INDEPENDENT AUDITORS' REPORT

To Those Charged with Plan Governance,
Plan Participants, and Beneficiaries
TSL 401(k) Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TSL 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (DOL’s) Rules and Regulations for Reporting and Disclosures under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, are complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP);
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting material misstatements resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Form 5500, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TSL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

1. DESCRIPTION OF PLAN

The following description of the TSL 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is sponsored by Tradition Management, LLC (the “Sponsor” or “Company”) and is a single employer defined contribution 401(k) plan covering substantially all full-time employees of the Company. Excluded employees include nonresident aliens, union, leased, part-time (with under 1,000 hours), temporary and seasonal employees. Participants are eligible to enter the Plan the first day of the month coinciding with or next following attainment of age 21 and completion of two months of service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan originally began January 1, 2017.

Effective April 1, 2022, the Plan was amended and restated in order to comply with Cycle 3 in accordance with Rev. Proc. 2017-41.

Effective December 8, 2024, the Plan was amended to count years of service with employers other than the Sponsor for vesting service. The Plan will credit service with Greenbrier Senior Living for all contributions.

Effective December 8, 2024, The Plan Sponsor added its wholly owned entity, Tradition Management SC, LLC., to the plan. As a result of this transaction, the Plan was amended to allow immediate participation in the Plan for all eligible employees of Tradition Management SC, LLC effective December 8, 2024. Tradition Management SC, LLC. was made an adopting employer of the Plan.

Contributions

Participants may elect to contribute up to the maximum amount allowed by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may select from pre-tax or Roth deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). These contributions are subject to annual limitations established by the Internal Revenue Service (IRS).

See accompanying independent auditors’ report.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

Contributions (Continued)

Company matching contributions and additional profit-sharing amounts may be contributed at the option of the Company's Board of Directors and are invested at the direction of the participant. Participants become eligible for both the matching and profit-sharing contributions after one year of service. During the year ended December 31, 2024, the Company did not make any matching or profit-sharing contributions to the Plan.

Investments

Plan participants can direct the investment decisions relating to the assets in their individual account balance. As of December 31, 2024, the Plan offers several investment choices. Participants may change their investment options for future contributions at any time.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and profit-sharing contributions, if any, (b) Plan earnings or losses, and (c) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of combined service. Company matching and profit-sharing contributions, if any, have a five-year graded vesting period as follows:

<u>Completed Years of Vesting Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

See accompanying independent auditors' report.

TSL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their total vested account balance. The loans are secured by the balance in the participant's account and bear interest as prescribed by the Plan documents. As of December 31, 2024, outstanding loans bear interest at a rate ranging from 4.25% to 9.50%. Participants are allowed only one loan at a time. Principal and interest is generally repaid through payroll deductions and reinvested in the participant's account according to the individual investment elections. Loan terms may not exceed five years unless for the purchase of a primary residence for which the term may be up to 30 years. Any loan origination fee will be described in the loan application form and will be deducted directly from the participant's account and are included in the administrative expenses on the statement of changes in net assets available for benefits. Loan prepayments are allowed without penalty.

Payment of Benefits

Distributions generally will be made in the event of retirement, death, disability, resignation, or dismissal. Vested account balances can be distributed by rollover to another qualifying plan or lump-sum distribution. Vested account balances that do not exceed \$7,000 are subject to automatic distribution without participant's consent. Rollover contributions are excluded in determining the \$7,000 threshold. All other accounts must receive participant consent before a distribution to the participant can occur.

Certain in-service withdrawals are allowed. A participant may also elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59.5. Hardship withdrawals are allowed only for immediate and heavy financial needs for reasons defined by the Plan document.

Forfeitures

A non-vested amount remaining in a participant account of a terminated employee after the earlier of a) the distribution of his or her vested account balance or b) five consecutive one-year breaks in service, is defined as a forfeiture. Forfeitures derived are used to pay for administrative expenses. As of December 31, 2023, there were approximately \$4,500 in forfeitures. During the Plan year ended December 31, 2024, no forfeitures were used to pay administrative expenses. As of December 31, 2024, there was approximately \$4,800 in forfeitures available for use.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect certain amounts reported in the financial statements, accompanying notes, and the supplemental schedules. Actual results may vary from those estimates.

