INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Gibson Insurance Agency, Inc. Employee Stock Ownership Plan
South Bend, Indiana

Opinion

We have audited the financial statements of Gibson Insurance Agency, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements (Financial Statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023 and the changes in net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in related to the financial statements as a whole, and the form and content is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Respectfully submitted,

GIBSON INSURANCE AGENCY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

South Bend, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Gibson Insurance Agency, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

GENERAL

Gibson Insurance Agency, Inc. (the "Company") established the Plan as an employee stock ownership plan (ESOP). The Plan generally covers all employees of the Company who have completed at least six months of service. The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code ("IRC") of 1986, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2015, the Plan purchased 850 additional shares. The Plan purchased the shares of Company stock using proceeds of a 20 year note from the Company in the amount of \$2,097,859, which the Company funded with a note payable (see Note 8).

The borrowing is collateralized by the unallocated shares of common stock. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. Accordingly, the financial statements as of December 31, 2024 and 2023 and for the year ended December 31, 2024 present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated common stock (allocated) and (b) common stock not yet allocated to employees (unallocated).

CONTRIBUTIONS

The Company matches 100% of an employees deferral amounts into the Gibson Insurance Agency, Inc. 401(k) Plan ("401(k) Plan") up to 6% of eligible compensation, of which half are remitted to the Plan and half are remitted to the 401(k) Plan. Participants who are not employed on the last working day of the Plan Year are generally not eligible for an allocation of Company contributions for such year.

PLAN AMENDMENTS

Effective August 1, 2023, the plan was amended to allow for special entry of employees of Insurance Network, LLC which was acquired in an asset sale by the Plan's sponsor during 2023.

Effective January 1, 2024 the plan was amended to allow for accelerated distributions.

Effective June 1, 2025 the plan was amended to change rules surrounding trustee's rights to vote on behalf of participants.

Effective June 30, 2025 the plan was amended to terminate ESOP designation, freeze the plan, and change rules surrounding distributions.

GIBSON INSURANCE AGENCY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

South Bend, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

PARTICIPANT ACCOUNTS

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited with (a) the Company's matching contributions, (b) Plan earnings, and is charged with an allocation of administrative expenses, and (c) as of the last day of each Plan year an allocation of shares of the Company's common stock released from the unallocated account and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees for the Company as of the last day of the Plan year will receive an allocation. Allocations are based on participant earnings or account balances as defined.

VOTING RIGHTS

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any allocated share for which a participant has not given instructions. The trustee is required; however, to vote any unallocated shares on behalf of the collective best interest of Plan participants and beneficiaries.

As mentioned in the Plan amendments section, effective June 1, 2025, the plan was amended to allow for trustee to vote on behalf of unallocated shares at the trustee's discretion, and to allow for trustee to vote at their discretion for the allocated shares of any participant who does not give instructions.

VESTING

Vesting in the Company ESOP contributions are based on years of service. These contributions are subject to the vesting schedule below:

<u>Vesting Service (in Years)</u>	<u>Vesting Percentage (%)</u>
Less than 2	0
2	20
3	40
4	60
5	80
6	100

PUT OPTION

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure the participant has the ability to ultimately obtain cash.

PAYMENT OF BENEFITS

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to the participant's beneficiary or, if none, his or her legal representatives) or otherwise terminates employment with the Company and its participating subsidiaries. Participants with account balances greater than \$5,000 may request a single lump sum distribution as soon as administratively feasible after the redemption date. If the individual does not return the form within the required time window but subsequently returns the form, the account will be distributed in three equal annual payments. Participants with account balances between \$1,000 and \$5,000 will receive a direct rollover to an individual retirement plan designated by the Plan Administrator unless a completed distribution election form is provided to the Plan. Participants with account balances of \$1,000 or less will receive a single, lump sum cash distribution unless a completed distribution election form is provided to the Plan. The amount to be distributed is based upon the immediately preceding valuation date. Distributions are made in cash or, if the Plan committee elects, in the form of Company common shares plus cash for any fractional share. The shares must be immediately sold to the Company.

At December 31, 2024 and 2023, no funds were allocated to accounts of terminated or retired participants who have elected to withdraw from the Plan, but have not yet been paid.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares, which have been distributed under the terms of the Plan if the shares are not publicly traded or if the shares are subject to trading limitations. The Company did not repurchase any shares during 2024 or 2023.

Effective June 30, 2025, the Plan was amended to allow for participants to elect for distribution of proceeds associated with ESOP designation termination.

DIVERSIFICATION

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock by distribution into the 401(k) Plan. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

FORFEITURES

Forfeitures from terminated participants' non-vested accounts are reallocated to the remaining active Plan participants. For the year ended December 31, 2024, forfeitures reallocated to Plan participants totaled \$18,668 in cash and 0.78 shares. Amounts remaining at December 31, 2024 and 2023, for future reallocation were \$0.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

GIBSON INSURANCE AGENCY, INC. EMPLOYEE STOCK OWNERSHIP PLAN

South Bend, Indiana

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

VALUATION AND INCOME RECOGNITION

The common stock of the Plan is reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 10 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. S-corporation distributions are recorded when the distribution is declared by management, based on the S-Corporation distribution policy. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CONTRIBUTIONS RECEIVABLE

Employer contributions are recorded in the relevant period in accordance with terms in the Plan document.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates. The fair value of Gibson Insurance Agency, Inc. common stock is particularly subject to change in the near term.

