## INDEPENDENT AUDITOR'S REPORT

To the Apollo Management Holdings, LP 401(k) Plan  
Greenwich, Connecticut

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apollo Management Holdings, LP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**1. DESCRIPTION OF THE PLAN**

The following description of the Apollo Management Holdings, LP 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s information.

**General**—The Plan was adopted by Apollo Management Holdings, LP (the “Plan Sponsor” or the “Company”) on January 1, 2009. The Plan is a defined contribution plan covering substantially all salaried employees and partners of the Company with a minimum age of 21. Certain employees of the Company control and manage the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee and recordkeeper of the Plan (the “Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**—Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In 2024, the maximum contribution allowable per participant under the Internal Revenue Code (IRC) for participants under age 50 was \$23,000 and for participants over age 50 was \$30,500. The Company may make discretionary matching, as well as nonelective discretionary contributions. For the 2024 plan year, the Company matched 50% of eligible annual employee contributions up to 3% of the eligible employees’ annual compensation. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for Roth 401(k) contributions. Participants may contribute up to 50% of their after-tax annual compensation, as defined in the Plan. The Plan will not accept rollovers of after-tax employee contributions. However, the Plan will accept designated Roth contributions as rollovers.

Participants need to make a specific election regarding the deferral on their bonuses.

**Participant Accounts**—Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contribution and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investments**—Participants direct the investment of their contributions and/or account balances into various investment options offered by the Plan, which includes mutual funds, common collective trusts (“CCTs”), and a guaranteed interest account. New York Life Insurance Company is the custodian of the guaranteed interest account.

**Vesting**—Participants are vested immediately in their contributions, plus actual earnings thereon. The Company’s matching contributions and earnings are vested 100% after the participant completes three years of employment. Participants that leave prior to completing three years of employment forfeit any matching contributions and earnings.

**Forfeited Accounts**—When certain terminations of participation in the Plan occur, the nonvested portion of the participant’s account as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$423,648 and \$382,825, respectively. During the year ended

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

---

December 31, 2024, Company contributions were reduced by \$219,432 from forfeited nonvested accounts.

**Notes Receivable from Participants**—Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years, but not over 10 years, for the purchase of a primary residence. The Plan accepts rollovers and loan transfers for employees acquired through acquisitions or business combinations, as such, those loan terms may exceed 10 years with a maximum loan term of 20 years. As of December 31, 2024, participant loans have maturities through 2041 at interest rates of 4.25% up to 9.50%.

**Payment of Benefits**—On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of Estimates**—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of participants’ account balances and the amounts reported in the financial statements.

**Concentrations of Investments**—Included in investments as of December 31, 2024 and 2023, is an interest in Fidelity 500 Index Fund of \$72,772,176 and \$51,172,982, respectively. This investment represents 19% and 17% of total investments as of December 31, 2024 and 2023, respectively. Also included in investments as of December 31, 2024 and 2023, is an interest in T. Rowe Price Retirement 2050 of \$40,146,237 and \$31,787,372 representing 10% and 10% of total investments, respectively. A significant decline in the market value of these investments could significantly affect the net assets available for benefits.

**Investment Valuation and Income Recognition**—The Plan’s mutual fund investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

The Plan’s investments in common collective trusts are stated at fair value using net asset value (“NAV”) based upon the redemption price of units held by the Plan, which is based on the current fair

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

---

value of the CCTs underlying assets. Unit values are determined by the financial institution sponsoring such funds' net assets at fair value by its units outstanding at the valuation dates.

The Plan's guaranteed interest account is stated at contract value. Contract value as reported represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains or losses on investment transactions are recorded as the difference between proceeds received and cost. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Administrative Expenses, net**—Administrative expenses of the Plan are paid by the Plan or Plan Sponsor as provided in the plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

For the years ended December 31, 2024 and 2023, the Plan received \$37,778 and \$21,691 respectively, in credits from the Trustee as part of a revenue sharing agreement that allows for excess revenue to be used to pay plan expenses. These credits were recorded in administrative expenses, net.

**Notes Receivable from Participants**—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are recorded as distributions based on the terms of the Plan document.

**Payment of Benefits**—Benefit payments to participants are recorded upon distribution. There are no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, as of December 31, 2024 and 2023.

**Contributions**—Employee contributions are recorded when withheld and employer contributions are recorded when earned.

**Excess Contributions Payable**—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

### **3. CERTIFIED INVESTMENT INFORMATION**

The following tables are a summary of information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule of assets (held at end of year) that was prepared by or derived from information prepared by the Trustee and New York Life Insurance Company, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and New York Life Insurance Company that such information is complete and accurate.

All investment balances and investment information included in the supplemental schedule of assets (held at end of year) and in Notes 2, 3 and 4 were certified by the Trustee, except for classification and leveling of investments under Financial Accounting Standards Board Accounting Standard Codification (ASC) 820, *Fair Value Measurement*.

