Independent Auditors' Report

To the Board of Directors of Public Health Solutions as Plan Administrator of
Public Health Solutions 403(b) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Public Health Solutions 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

403(b) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023**

NOTE 1—DESCRIPTION OF PLAN

The following brief description of the Public Health Solutions 403(b) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Readers should refer to the Plan agreement for a more complete description of the Plan's provisions.

- A. General** — The Plan was created effective January 1, 2007 as a defined contribution plan to receive both employer contributions and employee salary deferrals. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments. Public Health Solutions froze its defined benefit pension plan effective December 31, 2006, leaving the Plan as the sole vehicle for all nonunion employer and employee retirement contributions.
- B. Eligibility** — All Public Health Solutions' employees at least 18 years of age are automatically enrolled upon hire to contribute at 4%, unless employees opt-out of the Plan.
- C. Contributions** — Public Health Solutions may, in its sole discretion, make basic and transition contributions at a percentage rate for eligible employees regardless of whether the employee contributes to the Plan. Basic contributions are based on the participant's years of service and pay. Transition contributions are for employees hired prior to December 31, 2006 with at least five years of service on that date and are based on the participant's years of service and pay. Employer match and employer and mandatory employee contributions occurs after one month of service.

Participants may contribute to the Plan via pre-tax elective salary deferrals up to the Internal Revenue Code (the "Code") limits. Public Health Solutions may match employee contributions at a percentage rate of its choosing, based on the participant's pay and the amount of their elective deferral. Public Health Solutions may also make additional, discretionary contributions for participants who have worked 1,000 or more hours in the Plan year and were an active participant on December 31. Any additional discretionary contributions are proportionate to the participant's annual pay and/or elective deferral rates.

Participants are permitted, with the consent of the Plan administrator, to make rollover contributions to the Plan at any time. Rollover contributions are assets transferred to the Plan from other Public Health Solutions' qualified savings plans, or other plans in which the employee participated prior to their employment with Public Health Solutions.

Upon enrollment in the Plan, participants are permitted to direct contributions into any of the various investment options offered. Participants may change their investment options and reallocate current fund balances daily. Employee contributions for those who have joined under automatic enrollment will increase 1% per year up to a maximum of 10%.

Non-resident aliens with no earned income are not eligible to enroll in the Plan and are not eligible to receive matching contributions, employer and mandatory employee contributions. In addition, employees covered by a collective bargaining agreement are not eligible to receive match, employer and mandatory employee contributions.

- D. Vesting** — Participants immediately become 100 percent vested in elective deferral and rollover contributions. There is no vesting in employer contributions prior to three years of vesting service. Upon reaching three years of vesting service, or upon reaching normal retirement age, participants become 100 percent vested in employer contributions.
- E. Participant Accounts** — Each participant's account is credited with participants' contributions and allocations of (a) Public Health Solutions' contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- F. Forfeitures** — Forfeited non-vested accounts totaled \$265,560 and \$198,214 at December 31, 2024 and 2023, respectively. During the years ended December 31, 2024 and 2023, administrative expenses were offset by \$36,731 and \$48,106, respectively, from forfeited nonvested accounts.

NOTE 1—DESCRIPTION OF PLAN (Continued)

G. Payment of Benefits — On termination of service due to death, disability or normal retirement, a participant with a vested benefit in his or her account, if not more than \$5,000, shall be payable in lump-sum as soon as practical after the termination of employment.

If a participant's vested benefit is greater than \$5,000, the participant may elect to defer payment. Such payment will be distributed as soon as practical after the attainment of normal retirement age or later if elected by the participant.

If a participant stops working for Public Health Solutions before retirement age for other reasons, the participant may choose to have all or any part of the vested amount paid at any time as a lump-sum distribution.

A participant may withdraw all or any part of his or her vested balance in the case of a financial hardship as defined in the Plan agreement. Financial hardship withdrawals may be taken only after all other withdrawals or loans available under the Plan have been made. The amount of the withdrawal may not exceed the amount of the immediate and heavy financial need including any taxes that may result from the withdrawal.

Participants who continue working for Public Health Solutions after the age of 70½ are required to begin receiving Internal Revenue Service (“IRS”) required minimum distributions by April 1 following the calendar year in which age 70½ is attained, even if still employed at the time.

H. Regulatory Compliance Affecting Retirement Plans — The Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE 1.0 Act) became law on December 20, 2019. The SECURE Act made major changes to the Required Minimum Distribution (“RMD”) rules, increasing the age from 70 ½ to 72 to participants over 72 after January 1, 2020. Plans were required to be formally amended for certain other changes if adopted on or before the last day of the 2023 Plan year.

The SECURE Act 2.0 (SECURE 2.0) was signed into law in December 2022, delivering dozens of new retirement-related provisions. These changes build on the original SECURE Act of 2019, which altered the rules around how employees can save and withdraw money from their retirement accounts. SECURE 2.0 further increased the age of RMDs, increased the catch-up contributions for older workers and required automatic enrollment for new plans. The SECURE 2.0 Act increased the age at which individuals must begin taking RMDs to 73 from 72, beginning January 1, 2023, as well as other increases starting in 2030. The SECURE 2.0 Act increases the limit for catch-up contributions for individuals ages 60 to 63, effective for taxable years beginning after December 31, 2024.

