## **INDEPENDENT AUDITORS' REPORT**

To the Administrative Committee of  
Aries Global Logistics, Inc. 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Aries Global Logistics, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aries Global Logistics, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Aries Global Logistics, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aries Global Logistics, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aries Global Logistics, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aries Global Logistics, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Delinquent Participant Contributions and Assets Held at End of Year as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARIES GLOBAL LOGISTICS, INC. 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note A**

**Description of Plan**

The following description of the Aries Global Logistics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on January 1, 1998, and has been amended and restated throughout the years to comply with tax regulation. The Plan was last restated effective April 1, 2022, to comply with the Internal Revenue Service's ("IRS") Cycle 3 restatement requirements. The Plan provisions cover substantially all employees of Aries Global Logistics, Inc. (the "Company" or "Employer"). On March 29, 2022, the Company entered an acquisition agreement with Nordic Transport Group "NTG". Effective October 1, 2022, the Plan was amended to recognize service with NTG Air & Ocean Inc. for eligibility, vesting and contribution allocation purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan.

Amendments:

Effective June 1, 2024, the Plan was amended to modify the type of Plan to a multiple employer plan, to apply a different entry date of June 1, 2024, for employees of NTG Supply Chain Solutions, LLC only, and to recognize service with NTG Air & Ocean Inc. and NTG Supply Chain Solutions, LLC for eligibility, vesting, and contribution allocation.

Eligibility:

An employee may begin participating under the Plan once the employee has satisfied the eligibility requirements and reached the entry date. Employees are eligible to participate and make elective deferral contributions and receive employer matching contributions once they have attained the age of 21 with three months of service. Elective deferral and employer matching contribution entry date is the first day of the Plan year quarter coinciding with or next following the date the employee satisfies the eligibility requirements.

Contributions:

Eligible employees who have reached the entry date may elect to participate in the Plan by completing a Plan enrollment form and salary deferral agreement to begin contributing pre-tax and/or Roth salary deferrals into the Plan, subject to the maximum amount allowed by the Internal Revenue Code. For participants who have attained age 50, catch-up contributions are also allowed by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Company may make discretionary matching contributions, to be determined by the Company, of the participant's salary deferral. For the year ended December 31, 2024, the Company elected to provide a discretionary match of 10% of participant deferrals. In addition, the Company may contribute additional discretionary profit sharing contributions as determined by the Company's management. No profit sharing contributions were contributed for the year ended December 31, 2024.

**Description of Plan (Continued)**

Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts:

Each participant's account is credited with the participant's contributions and the participant's allocation of the Company's contributions and is reduced for loans, withdrawals, and benefit distributions. Participant accounts are further credited or charged with their pro rata share of earnings or losses of the total investments in each investment account and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Participants may borrow against their investment account balances a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance, whichever is less. Generally, loans can be made for a period not exceeding five years; however, in certain circumstances, terms can be extended beyond five years, as defined by the Plan. The loans are collateralized by the vested balance in the participant's account and bear interest at a commercially reasonable rate. Principal and interest are paid ratably through payroll deductions.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits:

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death, or disability. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship, as defined in the Plan document.

Forfeitures:

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures may be used to reduce Company contributions or to pay plan expenses. As of December 31, 2024 and December 31, 2023, forfeiture accounts totaled \$4,612 and \$3,499, respectively. During the year ended December 31, 2024, no forfeitures were used.

**Note B**

**Significant Accounting Policies**

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Company personnel perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as plan expenses. Fees related to participant recordkeeping and specific participant transactions are charged directly to each participant's account and are included in administrative expenses.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note B**  
**Significant Accounting Policies (Continued)**

Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the financial statements.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the note receivable from participant is recorded as a benefit payment based on the terms of the Plan document.

