INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
Industrial Painting Limited, Inc. 401(k) Retirement Plan
Brighton, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Industrial Painting Limited, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Part IV, line 4i-Schedule of Assets (Held At End of Year) as of December 31, 2024 and 2023 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Industrial Painting Limited, Inc. 401(k) Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Summary Plan Description, Plan Document and Adoption Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Industrial Painting Limited, Inc. (the “Company”) who are age 21 or older and have met all applicable service requirements. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”). John Hancock Retirement Plan Services is the third-party administrator of the Plan and John Hancock Trust Company, LLC is the custodian and trustee of the Plan. The trustees and administrative committee are responsible for oversight of the Plan.

Effective January 1, 2024, The Setting Every Community Up for Retirement Enhancement (SECURE) Act extended eligibility for participation in 401(k) plans to certain long-term part-time (LTPT) employees. LTPT employees must have three consecutive years of eligibility service beginning in 2021 in order to make deferral contributions into the Plan. The eligibility service window applies for plan year beginning after December 31, 2020 and excludes service before that. The Plan Sponsor may still require the employees to satisfy any minimum age requirements, and can also decide whether LTPT employees will receive any portion of employer contributions.

Plan Restatement

Effective January 1, 2024, the Plan changed its third-party administrator from Acuff & Associates, Inc. to John Hancock Retirement Plan Services. In connection with the transition, the Plan was restated to incorporate John Hancock's plan document format. The restatement did not result in any significant changes to the Plan's provisions or operations.

Contributions

Participants may contribute on either a pre or post tax basis a percentage of their annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution. For the year ended December 31, 2024 the Company made a matching contribution up to 100% not to exceed 3% of base compensation that a participant contributed to the Plan, and 50% of the amount contributed by the participant from 3% to 5% of base compensation.

Forfeited Accounts

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$3,629 and \$125, respectively. Forfeited accounts will be used to reduce future Company matching contributions or administrative expenses. There were \$0 and \$16,199 in forfeitures used to reduce employer contributions or expenses in 2024 and 2023, respectively.

NOTES TO THE FINANCIAL STATEMENTS

Investment Options

The Plan currently offers 29 mutual funds and 2 money market accounts as investment options for participants. All funds are offered through John Hancock Life Insurance Company (U.S.A.). Participants may currently invest in all of the funds. If a participant directs the investment of his or her assets in either funds or a segregated account, any income, gains or losses from such investments shall be allocated directly to such account, and the Plan administrator will not be responsible for such investments.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any, and is credited/charged with Plan earnings/losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account. For termination of services for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Vesting

Participants are vested immediately in their contributions and the Company's safe harbor matching contributions, plus actual earnings/losses thereon. Vesting in the Company's discretionary contribution is based on years of service. The participant is 100% vested after 6 years of service. As of year-end, no discretionary contributions have been made, therefore all employees are fully vested.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan did not have any excess contributions during 2024 or 2023.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

INDUSTRIAL PAINTING LIMITED, INC. 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

Fees charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected.

Payment of Benefits

Benefits are recorded when paid.

Plan Administration Costs

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative costs may be paid by the Company or the Plan, at the Company's discretion. Investment related expenses are included in net appreciation of fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through _____, the date which the financial statements were available to be issued.

Note 3: Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

INDUSTRIAL PAINTING LIMITED, INC. 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We have evaluated the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

Money Market: Valued at the daily closing price as reported by the fund. The money market funds held by the Plan are deemed to be actively traded.

Mutual Funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	2024			
	Total	Level 1	Level 2	Level 3
Money Market Funds	\$ 47,161	\$ 47,161	\$ -	\$ -
Mutual Funds	<u>4,339,680</u>	<u>4,339,680</u>	<u>-</u>	<u>-</u>
Investments at Fair Value	<u>\$ 4,386,841</u>	<u>\$ 4,386,841</u>	<u>\$ -</u>	<u>\$ -</u>
	2023			
	Total	Level 1	Level 2	Level 3
Money Market Funds	\$ -	\$ -	\$ -	\$ -
Mutual Funds	<u>3,922,637</u>	<u>3,922,637</u>	<u>-</u>	<u>-</u>
Investments at Fair Value	<u>\$ 3,922,637</u>	<u>\$ 3,922,637</u>	<u>\$ -</u>	<u>\$ -</u>

Note 4: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

INDUSTRIAL PAINTING LIMITED, INC. 401(K) RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

Note 5: Information Prepared and Certified by the Custodian

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, LLC, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

Note 7: Federal Income Tax Status

The Plan obtained its latest opinion letter on November 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States Department of the Treasury Internal Revenue Service. The Plan has analyzed all tax positions and does not feel any meet the requirement for reporting under U.S. GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8: Related-Party and Party-in-Interest Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Company. These transactions qualify as party-in-interest transactions. The Company provides certain administrative services at no cost to the Plan. The Plan incurs expenses related to general administrative and recordkeeping. The Company pays the majority of these expenses and certain accounting and auditing fees related to the Plan.

NOTES TO THE FINANCIAL STATEMENTS

Note 9: Additional Contributions

During the year ended December 31, 2023, and 2024, the Company made additional contributions to correct errors. These funds were placed in a noninterest-bearing cash account and were used to offset contributions and corrective contributions during the year ended December 31, 2024 and 2023 by \$43 and \$10,828, respectively. As of December 31, 2024, and 2023 there was a remaining balance of \$0 and \$43, respectively.
