INDEPENDENT AUDITORS' REPORT

To the Trustees and
The Pike County Recovery Council 401(k) Retirement Plan
Waverly, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Pike County Recovery Council, 401(k) Retirement Plan (Plan) an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT PAGE TWO

Opinion (continued)

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Effective January 1, 2016, the board of trustees of The Pike County Recovery Council (the Organization) adopted The Pike County Recovery Council 401 (k) Retirement Plan, a defined – contribution, 401(k) deferred plan. The Plan is a 401(k) Plan and covers all employees of The Pike County Recovery Council. Employees are eligible for participation in the Plan upon attaining 21 years of age and completing six consecutive months of employment and enter the plan on the first day of the Plan Year Quarter coinciding with or next following the date you satisfy the eligibility requirements of employment with The Pike County Recovery Council. Effective January 1, 2025, the Plan was amended to provide for employees to participate in Plan upon attaining 21 years of age and completing thirty (30) days consecutive days of employment and enter the Plan on the first day of the following month. The eligibility period for the Safe Harbor match will be twelve (12) consecutive months, with contributions beginning the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan includes an automatic contribution arrangement whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default contribution rate set at 3%. Further, if the participant does not make an investment election, then the amount will be invested in a default investment that Plan officials have elected under the Qualified Default Investment account. The Board of Trustees oversees governance of the Plan. The Plan’s investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Plan’s Administrative Committee.

Contributions

Participant’s may contribute up to \$23,000 and additional catch-up for age 50 or older of \$7,500 of pretax annual compensation for 2024 as defined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Organization will make a safe harbor matching contribution up to 5% of their annual pay for the Plan year for persons who are active participants at any time during the Plan year. Participants direct the investment of their contributions and corporate contributions into various investment options offered by the Plan. Also, the Organization may make an employer uniform discretionary profit-sharing contributions to be allocated to each Participant’s account based on Participant’s compensation as of each pay date. The participant may make both traditional before tax and Roth after-tax voluntary contributions.

Participant Accounts

Each participant’s account is credited with the participant’s respective deferral; the Organization’s matching contribution profit sharing contributions and plan earnings. Participant accounts are charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE 1 – DESCRIPTION OF PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon; as well as, the Council's safe harbor matching contributions plus actual earnings. The Plan's uniform discretionary profit-sharing contribution plus actual earnings are 100% vested after six years.

Notes Receivable from Participants

Effective January 1, 2025, the Plan participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a rate of interest of the prime interest rate plus 1%, which is commensurate with local prevailing rates as determined by the administrator. Principal and interest are repaid ratably through bi-weekly payroll deductions

Payment of Benefits

Upon termination of service due to death, disability, or retirement, the vested interest in the participant's account shall be paid in the form of a qualified joint and survivor annuity, unless otherwise elected as provided or in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If the value of the vested benefit does not exceed \$5,000 and has never exceeded \$5,000 at the time of any prior distribution, the entire vested benefit shall be paid to the participant in a single lump sum.

Forfeitures

Due to the Plan's 100% vesting policy, no forfeitures are incurred.

Administrative Expenses

The Plan document provides for the payment of all Plan expenses from the Plan assets unless paid by the Organization. The Organization has elected to pay the administrative expenses of the Plan while the investment expenses of the Plan are paid through Plan Assets. Such investment expenses are included in net investment gain from separate accounts in the accompanying Statement of Changes in Net Assets Available for Benefits.

Investment Options

The participants are permitted to direct the allocation of their individual account balance within the investment options of the Plan.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Investment Valuation and Income Recognition

The Plan's pooled separate accounts are stated at fair value. The value of a separate account is the sum of the market value of the underlying investments as determined by quoted market prices, less operating expenses accrued but not deducted, if any. Purchase and sales transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

DECEMBER 31, 2024 and 2024

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting.

Risk and Uncertainties

The Plan utilizes various investment instruments. Investment securities, in general are exposed to various risks, such as interest rate, market credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Contributions

Participant contributions and the employer matching contributions are recognized when the participant contributions are withheld from the participant's earnings. The Organization's policy is to make the contribution of participants' withholding and Organization match in a timely, normally within five business days of payroll withholding.

Benefits and Withdrawals Paid to Participants

Benefits payments and withdrawals to participants are recorded upon distribution.

Allowance for Credit Losses – Notes Receivable from Participants

The allowance for credit losses is a valuation account that is deducted from, or added to, the note receivable from participants amortized cost basis to present the net amount expected to be collected on the loan. Loans are charged off against the allowance when management believes the uncollectibility of a loan balance is confirmed.

THE PIKE COUNTY RECOVERY COUNCIL 401(k) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 and 2023

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Allowance for Credit Losses – Notes Receivable from Participants (continued)

Management estimates the allowance balance using relevant available information, from internal and external sources, relating to past events, current conditions, and reasonable and supportable forecasts. Historical credit loss experience provides the basis for the estimation of expected credit losses. Adjustments to historical loss information are made for changes in environmental conditions, such as changes in unemployment rates, collateral values, or other relevant factors. Management has determined there is no requirement to provide an allowance for credit loss because the loans are secured by the balance in the participant’s account.

