Independent Auditor's Report

Plan Administrator
Eagle Family Foods Group LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Eagle Family Foods Group LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Eagle Family Foods Group LLC (401k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Eagle Family Foods Group LLC 401(k) Plan (The Plan) provides only general information with respect to the Plan. Participants should refer to the Plan adoption agreement for a complete description of the Plan's provisions.

General: The Plan was established effective January 1, 2016 (inception of the Plan). The Plan is a defined contribution plan covering substantially all employees of Eagle Family Foods Group LLC (the Company) on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may defer up to 50% of their pretax annual compensation as defined in the Plan, subject to Internal Revenue Service (IRS) limitations for the applicable year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to make Roth deferral contributions. The Plan allows participants to contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company makes a safe harbor matching contribution equal to 100% of participants' salary deferrals that do not exceed 5% of the participants' compensation. Participants are immediately vested in the safe harbor matching contribution. The Company may elect to make discretionary profit-sharing contributions in excess of the safe harbor matching contribution subject to certain limitations and eligibility requirements. The Company did not elect to make any profit-sharing contributions in 2024 or 2023. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's contributions on their accounts, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and their safe harbor matches plus actual earnings thereon.

Payment of benefits: On termination of service due to death, disability, normal retirement or termination of employment for reasons other than death, disability or retirement; a participant may elect to receive the value of the vested interest in his or her account in the form of a single lump-sum payment in cash or in the event the Company issues publicly traded stock, participants may receive Company stock in lieu of cash. If the participant's vested account balance is between \$1,000 and \$5,000, the Plan Administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan Administrator may direct the trustee to make a lump-sum distribution.

In-service withdrawals are permitted from vested balances upon attaining age 59½.

Note 2. Summary of Significant Accounting Policies

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over prime that is fixed for the duration of the loan except as otherwise required by law. The Plan allows participants to have only one loan outstanding at a time against their vested account balance in the Plan. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to construct or purchase a primary residence, in which case the repayment term may be extended by the Plan Administrator. The interest rate on outstanding loans at December 31, 2024 and 2023 ranged from 4.25% to 9.50%.

Forfeitures: Forfeitures arising from the result of failed non-discrimination tests may be used to reduce employer contributions and expenses to the Plan. During the year-ended December 31, 2024, the Plan used \$24,565 of forfeitures as a reduction of employer match contributions. At December 31, 2024 and 2023, forfeited and non-vested accounts totaled \$2,476 and \$25,386, respectively.

Basis of accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Plan administration and expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to distributions and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of investments.

Use of estimates: The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent of events: The Plan Administrator and management have evaluated events and transactions that occurred between December 31, 2024 and October 15, 2025, which is the date that the financial statements were available to be issued. There were no subsequent events to be reported.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investments companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Registered investments companies held by the Plan are deemed to be actively traded.

Shares of common stock: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trust: Valued at NAV estimated by the issuer, which has been determined by the market value of its underlying investments. This asset class is generally comprised of a combination of fixed income and equity investment options. These investment options may include balanced, asset allocation, target-date and target-risk investment options.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV: The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

Note 4. Information Certified and Provided by Trustee

The following is a summary of the plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Trustee), a qualified institution:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Mutual funds	\$ 24,267,582	\$ 303,253
Common stock	363,869	491,615
Common/collective trust	966,610	968,318
Interest bearing cash	4,946	19,448,713
	<u>\$ 25,603,007</u>	<u>\$ 21,211,899</u>
Notes receivable from participants	<u>\$ 938,676</u>	<u>\$ 754,705</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2024:

Interest and dividend income	<u>\$ 732,608</u>
Net appreciation of investments	<u>\$ 2,284,471</u>
Interest income on notes receivable from participants	<u>\$ 39,292</u>

Note 5. Income Tax Status

The plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the IRC and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Party-In-Interest Transactions

Certain of the Plan investments are managed by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity and other parties-in-interest were approximately \$44,000 for the year ended December 31, 2024.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited (Non-Exempt) Transactions

During the year ended December 31, 2020, the Company inadvertently failed to separate and remit in a timely manner, certain participant contributions from its assets within the required time period as specified by the DOL Reg 2510.3012. Failure to separate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The total participant contributions reported as late in the 2024 financial statements related to the 2020 plan year reflects an adjustment from what was reported in the 2023 financial statements to accurately reflect the late contributions for 2020. The lost earnings related to these contributions will be remitted in 2025.

Independent Auditor's Report

Plan Administrator
Eagle Family Foods Group LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Eagle Family Foods Group LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2024 and delinquent participant contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Eagle Family Foods Group LLC (401k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of Eagle Family Foods Group LLC 401(k) Plan (The Plan) provides only general information with respect to the Plan. Participants should refer to the Plan adoption agreement for a complete description of the Plan's provisions.

