INDEPENDENT AUDITOR'S REPORT

October 15, 2025

To the Participants and Administrator of
Community Wellness Partners, Inc. 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Community Wellness Partners, Inc. 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and

certified by
an
institution

that management determined meets the requirements of ERISA Section
103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITOR'S REPORT

(Continued)

Other Matter - Supplemental Schedules Required by ERISA (Continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMMUNITY WELLNESS PARTNERS, INC. 403(b) PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of Community Wellness Partners, Inc. 403(b) Plan (the Plan) sponsored by Community Wellness Partners, Inc. (the Organization) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Organization established the Plan to provide employees with a systematic means of saving and investing for the future. All permissible employees of the Organization, as defined in accordance with the universal availability standards, are eligible to enroll on their date of hire. Employee elective deferrals begin on the first day of the payroll period following the employees' completion of a valid salary reduction agreement. Employees are eligible for employer discretionary matching and discretionary contributions once they have completed an eligibility year of service (a 12 consecutive month period during which the employee completes at least 1,000 hours of service) and have attained age 21. Once the employee has completed an eligibility year of service, they will enter the Plan on the first day of the next calendar month for employer discretionary matching and employer discretionary contribution purposes.

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 75% of pretax eligible pay through direct payroll withholding subject to maximum allowable contributions under the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The employer elected to contribute a discretionary matching contribution equal to 50% of up to 4% of eligible compensation for the years ended December 31, 2024 and 2023.

Participant Accounts

Each participant's account is credited with their contributions, allocations of the Organization's contributions and Plan earnings (losses) and charged with an allocation of investment expenses. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Allocation

The Plan allows participants to select from a variety of investment options. Participant contributions may be directed to any of these options, in multiples of 1%. Participants can change the future direction of contributions or move existing account balances between various investment options on a daily basis by using the online service. All investment choices are directed by the participant and each participant bears the respective investment risk of their election. All investments are considered mutual funds, except for the Variable Annuity Life Insurance Company Fixed Interest Option Advisor Fund, which is considered an unallocated insurance contract.

1. DESCRIPTION OF PLAN (Continued)

Investment Allocation (Continued)

All Plan participants who do not make an investment election for their contributions have all contributions invested in the qualified default investment alternative as defined by the Plan, which for December 31, 2024 and 2023 was the Vanguard Target Retirement Funds.

Vesting

Participants are immediately vested in their elective and rollover contributions. Employer discretionary matching and employer discretionary contributions vest according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 - 1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Employees who sever employment before becoming 100% vested in their account balance will forfeit the portion of their account that is not vested.

Forfeitures

Forfeitures are the amount the Organization contributed to a participant's account that was not vested upon termination. Forfeitures are applied toward the payment of future employer contributions. Forfeitures applied toward employer contributions were \$5,477 and \$8,074 in 2024 and 2023, respectively. Amounts in the forfeiture account were \$39,341 at December 31, 2024 and 2023.

Payment of Benefits

Distributions resulting from retirement, death, disability, or termination are made in the form of a lump sum distribution or periodic installments for a limited time. Upon termination of employment, if the account balance is less than \$200 and the participant has not elected to receive the benefit pursuant to an optional form of benefit payment, the participant will receive a single lump sum amount equal to the value of his or her account. If the account balance is greater than or equal to \$200 but less than or equal to \$5,000 and the participant has not elected to receive the benefit pursuant to an optional form of benefit payment, the account balance will be automatically rolled into an IRA. Distributions, without penalty, may be made upon attainment of age 59½.

Hardship Withdrawals

Hardship withdrawals of up to 100% of the participant's balance attributable to their elective contributions are available. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 less the highest outstanding loan balance during the one-year period prior to the new loan or 50% of their vested account balance. The loans are secured by the balance in the participant's account. Participants are allowed to have one loan outstanding. The interest rate on loans is determined by the U.S. prime rate. The maximum repayment term is five years, but this may be extended for the purchase or construction of a principal residence. Upon termination from the Organization, the loan may be repaid in full or through the continuation of scheduled loan repayments by the participant.

Plan Expenses

All costs and expenses with regard to the purchase or sale of investments are paid by plan participants. Administrative expenses of the Plan, such as loan processing fees and distribution fees, are paid by plan participants. Personnel and facilities of the Organization have been used by the Plan for its accounting and other activities at no charge to the Plan.

Rollovers

Participants are allowed to transfer or rollover funds into the Plan from other qualified plans.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for the funds held in a fully benefit-responsive investment contract, which are stated at contract value. The fair value is equal to quoted market value on a national exchange for mutual funds. Contract value is the relevant measure for the portion of the net assets available attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The Plan presents in the statements of changes in net assets available for benefits the net appreciation in fair value of investments, which consists of the net realized gains (losses) on investment transactions throughout the period and net unrealized gains (losses) on investments at the end of the period.

The Plan's assets include mutual funds and a guaranteed investment contract with an insurance company which are subject to market value fluctuations. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Level 1: Quoted prices in active markets that are accessible at the measurement date for identical assets and liabilities.

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly and fair value is determined through the use of models or other valuation methodologies.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the asset or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodology used for assets measured at fair value.

Mutual funds: valued at the closing price on the active market which the funds are traded.

There were no changes in valuation methodologies used during 2024 and 2023.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. As of December 31, 2024 and 2023. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The following information was certified as complete and accurate by Hand Benefits & Trust Company, the custodian and is included in the accompanying financial statements and schedule as of and for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Investments	<u>\$ 11,114,357</u>	<u>\$ 10,124,057</u>
Notes receivable from participants	<u>\$ 100,226</u>	<u>\$ 73,530</u>
Dividend and interest income	<u>\$ 557,755</u>	<u>\$ 249,521</u>
Net appreciation in fair value of investments	<u>\$ 848,160</u>	<u>\$ 1,355,256</u>
Interest income on notes receivable from participants	<u>\$ 905</u>	<u>\$ 3,107</u>
Schedule H, line 4i – Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:	<u>\$ 10,395,973</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,395,973</u>

The Plan's investments at fair value, within the fair value hierarchy, were as follows at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:	<u>\$ 9,432,301</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,432,301</u>

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

In July 2012, the Plan entered into a benefit-responsive investment contract with Variable Annuity Life Insurance Company (VALIC), the Variable Annuity Life Insurance Company Fixed Interest Option Advisor Fund. VALIC maintains the contributions in a group annuity (general account). The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at contract value. If the Plan were discontinued, the contract value would be paid no later than 60 days from the date the sponsor provides notice to discontinue. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. VALIC is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Generally, there are not any events that could limit the ability of the Plan to transact at contract value. There are not any events that allow VALIC to terminate the contract and which require the Plan to settle at an amount different than contract value.

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

The crediting interest rate is established by VALIC considering many factors, including current market conditions and the general interest rate environment. The minimum crediting rate under the contract is 1.5%. Such interest rates are reviewed on a periodic basis for resetting.

6. TAX STATUS

The Plan is exempt from federal income tax under Section 403(b) of the IRC. The volume submitter plan has obtained its latest opinion letter on March 31, 2017, in which the Internal Revenue Service stated that the Plan as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants are 100% vested in their accounts.

8. PARTY-IN-INTEREST TRANSACTIONS

Hand Benefits & Trust Company is the custodian of the Plan's assets. As such, transactions between the custodian and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
