INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Rock Paper Scissors, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rock Paper Scissors, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of Rock Paper Scissors, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Rock Paper Scissors, LLC covering eligible employees of Rock Paper Scissors, LLC, Rock Paper Scissors Entertainment, LLC and Black Mariah, Inc. (collectively, the "Company"), which are members of the same controlled group and considered a single employer for purposes of the Plan. The Plan is offered to all employees of the Company who are over the age of 21 and have completed a month of service, excluding employees covered by a collective bargaining agreement, non-United States residents, and freelance employees. Eligible employees are able to enroll in the Plan on the first day of the month after eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Amendments

Effective April 1, 2024, the Plan was amended to allow eligible employees to automatically enroll into the Plan at a contribution rate of 4%.

Participant Contributions

Participants may contribute up to 100% of their annual eligible compensation as a pretax deferral, up to the maximum allowed by the Internal Revenue Code ("IRC"), as defined in the Plan. The Plan also allows participants to make after-tax roth contributions subject to certain limitations determined by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Contributions

The Company may make discretionary matching contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible employee contributions made during the plan year (25% in 2024). Participants are eligible to receive an allocation of the discretionary matching contributions if they are still employed by the Company at year-end and have completed at least 1,000 hours of service during the year. Participants who become disabled, retire, or die during the Plan year are excepted from the last day or hours of service requirements. For the year ended December 31, 2024, the Company made a discretionary matching contribution to the Plan totaling \$286,459. The Company may make additional nonelective employer contributions. No additional nonelective employer contributions were made for the year ended December 31, 2024. Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participants direct the investment of their accounts into various investment funds offered by the Plan. Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, plan earnings and expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and a participant is 100% vested after three years of credited service or normal retirement age (defined as the later of age 65 or the third anniversary of the participant's employment commencement date), whichever occurs first. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts were \$3,349 and \$12,028, respectively. Forfeited nonvested accounts, if any, will be used to pay plan administrative expenses or as a credit to reduce future Company's contributions. In 2024, forfeitures in the amount of \$12,738 were applied towards employer contributions and \$1,544 were applied towards administrative expenses.

Payments of Benefits

On termination of service due to death, disability or retirement, or upon attaining the age of 59-1/2, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in his or her account. If a participant terminates employment with a vested account balance of less than \$5,000, a distribution will be made to the participant regardless of whether the participant consents to receive it. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the Plan Administrator.

The Plan allows for hardship withdrawals from a participant's deferral account. Hardship withdrawals are subject to a \$500 minimum amount.

All withdrawals are subject to the limits specified in the Plan and by the Internal Revenue Service ("IRS").

Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment terms are for a period not to exceed 5 years, except in the case of loans used to acquire a principal residence, wherein the loan repayment term may be for a longer period. Loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with market prevailing rates at the date the loan is issued. At December 31, 2024 and 2023 the interest rates on loans ranged between 4.25% and 9.50%. Principal and interest are normally paid ratably through weekly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in the Company's contribution portion of their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and Schedule of Assets (Held at End of Year), which include investments and notes receivable from participants held at December 31, 2024 and 2023, and interest, dividends, net appreciation (depreciation) in fair value of investments, and interest income from notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, Fair Value Measurement, with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

**Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements**

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds

Money market funds are valued at the daily closing prices as reported by the fund. The money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Mutual Funds

Mutual funds are valued at the daily closing prices as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds

Common/collective trust funds are valued at the net asset value (NAV) units of the common/collective trusts. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The common/collective trust funds have no unfunded commitments, have daily redemption frequency and no redemption notice period.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 41,919	\$ -	\$ -	\$ 41,919
Mutual funds	16,160,660	-	-	16,160,660
Total	\$ 16,202,579	\$ -	\$ -	16,202,579
Investments measured at NAV (a):				
Common/collective trust funds				1,190,661
Total investments, at fair value				\$ 17,393,240

**Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements**

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 19,986	\$ -	\$ -	\$ 19,986
Mutual funds	<u>14,672,497</u>	<u>-</u>	<u>-</u>	<u>14,672,497</u>

Investments measured at NAV (a):				
Common/collective trust funds				<u>164,402</u>
Total investments, at fair value				<u>\$ 14,856,885</u>

(a) In accordance with ASC 820, Fair Value Measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and money market funds managed by an affiliate of the trustee of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments.

