INDEPENDENT AUDITORS' REPORT

Plan Administrator
ASC Process System, Inc. 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of ASC Process System, Inc. 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024, and the related Statement of changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section-

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

The financial statements of ASC Process System, Inc. 401k Plan as of December 31, 2023, were audited by Kirsch, Kohn & Bridge LLP, who merged with Aprio, LLP as of November 1, 2024. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 4, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASC PROCESS SYSTEM, INC. 401K PLAN

Notes to Financial Statements

December 31, 2024

Note A

Description of Plan

The following description of the ASC Process System, Inc. 401k Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees, except union employees and non-resident aliens, of the Plan sponsor ASC Process System, Inc. (the "Company") who have three consecutive months of service and are age eighteen or older. Employees may enter the Plan on a quarterly basis on the first day of the quarter following the date the employee meets the eligibility requirements.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination, or financial hardship. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent laws.

The Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act") was signed into law on December 20, 2019, and the SECURE 2.0 Act of 2022 ("SECURE 2.0") was enacted on December 29, 2022. These laws include numerous provisions impacting retirement plans, including, but not limited to, changes to the required minimum distribution age, eligibility for long-term part-time employees, automatic enrollment requirements for certain new plans, and expanded withdrawal and contribution options. The provisions of these laws become effective on various dates. The Plan is evaluating the impact of the SECURE Act and SECURE 2.0 and will implement required changes in accordance with applicable effective dates and regulatory guidance.

Plan Administration:

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee, custodial, and record keeping services are provided by Capital Bank and Trust Company. Certain administrative expenses of the Plan are paid by the Company for the year ended December 31, 2024. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Contributions:

Participants may elect to contribute through payroll deductions amounts not less than 1% and not more than 100% of their annual compensation, as defined by the Plan on a pre-tax basis, up to a maximum amount allowed by the Internal Revenue Code ("IRC"). Effective July 1, 2024, Roth contributions are also permitted. The maximum allowed deferral amounts were \$23,000 and \$22,500 for 2024 and 2023, respectively. Participants over the age of 50 may also contribute an additional \$7,500 to the Plan for 2024 and 2023. Participants are also allowed to rollover contributions from other qualified employer-sponsored retirement plans.

ASC PROCESS SYSTEM, INC. 401K PLAN

Notes to Financial Statements

December 31, 2024

Note A

Description of Plan (Continued)

Participants direct the investment of all their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Employer matching is discretionary. During the year ended December 31, 2024 the employer made matching contribution equal to 50% of the first 6% of each eligible participant's deferred compensation. Participants are eligible to receive matching contributions immediately after becoming eligible to participate in the Plan. In addition, the Company may decide to make qualified nonelective contributions to the Plan to satisfy nondiscrimination rules.

Participant Accounts:

Each participant's account is credited with the participant's contribution, rollovers, the Company's matching contributions and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. No more than two loans can be outstanding at any time. The repayment of principal plus interest is generally required by the Plan to be made through payroll deductions over 5 years unless the loan is used for the purchase of a primary residence, for which the loan term may be no more than 30 years. Loans are secured by the balance in the participant's accounts and accrue interest at a rate of 2% over the prime rate (7.50% at December 31, 2024).

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. An employee is eligible to receive an allocation of any Company matching contribution immediately after becoming eligible to participate in the Plan. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on the years of continuous service, which are measured over a 12-consecutive month period of the plan year, provided that the employee is credited with at least 1,000 hours during each plan year. A participant is 100% vested after six years of credited service.

The Plan provides the following vesting of a participant's account balance:

<u>Years of Service</u>	<u>Vested Percentage</u>
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Description of Plan (Continued)

Payment of Benefits:

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions are permitted at any time. Benefits are payable in lump sum or partial payments.