#### **4. FAIR VALUE MEASUREMENTS**

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

**Asset Valuation Techniques**—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

**Mutual Funds**—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and categorized as Level 1 in the fair value hierarchy.

**Common Collective Trusts**—Investments in CCTs are valued at fair value using NAV based upon the redemption price of units held by the Plan, which is based on the current fair value of the CCTs underlying assets. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. Unit values are determined by the financial institution sponsoring such funds' net assets at fair value by its units outstanding at the valuation dates. Investments valued based on NAV per unit are not included in the fair value hierarchy in accordance with applicable authoritative accounting guidance.

**Guaranteed Interest Account**—The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiative permitted transactions under the terms of the Plan. Contract

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate at that is guaranteed to the Plan. The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts is dependent on the third -party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- 2) Premature termination of the contracts
- 3) Plan termination or merger
- 4) Changes to the Plan's prohibition on competing investment options
- 5) Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

A summary of the Plan's investments measured at fair value on a recurring basis set forth by level within the fair value hierarchy as of December 31, 2024 and 2023, are as follows:

	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	2024
Mutual funds:	\$ 192,161,014	\$ -	\$ -	\$ 192,161,014
<b>Total</b>	<b>\$ 192,161,014</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 192,161,014</b>

	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	2023
Mutual funds:	\$ 155,294,336	\$ -	\$ -	\$ 155,294,336
<b>Total</b>	<b>\$ 155,294,336</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 155,294,336</b>

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

A reconciliation of the fair value hierarchy table to the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, are as follows:

<b>Statements of Net Assets</b>	<b>2024</b>	<b>2023</b>
<b>Investments recorded at fair value:</b>		
Classified in the fair value hierarchy		
Mutual funds	\$ 192,161,014	\$ 155,294,336
Not classified in the fair value hierarchy <sup>1</sup>		
CCTs <sup>2</sup>	199,785,803	153,294,711
<b>Total investments at fair value</b>	<b>\$ 391,946,817</b>	<b>\$ 308,589,047</b>
<b>Investments at contract value:</b>		
Guaranteed Interest Account	711,046	1,234,224
<b>Total Investments</b>	<b>\$ 392,657,863</b>	<b>\$ 309,823,271</b>

<sup>1</sup> These investments are valued based on NAV per unit, as provided by the trustee of the fund, and have not been classified in the fair value hierarchy. The fair value amounts are provided to reconcile to the Statement of Net Assets Available for Benefits.

<sup>2</sup> A brief description of the CCTs respective investment objectives and redemption restrictions follow:

- Unitholders of the T. Rowe Price Retirement Trusts may be required to provide up to 30-days advance written notice to the trustee prior to redemption of trust units; the notice period may be shortened or waived by the trustee in its sole discretion. There are no unfunded commitments or other redemption restrictions.

**Transfers Between Levels**—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the actual date of the event or change in circumstances that caused the transfer. There were no transfers between any levels during the year ended December 31, 2024.

## 5. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that all plan years still eligible to be audited remain open and subject to audit.

**6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan.

Certain Plan investments are shares of mutual funds managed by the Trustee. Since Fidelity Management Trust Company is the trustee as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned by each fund.

The Plan has a revenue sharing arrangement in place with the Trustee (see Note 2). This revenue is used to offset administrative expenses.

The Plan issues loans to participants which are secured by the vested balances in the participants' accounts.

**7. PLAN TERMINATION**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

**8. SUBSEQUENT EVENTS**

Management has evaluated all subsequent events or transactions for potential recognition or disclosure through October 14, 2025, the date on which these financial statements were available to be issued, and has determined that there were no other subsequent events requiring adjustments to or disclosure in the financial statements.

## INDEPENDENT AUDITOR'S REPORT

To the Apollo Management Holdings, LP 401(k) Plan  
Greenwich, Connecticut

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apollo Management Holdings, LP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

**1. DESCRIPTION OF THE PLAN**

The following description of the Apollo Management Holdings, LP 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s information.

**General**—The Plan was adopted by Apollo Management Holdings, LP (the “Plan Sponsor” or the “Company”) on January 1, 2009. The Plan is a defined contribution plan covering substantially all salaried employees and partners of the Company with a minimum age of 21. Certain employees of the Company control and manage the operation and administration of the Plan. Fidelity Management Trust Company serves as the trustee and recordkeeper of the Plan (the “Trustee”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**—Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the Plan. Such contributions are excluded from the participant’s taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In 2024, the maximum contribution allowable per participant under the Internal Revenue Code (IRC) for participants under age 50 was \$23,000 and for participants over age 50 was \$30,500. The Company may make discretionary matching, as well as nonelective discretionary contributions. For the 2024 plan year, the Company matched 50% of eligible annual employee contributions up to 3% of the eligible employees’ annual compensation. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for Roth 401(k) contributions. Participants may contribute up to 50% of their after-tax annual compensation, as defined in the Plan. The Plan will not accept rollovers of after-tax employee contributions. However, the Plan will accept designated Roth contributions as rollovers.

