REPORT OF INDEPENDENT AUDITORS

To Participants and the Administrator of
Neolpharma1081.01 (d) Savings Plan
Caguas, Puerto Rico

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Neolpharma1081.01 (d) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Neolpharma1081.01 (d) Savings Plan 's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Neolpharma1081.01 (d) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Neolpharma1081.01 (d) Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Neolpharma1081.01 (d) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Neolpharma1081.01 (d) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H Line 4(i) - Schedule of Assets Held (At End of Year) for the year ended on December 31, 2024, and Schedule H Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended on December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NEOLPHARMA 1081.01 (D) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of the Plan

The following description of the Neolpharma 1081.01 (d) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a complete description of the Plan provisions.

General

The Plan is a defined contribution plan sponsored by Neolpharma, Inc., a corporation organized under the laws of the Commonwealth of Puerto Rico (hereafter the "Employer" or the "Company") effective on February 9, 2013. The Plan's trustee and recordkeeper is Banco Popular de Puerto Rico -Trust Division. Its function is the administration of a fund accumulated under the provisions of a pension plan for the purpose of providing retirement benefits for eligible employees of the Company. The Plan is subject to the provision of Section 1081(a) and (d) of the Puerto Rico Code, as amended, and the provisions of the Employee Retirement Income Security Act (ERISA).

The Plan is a profit-sharing plan with a qualified cash or deferred contribution agreement covering all employees of the Employer. Employees become eligible once they have completed 3 months of service.

Effective January 1, 2024, the Plan was amended and made the following changes:

- a) the eligible employees to participate in the Plan to exclude part-timers who do not complete 500 hours during two consecutive years,
- b) to add the employees of an affiliate CEDIPROF, Inc.,
- c) modified the normal retirement age from 65 to 60 years old,
- d) add periodical payments only for Participant's who attain Normal Retirement Age or Early Retirement Age

Retirement date

Participants are eligible to receive retirement distributions upon normal retirement age of 60.

Contributions

The Plan Sponsor may contribute to the trust in such amounts, as the Plan Sponsor, at its sole discretion, may determine which is not limited to its current or accumulated net profit. In the event of a loss, the plan sponsor reserves the right to make no contributions to the Plan. The Plan Sponsor's profit-sharing contributions are allocated based on compensation.

Participants may elect to contribute to the plan up to a maximum deferral amount specified by the Puerto Rico Internal Revenue Code, which was \$15,000 for 2024 and 2023. Participants may direct their contributions into various investment options consisting mostly of mutual funds. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions up to a maximum amount of \$1,500 annually.

The Plan Sponsor will make matching contributions equivalent to 50% of the participant's salary deferral up to a maximum of 7% of pay, after completing three months of service requirement. The participants may elect to defer their compensation based on the Puerto Rico Law.

Participant accounts

An account is maintained for each participant, credited with the participant's contribution and allocation of: (i) the Employer's contribution, (ii) plan earnings, and (iii) forfeitures of terminated participants' nonvested accounts and is charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NEOLPHARMA 1081.01 (D) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of the Plan (continued)

Participant accounts (continued)

The amount of the Employer's contribution allocated to each Participant is either: (i) such pro-rata part of the Employer's contribution as the Participant's compensation bears to the total compensation of all such Participants; or (ii) such equal fixed amount to all such eligible Participants that the Employer may determine.

Vesting

Participants' contributions are fully vested at all times. Vesting in the balance of their contributed accounts (employer's contributions), including accumulated earnings thereon is based on years of continuous service. The matching contributions to each participant's account are subject to vesting requirements.

<u>Years of service</u>	<u>Vested Percentage</u>
Less than one year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Benefit payments

Upon termination of service due to death, disability, or retirement, a participant or his/her beneficiary may elect to receive either a lump sum equal to the value of the participant's vested interest in his or her account, or in annuities and can be made in cash or property. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts

Forfeitures of non-vested account balances in any given year are used to reduce either, employer's matching contribution or the plan's administrative expenses. As of December 31, 2024 and 2023, forfeitures for non-vested accounts totaled \$7,714 and \$3,574, respectively. For the years ended December 31, 2024 and 2023, the plan used \$5,051 and \$3,655, respectively, from forfeited non-vested accounts to pay administrative expenses.

Plan termination

Although it has not expressed any intent to do so, the Employer has the right, under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies followed in the United States of America and consistently applied in the preparation of the accompanying financial statements judged by the plan administrator to be the most appropriate in the circumstances to present fairly the Plan's financial position and results of operations in accordance with accounting principles generally accepted in the United States of America follows:

Basis of Accounting

The Plan's financial statements have been prepared under the accrual basis of accounting.