Contributions:

Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation

Payment of Benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note C**  
**Excess Contributions**

Benefit distributions for the plan year ended December 31, 2024 and December 31, 2023, include payments of \$46,906 and \$16,750, respectively, made to participants to return excess contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2024. The Plan was unable to distribute the 2024 excess contributions prior to March 15, 2025. The Plan was unable to distribute the 2023 excess contributions prior to March 15, 2024.

**Information Certified by the Plan's Trustees**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and December 31, 2023, net appreciation in fair value of mutual funds, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the trustees of the Plan).

**Note E**

**Income Tax Status**

Effective April 1, 2022, the sponsor adopted the the non-standardized pre-approved profit sharing plan with CODA that has received an opinion letter dated June 30, 2020, for the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The non-standardized pre-approved profit sharing plan with CODA's opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods.

**Note F**

**Related Party Activity**

Certain Plan investments, such as pooled separate accounts and the guaranteed investment contract are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, affiliates of Empower Retirement, the recordkeeper and third party administrator of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

**Note G**

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

**Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1    Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
  
- Level 2    Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
  
- Level 3    Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and December 31, 2023.

*Pooled separate accounts:* Pooled separate accounts (PSAs) invest in mutual funds. The fair value of the mutual funds is a publicly quoted pricing input and is used for determining the net asset value (NAV) of the PSAs, which is not publicly quoted. These PSAs can generally be redeemed at NAV as of the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Fair Value Measurements (Continued)**

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and December 31, 2023:

December 31, 2024

Pooled separate accounts (a)	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>11,044,217</u>

(a) The pooled separate accounts are measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The Plan's investments are held primarily in pooled separate accounts across a range of categories, including equity funds, balanced funds, fixed income and bond funds, specialty funds, and asset allocation/target-date funds. The general investment objectives of these funds are as follows:

- Equity Funds (Large Cap, Mid Cap, Small Cap, International) – Seek long-term capital growth, capital appreciation, or total return through investments in domestic and international equity securities. Certain index funds within this category are designed to replicate the performance of benchmark indices, such as the S&P 500 or the Russell 1000® Value Index.
- Balanced and Asset Allocation / Target-Date Funds – Seek to achieve total return over time consistent with capital growth and income, with asset allocations that adjust based on investment strategy or projected retirement dates.
- Bond and Fixed Income Funds – Seek current income and/or total return through investments in fixed income securities, including investment-grade, high-yield, and diversified bond strategies.
- Specialty Funds – Seek total return through growth of capital and income by investing in specific asset classes such as real estate.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

\*\*\* Certain investment options are subject to restrictions. The American Century Equity Growth Fund may restrict participants from transferring money into the fund for 180 days if two round-trip transactions have been processed. The Invesco Real Estate Fund and the MFS International New Discovery Fund restrict transfers of \$5,000 or more into the fund if a transfer of \$5,000 or more out of the fund occurred within the prior 30 days. All other funds are not subject to significant transfer restrictions during the reporting period.

**Note I**  
**Guaranteed Interest Account**

The Plan has a guaranteed investment contract with Empower Annuity Insurance Company of America ("Empower"). The Empower Guaranteed Interest Account (or "GIA") is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the Empower general investment account. The GIA is provided through a group annuity contract issued by Empower to a retirement plan. Under the contract, a crediting rate is established for a six-month period of time (a "rate period") and all assets invested in the GIA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Empower assumes market, credit, and interest rate risks for the assets supporting the GIA. Empower considers this investment option to be fully benefit responsive notwithstanding the market value events under the contract that limit the ability of the Plan to transact at contract value. Because the GIA is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIA. Contract value, as reported by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

All bona fide participant-initiated withdrawals from the GIA, including benefit payments at termination or retirement, loans and transfers to other non-competing investment options, are paid at book value. Similar to other stable value alternatives, transfers to competing fixed income investments are not allowed. Employer-initiated events such as layoffs, a sale of a business unit, a company merger, or a change in the stable value option offered under a plan are considered market value events and are subject to the plan sponsor liquidity provisions discussed below.

