INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Ashley Stewart, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ashley Stewart, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024, and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial
- doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Assets Held at End of Year and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2024, respectively, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Year Audit -Auditor's Report on 2023 financial statements

The 2023 financial statements of the Ashley Stewart, Inc. 401(k) Plan were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C) and 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform any auditing procedures with respect to the investment information certified by a qualified institution.

Their report dated October 10, 2024, expressed an opinion that, based on their audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section, the amounts and disclosures in the financial statements other than those agreed to or derived from the certified investment information were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. The report further stated that the information in the financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

ASHLEY STEWART, INC. 401(K) PLAN
Notes to Financial Statements

NOTE 1 – DESCRIPTION OF PLAN

The following description of Ashley Stewart, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more comprehensive description of its provisions.

General. The Plan is a defined contribution covering all employees other than sales associates of Ashley Stewart, Inc. (the “Employer” and “Plan Sponsor”). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The trustees of the Plan are two individuals appointed by the Employer.

The Voya Retirement Insurance and Annuity Company (“Voya” or the “Custodian”) is the custodian of the Plan. Voya is a qualified institution pursuant to ERISA.

Eligibility. The Plan’s eligibility requirements allow all employees who complete 6 months of service and 1,000 hours to participate in the Plan and receive discretionary Employer matching contributions, as of the first day of any calendar month following their eligibility date. Sales associates hired after November 1, 2002, are excluded from participation.

Participant Contributions. Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Employer Contributions. The Employer elected to make safe harbor matching contributions equal to 100% of participant deferrals up to 3% of eligible compensation and 50% of the participant’s deferral of the next 2% of eligible compensation. Effective July 1, 2023, the Employer terminated the safe harbor match. The Employer may also make discretionary contributions as determined annually. No Employer discretionary contributions were elected for the year ended December 31, 2024.

Participant Accounts. Each participant’s account is credited with the participant’s contribution, the Employer contributions and the participant’s share of Plan earnings (losses) and charged with an allocation of administrative expenses. Allocations are based on participant earnings, deferrals, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are fully vested in their contributions and Employer safe harbor matching contributions, plus actual earnings thereon. Vesting in the Employer discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service, 25% vesting each year.

Forfeited Accounts. Forfeitures occurring during a Plan year attributable to terminated participants are applied to reduce future Employer matching contributions or to pay administrative fees. There were no forfeitures used to pay administrative fees during 2024. Forfeiture balances were \$772 and \$736 as of December 31, 2024, and 2023, respectively.

Investment Options. Upon enrollment in the Plan, a participant may direct participant and Employer contributions in any of the investment options available. The Plan currently offers pooled separate accounts and insurance investment contracts offered by Voya. Participants may change their investment options as frequently as daily.

Notes Receivable from Participants. Notes receivable to participants during employment are permitted and are outlined in the Plan document. A participant may borrow up to 50% (but not greater than \$50,000) of their vested interest in their account under a Plan loan provision. The notes are secured by the balance in the participant’s account and bear interest based on the prime rate plus 1.5%, established by commercial lending institutions which is fixed at loan issuance. The notes are repaid ratably through payroll deductions over a period of five years or less except for the purchase of a principal residence which may be repaid over a reasonable period of time that may be longer than five years.

NOTE 1 – DESCRIPTION OF PLAN (Concluded)

Payment of Benefits. On termination of service, or upon death, disability, or retirement at normal retirement age, a participant shall be entitled to a distribution equal to the vested value of his or her account. A participant may elect immediate distribution or may file a written election authorizing deferral of the distribution until normal retirement age. Upon termination of employment, if the value of a participant’s vested benefit does not exceed \$5,000 and the participant does not elect to have such distribution paid directly to an “eligible retirement plan” specified by the participant in a direct rollover or to receive the distribution directly, then the distribution shall be paid in a direct rollover to an IRA designated by the Plan’s administrator (“Plan Administrator”).

Participants can also elect to receive benefits on a later retirement date which is defined as the first day of the month in which a participant stops working for the Employer; however, benefit payments for terminated participants must start on April 1, the later of the calendar year in which the employee reaches age 72, or the calendar year in which the employee retires.

If an active participant dies, his or her account shall be 100% vested regardless of the years of service and will be payable to his or her beneficiary. If a terminated participant dies prior to the time benefits have commenced, the then vested portion of his or her benefit will be payable to the beneficiary. The beneficiary may elect to receive payments as a lump sum or installments.

Two types of withdrawals are available to participants while they are employed by the Employer: regular and hardship. Regular withdrawals are only available to participants over the age of 59 1/2 years. Hardship withdrawals, as defined by Internal Revenue Service (“IRS”) regulations, are granted to participants under this age who are in need of financial aid due to immediate and heavy financial needs.