NEOLPHARMA 1081.01 (D) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

2. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the exdividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions

Contributions are recognized when withheld to participants and properly matched with the Employer's contributions.

Benefit Payments

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Employer provides certain administrative and accounting services to the Plan at no cost. Administrative expenses including audit fees and legal fees are paid directly by the Employer. Other administrative expenses directly incurred by the Plan include investment management fees, and distributions fees are charged directly to the participant's accounts. Revenue sharing arrangements between the Plan's investments funds and the Plan's Trustee are credited against the Plan's administrative expenses. For the years ended on December 31, 2024, there were no revenue sharing credited.

3. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, "*Fair Value Measurements and Disclosures*", provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology includes:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3. Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: The fair value of mutual funds are based upon on quoted net asset values of the shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

There were no assets for which fair value measurements would include them in the level 2 or 3 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2024 and 2023:

	Fair Value Measurements at Reporting Date Using:		
	(Level 1)	(Level 2)	(Level 3)
<u>December 31, 2024</u>			
Mutual Funds	<u>\$ 5,829,795</u>	<u>\$ -</u>	<u>\$ -</u>
<u>December 31, 2023</u>			
Mutual Funds	<u>\$ 5,285,717</u>	<u>\$ -</u>	<u>\$ -</u>

Gains and losses (realized and unrealized) included in the statements of changes in net assets available for benefits for the year ended December 31, 2024 and 2023, are reported as net appreciation in fair value of investments.

4. Information Prepared and Certified by Banco Popular de Puerto Rico

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023 net appreciation in fair value of investments and interest and dividends for the years then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate in accordance with section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 by the Banco Popular de Puerto Rico Trust Division. The table below presents the investments held by the trustee:

Interest and dividend income	\$ 217,554	\$ 165,970

5. Tax Status

Effective September 10, 2013, the Plan was amended in order to comply with the new Puerto Rico Internal Revenue Code of 2011, Section 1081.01, which includes the same provisions and benefits of the previous code, and also provides the tax-exempt status for the plan.

The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Puerto Rico Code and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Treasury Department of Puerto Rico. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes may materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related Party Transactions and Party in Interest Transactions

BPPR Trust Division, trustee of the plan, manages the Plan's investment transactions. BPPR Services Division serves as recordkeeper of the Plan's assets. Certain administrative fees related to the administration of the plan were paid by the Plan Sponsor. These transactions qualify as party-in-interest transactions. Fees billed to the plan for services rendered amounted to \$43,939 and \$42,020 for the years ended December 31, 2024 and 2023, respectively.

Several employees of the Plan Sponsor provide administrative services to the Plan. These services include Plan oversight and day-to-day Plan administration. The Plan is not charged by the Company for these services of the employees to the Plan.

8. Contingency

The financial statements of the Plan Sponsor were prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate the continuation of the company's operations.

However, the Plan Sponsor has sustained significant losses which have affected its working capital and have created an accumulated deficit.

8. Contingency (continued)

In view of these matters, the realization of assets of the Plan Sponsor is dependent on the achievement of a continuing profitable level in its future operations and continued support of the parent company and its affiliates.

The management of the Plan Sponsor expects that the plan of action and the continued support from its parent and affiliated companies should permit the company to continue its operations and to meet and be able to pay its outstanding debts when they become due.

In the event of a ceased operations, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provision of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

9. Subsequent events

Subsequent events were evaluated through October __, 2025, which is the date of the financial statements were available to be issued. No events have occurred subsequent to the statement of net assets available for benefits date, and the date the financial statements were available to be issued that would require additional adjustment to or disclosure in the financial statements.

10. Non-exempt Transactions

As required by ERISA Section 2510.3-102, the Company is required to segregate employee contributions to the Plan from its general assets as soon as practicable but in no event more than 15 business days following the end of the month in which amounts are withheld from wages. During the year 2024, the Company did not remit some employee contributions as soon as they are able to remit the contributions to the custodian. The Company is able to remit in an average of 4 days immediately after payroll payment and they remitted the participant contributions within an average of 6 to 13 days. Total participant contributions considered late amount to \$59,357 in 2024 and \$21,675 in 2023. On November 21, 2024 the Company paid \$34 for loss of earnings to participants outside of the Voluntary Fiduciary Correction program of the DOL for the year 2023.