ARIES GLOBAL LOGISTICS, INC. 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note I**

**Guaranteed Interest Account (Continued)**

Upon full or partial contract or plan termination and certain other sponsor-initiated events, distributions from the GIA may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the plan's investment in the GIA. If the market value of a plan's investment in the GIA is less than the book value, the book value of GIA assets will be liquidated in annual installment payments. While this is required for 403(b) plans, other plan sponsors have the choice to elect this installment payment method.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%.

Certain events may limit the ability of the plan to transact at Contract Value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**Note J**

**Subsequent Events**

Effective January 1, 2025, the Plan was amended and restated to modify the Employer name to NTG Air & Ocean, LLC and to modify the Plan name to NTG Air & Ocean, LLC 401(k) Plan.

Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

**Note K**

**Prohibited Transactions**

During the years ended December 31, 2023 and 2022, the Company failed to remit to the Plan's trustee certain participant contributions totaling \$104,827 within the period prescribed by Department of Labor regulations. Consequently, the Plan is considered to have engaged in non-exempt transactions with a party-in-interest. The Company is required to rectify the matter by paying lost earnings on the participant contributions that were remitted late.

## **INDEPENDENT AUDITORS' REPORT**

To the Administrative Committee of  
Aries Global Logistics, Inc. 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of the Aries Global Logistics, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aries Global Logistics, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Aries Global Logistics, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aries Global Logistics, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aries Global Logistics, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Aries Global Logistics, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Delinquent Participant Contributions and Assets Held at End of Year as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ARIES GLOBAL LOGISTICS, INC. 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note A**

**Description of Plan**

The following description of the Aries Global Logistics, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan established on January 1, 1998, and has been amended and restated throughout the years to comply with tax regulation. The Plan was last restated effective April 1, 2022, to comply with the Internal Revenue Service's ("IRS") Cycle 3 restatement requirements. The Plan provisions cover substantially all employees of Aries Global Logistics, Inc. (the "Company" or "Employer"). On March 29, 2022, the Company entered an acquisition agreement with Nordic Transport Group "NTG". Effective October 1, 2022, the Plan was amended to recognize service with NTG Air & Ocean Inc. for eligibility, vesting and contribution allocation purposes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan administrator is responsible for oversight of the Plan.

Amendments:

Effective June 1, 2024, the Plan was amended to modify the type of Plan to a multiple employer plan, to apply a different entry date of June 1, 2024, for employees of NTG Supply Chain Solutions, LLC only, and to recognize service with NTG Air & Ocean Inc. and NTG Supply Chain Solutions, LLC for eligibility, vesting, and contribution allocation.

Eligibility:

An employee may begin participating under the Plan once the employee has satisfied the eligibility requirements and reached the entry date. Employees are eligible to participate and make elective deferral contributions and receive employer matching contributions once they have attained the age of 21 with three months of service. Elective deferral and employer matching contribution entry date is the first day of the Plan year quarter coinciding with or next following the date the employee satisfies the eligibility requirements.

Contributions:

Eligible employees who have reached the entry date may elect to participate in the Plan by completing a Plan enrollment form and salary deferral agreement to begin contributing pre-tax and/or Roth salary deferrals into the Plan, subject to the maximum amount allowed by the Internal Revenue Code. For participants who have attained age 50, catch-up contributions are also allowed by the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

The Company may make discretionary matching contributions, to be determined by the Company, of the participant's salary deferral. For the year ended December 31, 2024, the Company elected to provide a discretionary match of 10% of participant deferrals. In addition, the Company may contribute additional discretionary profit sharing contributions as determined by the Company's management. No profit sharing contributions were contributed for the year ended December 31, 2024.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note A**

**Description of Plan (Continued)**

Participants direct the investment of the contributions into various investment options offered by the Plan.