General: The Plan was established effective January 1, 2016 (inception of the Plan). The Plan is a defined contribution plan covering substantially all employees of Eagle Family Foods Group LLC (the Company) on the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: Participants may defer up to 50% of their pretax annual compensation as defined in the Plan, subject to Internal Revenue Service (IRS) limitations for the applicable year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also elect to make Roth deferral contributions. The Plan allows participants to contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company makes a safe harbor matching contribution equal to 100% of participants' salary deferrals that do not exceed 5% of the participants' compensation. Participants are immediately vested in the safe harbor matching contribution. The Company may elect to make discretionary profit-sharing contributions in excess of the safe harbor matching contribution subject to certain limitations and eligibility requirements. The Company did not elect to make any profit-sharing contributions in 2024 or 2023. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's contributions on their accounts, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and their safe harbor matches plus actual earnings thereon.

Payment of benefits: On termination of service due to death, disability, normal retirement or termination of employment for reasons other than death, disability or retirement; a participant may elect to receive the value of the vested interest in his or her account in the form of a single lump-sum payment in cash or in the event the Company issues publicly traded stock, participants may receive Company stock in lieu of cash. If the participant's vested account balance is between \$1,000 and \$5,000, the Plan Administrator may make an automatic rollover of the account balance to a qualified individual retirement account. If the participant's account balance is less than \$1,000, the Plan Administrator may direct the trustee to make a lump-sum distribution.

In-service withdrawals are permitted from vested balances upon attaining age 59½.

Note 2. Summary of Significant Accounting Policies

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at 1% over prime that is fixed for the duration of the loan except as otherwise required by law. The Plan allows participants to have only one loan outstanding at a time against their vested account balance in the Plan. Principal and interest are paid ratably through payroll deductions over a period not to exceed five years, unless the loan was used to construct or purchase a primary residence, in which case the repayment term may be extended by the Plan Administrator. The interest rate on outstanding loans at December 31, 2024 and 2023 ranged from 4.25% to 9.50%.

Forfeitures: Forfeitures arising from the result of failed non-discrimination tests may be used to reduce employer contributions and expenses to the Plan. During the year-ended December 31, 2024, the Plan used \$24,565 of forfeitures as a reduction of employer match contributions. At December 31, 2024 and 2023, forfeited and non-vested accounts totaled \$2,476 and \$25,386, respectively.

Basis of accounting: The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Plan administration and expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to distributions and to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of investments.

Use of estimates: The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent of events: The Plan Administrator and management have evaluated events and transactions that occurred between December 31, 2024 and October 15, 2025, which is the date that the financial statements were available to be issued. There were no subsequent events to be reported.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Registered investments companies held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Registered investments companies held by the Plan are deemed to be actively traded.

Shares of common stock: Valued at the daily closing price reported on the active market on which the individual securities are traded.

Common collective trust: Valued at NAV estimated by the issuer, which has been determined by the market value of its underlying investments. This asset class is generally comprised of a combination of fixed income and equity investment options. These investment options may include balanced, asset allocation, target-date and target-risk investment options.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 24,267,582	\$ -	\$ -	\$ 24,267,582
Common stock	363,869	-	-	363,869

Investments measured at NAV(a)				968,318
				<u>\$ 21,211,899</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair value of investments in entities that use NAV: The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

Note 4. Information Certified and Provided by Trustee

The following is a summary of the plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (Trustee), a qualified institution:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Mutual funds	\$ 24,267,582	\$ 303,253
Common stock	363,869	491,615
Common/collective trust	966,610	968,318
Interest bearing cash	4,946	19,448,713
	<u>\$ 25,603,007</u>	<u>\$ 21,211,899</u>
Notes receivable from participants	<u>\$ 938,676</u>	<u>\$ 754,705</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2024:

Interest and dividend income	<u>\$ 732,608</u>
Net appreciation of investments	<u>\$ 2,284,471</u>
Interest income on notes receivable from participants	<u>\$ 39,292</u>

Note 5. Income Tax Status

The plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed and is being operated in compliance with the IRC and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Notes to Financial Statements

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Party-In-Interest Transactions

Certain of the Plan investments are managed by Fidelity; therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity and other parties-in-interest were approximately \$44,000 for the year ended December 31, 2024.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Prohibited (Non-Exempt) Transactions

During the year ended December 31, 2020, the Company inadvertently failed to separate and remit in a timely manner, certain participant contributions from its assets within the required time period as specified by the DOL Reg 2510.3012. Failure to separate and remit contributions within the specified time period is a prohibited transaction according to the provisions of ERISA and the IRC. The total participant contributions reported as late in the 2024 financial statements related to the 2020 plan year reflects an adjustment from what was reported in the 2023 financial statements to accurately reflect the late contributions for 2020. The lost earnings related to these contributions will be remitted in 2025.