In addition, the Plan pays other expenses for services rendered by the trustee as the plan recordkeeper and third party administrator and also pays its investment advisor. The above transactions, including notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

6. TAX STATUS

The underlying pre-approved plan has received an opinion letter from the IRS on June 30, 2020, stating that the written form of the underlying pre-approved plan is qualified under section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PROHIBITED TRANSACTION

During 2024, the Plan sponsor inadvertently failed to deposit approximately \$24,230 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. To correct this failure, the Plan sponsor intends to deposit lost earnings, file Form 5330 and intends to pay applicable excise tax to the IRS in 2025. The correction and any excise taxes, if applicable will be made from the Plan sponsor's assets and not from assets of the Plan.

9. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan Administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Rock Paper Scissors, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rock Paper Scissors, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of Rock Paper Scissors, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Rock Paper Scissors, LLC covering eligible employees of Rock Paper Scissors, LLC, Rock Paper Scissors Entertainment, LLC and Black Mariah, Inc. (collectively, the "Company"), which are members of the same controlled group and considered a single employer for purposes of the Plan. The Plan is offered to all employees of the Company who are over the age of 21 and have completed a month of service, excluding employees covered by a collective bargaining agreement, non-United States residents, and freelance employees. Eligible employees are able to enroll in the Plan on the first day of the month after eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Amendments

Effective April 1, 2024, the Plan was amended to allow eligible employees to automatically enroll into the Plan at a contribution rate of 4%.

Participant Contributions

Participants may contribute up to 100% of their annual eligible compensation as a pretax deferral, up to the maximum allowed by the Internal Revenue Code ("IRC"), as defined in the Plan. The Plan also allows participants to make after-tax roth contributions subject to certain limitations determined by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Contributions

The Company may make discretionary matching contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible employee contributions made during the plan year (25% in 2024). Participants are eligible to receive an allocation of the discretionary matching contributions if they are still employed by the Company at year-end and have completed at least 1,000 hours of service during the year. Participants who become disabled, retire, or die during the Plan year are excepted from the last day or hours of service requirements. For the year ended December 31, 2024, the Company made a discretionary matching contribution to the Plan totaling \$286,459. The Company may make additional nonelective employer contributions. No additional nonelective employer contributions were made for the year ended December 31, 2024. Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participants direct the investment of their accounts into various investment funds offered by the Plan. Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, plan earnings and expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and a participant is 100% vested after three years of credited service or normal retirement age (defined as the later of age 65 or the third anniversary of the participant's employment commencement date), whichever occurs first. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts were \$3,349 and \$12,028, respectively. Forfeited nonvested accounts, if any, will be used to pay plan administrative expenses or as a credit to reduce future Company's contributions. In 2024, forfeitures in the amount of \$12,738 were applied towards employer contributions and \$1,544 were applied towards administrative expenses.

Payments of Benefits

On termination of service due to death, disability or retirement, or upon attaining the age of 59-1/2, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in his or her account. If a participant terminates employment with a vested account balance of less than \$5,000, a distribution will be made to the participant regardless of whether the participant consents to receive it. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the Plan Administrator.

The Plan allows for hardship withdrawals from a participant's deferral account. Hardship withdrawals are subject to a \$500 minimum amount.

All withdrawals are subject to the limits specified in the Plan and by the Internal Revenue Service ("IRS").

Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment terms are for a period not to exceed 5 years, except in the case of loans used to acquire a principal residence, wherein the loan repayment term may be for a longer period. Loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with market prevailing rates at the date the loan is issued. At December 31, 2024 and 2023 the interest rates on loans ranged between 4.25% and 9.50%. Principal and interest are normally paid ratably through weekly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in the Company's contribution portion of their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and Schedule of Assets (Held at End of Year), which include investments and notes receivable from participants held at December 31, 2024 and 2023, and interest, dividends, net appreciation (depreciation) in fair value of investments, and interest income from notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, Fair Value Measurement, with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

**Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements**

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds

Money market funds are valued at the daily closing prices as reported by the fund. The money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Mutual Funds

Mutual funds are valued at the daily closing prices as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds

Common/collective trust funds are valued at the net asset value (NAV) units of the common/collective trusts. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The common/collective trust funds have no unfunded commitments, have daily redemption frequency and no redemption notice period.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 41,919	\$ -	\$ -	\$ 41,919
Mutual funds	16,160,660	-	-	16,160,660
Total	\$ 16,202,579	\$ -	\$ -	16,202,579
Investments measured at NAV (a):				
Common/collective trust funds				1,190,661
Total investments, at fair value				\$ 17,393,240

**Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements**

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 19,986	\$ -	\$ -	\$ 19,986
Mutual funds	<u>14,672,497</u>	<u>-</u>	<u>-</u>	<u>14,672,497</u>

Investments measured at NAV (a):				
Common/collective trust funds				<u>164,402</u>
Total investments, at fair value				<u>\$ 14,856,885</u>

(a) In accordance with ASC 820, Fair Value Measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and money market funds managed by an affiliate of the trustee of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments.

In addition, the Plan pays other expenses for services rendered by the trustee as the plan recordkeeper and third party administrator and also pays its investment advisor. The above transactions, including notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

6. TAX STATUS

The underlying pre-approved plan has received an opinion letter from the IRS on June 30, 2020, stating that the written form of the underlying pre-approved plan is qualified under section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PROHIBITED TRANSACTION

During 2024, the Plan sponsor inadvertently failed to deposit approximately \$24,230 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. To correct this failure, the Plan sponsor intends to deposit lost earnings, file Form 5330 and intends to pay applicable excise tax to the IRS in 2025. The correction and any excise taxes, if applicable will be made from the Plan sponsor's assets and not from assets of the Plan.

9. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan Administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Rock Paper Scissors, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rock Paper Scissors, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT (Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITOR'S REPORT (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT (Continued)

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulation for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for the Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. DESCRIPTION OF PLAN

The following description of Rock Paper Scissors, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Rock Paper Scissors, LLC covering eligible employees of Rock Paper Scissors, LLC, Rock Paper Scissors Entertainment, LLC and Black Mariah, Inc. (collectively, the "Company"), which are members of the same controlled group and considered a single employer for purposes of the Plan. The Plan is offered to all employees of the Company who are over the age of 21 and have completed a month of service, excluding employees covered by a collective bargaining agreement, non-United States residents, and freelance employees. Eligible employees are able to enroll in the Plan on the first day of the month after eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Plan Amendments

Effective April 1, 2024, the Plan was amended to allow eligible employees to automatically enroll into the Plan at a contribution rate of 4%.

Participant Contributions

Participants may contribute up to 100% of their annual eligible compensation as a pretax deferral, up to the maximum allowed by the Internal Revenue Code ("IRC"), as defined in the Plan. The Plan also allows participants to make after-tax roth contributions subject to certain limitations determined by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Employer Contributions

The Company may make discretionary matching contributions on behalf of each eligible participant in an amount equal to a percentage of the eligible employee contributions made during the plan year (25% in 2024). Participants are eligible to receive an allocation of the discretionary matching contributions if they are still employed by the Company at year-end and have completed at least 1,000 hours of service during the year. Participants who become disabled, retire, or die during the Plan year are excepted from the last day or hours of service requirements. For the year ended December 31, 2024, the Company made a discretionary matching contribution to the Plan totaling \$286,459. The Company may make additional nonelective employer contributions. No additional nonelective employer contributions were made for the year ended December 31, 2024. Contributions are subject to certain limitations.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts

Participants direct the investment of their accounts into various investment funds offered by the Plan. Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, plan earnings and expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service and a participant is 100% vested after three years of credited service or normal retirement age (defined as the later of age 65 or the third anniversary of the participant's employment commencement date), whichever occurs first. Participants who become totally disabled or die before normal retirement age become fully vested in their accrued benefits.

Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts were \$3,349 and \$12,028, respectively. Forfeited nonvested accounts, if any, will be used to pay plan administrative expenses or as a credit to reduce future Company's contributions. In 2024, forfeitures in the amount of \$12,738 were applied towards employer contributions and \$1,544 were applied towards administrative expenses.

Payments of Benefits

On termination of service due to death, disability or retirement, or upon attaining the age of 59-1/2, a participant may elect to receive a lump-sum amount equal to the participant's vested interest in his or her account. If a participant terminates employment with a vested account balance of less than \$5,000, a distribution will be made to the participant regardless of whether the participant consents to receive it. Any distribution greater than \$1,000 that is made to a participant without the participant's consent before the participant's normal retirement age will be rolled over to an individual retirement plan designated by the Plan Administrator.

The Plan allows for hardship withdrawals from a participant's deferral account. Hardship withdrawals are subject to a \$500 minimum amount.

All withdrawals are subject to the limits specified in the Plan and by the Internal Revenue Service ("IRS").

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment terms are for a period not to exceed 5 years, except in the case of loans used to acquire a principal residence, wherein the loan repayment term may be for a longer period. Loans are secured by the balance in the participant's account and bear interest at a fixed rate commensurate with market prevailing rates at the date the loan is issued. At December 31, 2024 and 2023 the interest rates on loans ranged between 4.25% and 9.50%. Principal and interest are normally paid ratably through weekly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in the Company's contribution portion of their account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, which approximates when interest is received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes to Financial Statements

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid or upon distribution.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and Schedule of Assets (Held at End of Year), which include investments and notes receivable from participants held at December 31, 2024 and 2023, and interest, dividends, net appreciation (depreciation) in fair value of investments, and interest income from notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Accounting Standards Codification (ASC) 820, Fair Value Measurement, with the related inputs to the valuation methodology are described as follows:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.

Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.

**Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements**

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds

Money market funds are valued at the daily closing prices as reported by the fund. The money market funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Mutual Funds

Mutual funds are valued at the daily closing prices as reported by the fund. The mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust Funds

Common/collective trust funds are valued at the net asset value (NAV) units of the common/collective trusts. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. The common/collective trust funds have no unfunded commitments, have daily redemption frequency and no redemption notice period.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 41,919	\$ -	\$ -	\$ 41,919
Mutual funds	16,160,660	-	-	16,160,660
Total	\$ 16,202,579	\$ -	\$ -	16,202,579
Investments measured at NAV (a):				
Common/collective trust funds				1,190,661
Total investments, at fair value				\$ 17,393,240

**Rock Paper Scissors, LLC 401(k) Profit Sharing Plan
Notes to Financial Statements**

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

	Investments at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 19,986	\$ -	\$ -	\$ 19,986
Mutual funds	<u>14,672,497</u>	<u>-</u>	<u>-</u>	<u>14,672,497</u>
Total	<u>\$ 14,692,483</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,692,483</u>
Investments measured at NAV (a):				
Common/collective trust funds				<u>164,402</u>
Total investments, at fair value				<u>\$ 14,856,885</u>

(a) In accordance with ASC 820, Fair Value Measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds and money market funds managed by an affiliate of the trustee of the Plan. Fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of investments.

In addition, the Plan pays other expenses for services rendered by the trustee as the plan recordkeeper and third party administrator and also pays its investment advisor. The above transactions, including notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

6. TAX STATUS

The underlying pre-approved plan has received an opinion letter from the IRS on June 30, 2020, stating that the written form of the underlying pre-approved plan is qualified under section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan takes an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. PROHIBITED TRANSACTION

During 2024, the Plan sponsor inadvertently failed to deposit approximately \$24,230 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. To correct this failure, the Plan sponsor intends to deposit lost earnings, file Form 5330 and intends to pay applicable excise tax to the IRS in 2025. The correction and any excise taxes, if applicable will be made from the Plan sponsor's assets and not from assets of the Plan.

9. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan Administrator has evaluated subsequent events and transactions for potential recognition or disclosure through October 14, 2025, the date the financial statements were available to be issued.