Participant Accounts:

Each participant's account is credited with the participant's contributions and the participant's allocation of the Company's contributions and is reduced for loans, withdrawals, and benefit distributions. Participant accounts are further credited or charged with their pro rata share of earnings or losses of the total investments in each investment account and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Participants may borrow against their investment account balances a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance, whichever is less. Generally, loans can be made for a period not exceeding five years; however, in certain circumstances, terms can be extended beyond five years, as defined by the Plan. The loans are collateralized by the vested balance in the participant's account and bear interest at a commercially reasonable rate. Principal and interest are paid ratably through payroll deductions.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits:

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death, or disability. A terminated employee with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ or hardship, as defined in the Plan document.

**Description of Plan (Continued)**

Forfeitures:

When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account represents a forfeiture. Forfeitures may be used to reduce Company contributions or to pay plan expenses. As of December 31, 2024 and December 31, 2023, forfeiture accounts totaled \$4,612 and \$3,499, respectively. During the year ended December 31, 2024, no forfeitures were used.

**Note B**

**Significant Accounting Policies**

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies. See Note H for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of mutual funds includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Company personnel perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as plan expenses. Fees related to participant recordkeeping and specific participant transactions are charged directly to each participant's account and are included in administrative expenses.

ARIES GLOBAL LOGISTICS, INC. 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note B**  
**Significant Accounting Policies (Continued)**

Risk and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the financial statements.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and the note receivable from participant is recorded as a benefit payment based on the terms of the Plan document.

Contributions:

Participant contributions and the related Company matching contributions are recognized in the period the participant contribution is withheld from compensation

Payment of Benefits:

Benefit distributions, determined in accordance with provisions of the Plan, are recorded when paid.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Note C**  
**Excess Contributions**

Benefit distributions for the plan year ended December 31, 2024 and December 31, 2023, include payments of \$46,906 and \$16,750, respectively, made to participants to return excess contributions, as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2024. The Plan was unable to distribute the 2024 excess contributions prior to March 15, 2025. The Plan was unable to distribute the 2023 excess contributions prior to March 15, 2024.

**Information Certified by the Plan's Trustees**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and December 31, 2023, net appreciation in fair value of mutual funds, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (the trustees of the Plan).

**Note E**

**Income Tax Status**

Effective April 1, 2022, the sponsor adopted the the non-standardized pre-approved profit sharing plan with CODA that has received an opinion letter dated June 30, 2020, for the Internal Revenue Service (IRS) as to the volume submitter plan's qualified status. The non-standardized pre-approved profit sharing plan with CODA's opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits in progress for any tax periods.

**Note F**

**Related Party Activity**

Certain Plan investments, such as pooled separate accounts and the guaranteed investment contract are managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, affiliates of Empower Retirement, the recordkeeper and third party administrator of the Plan. Therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

**Note G**

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note H**

**Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1    Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access.
  
- Level 2    Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
  
- Level 3    Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and December 31, 2023.

*Pooled separate accounts:* Pooled separate accounts (PSAs) invest in mutual funds. The fair value of the mutual funds is a publicly quoted pricing input and is used for determining the net asset value (NAV) of the PSAs, which is not publicly quoted. These PSAs can generally be redeemed at NAV as of the measurement date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ARIES GLOBAL LOGISTICS, INC. 401(K) PLAN  
 NOTES TO FINANCIAL STATEMENTS  
 DECEMBER 31, 2024 AND 2023

**Note H**  
**Fair Value Measurements (Continued)**

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and December 31, 2023:

December 31, 2024				
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>12,959,546</u>
December 31, 2023				
Description	Level 1	Level 2	Level 3	Total
Pooled separate accounts (a)	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>          -</u>	\$ <u>11,044,217</u>

(a) The pooled separate accounts are measured using NAV as a practical expedient. In accordance with the guidance in ASU 2015-07 which has been adopted by the Plan, this investment has not been classified in the fair value hierarchy table. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. The Plan's investments are held primarily in pooled separate accounts across a range of categories, including equity funds, balanced funds, fixed income and bond funds, specialty funds, and asset allocation/target-date funds. The general investment objectives of these funds are as follows:

