Independent Auditor's Report

Plan Administrator
PEAK6 InsurTech Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PEAK6 InsurTech Services LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2024 and the schedule of assets (held at end of year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PEAK6 InsurTech Services 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Peak6 InsurTech Services 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees (as defined) of Peak6 InsurTech Services and Subsidiaries (the Company). Such employees are eligible to participate in the plan on the later of their date of hire or the attainment of 18 years of age, on the first day of the following month. Participants can begin contributing upon meeting the eligibility requirements. The Plan does not cover certain residents of Puerto Rico, leased employees, employees covered by a collective bargaining agreement (unless the agreement requires the employees to be included under the plan), temporary employees, or interns.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions: The Plan is designed as a qualified cash deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the Code) and provides for the following contributions:

Participant contributions: Each year, participants may contribute a portion of total pretax or after-tax compensation, as defined in the Plan, not to exceed certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts disbursed or transferred from another qualified plan (rollovers). Participants who do not affirmatively decline to participate in the Plan will be automatically enrolled in the Plan. Automatically enrolled participants have their deferral rate set at 6% of their eligible compensation and their contributions invested in the Fidelity Freedom Funds, registered investment companies, based on age.

Discretionary Company contributions: Discretionary Company contributions, if any, may be made annually at the discretion of the Company on behalf of eligible employees who made participant contributions, earned at least 1,000 hours of service during the Plan year, and completed 12 months of employment (the 12 month requirement introduced 3/24/24). For 2024, the Company authorized a discretionary matching contribution of 50% of the first 6% of compensation deferred by the participants for a total amount of \$486,011, of which \$196,719 are forfeitures derived from the unvested portion of terminated participants' accounts, resulting in a receivable of \$289,292, presented on the statement of net assets available for benefits.

Company profit-sharing contributions: Company profit-sharing contributions, if any, may be made annually at the discretion of the Company to eligible employees who incurred at least 1,000 hours of service during the Plan year and were employed as of the last day of the Plan year. For 2024, the Company did not authorize any such contributions.

Notes receivable from participants: Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the vested account balance, or \$50,000. A participant may have only one loan outstanding at any given time. Loan terms range from one to five years or up to 10 years for the purchase of a primary residence and are due and payable in full upon termination of employment or death. The loans are secured by the balance in the participant's account. Loans bear interest ranging from 3.25% to 8.5% at December 31, 2024, which are commensurate with local prevailing rates at note origination, as determined by the Plan Administrator. Principal and interest are paid ratably through bimonthly payroll deductions.

PEAK6 InsurTech Services 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investments and investment options: The assets of the Plan are held by Fidelity Management Trust Company (Fidelity), trustee of the Plan. Upon enrollment, a participant may direct employees and Company contributions, if any, into a variety of registered investment companies. Participants have the ability to change their deferral percentage as of the beginning of each payroll period. Participants are able to change their investments on a daily basis, if desired.

Participants' accounts: Participants' accounts are credited with their contributions, rollover contributions, the allocation of the Company's discretionary matching and profit-sharing contributions, if any, and Plan earnings or losses and are charged with an allocation of administrative expenses, if any remain unpaid after reduction from forfeitures. Allocations are based on participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit-sharing portions of their accounts plus actual earnings thereon are vested 0% after one year of service, 33% after two years of service, 67% after three years of service, and fully vested after four years of credited service, or upon death, disability, normal retirement, or termination of the Plan. Additionally, as more fully described in the Plan document, there are different vesting schedules than the aforementioned, applying to certain specified classes of participants.

Payments of benefits and withdrawals: A distribution can be made to a participant upon request due to disability, retirement, or termination of employment. A participant's beneficiary or beneficiaries may request a distribution of any vested account balance in the event of the participant's death. Distribution may be deferred until a later date. However, distribution cannot be postponed on any vested account balance that is \$5,000 or less in which case the Plan Administrator will direct the trustee that any amount exceeding \$1,000 be distributed to an individual retirement account or annuity (IRA) for the participant's benefit. Any vested account balance that is \$1,000 or less will be distributed as a lump-sum distribution. Prior to such distribution, a participant still has the right to request that the amount be distributed directly to the participant in the form of a lump-sum payment or to request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions. Additionally, the Plan provides in-service distributions related to hardships and obtaining age 59½.

Forfeited accounts: Forfeitures of unvested portions of terminated participants' accounts are to be retained by the Plan and invested in a money market fund and will be used first to pay the Plan's administrative expenses. Any remaining forfeited balances will be used to reduce future Company contributions payable to the Plan. Forfeited balances at December 31, 2024, and 2023, totaled \$148,865 and \$88,287, respectively, and forfeitures used to reduce Company contributions for 2024 (funded in 2025) were \$196,719.

Plan administration: The Plan's administrative and investment advisory fee expenses are paid by either the Plan or the Company, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and investment advisory fees paid by the Plan include trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. All other administrative expenses of the Plan are paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements have been prepared under the accrual basis of accounting.

Accounting policies: The Plan follows United States generally accepted accounting principles (U.S. GAAP), as established by the Financial Accounting Standards Board (FASB).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a detailed discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are deemed to be distributions based upon the terms of the Plan document.

