INDEPENDENT AUDITOR'S REPORT

To the Trustees
Pleasant Valley Hospital Employees' 403(b) Plan
Point Pleasant, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pleasant Valley Hospital Employees' 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PLEASANT VALLEY HOSPITAL EMPLOYEES' 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Pleasant Valley Hospital Employees' 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established effective January 1, 1999, and restated effective January 1, 2013 to adopt the Great-West Life & Annuity Insurance Company Prototype plan and to change the name of the Plan from Pleasant Valley Hospital Thrift Plan to Pleasant Valley Hospital Employees 403(b) Plan. The Plan was last amended on November 12, 2014, effective October 24, 2014 to include Pleasant Valley Medical Group, Inc. as a participating employer. The Plan covers substantially all employees of Pleasant Valley Hospital and Pleasant Valley Medical Group, Inc. (collectively, the Plan Sponsor) except for leased employees and those employees covered by a collective bargaining agreement, where retirement benefits were the subject of good faith bargaining. Employees are immediately eligible to make elective deferral contributions upon employment. Employees become eligible for employer matching contributions once they have attained age 21 and have completed one year of service (1,000 hours).

Plan Administration - An employee of the Plan Sponsor has been designated as the Plan Administrator and as such is responsible for providing participants with information regarding rights and benefits under the Plan. The Plan Sponsor has contracted with third-party custodians, Empower Trust Company, LLC (Empower), The Variable Annuity Life Insurance Company (VALIC), and Principal Trust Company (Principal) to hold and manage the Plan's assets within general guidelines approved by the Plan Administrator.

Contributions - Participants may elect to defer a portion of their compensation, as defined in the Plan document, limited to the maximum allowed under the Internal Revenue Code for such plan year. The Plan permits rollover contributions from other qualified plans.

Participant Accounts - Each participant's account is credited with the amount of (a) the Plan Sponsor's basic contributions (b) employee deferrals, and (c) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are at all times fully vested in their account.

Notes Receivable from Participants - Participant loans will be allowed, subject to a maximum amount which is the lesser of one-half of a participant's vested account balance or \$50,000. The participant's account balance serves as collateral for the loan. Loans bear interest at a rate determined by the Plan Administrator based on prevailing industry loan rates (prime + 1%). Loans must be repaid in level payments on a quarterly basis over a five-year period (principal residence loans over a ten-year period). All loan payments are made directly to VALIC, Great-West Life, and Principal.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits - Upon separation of service due to attaining the normal retirement age of 65, death, disability, or other termination of employment as defined within the Plan document, participants or their spouses and/or beneficiaries may elect to receive their account balance, as determined as of the latest valuation date, under one of the following distribution options:

- A lump sum cash payment, net of applicable income tax withholdings;
- Installment payments paid directly from the Plan;
- Elect to purchase a nontransferable annuity contract which will provide installment payments over a specific period of time;

The benefit payment distribution date under the Plan is the date as soon as administratively feasible after the participant separated from service with the Plan Sponsor. If a participant's vested account balance is less than \$5,000, the participant will be paid a lump sum distribution.

The Plan permits early retirement at age 55 to participants that have completed five years of service.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment income derived from participant investments in available investment options is recorded net of investment expenses charged by each respective investment option. Plan participants should refer to the latest prospectus to see the ratio of expenses to average net assets and other investment information.

The Plan does not require collateral to secure its investments.

Great-West Life:

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value, which represents contributions made, less withdrawals and administrative expenses, plus interest credited). Mutual funds are stated as determined by quoted market prices, which represents the net asset value of shares held by the Plan at year-end. The Plan's interest in the group annuity contract is valued based on the information provided by the issuer and is carried at the contract value which approximates fair value. See Note 3 for further information with respect to the Plan's investment contract.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

11

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Valic:

The Plan Sponsor had a fixed annuity contract with VALIC, to provide investment options for Plan participants.