- Equity Funds (Large Cap, Mid Cap, Small Cap, International) – Seek long-term capital growth, capital appreciation, or total return through investments in domestic and international equity securities. Certain index funds within this category are designed to replicate the performance of benchmark indices, such as the S&P 500 or the Russell 1000® Value Index.
- Balanced and Asset Allocation / Target-Date Funds – Seek to achieve total return over time consistent with capital growth and income, with asset allocations that adjust based on investment strategy or projected retirement dates.
- Bond and Fixed Income Funds – Seek current income and/or total return through investments in fixed income securities, including investment-grade, high-yield, and diversified bond strategies.
- Specialty Funds – Seek total return through growth of capital and income by investing in specific asset classes such as real estate.

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2024 and 2023, respectively.

\*\*\* Certain investment options are subject to restrictions. The American Century Equity Growth Fund may restrict participants from transferring money into the fund for 180 days if two round-trip transactions have been processed. The Invesco Real Estate Fund and the MFS International New Discovery Fund restrict transfers of \$5,000 or more into the fund if a transfer of \$5,000 or more out of the fund occurred within the prior 30 days. All other funds are not subject to significant transfer restrictions during the reporting period.

**Note I**  
**Guaranteed Interest Account**

The Plan has a guaranteed investment contract with Empower Annuity Insurance Company of America ("Empower"). The Empower Guaranteed Interest Account (or "GIA") is a stable value investment with a guaranteed rate of return and a guarantee of principal that is backed by the Empower general investment account. The GIA is provided through a group annuity contract issued by Empower to a retirement plan. Under the contract, a crediting rate is established for a six-month period of time (a "rate period") and all assets invested in the GIA are credited with that rate. At the expiration of each rate period, a new crediting rate is declared. Empower assumes market, credit, and interest rate risks for the assets supporting the GIA. Empower considers this investment option to be fully benefit responsive notwithstanding the market value events under the contract that limit the ability of the Plan to transact at contract value. Because the GIA is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIA. Contract value, as reported by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

All bona fide participant-initiated withdrawals from the GIA, including benefit payments at termination or retirement, loans and transfers to other non-competing investment options, are paid at book value. Similar to other stable value alternatives, transfers to competing fixed income investments are not allowed. Employer-initiated events such as layoffs, a sale of a business unit, a company merger, or a change in the stable value option offered under a plan are considered market value events and are subject to the plan sponsor liquidity provisions discussed below.

ARIES GLOBAL LOGISTICS, INC. 401(K) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023

**Note I**

**Guaranteed Interest Account (Continued)**

Upon full or partial contract or plan termination and certain other sponsor-initiated events, distributions from the GIA may be subject to a liquidation value (market value) adjustment pursuant to a formula specified in the contract. The market value formula may produce a value that is more or less than the book value of the plan's investment in the GIA. If the market value of a plan's investment in the GIA is less than the book value, the book value of GIA assets will be liquidated in annual installment payments. While this is required for 403(b) plans, other plan sponsors have the choice to elect this installment payment method.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%.

Certain events may limit the ability of the plan to transact at Contract Value. Such events include but may not be limited to a participant termination of employment due to: (1) removal of a group of participants from plan coverage as a result of temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; or (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor's business. Such events also include: (1) removal from the plan of one or more groups or classifications of participants; (2) partial or complete plan termination; or (3) plan disqualification. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

**Note J**

**Subsequent Events**

Effective January 1, 2025, the Plan was amended and restated to modify the Employer name to NTG Air & Ocean, LLC and to modify the Plan name to NTG Air & Ocean, LLC 401(k) Plan.

Subsequent events have been evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

**Note K**

**Prohibited Transactions**

During the years ended December 31, 2023 and 2022, the Company failed to remit to the Plan's trustee certain participant contributions totaling \$104,827 within the period prescribed by Department of Labor regulations. Consequently, the Plan is considered to have engaged in non-exempt transactions with a party-in-interest. The Company is required to rectify the matter by paying lost earnings on the participant contributions that were remitted late.
