INDEPENDENT AUDITOR'S REPORT

To the Participants and Board of Trustees of
Sheet Metal Workers' Local 270 Defined Contribution Pension Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Sheet Metal Workers' Local 270 Defined Contribution Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Sheet Metal Workers' Local 270 Defined Contribution Pension Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Sheet Metal Workers' Local 270 Defined Contribution Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sheet Metal Workers' Local 270 Defined Contribution Pension Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions, assets (held at end of year), and reportable transactions as of and for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of Plan

The following description of the Sheet Metal Workers' Local 270 Defined Contribution Pension Plan (the Plan) provides only general information. Participants should refer to the Plan rules and regulations for a more complete description of the Plan's provisions.

General – The Plan is a multiemployer defined contribution profit sharing plan established on July 1, 2010 pursuant to an agreement between Sheet Metal Workers International Local 270 and the Sheet Metal and Air Conditioning Contractors National Association of Oklahoma. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Plan Administration – The Plan is administered by a Board of Trustees, comprised of Union and Employer Trustees, each having equal voting rights. Trust Company of Oklahoma provides recordkeeping and custodial services.

Eligibility – An individual is eligible to participate in the Plan on the date of hire by an employer required to participate in the Plan pursuant to the terms of the collective bargaining agreement.

Contributions – The Plan is funded by contributions from participants and employers signatory to a collective bargaining agreement. Contributions are based on the numbers of hours worked at the applicable hourly contribution rate. The current hourly participant and employer contribution rates are \$0.25 and \$0.15, respectively. Participants may contribute an additional amount on a voluntary basis. Participants may also contribute amounts (rollovers) representing distribution from other qualified plans, subject to applicable laws and regulations. Additionally, participants who are age 50 or older (or will attain age 50 before the end of the calendar year) may elect to defer additional amounts to the Plan, known as catch-up contributions. For 2024, the maximum catch-up contribution is \$7,500. This limit may be subject to increase in subsequent years based on cost-of-living adjustments.

Participant Accounts – Each participant's account is credited with the participant's and employer's contributions, and allocations of Plan net earnings depending on the investment options selected by the participant. Participant accounts are also charged with distributions and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Participants may direct the investment of employee and employer contributions to any of the Plan's fund options. Participants may also redirect their contributions or exchange their existing account balances among the investment funds. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Years Ended December 31, 2024 and 2023

Vesting – Participants are immediately vested in their contributions, employer contributions, and rollover contributions, plus actual earnings thereon.

Payment of Benefits – A participant is entitled to receive, upon the earlier of normal retirement, attainment of age 55, disability, death or permanent withdrawal from the industry, the amount in their account as of the valuation date immediately preceding or coinciding with the event giving rise to the distribution, plus the amount of any contributions made on their behalf subsequent to the said valuation date. Normal retirement is the participant's 65th birthday, or 5th anniversary of joining the Plan, if later. Participants are also permitted to take hardship distributions in the event of immediate and heavy financial need in accordance with the Plan's hardship withdrawal provisions. Hardship distributions must exceed \$1,000 and cannot exceed the amount of the hardship. If a participant dies, the entire vested amount in the participant's account is distributed to a designated beneficiary in the form of an annuity or lump sum payment.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America (U.S. GAAP). Under this basis, revenue is recognized when earned and expenses when incurred.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the stable value fund, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements
Years Ended December 31, 2024 and 2023

Participants' and Employers' Contributions Receivable – The Plan derives a portion of its revenue from participants' and employers' contributions, which are recognized when earned. Participants' and employers' receivables represent contributions that relate to days worked on or before December 31, but not received by year end. Plan management believes that no provision for uncollectible accounts is necessary.

Benefits – Benefits are recorded upon distribution.

Note 3. Information Prepared and Certified by Custodian

The Board of Trustees has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the US Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Board of Trustees instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by the Trust Company of Oklahoma, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedules.