Participants could allocate assets into various fixed interest investment options offered by VALIC which earn interest at a guaranteed rate. As described above, because the general account investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The general account investment contract is comprised of two fixed interest options. The Short-Term Fixed Account is credited with interest on a portfolio basis, whereby all deposits in the option receive the same crediting rate, regardless of initial date of deposit. The Fixed Account Plus account is credited with interest periodically, but not less than annually. VALIC declares a "current" interest rate at the beginning of each month applicable to contributions received during that month. The current rate declared is guaranteed until the end of that calendar year for contributions received that month. VALIC intends to continue to credit interest at that same rate for such contributions for an additional calendar year. At the beginning of the third calendar year, such contributions will earn interest at a new declared pool rate. This rate is established January 1 of each calendar year and guaranteed for that entire calendar year. The contractually guaranteed minimum interest rate is applicable for the lifetime of the contract. The VALIC fixed account options are supported by the VALIC general account and offer crediting interest rates specified in advance of participant investment. For the year ended December 31, 2024, the minimum guaranteed rate was 2%.

Notes Receivable from Participants - Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Plan custodian fees are paid from Plan assets.

Subsequent Events - Subsequent events were evaluated through October 13, 2025, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan is invested in a fully benefit responsive group annuity contract with Great-West Life. The fund invests in a group annuity insurance contract with Great-West Life with the purpose to fund the guaranteed benefits for the Plan. The contract value of the investment contracts as of December 31, 2024 and 2023 was \$3,500,326 and \$3,653,872, respectively.

PLEASANT VALLEY HOSPITAL EMPLOYEES' 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

12

NOTE 3 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The group annuity contract is fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Plan. Contract value, which estimates fair value, as reported by the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Plan Sponsor provided Great-West formal notification on September 15, 2023 to terminate the contract on the Guaranteed Interest Fund. Additionally, upon notification, Great-West initiated a 36 month suspension period (Put) in which participant transfers became restricted except for limited circumstances. Assets will be paid out at book value on September 15, 2026.

Upon discontinuance of the contract, contract value would be paid no later than 75 days from the date notice of discontinuance is provided. The contract does not have provisions to transact at a value other than contract value. The fund is not backed by specific securities but instead is backed by Great-West's general account. As a result of the contract terms, contract value approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 2.00%. The crediting interest rate for the year ended December 31, 2024 was 2.00%. A single crediting rate is applied to all contributions made to the fund regardless of the timing of those contributions. Such interest rates are reviewed on a quarterly basis.

NOTE 4 - UNAUDITED INFORMATION CERTIFIED BY THE RECORD KEEPER AND CUSTODIAN

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Empower Trust Company, LLC, VALIC, and the Principal Trust Company, the Custodians of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

PLEASANT VALLEY HOSPITAL EMPLOYEES' 403(B) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

- Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024, and 2023.

	Fair Value at December 31, 2024			Total

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS AND RELATED PARTY TRANSACTIONS

ERISA defines a party in interest generally as any fiduciary or employee of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee association whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of a person described above. Transactions with parties in interest were primarily related to administrative expenses paid to the custodians for invested assets and various investment accounts with the custodian. Fees paid to parties in interest totaled \$61,481 for the year ended December 31, 2024.

Certain other Plan administrative expenses were paid by the Plan Sponsor and not charged to the Plan. These fees included charges for professional services related to participant recordkeeping and audit and accounting fees. Additionally, certain administrative functions are performed by officers or employees of the Plan Sponsor at no cost to the Plan.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Distributions to participants under the termination provisions of the Plan will be made in cash or through the purchase of irrevocable, non-transferable deferred commitments from an insurer.

NOTE 8 - TAX STATUS

The IRS has determined and informed the Plan management by a letter dated March 31, 2017, that the Plan is qualified and the trust established under the Plan is tax-exempt under the appropriate sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 10 - FORFEITED ACCOUNTS

As of December 31, 2024 and 2023, forfeited nonvested amounts totaled \$0 and \$3,080, respectively. The balance of excess forfeitures may be applied to subsequent years' employer contributions or to reduce administrative expenses. In 2024, \$0 was used to pay plan expenses and \$0 was used to pay employer contributions.
