INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of Erlanger Health System Not for Profit 403(b) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Erlanger Health System Not for Profit 403(b) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Erlanger Health System Not for Profit 403(b) Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Erlanger Health System Not for Profit 403(b) Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Erlanger Health System Not for Profit 403(b) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Erlanger Health System Not for Profit 403(b) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Erlanger Health System Not for Profit 403(b) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(B) RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2024

(1) DESCRIPTION OF PLAN

The following description of the Erlanger Health System Not for Profit 403(b) Retirement Savings Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Plan Sponsor who have completed one year of service with at least 1,000 hours to be eligible to receive employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make pre-tax contributions up to the annual statutory limits. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants who are age 50 or older by the end of the calendar year, may make catch up contributions. Catch up contributions cannot exceed the catch up limit in effect for the year. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan Sponsor makes discretionary matching contributions subject to change annually. The Plan Sponsor made matching contributions equal to 50% of the first 4% of base compensation that a participant contributed to the Plan for the year ended December 31, 2024. The Plan Sponsor also made a discretionary 3% contribution to eligible participants for the year ended December 31, 2024.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. Participants do not vest for the first three years of service and are 100% vested after three years.

Payment of benefits

On termination of service due to death, retirement, or other reasons, a participant may elect to receive his or her vested account under one or more of the optional forms available under the Plan. The amount of payments will depend on the amount of the vested account, the participant's age, the age of the participant's survivor, and the optional form chosen. Options available include payments of the benefits over time, annuities, ad-hoc, or a single lump sum.

Forfeitures

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$64,171 and \$55,313 respectively. Forfeitures are to be used to reduce employer contributions or pay plan expenses as defined by the plan document in conjunction with the adoption agreement. For the year ended December 31, 2024, \$7,471 of forfeitures were created. The account had earnings of \$1,718 for the year. Employer contributions of \$217 were paid from forfeitures during the year.

(1) DESCRIPTION OF PLAN (continued)

Administrative expenses

Personnel of the Plan Sponsor perform various administrative services for the Plan, including maintenance of participant records. The payroll and related overhead costs associated with these services are not included as Plan expenses. Other than fees reported as administrative expenses in the statement of changes in net assets available for benefits, all other significant administrative expenses of the Plan are paid by the Plan Sponsor.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accounts of the plan are maintained, and the accompanying financial statements have been prepared, on the accrual basis.

Use of estimates

Management makes estimates and assumptions in the preparation of the financial statements that affect certain report amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchase and sales are recorded on a trade-date basis. Interest income is recorded when received. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

(3) CERTIFIED INVESTMENTS AND INVESTMENT INCOME

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company has certified that the following information, as well as the investment information in the notes to the financial statements and information included in the Schedule of Assets (Held at End of Year) as of the years ended December 31, 2024 and 2023 are complete and accurate.

	2024	2023
Investments at fair value	\$20,960,638	\$17,895,873
Investments at contract value	\$ 3,784,194	\$ 3,382,125

Empower Trust Company has also certified that the following information for the year ended December 31, 2024 is complete and accurate.

Net appreciation of investments	\$ 1,249,976
Interest and dividend income from investments	\$ 1,603,797

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements – Mutual Funds - Share Prices/Net Asset Values (NAVs) reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation (IDC). An attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the fund house directly to ensure the correct share price is recorded. Variance reports are also reviewed showing percentage of share price changes from the prior day. The internal pricing analyst and management will review the overall movement of market indices and will apply judgment in determining whether any further research with fund houses will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices/NAVs are closed and loaded to the recordkeeping system.

(4) FAIR VALUE MEASUREMENTS (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Guaranteed Income Fund is a fully benefit-responsive investment contract. This investment is reported at contract value, which is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Fully benefit-responsive investment contracts should not be included in the ASC 820 fair value hierarchy tables. The Guaranteed Income Fund is presented at the bottom of the table as a reconciling item to total investments on the statements of net assets available for benefits.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2024 and 2023:

<u>December 31, 2024</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 20,960,638	\$ _____	\$ _____	\$ 20,960,638
Guaranteed income fund				<u>3,784,194</u>
Total investments				<u>\$ 24,744,832</u>
<u>December 31, 2023</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 17,895,873	\$ _____	\$ _____	\$ 17,895,873
Guaranteed income fund				<u>3,382,125</u>
Total investments				<u>\$ 21,277,998</u>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no transfers between levels.

(5) INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit-responsive investment contract with Empower. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Empower. As described in Note 2, because the investment is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value; however, the investment

(5) INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

contract is subject to certain restrictions which may impact the Plan's ability to fully realize the investment contract's value under certain conditions. Interest crediting rates are reviewed on a semi-annual basis for resetting. Certain events limit the ability of the investment contract to transact at contract value with the issuer of its investment contracts. Specifically, any event outside the normal operation of the investment contract which causes a withdrawal from an investment may result in a negative market value adjustment with respect to such withdrawals. Such events include, but are not limited to, the following: (1) partial or complete legal termination of the investment contract, (2) tax disqualification of the investment contract or participant, or (3) certain investment contract amendments if issuers' consent is not obtained.

(6) INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Hospital by a letter dated September 16, 2022, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2021.

(7) PARTY IN INTEREST TRANSACTIONS

All plan investments are currently managed by Empower, the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees of \$15,151 were paid to the custodian by the Plan during the year ended December 31, 2024.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(8) RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

(9) SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 1, 2025, the date which these financial statements were available for issue.
