Bank of Marin 401(k) Plan

Financial Statements

December 31, 2024

Independent Auditors' Report

The Plan Administrator of Bank of Marin 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bank of Marin 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (a qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**The Plan Administrator of
Bank of Marin 401(k) Plan**

Page 3

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of (1) Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and (2) Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**The Plan Administrator of
Bank of Marin 401(k) Plan**

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Bank of Marin 401(k) Plan

Notes to Financial Statements
December 31, 2024

1. Description of Plan

The following description of the Bank of Marin 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Bank of Marin (the “Employer”). Employees are eligible to participate in the Plan after three months of service and upon attainment of 18 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute to the Plan a portion of pre-tax or after-tax (Roth) basis from their annual compensation subject to a maximum annual limit as defined by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Transfers from qualified plans (rollover contributions) are also permitted. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer may make a discretionary matching contribution equal to a percentage of a participant’s contribution and is capped at a total of \$5,000.

Vesting

Participants are immediately 100% vested in their contributions plus allocated earnings thereon. The vesting percentage for the Employer discretionary matching contribution is based on years of service in accordance with the following schedule:

Year of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of: (a) Employer contributions and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan Document. All investments are participant directed.

1. Description of Plan (continued)

Payment of Benefits

Upon termination of service due to death, attainment of age 59 ½, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the Participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered hardship withdrawals, cannot exceed the amount required to relieve the financial aid.

Forfeitures

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$7,015 and \$350. These accounts will be used to pay Plan expenses or reduce future Employer contributions. During 2024, \$82,508 of forfeitures were used to reduce Employer contributions and \$22 were used to reduce Plan expenses.

Plan Expense Account

The Plan and Empower Trust Company, LLC entered into a service based pricing arrangement whereby a portion of the revenue earned by certain Plan investments is passed through to the Plan for payment of permitted Plan expenses. The Plan Expense Account is a nonparticipant directed account within the Plan. The Plan Expense Account balance was \$0 at December 31, 2024 and 2023. During 2024, \$13,834 was used from the Plan Expense Account to reduce Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value ("NAV") per share as a practical expedient are not categorized within the fair value hierarchy.

Bank of Marin 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (*continued*)

Investment Valuation and Income Recognition

All of the Plan's investments are stated at fair value. The common stock is valued at the daily closing price reported on the active market on which the individual securities are traded. The common/collective trusts are valued at the NAV of units held by the Plan. The NAV, as provided by the trustees of the trusts, is used as a practical expedient to estimate fair value. The NAVs are based on the fair value of the underlying investments held by the trusts less their liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Employer and are excluded from these financial statements. Fees related to record-keeping services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the NAV of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation in fair value of investments.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is September 12, 2025.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year), including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, a qualified institution.

4. Investments

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2024		
	Level 1	Other Investments Measured at NAV*	Total
Common/collective trusts	\$ -	\$ 46,784,057	\$ 46,784,057
Common stock	<u>71,570</u>	<u>-</u>	<u>71,570</u>
	<u>\$ 71,570</u>	<u>\$ 46,784,057</u>	<u>\$ 46,855,627</u>

	Level 1	Other Investments Measured at NAV*	Total
Common/collective trusts	\$ -	\$ 45,798,609	\$ 45,798,609
Common stock	<u>62,978</u>	<u>-</u>	<u>62,978</u>
	<u>\$ 62,978</u>	<u>\$ 45,798,609</u>	<u>\$ 45,861,587</u>

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

Common/Collective Trusts

The Reliance Trust Company Stable Value Fund (the "Fund") is a collective investment trust that was formed for the purpose of allowing plan sponsors of defined contribution plans qualified under Sections 401(a) of the Internal Revenue Code to invest in the MetLife Group Annuity Contract 25053 and MetLife Group Annuity Contract 37000. Both contracts were issued by Metropolitan Life Insurance Company to Reliance Trust Company, who is the trustee of the Fund. Units of the Fund are valued daily. Unit purchases and redemptions are transacted at the NAV determined as of the close of business each day. The NAV per unit is computed by dividing the total assets of the Fund, less its liabilities, by the total number of units outstanding at the time of such computation. Investment income earned is reinvested in the Fund and included in the determination of unit values. The Fund has no unfunded commitments as of December 31, 2024 and 2023.

Bank of Marin 401(k) Plan

Notes to Financial Statements

4. Investments (continued)

Common/Collective Trusts (continued)

The Plan invests in other common/collective trusts (the "Trusts") with State Street Global Advisors Trust Company, the trustee of the Trusts. The NAV for each of these Trusts is determined each business day. Issuances and redemptions of units may be made on such days, based upon the NAV per unit as of the Trusts valuation date last proceeding the date on which such order to contribute or redeem assets is received. The Trusts have no unfunded commitments as of December 31, 2024 and 2023.

5. Income Tax Status

The Internal Revenue Service ("IRS") issued a determination letter, dated September 7, 2022, which states that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

6. Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

7. Party-In-Interest Transactions

The common stock is held by Bank of Marin, who is the Plan Sponsor of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

8. Prohibited Transactions

For the 2023 plan year, the Employer failed to remit to the Plan certain participants' contributions totaling \$87,947 within the period prescribed by Department of Labor regulations. The delay in the remittance of these contributions to the Plan was due to the blackout window as a result of the change in Plan vendors. In August of 2025, the Employer has made the necessary corrections to satisfy both the Department of Labor and IRS guidance.

Bank of Marin 401(k) Plan

Notes to Financial Statements

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2024 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.