The following information included in the accompanying financial statements and supplementary schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2024	2023
Investments, at Fair Value		
Money Market Funds	\$ 122,561	\$ 57,164
Mutual Funds	8,058,984	7,155,501
Investments, at Contract Value		
Stable Value Fund	509,701	437,437
Investment Income		
Interest and Dividends	209,820	197,340
Net Appreciation (Depreciation) in fair value	1,142,038	1,060,678

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

SHEET METAL WORKERS' LOCAL 270
DEFINED CONTRIBUTION PENSION PLAN

Notes to Financial Statements
Years Ended December 31, 2024 and 2023

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money Market Funds: Valued and traded at a stable \$1.00 NAV, which is the value at which the fund is traded. The money market fund held by the Plan is deemed to be actively traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2024 and 2023, assets measured at fair value on a recurring basis are summarized by level within the fair value hierarchy as follows:

Total Investments, at Fair Value	<u>\$ 7,212,665</u>	<u>\$ 7,212,665</u>	<u>\$ -</u>	<u>\$ -</u>

Note 5. Stable Value Fund

The Plan invests in the Putnam Stable Value Fund (Fund). The objective of the Fund is to preserve principal while providing a stable rate of return and high current income through investment in a diversified portfolio of high-quality investment contracts. The Fund invests primarily in fixed-income securities and investment contracts issued by insurance companies and banks, commonly referred to as “wrap contracts.” These contracts are designed to provide book value accounting for participant-directed transactions.

All investment contracts held by the Fund at December 31, 2024 and 2023, were fully benefit-responsive. Accordingly, the Fund’s investments are stated at contract value, which represents contributions plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measure for benefit-responsive investment contracts because it is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. In the event of a default by a wrap provider or an issuer of a guaranteed investment contract (GIC) or security-backed investment contract (SBIC), the value of the affected investment or the contract interest rate may be adjusted, and certain withdrawals could be paid at market value.

The Fund’s calendar year returns for the years ended December 31, 2024 and 2023 were 3.81% and 3.32%, respectively.

Note 6. Administrative Expenses

The Plan's administrative, professional, insurance, and other costs are paid by the Plan and are reflected in the financial statements as administrative expenses.

The following is a detailed summary of the Plan's administrative expenses for the years ended December 31, 2024 and 2023:

	2024	2023
Administrative Costs		
Trustee Fees	\$ 42,331	\$ 33,782
Recordkeeping Fees	10,400	9,285
Distribution Fees	11,905	1,850

Insurance		
Insurance - Bonding Premiums	3,550	3,568
Office and Other		
Other Expenses	3,077	-
Total Administrative Expenses	\$ 91,950	\$ 64,904

Note 7. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 8. Concentration of Contributions

Five signatory employers each contributes more than five percent of total contributions. The withdrawal of one or more of these employers may impact the funding of the Plan.

**SHEET METAL WORKERS' LOCAL 270
DEFINED CONTRIBUTION PENSION PLAN**

Notes to Financial Statements
Years Ended December 31, 2024 and 2023

Note 9. Plan Termination

Although the Trustees have not expressed any intention to do so, in the event of termination of the Plan, the interest of each participant in his or her account after payment of expenses and appropriate adjustment of the accounts of all participants for expenses, charges, and gains and losses shall be nonforfeitable as of the termination date. Upon the receipt by the Trustees of the Internal Revenue Service approval of such termination, the full current value of such amount may be paid.

Note 10. Tax Status

The IRS has determined and informed the Plan by a letter dated August 26, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has evaluated the tax positions taken and concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

Note 11. Delinquent Participant Contributions

During 2024 and 2023, participant contributions totaling \$46,046 and \$35,998, respectively, were not contributed within the timeframe prescribed by the Department of Labor to the Plan by certain participating employers. This is deemed a prohibited transaction in accordance with ERISA and the IRC. Plan management has ensured each participating employer has corrected the prohibited transaction by depositing the lost earnings.

Note 12. Party-in-Interest Transactions

Plan investments are managed by Trust Company of Oklahoma, the custodian for the Plan; therefore, transactions involving these investments qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 13. Subsequent Events

Plan management has evaluated events and transactions that occurred after December 31, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through October 15, 2025 the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
