INDEPENDENT AUDITOR'S REPORT

Board of Directors
Miller Paint Co., Inc. Employee Stock Ownership Plan
Portland, Oregon

Opinion

We have audited the financial statements of the Miller Paint Co., Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures

applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MILLER PAINT CO., INC.
EMPLOYEE STOCK OWNERSHIP PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Miller Paint Co., Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan's legal documents for a more complete description of the Plan's provisions.

General - The Plan was established on December 1, 1997 and is an employee stock ownership plan covering substantially all employees of Miller Paint Co., Inc. (the Company or the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is designed to comply with Internal Revenue Code (IRC) Sec. 4975(e)(7) and related regulations.

Plan Amendment and Freeze of Plan - Effective December 1, 2024, the Company entered into an asset purchase agreement (the Agreement) with a third-party buyer (the Buyer), also engaged in the manufacturing and sale of paint and related products. As a result of this transaction, all of the participants in the Plan terminated their employment with the Company on November 30, 2024. The Plan and all real estate owned by the Company was excluded from the purchased assets and the Company elected to amend and freeze the Plan to new participants and accrual of additional benefits, effective as of December 1, 2024 (the Freeze Date). This election freezes all future participation and prohibits future entry into the Plan for any additional participants. It ceases all employer contributions and benefit accruals under the Plan effective from the Freeze Date such that no future contribution allocations will be credited to participant accounts. Additionally, it provides for the full vesting of Plan participants effective as of the Freeze Date.

Effective November 16, 2023, the Plan was amended to allow partial withdrawal for any participant that has attained age 65 or older and the minimum withdrawal is not less than \$5,000.

Trustees - The Plan's trustees are employees of the Company and participants in the Plan.

Eligibility - After an employee has attained age 18 and completed one year of service (1,000 hours), the employee becomes eligible to participate in the Plan. Entry is on the first day of the Plan year and the first day of the seventh month of the Plan year. Participants must have at least 1,000 hours of service during the year and be employed on the last day of the Plan year to share in an allocation of Company contributions for such year.

Contributions - The Company may make a discretionary contribution to be determined annually by the Board of Directors. The Company made no discretionary employer contributions for 2024 or 2023. Employee contributions are not permitted. The Company may also make a portion of any contribution to the Plan in cash to repurchase Plan shares of separated participants based upon the most recent valuation date on or before the contribution.

Participants' Accounts - The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each eligible participant's account is credited as of the last day of each Plan year with an allocation of forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are determined by the employer for each classification of participants set forth in the adoption agreement. Plan earnings are allocated to each participant's account in accordance with such rules and procedures that are established by the administrator and that are applied in a uniform and nondiscriminatory manner.

Forfeitures - Plan forfeitures are allocated to each eligible participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. Forfeited shares reallocated to participants during 2024 and 2023 were 120 and 606 shares, respectively.

Voting Rights - Each eligible participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant.

Payment of Benefits - No distributions from the Plan will be made until a participant retires, dies (in which case payment shall be made to his or her beneficiary or, if none, his or her legal representatives), or otherwise terminates employment with the Company. The amount to be distributed is based upon the participant's vested interest in his or her account. Fair value of distributions from the portion of the participant's account balance invested in Miller Paint Co., Inc. common stock is based on the immediately preceding valuation date. Distributions are made in cash or rollovers to another qualified plan. Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan.

For participants with vested account balances not in excess of \$5,000, the Company will commence payment as soon as administratively feasible, and the benefit will be paid in one lump sum distribution. For participants with vested account balances greater than \$5,000, the Company will commence payment after the Company's annual shareholder meeting following the end of the Plan year of termination, and the benefit will be paid in five substantially equal annual installments.

Diversification Rights - Diversification is offered to eligible participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution or may transfer funds to another qualified defined contribution plan.

Vesting - If a participant's employment with the Company ends for any reason other than retirement, permanent disability, or death, he or she will vest in the balances in his or her account based on total years of service with the Company. Participants vest 20% per year of service commencing with their second year of service and are 100% vested after six years of service.

A year of vesting service is earned by working at least 1,000 hours in a year. Participants who die or become disabled while still employed by the Company are vested 100%.

Put Option - Because the Company's stock is not publicly traded, the Plan contains a put option which requires the Company to buy shares that are distributed to participants. The put price is based on the most recent annual valuation of the Plan's stock investment. During 2024 and 2023, the Company repurchased 6,009 and 26,642 shares, respectively, at prices determined from the independent appraisal.

