INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Plan Committee
Prairie Island Indian Community
401(k) Retirement Plan
Welch, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Prairie Island Indian Community 401(k) Retirement Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H Line 4a – Schedule of Delinquent Participant Contributions and Schedule H Line 4i – Schedule of Assets Held at End of Year, as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan description: _____

The following description of the Prairie Island Indian Community (the Community) 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution 401(k) plan sponsored by the Prairie Island Indian Community (the Plan Sponsor) covering employees of the Plan Sponsor who have reached age 21, completed three months of service and worked a minimum of 250 hours during the quarter preceding plan entry. Subsequent to year end, effective March 1, 2025, there is no service requirement for participation in the Plan. The Plan excludes from participation those employees covered by the Public Employees' Retirement Association, collectively bargained and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established effective January 1, 1997 and was most recently restated effective May 1, 2022. On January 11, 2023, Amendment #1 was implemented to the Plan, which impacts the entry date for eligible employees and matching contribution calculations for all employees.

Contributions:

The Plan provides for participant elective contributions up to 50% of annual compensation contributions. Contributions made pursuant to participant elective deferrals are permitted in whole percentage increments up to the maximum limit as permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make qualifying rollover contributions.

The Plan provides for a discretionary match to be determined each Plan year by the Plan Sponsor. The Plan Sponsor made discretionary match contributions of \$1,042,259 and \$964,261 for the years ended December 31, 2024 and 2023, respectively.

Participant accounts:

Each participant account is credited with the participant's contributions and the Plan Sponsor's discretionary contributions and allocation of the Plan's earnings, as well as, charged with an allocation of administrative expenses. Allocations of participant's contributions, the Plan Sponsor's discretionary contributions and the Plan's earnings are based on participant compensation or account balances, as provided in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their voluntary contributions, including rollover contributions, plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service, with a minimum of 1,000 hours per year to qualify as a year of service. A participant becomes fully vested after three years of service, or if the participant becomes totally and permanently disabled (as defined in the Plan) or dies while in service or attains normal retirement age.

Forfeitures:

Forfeitures of terminated participants' nonvested accounts may be used to reduce future Plan Sponsor contributions or to offset Plan expenses. The Plan had \$72,647 and \$20,389 of unapplied forfeitures of nonvested accounts at December 31, 2024 and 2023, respectively. There were \$518 and \$531 in forfeitures used to reduce Plan Sponsor contributions or Plan expenses in 2024 and 2023, respectively.

1. Plan description (continued):

Notes receivable from participants:

In accordance with the Plan agreement, participants may borrow from their accounts. The aggregate of all loans to a participant under the Plan is minimum of \$1,000 and may not exceed the lesser of \$50,000 or 50% of the participant's total vested account balance. The notes have terms ranging from one to five years or up to 15 years for the purchase of a primary residence. The rate of interest on new notes is the prime rate as published for the first business day of the calendar quarter in which the note is granted or renewed, plus 1%. Principal and interest are paid through payroll deductions. The notes are secured by the balance in the participant's account. A participant can only have one loan outstanding at a time.

Investment options:

Under the Plan, participants are allowed to make their own investment decisions, selecting from options authorized by the Plan administrator. Participants may elect at any time to have all or part of their account balances and future contributions transferred from one fund to another or in any combination. All options vary in types of investments, rates of return and investment risk.

Payment of benefits:

Distribution of a participant's vested interest in the Plan is normally made upon attainment of retirement age. Early distributions are made upon death, disability, separation from service or reaching the age of 59½ years. A participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in monthly, quarterly, semi-annual or annual installments. Upon separation of employment due to termination of employment, death, disability or retirement, participants may, at their election, withdraw their benefits as a lump sum payment or maintain their vested balance in the Plan. If the value of a separated participant's vested balance does not exceed \$5,000, the Plan can cause the vested balance to be either transferred to an individual qualified retirement account or distributed to the separated participant directly. Participants are permitted withdrawals from their Plan accounts for financial hardships.