Participants need to make a specific election regarding the deferral on their bonuses.

**Participant Accounts**—Individual accounts are maintained for each participant of the Plan. Each participant’s account is credited with the participant’s contribution and Plan earnings. Participant accounts are also charged with withdrawals and an allocation of Plan losses and administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Investments**—Participants direct the investment of their contributions and/or account balances into various investment options offered by the Plan, which includes mutual funds, common collective trusts (“CCTs”), and a guaranteed interest account. New York Life Insurance Company is the custodian of the guaranteed interest account.

**Vesting**—Participants are vested immediately in their contributions, plus actual earnings thereon. The Company’s matching contributions and earnings are vested 100% after the participant completes three years of employment. Participants that leave prior to completing three years of employment forfeit any matching contributions and earnings.

**Forfeited Accounts**—When certain terminations of participation in the Plan occur, the nonvested portion of the participant’s account as defined by the Plan, represents a forfeiture. The plan document permits the use of forfeitures to either reduce future employer contributions or plan administrative expenses for the plan year. However, if a participant is reemployed and fulfills certain requirements, as defined in the plan document, the account will be reinstated. As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$423,648 and \$382,825, respectively. During the year ended

**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

---

December 31, 2024, Company contributions were reduced by \$219,432 from forfeited nonvested accounts.

**Notes Receivable from Participants**—Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at a rate commensurate with local prevailing rates at the time funds are borrowed as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions or as a lump sum for the outstanding loan balance. Loan terms range from 1 to 5 years; however, terms may exceed 5 years, but not over 10 years, for the purchase of a primary residence. The Plan accepts rollovers and loan transfers for employees acquired through acquisitions or business combinations, as such, those loan terms may exceed 10 years with a maximum loan term of 20 years. As of December 31, 2024, participant loans have maturities through 2041 at interest rates of 4.25% up to 9.50%.

**Payment of Benefits**—On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account.

Participants are also eligible to make hardship withdrawals from their deferred contributions in the event of certain financial hardships.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Accounting**—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of Estimates**—The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties**—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of participants’ account balances and the amounts reported in the financial statements.

**Concentrations of Investments**—Included in investments as of December 31, 2024 and 2023, is an interest in Fidelity 500 Index Fund of \$72,772,176 and \$51,172,982, respectively. This investment represents 19% and 17% of total investments as of December 31, 2024 and 2023, respectively. Also included in investments as of December 31, 2024 and 2023, is an interest in T. Rowe Price Retirement 2050 of \$40,146,237 and \$31,787,372 representing 10% and 10% of total investments, respectively. A significant decline in the market value of these investments could significantly affect the net assets available for benefits.

**Investment Valuation and Income Recognition**—The Plan’s mutual fund investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion on fair value measurements.

The Plan’s investments in common collective trusts are stated at fair value using net asset value (“NAV”) based upon the redemption price of units held by the Plan, which is based on the current fair

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

---

value of the CCTs underlying assets. Unit values are determined by the financial institution sponsoring such funds' net assets at fair value by its units outstanding at the valuation dates.

The Plan's guaranteed interest account is stated at contract value. Contract value as reported represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains or losses on investment transactions are recorded as the difference between proceeds received and cost. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Administrative Expenses, net**—Administrative expenses of the Plan are paid by the Plan or Plan Sponsor as provided in the plan document. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

For the years ended December 31, 2024 and 2023, the Plan received \$37,778 and \$21,691 respectively, in credits from the Trustee as part of a revenue sharing agreement that allows for excess revenue to be used to pay plan expenses. These credits were recorded in administrative expenses, net.

**Notes Receivable from Participants**—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent notes receivable from participants, if any, are recorded as distributions based on the terms of the Plan document.

**Payment of Benefits**—Benefit payments to participants are recorded upon distribution. There are no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but have not yet been paid, as of December 31, 2024 and 2023.

**Contributions**—Employee contributions are recorded when withheld and employer contributions are recorded when earned.

**Excess Contributions Payable**—The Plan is required to return contributions received during the Plan year in excess of the IRC limits.

### **3. CERTIFIED INVESTMENT INFORMATION**

The following tables are a summary of information regarding the Plan as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included in the Plan's financial statements and supplemental schedule of assets (held at end of year) that was prepared by or derived from information prepared by the Trustee and New York Life Insurance Company, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the Trustee and New York Life Insurance Company that such information is complete and accurate.

