SHEET METAL WORKERS LOCAL UNION NO. 12
WELFARE FUND
FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2024 AND 2023

June 23, 2025

INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Sheet Metal Workers Local Union No. 12 Welfare Fund
Pittsburgh, PA

Opinion

We have audited the financial statements of Sheet Metal Workers Local Union No. 12 Welfare Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of Sheet Metal Workers Local Union No. 12 Welfare Fund as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers Local Union No. 12 Welfare Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local Union No. 12 Welfare Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sheet Metal Workers Local Union No. 12 Welfare Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers Local Union No. 12 Welfare Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

SHEET METAL WORKERS LOCAL UNION NO. 12 WELFARE FUND
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE A - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accounting records of the Fund are maintained on the accrual basis.

Investment Valuation and Income Recognition - Investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits – Benefits are recorded when paid.

NOTE B - PLAN DESCRIPTION

The Fund provides health and other benefits covering all employees working under the jurisdiction of the Sheet Metal Workers Local Union No. 12 who are employed by an employer who is obligated, pursuant to a collective bargaining agreement or other written document, to make contributions on their behalf to the Fund. As more specifically described in the Fund booklet, the purpose of the Fund is to provide, health benefits (medical, hospital, surgical, major medical, vision, and dental), life insurance coverage, accident and sickness benefits, employee assistance, and death benefits to eligible participants and to their beneficiaries and covered dependents. The net assets of the Fund represent a reserve for future or additional employee benefits to be purchased or paid directly at the discretion of the Trustees. The Fund is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Employees are permitted to make contributions to maintain eligibility during periods of unemployment. Contributions for members who are also members of the National Stabilization Agreement of the Sheet Metal Industry Trust Fund (SASMI), and who are unemployed and otherwise qualify according to criteria established by the Trustees of SASMI, are paid by SASMI.

The foregoing description of the Fund provides only general information. Participants should refer to the Plan booklet for a more complete description of the Plan's provisions. Copies of the booklet are available from the Fund office.

NOTE C - INCOME TAX STATUS

The Internal Revenue Service has ruled that the Fund qualifies under Section 501(c)(9) of the Internal Revenue Code and is, therefore, exempt from Federal income taxes under the provisions of Section 501(a). Once qualified, the Fund is required to operate in conformity with the Internal Revenue Code to maintain its qualifications.

NOTE D – PRIORITIES UPON TERMINATION

It is the intention of the Trustees to continue the Fund indefinitely. If the Fund were to be terminated by the Trustees, the assets of the Trust Fund would be used for the exclusive benefit of eligible employees to provide benefits and pay fund expenses until exhausted.

NOTE E – CASH DEPOSITS IN EXCESS OF INSURED LIMITS

The Plan maintains cash balances at several financial institutions in Pennsylvania. Accounts at these financial institutions are insured by the Federal Deposit Insurance Corporation to \$ 250,000. At December 31, 2023 the Plan's uninsured cash balances totaled \$3,141,163.

NOTE F – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Cash Equivalents - The carrying value of cash equivalents approximates fair value.

Registered Investment Companies - Mutual Funds are valued at the reported net asset value of shares held by the plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE H - PLAN BENEFIT OBLIGATIONS

Amounts Currently Payable To Or For Participants - The amount reported as amounts currently payable to or for participants represents benefits incurred prior to December 31, and paid in the subsequent year.

Postretirement Benefit Obligations - This postretirement benefit obligation represents the actuarial present value of those estimated future benefits that are attributed by the terms of the plan to employees' service rendered to the date of the financial statements, reduced by the actuarial present value of contributions expected to be received in the future from current plan participants. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired or terminated employees and their beneficiaries and dependents after retirement from service with participating employers, and (2) active employees and their beneficiaries and dependents after retirement from service with participating employers. The postretirement benefit obligation represents the amount that is to be funded by contributions from the plan's participating employers and from existing plan assets. Prior to an active member's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that employee's service in the industry rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical premiums to estimate future annual premium costs per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

For measurement purposes, at December 31, 2024 non-medicare health costs were projected to increase annually by 8.50 percent for 2025 graded to 4.5 percent by 2035 and to remain at that level thereafter. For measurement purposes, at December 31, 2024 medicare health costs were projected to increase annually by 9.00 percent for 2025 graded to 4.5 percent by 2035 and to remain at that level thereafter. For measurement purposes, at December 31, 2023 non-medicare health costs were projected to increase annually by 8.00 percent for 2024 graded to 4.5 percent by 2034 and to remain at that level thereafter. For measurement purposes, at December 31, 2023 medicare health costs were projected to increase annually by 20.00 percent for 2024 graded to 4.5 percent by 2033 and to remain at that level thereafter.

The following were other significant assumptions used in the valuations as December 31, 2024 and 2023:

Weighted-average Discount Rate	2024 – 5.50%; 2023 – 4.75%
Mortality Rate	2024 – Pri-2012 Healthy Retiree Blue Collar Headcount Weighted, projected generationally from 2012 with Scale MP-2021 2023 - Male-103% RP 2006 Blue Collar Mortality Table; Female-108% RP 2006 Blue Collar Mortality Table – Both Scale MP 2018
Retiree Contribution	2024 - Range from \$ 1,752 to \$ 12,636 2023 - Range from \$ 1,752 to \$ 12,636
Expected Claims Amount	2024 - Range from \$ 3,400 to \$ 18,953 2023 - Range from \$ 3,040 to \$ 17,549

The weighted-average health care cost-trend rate assumption has a significant effect on the amounts reported in the accompanying financial statements. If the assumed rates increased by one percentage point in each year, it would increase the obligation as of December 31, 2024 and 2023 by \$ 9,850,938 and \$10,363,264, respectively.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit.

NOTE I – HEALTHCARE REIMBURSEMENT ACCOUNT

In addition to other self-insured benefits, the Fund established a Healthcare Reimbursement Account Program (HRA). The program establishes individual accounts for participants which can be utilized by participants to pay for certain health care expenses not reimbursed by other Welfare Fund programs. Individual accounts are increased by \$0.67 per hour worked, effective August 1, 2024, and increased by \$0.57 per hour worked prior to then. The balance of participants' accounts was \$1,749,031 and \$1,308,116 at December 31, 2024 and 2023, respectively.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial present value of benefit obligations is reported based on certain assumptions pertaining to interest rates, health care inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE K – SUBSEQUENT EVENTS

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through June 23, 2025, the day the financial statements were approved and authorized for issue.