ALLOCATIONS

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares, that are committed to be released. Shares are released from collateral and become allocated generally in the period in which the debt service is actually paid.

OPERATING EXPENSES

Administrative expenses of the Plan may be paid directly by the Company or by the Plan, at the Company's discretion. Any expenses paid by the Company are excluded from these financial statements.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 3 - ADMINISTRATION OF PLAN ASSETS

The trustees hold the Plan's investment assets, which consist primarily of Company common shares.

Company contributions are held and managed in a bank statement maintained with Lake City Bank, which holds cash received, interest and dividend income and makes distributions to participants. The bank fund also administers the payment of interest and principal on the loan.

NOTE 4 - INVESTMENTS

The trustee held the Plan's assets, which consist primarily of Company common shares.

The following table shows the allocated and unallocated shares of Company stock as of December 31:

	<u>2024</u>		<u>2023</u>	
	<u>Allocated</u>	<u>Unallocated</u>	<u>Allocated</u>	<u>Unallocated</u>
Gibson Insurance Agency, Inc. Stock Shares	2,924	291	2,878	337
Cost	4,645,213	717,056	4,532,332	829,937
Estimated fair value	20,853,919	2,074,272	18,033,976	2,108,835

The Plan's investment in the Company's stock is a non-participant directed investment, which constitutes 100% of the Plan's total investments as of December 31, 2024 and 2023, and the activity is illustrated in the statement of changes in net assets available for benefits. As of December 31, 2024 and 2023, the Plan owned approximately 37% of the outstanding stock of the Company.

NOTE 5 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. During the year ended December 31, 2024 fees were paid to Blue Ridge, Reagan Consulting, TI Trust, and Kruggel Lawton CPAs. The Plan is not charged for administrative services performed on its behalf by employees of the Company.

The Plan holds approximately 37% of the Company stock as described in Note 4 and has a note, as described in Note 8, with the Company for shares purchased in 2015.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such Participant or the participant's beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, the Employee Stock Ownership Committee shall direct the trustee to pay all liabilities and expenses of the trust fund and to sell shares of financed stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan.

NOTES TO FINANCIAL STATEMENTS

NOTE 7 - TAX STATUS

The Plan has obtained a determination letter on September 19, 2013, in which the Internal Revenue Service stated the Plan and related trust, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter, however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, no uncertain positions are taken or are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - NOTE PAYABLE

In 2015, the Plan entered into a \$2,097,859 note with the Company. The proceeds of the note were used to purchase 850 shares of Company common stock. Unallocated shares are collateral for the note. Shares are released from collateral and allocated to participants as payments of principal and interest are made. The number of shares released in any year is the number of shares held as collateral times the ratio of the current year payments divided by the total of this year's payment, plus all future years' payments. 45.74 shares were released and allocated for the plan year ended December 31, 2024.

The agreement provides for the loan to be repaid over 20 years with an interest rate of prime rate plus 1% per annum with a 6% minimum and a 10% maximum. For 2024 and 2023, the loan interest rate averaged 9%. The fair value of the note payable as of December 31, 2024 was \$826,616.

The scheduled amortization of the loan are as follows for the years ending December 31:

2025	104,893
2026	104,893
2027	104,893
2028	104,893
2029	104,893
Thereafter	302,151
	<hr/> 826,616 <hr/>

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, pandemic, governmental, regulatory, cybersecurity, and credit risks as well as valuation assumptions based on earnings, cash flows and/or other such techniques. Due to the level of risk associated with investment securities and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such

changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Common Stock. The fair value of the Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of discounted cash flows and market comparables. The appraisal includes unobservable inputs including weighted-average cost of capital and a minority share discount. The market and income valuation techniques were consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities.

The valuation process involves plan management's selection of an independent appraiser. The appraiser prepares a preliminary report which plan management, along with the trustees, reviews in detail, discusses and approves.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value as of December 31, 2024 and 2023.

Investment Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Company Common Stock	0	0	22,928,191	22,928,191
Total assets in the fair value hierarchy	0	0	22,928,191	22,928,191
Total investment assets at fair value	0	0	22,928,191	22,928,191

Investment Assets at Fair Value as of December 31, 2023

	Level 1	Level 2	Level 3	Total
Company Common Stock	0	0	20,142,811	20,142,811
Total assets in the fair value hierarchy	0	0	20,142,811	20,142,811
Total investment assets at fair value	0	0	20,142,811	20,142,811

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2024:

Balance at beginning of year	20,142,811
Unrealized appreciation in estimated fair value	<u>2,785,380</u>
Balance at end of year	<u><u>22,928,191</u></u>
The amount of total gains or losses for the period included in changes in net assets attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	<u><u>2,785,380</u></u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

NOTE 11 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events through the date the financial statements were available to be issued. Except for the matters described in Note 1, and below, no events or transactions occurred through October 14, 2025 requiring recognition or disclosure in the financial statements.

Subsequent to year end, the Company was purchased by an unrelated party. This purchase resulted in the amendments described in Note 1 and the sale of all Company shares held by the Plan. This also resulted in the Plan being frozen as of June 30, 2025 and the plan name changing to "Gibson Insurance Agency, Inc. Profit Sharing Plan". As of the date above, the Company has not elected to terminate the plan.