Contributions: Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation. Discretionary Company contributions from the employer are recorded in the Plan year which they pertain to.

Payment of benefits: Benefits are recorded when paid.

Plan administration: Investment-related expenses of the Plan are paid by the Plan as provided in the Plan document and are included in net appreciation in the statement of changes in net assets available for benefits. For 2024, recordkeeping fees in the amount of \$18,383 were paid by the Plan directly to Fidelity, and investment advisory fees in the amount of \$10,644 were paid by the Plan to a third party advisor. All other significant costs related to Plan Administration and professional services are paid by the Company and excluded from these financial statements.

Note 3. Information Certified or Provided by Fidelity

The following is a summary of the Plan's asset and income information as of December 31, 2024, and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedules obtained by management and agreed to or derived from information certified or provided by Fidelity, the trustee, and furnished to the Plan administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets and income:

Note 4. Fair Value of Financial Instruments

The fair value of the Plan's assets and liabilities that qualify as financial instruments under Accounting Standards Codification (ASC) 825, Financial Instruments, approximates the carrying amounts presented in the financial statements.

ASC 820, Fair Value Measurement, defines fair value as an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity; unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is deemed significant to the fair value measurement. When a valuation utilizes multiple inputs from varying levels of the fair value hierarchy, the hierarchy level is determined based on the lowest level input(s) that is (are) significant to the fair value measurement in its entirety.

The three levels of the fair value hierarchy that prioritize inputs to valuation methods are as follows:

Level 1: Valuations based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Valuations based on quoted prices for similar assets and liabilities in active markets and inputs that are observable for the assets or liabilities either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Valuations based on inputs that are unobservable and deemed significant to the overall fair value measurement (including the Plan's own assumptions used in determining the fair value of investments).

The inputs or methodologies used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

PEAK6 InsurTech Services 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value of Financial Instruments (Continued)

Following is a description of the valuation methodologies used for each general type of investment measured at fair value by the Plan. There have been no changes in the methodologies used at December 31, 2024.

Shares of registered investment companies: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, measured on a recurring basis, at fair value.

	December 31, 2024	December 31, 2023
	Level 1	Level 1
Shares of registered investment companies, including money market funds	14,760,432	15,269,733

There were no Level 2 or Level 3 investments as of December 31, 2024, or 2023.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity Investments, an affiliate of Fidelity. Fidelity is the trustee and third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain employees of the Company provide administrative services to the Plan. These employees do not receive any compensation from the Plan for their services.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

PEAK6 InsurTech Services 401(k) Plan

Notes to Financial Statements

Note 7. Tax Status

The Plan is a non-standardized pre-approved profit-sharing plan sponsored by Fidelity Management & Research LLC (FMR). FMR has received a determination letter from the IRS dated June 30, 2020, stated that the IRS opined that the form of this pre-approved plan is acceptable under Section 401 of the Code for use by employers for the benefit of their employees. Although a determination letter has not been requested specifically for this Plan, the Plan's Administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, it believes that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The current and prior three tax years remain subject to income tax examination.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Delinquent Participant Contributions

During 2023, 2022 and 2021, the Company inadvertently failed to deposit \$403, \$248,436 and \$844 of participants' contributions, respectively, within the required timeline stated by the DOL's regulations. These late contributions qualify as prohibited transactions. The delay in remitting contributions to the trustee was due to administrative errors. The Company deposited the aforementioned 2021 and 2022 participant contributions during 2022 and deposited the aforementioned 2023 participant contributions during 2023. The form 5330 for 2021, 2022, and 2023 delinquent contributions will be filed in 2025 and participants associated lost earnings will be deposited in 2025. Any excise tax payments will be made from the Plan Sponsor's assets and not from assets of the Plan.

Net assets available for benefits per Form 5500	<u>\$ 15,071,061</u>	<u>\$ 15,626,225</u>

The following is a reconciliation of the changes in net assets available for benefit per the financial statements for the year ended December 31, 2024, to the Form 5500:

Net decrease after transfers per the financial statements	\$ (848,293)
Transfers out, net	74,939
Net adjustment to reflect the change in Company contributions on the accrual basis	293,128
Investment income	(5)
Interest income on notes receivable from participants	(532)
Benefits paid directly to participants	538
Net decrease per the Form 5500	<u>\$ (480,225)</u>

Note 11. Transfers Out, Net

If a participant of the Plan becomes eligible for the defined contribution plan of an affiliate company of the Sponsor, Apex Fintech Services (Apex), or PEAK6 Group LLC (Group), their participation in this Plan will cease. When they become eligible to participate in Apex's or Group's defined contribution plan, their account balance in the Plan is automatically transferred into Apex's or Group's defined contribution plan. A similar transfer occurs when a participant of Apex's or Group's defined contribution plan becomes eligible for this Plan. During the year ended December 31, 2024, the net amount of transfers described above was \$74,939 out of the Plan.

Note 12. Subsequent Events

The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 15, 2025, the date these financial statements were available to be issued. Effective February 7, 2025, the trustee of the Plan was changed from Fidelity Management Trust Company to Inspira Financial Trust, LLC (formerly known as Millennium Trust Company, LLC), and the recordkeeper of the Plan was changed from Fidelity Workplace Services LLC to Betterment for Business, LLC.
