## **Independent Auditors' Report**

Plan Administrator and Participants  
MyCentric Healthcare, LLC 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements**

We have performed an audit of the accompanying financial statements of the MyCentric Healthcare, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion on the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements and 2023 Statement of Net Assets Available for Benefits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedule Required by ERISA**

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Disclaimer of Opinion on the 2023 Statement of Changes in Net Assets Available for Benefits**

We were not engaged to audit, review or compile the accompanying 2023 Statement of Changes in Net Assets Available for Benefits of MyCentric Healthcare, LLC 401(k) Plan and accordingly, we do not express an opinion or any other form of assurance on it.

(GAAP Basis)  
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the MyCentric Healthcare, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by MyCentric Health, LLC (the “Company”), formerly known as MyCentric Health Inc., under the provision of Section 401(a) of the Internal Revenue Code (the “Code”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees of the Company.

Substantially all employees of the Company who have completed two months of service, as defined, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Entry dates into the Plan occur the first day of the first month following completion of two months of service.

Plan Administration

The Plan is administered by an advisory committee which is appointed by the members of the Company (the “Plan Administrator”). Automatic Data Processing (“ADP”) is the Plan’s third-party administrator. The duties of the Plan Administrator are to oversee the operations and administration of the Plan, provide for prudent investment of Plan assets and keep accurate records and reports. Accordingly, the Plan Administrator has been granted discretionary authority concerning investment and management activities. The Plan’s custodian, Reliance Trust Company (“the Custodian”), is responsible for the custody and management of the Plan’s assets.

Contributions

Participants may elect to make voluntary contributions to the Plan by means of a salary deferral agreement. Each year, participants may contribute up to 90 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under Section 402(g) of the Code. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

An automatic enrollment feature exists whereby employees who do not affirmatively make a contribution election or decline participation altogether on the effective date will automatically have 2% of their compensation deferred. Employees and participants may at any time make an affirmative election to opt out of this provision of the plan.

The Company provides a safe harbor matching contribution equal to 100 percent of the first 3 percent of compensation plus 50 percent of salary deferrals between 3 to 5 percent of compensation deferred to the Plan. Additionally, each year, the employer may make a discretionary profit-sharing contribution to the Plan, which is allocated among participants eligible to share in the contribution for the plan year. Employer contributions are subject to certain limitations. Generally, participants must have completed 1,000 hours of service and be actively employed on the last day of the Plan year to share in discretionary employer contributions. For the years ending December 31, 2024 and 2023, the Plan had a contribution receivable due from the Plan Sponsor for employer matching contributions totaling \$338,908 and \$261,208, respectively.

Participant Accounts

Individual accounts are maintained for each of the Plan’s participants to reflect the participant’s contributions, employer matching and non-elective contributions and other contributions, as well as the participant’s share of investment income, appreciation (depreciation), administrative expenses, and any related distributions. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. Allocations are based on the Plan’s earnings or account balances, as defined. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and employer safe harbor matching contributions. Vesting in the Company's discretionary profit-sharing contributions to the plan, as well as all earnings on those contributions, are vested based on years of vesting service. A participant is 100% vested after five years of credited service. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan, to any one or more of the investment funds maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 % of their vested account balance. A participant may only have one loan outstanding at any time. The loans are secured by the balance in the participant's account and bear interest in the amount of the prime rate plus 1%. The interest rate is fixed for the duration of the loan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested account balance upon attainment of age fifty-nine and a half (59½), normal retirement, or upon termination of service. Normal retirement is age sixty-five (65). Hardship distributions are subject to meeting strict hardship guidelines established by the Internal Revenue Service. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be used to reduce future employer contributions, or to pay plan administrative expenses, in accordance with the Plan document. At December 31, 2024 and 2023 forfeited non-vested accounts totaled \$0 and \$0, respectively. During the plan years ending December 31, 2024 and 2023, \$0 and \$0 in forfeited funds were used to reduce employer contributions, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") are as follows:

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan has no obligation to reimburse the Company for the expenses paid on its behalf.