Recent Legislation. In December 2022, SECURE Act 2.0 (“SECURE 2.0”) was enacted. SECURE 2.0 contains numerous significant changes for retirement plans, plan sponsors, and retirement plan providers. For example, SECURE 2.0 contains provisions related to, among many other things, increasing the required minimum distribution age, reducing required minimum distribution penalties, and removing required minimum distribution barriers for annuities. Many of the provisions in SECURE 2.0 went effective in 2023, but SECURE 2.0 will not be completely implemented until 2027. The Internal Revenue Service (“IRS”) has issued additional guidance addressing specific issues arising from the implementation of the provisions of SECURE 2.0.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“GAAP”).

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Concentration of Credit Risk. Substantially all of the Plan’s assets are held by the Custodian who executes all investment transactions.

(Continued)

ASHLEY STEWART, INC. 401(K) PLAN
Notes to Financial Statements

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Investment Valuation and Income Recognition. Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Benefit Payments. Benefits are recorded when paid.

Administrative Expenses. Certain administrative expenses, including functions performed by officers or employees of the Employer, are provided by the Employer at no charge to the Plan, and the Employer has no plans to obtain reimbursement of these expenses from the Plan. Administrative expenses can also be paid by the Plan using forfeitures. Participants are responsible for all fees associated with initiating a loan.

NOTE 3 – INFORMATION CERTIFIED BY THE CUSTODIAN

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was prepared by the Custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Custodian that such information is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024, and 2023.
- Dividend and interest income, interest on notes receivable from participants and net appreciation in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Note 4: All investment balances.
- The schedule of assets held at end of year as of December 31, 2024, as shown on Form 5500, Schedule H, Part IV, Line 4i.

ASHLEY STEWART, INC. 401(K) PLAN

NOTE 4 – FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024, and 2023.

Pooled Separate Accounts and Guaranteed Investment Contract. Valued at net asset value of the underlying funds at year end (“NAV”). The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the accounts, the issuer reserves the right to require one day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENTS (Concluded)

Investments Measured Using the Net Asset Value per Share Practical Expedient. The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024, and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2024,</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 10,427,901	N/A	Daily	N/A
Guaranteed investment contract	<u>80,296</u>	N/A	Daily	N/A
	<u>\$ 10,508,197</u>			
<u>December 31, 2023,</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 9,972,712	N/A	Daily	N/A
Guaranteed investment contract	<u>83,518</u>	N/A	Daily	N/A
	<u>\$ 10,056,230</u>			

NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACTS

The Plan holds traditional investment contracts, Voya Fixed Account and Voya Fixed Account A, which meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The interest credited at December 31, 2024, for Voya Fixed Account and Voya Fixed Account A was 3.00% and 1.50%, respectively. The interest credited at December 31, 2023, for Voya Fixed Account and Voya Fixed Account A was 3.00% and 1.25%, respectively. The contract cannot be terminated before the scheduled maturity date. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. Premature terminations of the guaranteed general accounts for a non-benefit event are subject to a surrender charge.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(Continued)

ASHLEY STEWART, INC. 401(K) PLAN

Notes to Financial Statements

NOTE 5 – FULLY BENEFIT-RESPONSIVE CONTRACTS (Concluded)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan’s failure to qualify under Section 401(a) of the Internal Revenue Code (“IRC”) or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan’s prohibition on competing investment options.
5. Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan’s investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE 6 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024, and 2023.

	2024	2023
Net assets available for benefits per the financial statements	\$ 10,994,587	\$ 10,612,198
Plus: excess contributions payable	-	77,271
Less: 2024 contribution receivable	4,279	
Net assets available for benefits per Form 5500	\$ 10,990,308	\$ 10,689,469

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2024:

	Amount
Change in net assets available for benefits per the financial statements	\$ 305,118
Less: 2024 contributions receivable	4,279
Change in net assets available for benefits per Form 5500	\$ 300,839

ASHLEY STEWART, INC. 401(K) PLAN
Notes to Financial Statements

NOTE 7 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts and fully benefit-responsive contracts that are managed by Voya, which is the custodian of the Plan. These transactions are considered to be party-in-interest transactions. Personnel and facilities of the Employer have been used to perform administrative functions for the Plan at no charge to the Plan.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, participants would become 100% invested in their Employer contributions.

NOTE 9 – TAX STATUS

The IRS ruled on June 30, 2020, that the Volume Submitter 401 (k) Profit Sharing Plan, which was adopted by the Plan, is acceptable under Section 401 (a) of the IRC. Although the Plan has been amended since the adoption, the Plan Administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Employer inadvertently failed to deposit participant contributions totaling \$4,040 to the Plan timely during the year ended December 31, 2024. The Employer has stated they will use the self-correction program and remitted lost earnings to the Plan and filed Form 5330 with the IRS and paid applicable excise taxes, which will be paid from Employer funds and not Plan assets.

NOTE 12 – SUBSEQUENT EVENTS

Management has evaluated all known subsequent events from December 31, 2024, through October 10, 2025, the date the accompanying financial statements were available to be issued and is not aware of any material subsequent events occurring during this period that have not been disclosed in the notes to the financial statements.