Investment Valuation and Income Recognition

The Plan's investments and investment gains (losses) are reflected at fair value, which is a price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent participant loans, all of which are secured by vested account balances of borrowing participants and are recorded at their outstanding principal balances plus accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned and is included in interest income on notes receivable from participants on the statement of changes in net assets available for benefits. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded.

Payments of Benefits and Receipt of Contributions

Benefits paid to participants are recorded when paid. Contributions are recorded when deemed a receivable by the Plan.

See accompanying independent auditors' report.

TSL 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with corresponding reduction to contributions. Excess contributions totaling \$47,548 and \$42,811 were accrued as of the Plan years ended December 31, 2024 and 2023, respectively.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and included in administrative expenses on the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation or depreciation of fair value of investments on the statement of changes in net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN TRUSTEE

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- a. Investments, at fair value, and notes receivable from participants as shown in the statements of net assets available for benefits, as of December 31, 2024 and 2023.

- c. The Form 5500, Schedule H, Line 4i - Schedule of Assets Held (at End of Year) as of December 31, 2024, as shown in the supplemental schedule.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Valuation techniques used to measure fair value use a hierarchy, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Valuations based on inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly, such as quoted prices in markets that are not active; other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of assets and liabilities within the fair value hierarchy. Because of the long-term nature of certain assets and liabilities measured at fair value as well as differences in the availability of market prices and market liquidity over their terms, inputs for some assets and liabilities may fall into any one of the three levels in the fair value hierarchy. GAAP requires these assets and liabilities to be classified in the lowest level in the hierarchy for which inputs are significant to the fair value measurement; a portion of that measurement may be determined using inputs from a higher level in the hierarchy.

The availability of valuation techniques and observable inputs can vary from investment to investment and is affected by a wide array of factors. In certain cases, the inputs used to measure fair value may fall into different levels of the hierarchy. For disclosure purposes, the level in the hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined.

To the extent that a specific valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. As such, the degree of judgment exercised by the Plan in determining fair value is greatest for investments in Level 3.

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

- *Mutual funds of registered investment companies.* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Stable value fund.* Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value of underlying investments using information reported by the investment advisor at year end. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value.
- *Money market funds.* The money market category includes money market mutual funds that generally invest in instruments that mature in one year or less and are valued at cost which approximates fair value. Also included in money market funds are certain Federal Deposit Insurance Corporation insured money market deposits that are valued at cost as they are cash equivalent holdings.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value reported in the statements of net assets available for benefits as follows:

	December 31, 2024

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been categorized in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the amounts in the hierarchy to the total investments at fair value presented in the statement of net assets available for benefits.

The Plan has no financial instruments which were categorized using Level 3 inputs as of December 31, 2024 and 2023. The Plan recognizes transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the years ended December 31, 2024 and 2023.

Investments Measured Using Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023, respectively. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan:

5. NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2024 and 2023.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and stable value fund accounts provided through the Trustee and, therefore, these transactions qualify as party-in-interest transactions. All investment fund earnings or losses posted to each Plan participant's account are net of investment management fees charged by each investment fund under the Plan.

Certain administrative functions are performed by officers and employees of the Company for which the officers or employees receive no compensation from the Plan nor is the Plan charged by the Company for these services.

The Plan also permits loans to participants.

These transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

7. PLAN TERMINATION

Although no intent to do so has been expressed, the Sponsor has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Plan assets will be distributed in accordance with the Plan document.

8. DELINQUENT TRANSMITTALS

During the Plan year ended December 31, 2023, the Plan Sponsor failed to remit certain participant contributions to the Plan in a timely manner, as defined by ERISA. The total for these contributions was \$103,893. The participant contributions have all been remitted, and the Company has funded the amount of lost earnings to make the Plan whole in 2024.

9. TAX STATUS

Effective April 1, 2022, the Plan is based on a volume submitter plan developed by DST Retirement Solutions, LLC, which received a favorable opinion letter dated June 30, 2020 from the IRS stating the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Prior to April 1, 2022, the Plan was governed by a favorable determination letter dated June 1, 2015. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate the tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect a participants' account balance and the amounts reported in the statement of net assets available for benefits.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
