets in fair value hierarchy	24,273,623	21,936,803
Investment measured at net asset value (a)	209,904	380,402
Total investments, at fair value	\$ 24,483,527	\$ 22,317,205

(a) In accordance with Subtopic 820-10, the common/collective trust investment that was measured at net asset value per share (or its equivalent) has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV: The Plan invests in the Putnam Stable Value PSVF 25, which is a common/collective trust fund. A common/collective trust fund invests in stable value investment vehicles such as guaranteed investment contracts, bank investment contracts, and synthetic guaranteed investment contracts issued by highly rated financial institutions and corporations as well as obligations of the U.S. Government or its agencies. Participant assets may be deposited to or withdrawn from the common/collective trust fund at the stated unit value as of the close of business on any business day, and there are no unfunded commitments.

5. Income Tax Status

The Plan operates under a volume submitter plan created by CMFG Life Insurance Company (CMFG). The Internal Revenue Service has determined and informed by a letter dated June 30, 2020 that the volume submitter plan is designed in accordance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has not received an individual determination letter and has been amended since receiving the CMFG letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. The plan's income tax returns for the past three years are subject to examination by taxing authorities and could change upon examination.

Notes to Financial Statements December 31, 2024 and 2023

The plan administrator has not completed the discrimination testing for the year ended December 31, 2024. Upon completion of this testing, the Plan may have to take corrective action by refunding excess contributions and earnings thereon to participants. The Plan has completed the discrimination testing for the year ended December 31, 2023 and was in compliance.

6. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, all participants would become fully vested in the Sponsor's discretionary contributions.