In addition, the SECURE 1.0 Act and further by the SECURE 2.0 Act lowered the eligibility requirements to enable part-time workers to participate in 401(k) plans. These rules for long-term, part-time workers are expanded to apply to ERISA 403(b) plans, as well. The SECURE 2.0 Act changes the eligibility requirements under 401(k) so that it is easier for part-time employees to participate in them. The enacted law, the SECURE 1.0 Act, allows plans to limit eligibility for participation of part-time employees who reach the later of: (1) age 21 or completion of one 12-month period in which the employee worked at least 1,000 hours (pre-SECURE 1.0 Act rule); or (2) three consecutive years of service with 500 or more hours in each year. Under the SECURE 2.0 Act, a plan must allow a part-time employee to participate if the employee has either satisfied the above rule #1, or if the employee has completed two consecutive 12-month periods in which the employee worked at least 500 hours in each one of the two periods and reached age 21 by the end of the second 12-month period.

DECEMBER 31, 2024 AND 2023**

NOTE 1—DESCRIPTION OF PLAN (Continued)

- I. Notes Receivable from Participants** — The Plan agreement provides for loans to be made available to participants. A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Participants may be granted two loans during any 12-month period. Loans must be repaid within five years unless the loan is to acquire a principal residence in which the participant resides in which case the repayment period may be up to ten years. Loans are fully secured by the participant's vested account balance and bear interest at rates of 5.25 to 10.5 percent, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through payroll deductions. A loan that is considered in default is reported as a deemed distribution, which is a taxable event for the participant.

NOTE 2—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. Basis of Accounting** — The financial statements of the Plan are prepared under the accrual basis of accounting. The Plan adheres to accounting principles generally accepted in the United States of America (“U.S. GAAP”).
- B. Use of Estimates** — The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.
- C. Investment Valuation and Income Recognition** — Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

- D. Notes Receivable from Participants** — Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent participant loans are reclassified as benefits paid to participants based upon the terms of the Plan agreement.
- E. Payment of Benefits** — Benefits are recorded at the time payment is made to the participant.
- F. Expenses** — Certain expenses of maintaining the Plan are paid directly by the sponsor and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 3—INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AS COMPLETE AND ACCURATE

As noted in the independent auditors' report, the Plan administrator has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's *Rules and Regulations for Reporting and Disclosure* under ERISA. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Vanguard Fiduciary Trust Company and was not subjected to any auditing procedures performed by the independent auditors except for comparing such information to information included in the Plan's financial statements.

NOTE 3—INVESTMENTS – INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN AS COMPLETE AND ACCURATE (Continued)

Vanguard Fiduciary Trust Company has certified to the completeness and accuracy of the investments included in the financial statements as of December 31, 2024 and 2023, and the investment activity included in the financial statements for the years then ended as summarized below:

	<u>2024</u>	<u>2023</u>
Mutual Funds	\$ 62,405,623	\$ 54,858,985
Separate Account	<u>1,003,599</u>	<u>896,117</u>
Total Investments	<u>\$ 63,409,222</u>	<u>\$ 55,755,102</u>

Investments of the Plan are subject to market volatility conditions that could substantially change their carrying values in the near term.

Investment activity consisted of the following for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Net appreciation in fair value of investments	\$ 5,268,024	\$ 6,594,791
Interest and dividend income	<u>1,970,731</u>	<u>1,459,450</u>
	<u>\$ 7,238,755</u>	<u>\$ 8,054,241</u>

Notes receivable from participants of \$802,296 and \$785,409 as of December 31, 2024 and 2023, respectively, and interest income on notes receivable from participants of \$60,010 and \$46,655 in 2024 and 2023, respectively, have also been certified by the Plan's custodian.

NOTE 4—FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the assets or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4—FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds:

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

In general, the mutual funds allow one transfer per 30-day period. The transfer restriction applies to all participant-directed transfers out of the investment, including non-scheduled rebalancing activity. Once the number of allowed transfers out is met, participants are not allowed to transfer back into an investment option until the holding period elapses. Contributions into the investment option are not impacted.

Separate Account:

Investments held in this account consist of investments in bonds and mortgage backed securities products valued at NAV of an insurance company separate account on which the crediting rate is based. The use of NAV as fair value is deemed appropriate as insurance company separate accounts do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions. The underlying fixed income securities of the separate accounts are valued based on valuation furnished by approved independent pricing services. These services determine valuations for normal institutional-sized trading units of such securities using model or matrix pricing. They are a direct filing entity.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Fair Value of Investments in Entities that Use NAV:

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		As of December 31, 2024			
		Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	Separate Account	\$ 1,003,599	N/A	Daily	N/A

	Separate Account	\$ 896,117	N/A	Daily	N/A

NOTE 5—RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company. Vanguard Fiduciary Trust Company is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

The Plan allows participants to take loans against their account balances, which are considered exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in administrative expenses in the accompanying financial statements and amounted to \$17,537 and \$14,581 for the years ended December 31, 2024 and 2023, respectively.

NOTE 6—TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated February 1, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator (and the Plan's tax counsel) believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7—PLAN TERMINATION

Although it has not expressed any intent to do so, the sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants would become 100% vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the sponsor may determine.

NOTE 8—RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9—SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued.