Forfeited Accounts:

Forfeited accounts are used, at the Company's discretion, for the payment of the Plan's administrative expenses, to the restoration of any participant's forfeited account balance upon re-employment, or to supplement the employer contribution. At December 31, 2024 and 2023, there were \$ 2,641 and \$12,667 of non-vested forfeitures, respectively. During Plan year ended December 31, 2024, \$61,749 of forfeitures were applied to reduce employer contributions.

Administrative Expenses:

With the exception of forfeitures that are used to pay the Plan's expenses and a quarterly fee which is paid by the Plan sponsor, the expenses of administration of the Plan are paid from and allocated among participants' accounts.

Note B

Significant Accounting Policies

Basis of Accounting:

The financial statements of the Plan have been prepared on the accrual basis of accounting and are in accordance with accounting principles generally accepted in the United States of America.

Accordingly, contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation. Interest and dividend income are recognized as earned. Realized gains (losses) and net unrealized appreciation (depreciation) of fair value of investments are recognized as they occur. Plan benefit payments and withdrawals are recognized when incurred.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

Participants in the Plan may direct employee and employer contributions into, and transfer funds among, any of the investment options offered by the Plan. The Plan currently offers mutual funds and money market funds as investment options for participants. In addition, participants may select from three different portfolio models, which are constituted from the aforementioned investment options and are designed to address the participants' tolerable risk levels.

Note B

Significant Accounting Policies (Continued)

The Plan's investments are reported at fair market value. Shares of mutual funds are valued at quoted active market prices which represent the net asset value of shares held by the Plan at year end. Shares of money market funds are valued under the amortized cost method which approximates current market value in accordance with Rule 2a-7 of the 1940 Act; the fund seeks to maintain its net asset value per share at \$1.00.

The Plan presents the net investment gain (loss) in the fair value of its investments in the statement of changes in net assets available for benefits. Net investment gain (loss) consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments. Purchases and sales of securities are reflected as of the trade dates.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits:

Benefits are recorded when paid.

Expenses:

Participant accounts are charged a fee upon disbursements due to benefit payments and participant notes. All reasonable expenses of administration may be paid from the Plan assets. Alternatively, the Company may, at its discretion, pay any or all such expenses.

Note C

Income Tax Status

The Plan has adopted a pre-approved plan of Capital Group Retirement Plan Services, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, stating that the Plan, as then designed, was in accordance with applicable sections of IRC and that any employer adopting this form of the Plan will be considered to have a plan qualified under applicable sections of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Unaudited Information Provided by Custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2024 and 2023, net appreciation in fair value of investments, interest and dividend income, and interest income from note receivable from participants for the year ended December 31, 2024, was obtained by Plan administrator and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust Company. Capital Bank and Trust Company certified to the completeness and accuracy as of and for the year ended December 31, 2024.

Note E

Party-In-Interest Transactions

Certain plan investments are shares of a cash equivalent account managed by Capital Bank and Trust Company. Capital Bank and Trust Company is the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Certain plan investments are interests in registered investment companies managed by American Funds. American Funds is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note F

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note G

Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at amortized costs, which approximates fair value, in accordance with Rule 2a-7 of the 1940 Act.

Fair Value Measurements (Continued)

Registered investment companies: The fair value of mutual funds is based on quoted net asset value of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing prices reported on the active market where the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of current or future fair net realizable values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents information about the Plan's assets measured at fair value as of December 31, 2024 and 2023:

Investments at Fair Value as of December 31, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 1,371,801	\$ -	\$ -	\$ 1,371,801
Mutual funds	<u>18,813,914</u>	<u>-</u>	<u>-</u>	<u>18,813,914</u>
Total investments at fair value	<u>\$ 20,185,715</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,185,715</u>

Investments at Fair Value as of December 31, 2023

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 753,012	\$ -	\$ -	\$ 753,012
Mutual funds	<u>15,913,946</u>	<u>-</u>	<u>-</u>	<u>15,913,946</u>
Total investments at fair value	<u>\$ 16,666,958</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,666,958</u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net of appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Note H

Risk and Uncertainties

The Plan invests in various investment options that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