All investment balances and investment information included in the supplemental schedule of assets (held at end of year) and in Notes 2, 3 and 4 were certified by the Trustee, except for classification and leveling of investments under Financial Accounting Standards Board Accounting Standard Codification (ASC) 820, *Fair Value Measurement*.

#### **4. FAIR VALUE MEASUREMENTS**

ASC 820 provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

**Asset Valuation Techniques**—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used as of December 31, 2024 and 2023.

**Mutual Funds**—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and categorized as Level 1 in the fair value hierarchy.

**Common Collective Trusts**—Investments in CCTs are valued at fair value using NAV based upon the redemption price of units held by the Plan, which is based on the current fair value of the CCTs underlying assets. The NAV as provided by the trustee is used as a practical expedient to estimate fair value. Unit values are determined by the financial institution sponsoring such funds' net assets at fair value by its units outstanding at the valuation dates. Investments valued based on NAV per unit are not included in the fair value hierarchy in accordance with applicable authoritative accounting guidance.

**Guaranteed Interest Account**—The Plan holds an investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for a fully benefit-responsive investment contract because this is the amount received by participants if they were to initiative permitted transactions under the terms of the Plan. Contract

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate at that is guaranteed to the Plan. The Plan's ability to receive amounts in accordance with fully benefit-responsive investment contracts is dependent on the third -party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- 1) The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- 2) Premature termination of the contracts
- 3) Plan termination or merger
- 4) Changes to the Plan's prohibition on competing investment options
- 5) Bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

A summary of the Plan's investments measured at fair value on a recurring basis set forth by level within the fair value hierarchy as of December 31, 2024 and 2023, are as follows:

	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	2024
Mutual funds:	\$ 192,161,014	\$ -	\$ -	\$ 192,161,014
<b>Total</b>	<b>\$ 192,161,014</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 192,161,014</b>

	Quoted prices in active markets for identical assets (Level 1)	Other observable inputs (Level 2)	Significant unobservable inputs (Level 3)	2023
Mutual funds:	\$ 155,294,336	\$ -	\$ -	\$ 155,294,336
<b>Total</b>	<b>\$ 155,294,336</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 155,294,336</b>

**NOTES TO FINANCIAL STATEMENTS**  
**AS OF DECEMBER 31, 2024 AND 2023, AND FOR THE YEAR ENDED DECEMBER 31, 2024**

A reconciliation of the fair value hierarchy table to the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, are as follows:

<b>Statements of Net Assets</b>	<b>2024</b>	<b>2023</b>
<b>Investments recorded at fair value:</b>		
Classified in the fair value hierarchy		
Mutual funds	\$ 192,161,014	\$ 155,294,336
Not classified in the fair value hierarchy <sup>1</sup>		
CCTs <sup>2</sup>	199,785,803	153,294,711
<b>Total investments at fair value</b>	<b>\$ 391,946,817</b>	<b>\$ 308,589,047</b>
<b>Investments at contract value:</b>		
Guaranteed Interest Account	711,046	1,234,224
<b>Total Investments</b>	<b>\$ 392,657,863</b>	<b>\$ 309,823,271</b>

<sup>1</sup> These investments are valued based on NAV per unit, as provided by the trustee of the fund, and have not been classified in the fair value hierarchy. The fair value amounts are provided to reconcile to the Statement of Net Assets Available for Benefits.

<sup>2</sup> A brief description of the CCTs respective investment objectives and redemption restrictions follow:

- Unitholders of the T. Rowe Price Retirement Trusts may be required to provide up to 30-days advance written notice to the trustee prior to redemption of trust units; the notice period may be shortened or waived by the trustee in its sole discretion. There are no unfunded commitments or other redemption restrictions.

**Transfers Between Levels**—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the actual date of the event or change in circumstances that caused the transfer. There were no transfers between any levels during the year ended December 31, 2024.

## 5. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by the Trustee. The Trustee received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that all plan years still eligible to be audited remain open and subject to audit.

**6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS**

Certain officers and employees of the Company (who may also be participants in the Plan) perform administrative services related to the operation, recordkeeping, and financial reporting of the Plan.

Certain Plan investments are shares of mutual funds managed by the Trustee. Since Fidelity Management Trust Company is the trustee as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned by each fund.

The Plan has a revenue sharing arrangement in place with the Trustee (see Note 2). This revenue is used to offset administrative expenses.

The Plan issues loans to participants which are secured by the vested balances in the participants' accounts.

**7. PLAN TERMINATION**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

**8. SUBSEQUENT EVENTS**

Management has evaluated all subsequent events or transactions for potential recognition or disclosure through October 14, 2025, the date on which these financial statements were available to be issued, and has determined that there were no other subsequent events requiring adjustments to or disclosure in the financial statements.