Allowance for Credit Losses – Investments

Management assesses the financial condition and near-term prospects of the issuer, industry and/or geographic conditions, credit ratings as well as other indicators at the individual security level. Impairments below cost in the estimated fair value of individual securities when there is an intent to sell or for which it is more likely than not the Plan will be required to sell before the impairment is recovered, are realized in other income in the statement of changes in net assets available for benefits.

When there is not an intent to sell or it is more likely than not the Plan will not be required to sell the security before the impairment is recovered, management assesses whether the decline in fair value has resulted from credit losses or other factors. If the present value of discounted cash flows expected to be collected is less than the amortized cost basis, credit loss exists and an allowance for securities credit losses is recorded. Such losses are limited to the amount that amortized cost exceeds fair value, even if the amount of the credit loss is greater. Any future changes in the allowance for credit losses is recorded as provision for (reversal of) credit losses. Losses attributable to other factors are charged to net appreciation (depreciation in fair value of investments). Mutual Funds are carried in the financial statements at fair value and Common/Collective Trust Funds are measured at net asset value, and both realized and unrealized gains and losses are included net increase (Decrease) in net assets.

Accounting Standards - Adopted

In June 2016, the FASB issued ASU No. 2016-13, “Financial Instruments – Credit Losses (Topic 326): Measurement of *Credit Losses on Financial Instruments*.” “ASU 2016-13 amendments provide guidance on accounting for current expected credit losses on financial instruments that are not accounted for at fair value through net income, including loans held for investment, held-to-maturity debt securities, trade and other receivables, net investment in leases and other commitments to extend credit held by a reporting entity at each reporting date.

The required measurement methodology is based on expected loss model that includes historical experience, current conditions, and reasonable and supportable forecasts. ASU 2016-13 eliminated the probable incurred loss recognition in current GAAP.

During 2023, the Plan adapted ASU 2016-13 and it had no material effect on its financial statements and footnote disclosures.

NOTE 3 – PLAN TERMINATION

Although the Organization has not expressed any intention to do so, it has the right under the Plan to terminate the Plan, subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and the Plan documents. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 4 – TAX STATUS

The Department of the Treasury, Internal Revenue Service (IRS) has determined and informed the Datair Employee Benefit Systems Inc, by a letter dated March 31, 2014 that the volume submitted profit sharing/401(k) plan and related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC). The Plan has been amended, since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan operates under a Participating Employer Adoption Agreement in connection with a volume submitted profit sharing/401(k) plan and trust/custodial documents sponsored by Datair Employee Benefit Systems Inc. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

NOTE 5 – PARTY-IN-INTEREST

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

Administrative Expenses paid to John Hancock for contract administration amounted to \$8,318 for 2024. Certain administrative functions are performed by the officers and employees of the Organization (who may also be participants in the Plan) at no cost to the Plan. These transactions are not deemed prohibited party-in-interest transactions because they are covered by the statutory or administrative exceptions from the Internal Revenue Code's and ERISA's rules on prohibited transactions.

NOTE 6 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation method are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical and similar assets or liabilities in active markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data;
- Correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Pooled separate accounts: Valued at net asset value (NAV) per share based on quoted market prices of underlying investments. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the value of underlying assets owned by the account, minus its liabilities and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Securities without quoted market price: If quoted market prices are not available, then fair values are established by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows.

The preceding method described may produce fair value calculation that may not be indicative of net realization value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of a different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. They are also valued daily, can be redeemed daily with no restrictions, and without prior notice. There are no unfunded commitments. Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2024 and 2023, are in net appreciation in fair value of investments.

NOTE 9 – EVALUATION OF SUBSEQUENT EVENTS

The Pike County Recovery Council 401 (k) Retirement Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through September 4, 2025, which is the date the financial statements were available to be issued.

NOTE 10 – CARES ACT AND SECURE ACT

The Plan implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) and the Setting Every Community Up for Retirement Act of 2019 (the SECURE Act), which laws changed the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts have been implemented. Written amendments to the Plan to reflect these operational changes will be adopted on or before December 31, 2025, in accordance with applicable law and IRS guidance.

NOTE 11 – AMENDMENTS

On November 27, 2024, the Plan was amended with effective date for amendments to be January 1, 2025. The amendments are as follows:

Plan amended to provide for participant loan relief. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance.

Plan amended eligibility period for elective deferral to be 30 days, with contributions beginning first day of following month. Further, the eligibility period for Safe Harbor match will be twelve (12) months, with contributions beginning the first day of the following month.

On August 10, 2025, the Plan expanded hardship distribution to be permitted from elective deferrals and ADP Safe Harbor contributions.