Other Payables - At December 31, 2024 and 2023, the Plan had advances payable to the Company of \$0 and \$64,625, respectively, related to cash provided to the Plan to cover its distribution obligations. This advance was an interest-free loan to the Plan and no collateral has been taken for this loan. Plan Management believes that the loan complies with the requirements of Department of Labor Prohibited Transaction Class Exemption 80-26. The Plan returned the advance to the Company in 2024.

Due From Employer - At December 31, 2024 and 2023, the Plan had a receivable from the Company of \$8,730 and \$0, respectively. The receivable is comprised of payments due from the Company related to the put option for shares redeemed from diversification for participants electing such treatment. The Company reimbursed the Plan in 2025.

Administrative Expenses - As provided in the Plan agreement, administrative expenses of the Plan may be paid either by the Plan or the Company. The Company generally pays all operating expenses of the Plan. Certain expenses of plan administration, including computer services, office supplies and payroll expenses of administration and clerical personnel are provided by the Company without charge to the Plan. During 2024 and 2023, certain participant driven transaction fees were charged to participants' accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investment in the Company's common stock, investment funds, and interest-bearing cash are carried at fair value. See Note 4 for a discussion of the fair value measurements. The appraised fair values of the Company stock were \$311.09 and \$162.27 per share as of December 31, 2024 and 2023, respectively. Dividend income is accrued on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Company's stock did not pay a dividend for either of the years ended December 31, 2024 or 2023.

Benefit Payments - Benefits are recorded when paid. Accordingly, benefits payable to persons that have elected to withdraw from the Plan but are not yet paid at year-end have not been accrued. At December 31, 2024 and 2023, there were no amounts payable to participants.

Subsequent Events - The Plan's management has performed an evaluation of subsequent events through October 14, 2025, which is the date these financial statements were available to be issued.

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Basis of Fair Value Measurement

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. The mutual fund held by the Plan is an open-ended mutual fund that is registered with the SEC. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The mutual fund held by the Plan is deemed to be actively traded.

Interest-bearing cash: Valued at cost, which approximates fair value.

Miller Paint Co., Inc. common stock: The fair value of the Miller Paint Co., Inc. common stock held by the Plan is based upon an independent appraisal. The valuation process involves the Plan Trustee’s selection of an independent appraiser. Plan management accumulates the data for the appraiser from the Company’s financial statements and financial forecasts that management prepares. The appraiser prepares a preliminary report which Plan management, along with the Plan trustees review in detail, discuss and approve.

This appraisal of the Miller Paint Co., Inc. common stock was for 2024 based upon the tangible asset method and for 2023, a combination of the income, market and tangible asset valuation techniques consistent with prior years as illustrated in the following table.

Investment	Fair Value – December 31, 2024	Fair Value – December 31, 2023	Principal Valuation Technique	Unobservable Inputs
Miller Paint Co., Inc. common stock	\$ 27,705,494	\$ 15,426,827	Income	Weighted average cost of capital Estimated free cash flow Discount for lack of marketability
			Market	Public comparables EBITDA multiples Merger and acquisition values for similar entities Discount for lack of marketability
			Tangible Asset	Assets and liabilities of Miller Paint Co., Inc. Market value adjustment Discount for lack of marketability

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	December 31, 2024			
	Level 1	Level 2	Level 3	Total

Balance, end of year	<u>\$ 27,705,494</u>	<u>\$ 15,426,827</u>
The amount of total gains or losses for the periods included in changes in net assets attributable to the change in unrealized gains or (losses) relating to assets still held at the reporting date	<u>\$ 12,612,313</u>	<u>\$ (1,602,041)</u>

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

NOTE 5 – CONCENTRATIONS, RISKS AND UNCERTAINTIES

The Plan investments consist of the Company's common stock, a mutual fund and interest-bearing cash which are exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and other such techniques. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with the investments in the common stock and mutual fund and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock and mutual fund will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits. One investment represents substantially all of the investments held as of December 31, 2024 and 2023.

NOTE 6 – TAX STATUS

The Plan is an adoption of a non-standardized pre-approved employee stock ownership plan sponsored by FIS Business Systems LLC. The non-standardized pre-approved employee stock ownership Plan document obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PLAN TERMINATION

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Plan administrator directs the trustee to pay all liabilities and expenses of the Plan. Subsequently, the interest of each participant will be distributed to such participant or their beneficiary at the time prescribed by the Plan terms and the IRC.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock. These are related party and party-in-interest transactions. As described in Note 1, the Company generally pays all Plan expenses except for certain investment-related fees charged by the custodian of the diversified investments and certain participant driven transaction fees. The Plan has a number of service providers. Such providers are parties-in-interest under ERISA.