Plan administration:

The Plan's investment activities and administrative functions are handled by Lincoln Financial Group Trust Company for the years ended December 31, 2024 and 2023. The Plan Sponsor has the authority to direct the trustee in the investment of the funds. Investment fees and participant activity expenses are paid by the Plan. All other administrative expenses, including consulting, audit and legal fees, are paid by the Plan Sponsor.

Plan termination:

Although it has not expressed any intent to do so, the Plan Sponsor may terminate the Plan at any time, subject to the provisions of ERISA. In such event, all benefits become fully vested and nonforfeitable.

In such event, the trustee shall be directed to distribute all assets in the Plan to participants as described in the Plan agreement.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

The Plan is a fiduciary fund of the Community, and the Plan financial statements are prepared in conformity with GAAP as promulgated by the Government Accounting Standards Board (GASB) using economic resources measurement focus and accrual basis of accounting. Financial statement titles are presented to comply with the Department of Labor rules and regulations. These financial statements present only the Prairie Island Indian Community 401(k) Retirement Plan and they do not present, nor are they intended to present, the financial statements of the Community as a whole.

Valuation of investments and income recognition:

Except for the Plan's guaranteed investment contract (see Note 5), which is valued at contract value, the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. All investments are participant directed.

Net appreciation in fair value of investments:

Net appreciation in the fair value of investments represents the net realized gains or losses plus the net unrealized appreciation (depreciation) on investments. Realized gains or losses are the difference between the proceeds and either the cost of investments sold, determined on an average cost basis, or fair value at the end of the previous year, whichever is applicable. Net unrealized appreciation (depreciation) is the change in the difference between fair market value and the cost of investments or the fair value at the end of the previous year, whichever is applicable.

Notes receivable to participants:

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2024, and 2023.

Excess contributions payable:

Accounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants before March 31, 2024. The Plan distributed the 2024 excess contributions to the applicable participants before March 31, 2025.

Payment of benefits:

Benefits paid to participants are recorded when paid.

2. Summary of significant accounting policies(continued):

Risks and uncertainties:

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, including liquidity, defaults and the market's perception of the issuers of certain securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balance and the amounts reported in the statements of net assets available for benefits.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Concentrations:

At December 31, 2024, approximately 70% of investments were held in five mutual funds. At December 31, 2023, approximately 58% of investments were held in four mutual funds.

Subsequent events:

Plan administrator has evaluated for subsequent events through October 7, 2025, the date the financial statements were available for issuance.

3. Trustee certification:

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Lincoln Financial Group Trust Company, Inc., the trustee of the Plan as of and for the years ended December 31, 2024 and 2023, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net investment income (loss) and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2024.

4. Fair value measurements:

Accounting Standards Codification (ASC), *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

4. Fair value measurements (continued): _____

The three levels of the fair value hierarchy under ASC, *Fair Value Measurements*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (level 1).

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	2024			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 52,178,397</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 52,178,397</u>
	2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	<u>\$ 44,016,701</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 44,016,701</u>

5. Fully benefit responsive investment:

The Standard Stable Asset Fund II (Fund) is a group annuity contract that offers a full guarantee on principal and interest by the Standard Insurance Company (Issuer). The contracts are traditional and fully benefit responsive.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully-benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transaction under the terms of the Plan. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings at guaranteed crediting rates, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value. The Plan owns a promise to pay interest at crediting rates which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawals or transfer rules. The Issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, including the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, layoffs, plan disqualification or failure to adopt the Plan in a reasonable period of time. Upon occurrence of any of these events, a market value adjustment or withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

The Plan Sponsor was not aware of any events that would have limited the Plan to transact at contract value as of December 31, 2024 and through the date of this report.

6. Tax status:

The Plan has adopted the Lincoln Financial Group - Volume Submitter Profit Sharing/401(k) Plan. The volume submitter plan has obtained an advisory letter dated June 30, 2020 which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The volume submitter advisory letter has been relied upon by this Plan. The Plan has been amended and restated subsequent to the date of the advisory letter. However, the Plan administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Related and party-in-interest transactions:

Certain Plan investments are invested in investments managed by Lincoln Financial Group Trust Company, Inc. Lincoln Financial Group Trust Company, Inc. is the trustee as of and for the years ended December 31, 2024 and 2023 as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants are also considered party-in-interest transaction.