(GAAP Basis)  
NOTES TO FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates and assumptions that affect the reported amounts of net assets and liabilities, the disclosure of contingent net assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded as collected. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at net asset value based on information reported to the Plan by the investment manager as a practical expedient for fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest and other income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

At December 31, 2024 and 2023, the Plan was invested in the Invesco Stable Value Retirement Fund (the "Fund") which invests the majority of its assets in the Invesco Stable Value Trust (the "Stable Value Trust"). The Stable Value Trust invests principally in synthetic guaranteed investment contracts ("SICs") and guaranteed interest contracts ("GICs") issued by insurance companies, investment contracts issued by banks, SICs issued by banks, insurance companies and other issuers, securities supporting such SICs, insurance companies and other issuers, and other similar instruments which are intended to maintain a constant NAV. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at NAV.

Risks and Uncertainties

The Plan provides for investments with different investment strategies. These investments are exposed to various risks, such as interest rate, credit, and overall market volatility risks. The Plan attempts to limit these risks by authorizing and offering participants a broad range of investment options that are invested in high quality securities or are offered and administered by reputable and known investment companies. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. The Plan's exposure to a concentration of risk is limited by the diversification of investments across multiple investment fund options. Additionally, the investments within each investment fund option are further diversified into varied financial instruments.

Market conditions have resulted in an unusually high degree of volatility and increased the risk and may affect the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

3. FAIR VALUE MEASUREMENTS

Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2024 and 2023, there were no significant transfers in or out of levels 1, 2 or 3.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual Funds:* Valued at the net asset value (“NAV”) of shares held by the Plan at year end.

*Common / collective trusts:* Valued based on the NAV of units of the common collective trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities, divided by the total number of units. The practical expedient is not used when it is determined to be probable that the trust will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Each collective trust provides for redemptions by the Plan at reported net asset values per share, with little to no advance notice requirement.

3. FAIR VALUE MEASUREMENTS (Continued)

Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2024:

|   | <u>Level 1</u>      | <u>Level 2</u> | <u>Level 3</u> | <u>Total</u>        |
|---|---------------------|----------------|----------------|---------------------|

(a) These investments are valued using net asset value as a practical expedient, and therefore have not been classified in the fair value hierarchy.

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2024 and 2023, there were no reportable transactions, loans in default or uncollectible, investment assets acquired and disposed of within the Plan, or non-exempt transactions with parties-in-interest which would require supplemental presentation under United States Department of Labor regulations.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan issues and collects interest income from loans to participants. These transactions are party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

8. TAX STATUS

The Company adopted the Automatic Data Processing Non-Standardized Defined Contribution Pre-Approved Plan. The Internal Revenue Service has issued an opinion letter dated October 6, 2020, stating that the plan is acceptable under Section 401(a) of the Code for use by employers for the benefit of their employees. The Company is relying on the opinion letter that the Plan meets the qualification requirements of the Code. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management is responsible for evaluating tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 for the years ended December 31:

10. SUBSEQUENT PRONOUNCEMENTS

Accounting Standards Update

In July 2025, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2025-05, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses for Accounts Receivable and Contract Assets. The amendments in ASU 2025-05 provide (1) all entities with a practical expedient to assume that current conditions as of the balance sheet date do not change for the remaining life of the assets and (2) entities other than public business entities with an accounting policy election to consider collection activity after the balance sheet date when estimating expected credit losses for current accounts receivable and current contract assets arising from transactions accounted for under Topic 606. The guidance in ASU 2025-05 will be effective for fiscal years beginning after December 15, 2025. Early adoption is permitted.

The Plan is currently evaluating these recent pronouncements to determine the impact they will have on the consolidated financial statements.

11. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

Plan Amendment

Effective January 1, 2025, the Plan was amended to allow the Plan Sponsor to fund employer matching contributions each payroll period.
