## INDEPENDENT AUDITOR'S REPORT

To Plan Administrator and Participants  
Waco Cardiology Associates, P.A.  
Profit Sharing Plan

### **Opinion**

We have audited the financial statements of Waco Cardiology Associates, P.A. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Waco Cardiology Associates, P.A. Profit Sharing Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Waco Cardiology Associates, P.A. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Waco Cardiology Associates, P.A. Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Waco Cardiology Associates, P.A. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Waco Cardiology Associates, P.A. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## ***Supplemental Schedules Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H Item 4i Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**PROFIT SHARING PLAN**

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2024

**1. DESCRIPTION OF PLAN**

The following description of the Waco Cardiology Associates, P.A. (the "Company") Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan established effective April 1, 1994 and restated as of January 1, 2015. Employees of the Company are eligible to make salary reduction contributions after attaining the age of 18 and are eligible to receive matching contributions after one year of service. The same requirements apply for profit sharing contributions; however, the employee must be employed on the last day of the plan year, with few exceptions. Participation in the Plan is based on voluntary election by each employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Management oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Management.

**Employee Contributions**

Pursuant to Section 401(k) of the Internal Revenue Code (the "IRC"), participants may contribute up to the lesser of 100% of their compensation or \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year may also make catch-up contributions of up to \$7,500 for 2024. All participants' contributions are fully vested at all times.

**Employer Contributions**

The Plan allows for employer safe harbor contributions. The Plan is referred to as a "safe harbor plan". In order to maintain the "safe harbor" status, effective January 1, 2015, the Company will make a contribution equal to 100% of the first 3% of each eligible participant's compensation, and an additional 50% of the next 2% of each eligible participant's compensation. The maximum safe harbor match may not exceed 4%. During the year ended December 31, 2024, the Company contributed a matching safe harbor contribution in the amount of \$316,572. The Company may also contribute a discretionary matching and profit-sharing contribution. During the year ended December 31, 2024, the Company contributed a profit-sharing contribution in the amount of \$721,884.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's safe harbor contribution and discretionary matching and profit-sharing contribution, (b) Plan earnings (losses), and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit of which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon, as well as in the safe harbor contributions made by the Company. The vesting on non-safe harbor employer matching and profit-sharing contributions is based on years of service. Participants are vested 20% after the first year of service and 20% per year of service thereafter. A participant will be fully vested after 5 years of service.

### **Payment of Benefits**

In-service distributions from the account are not permitted before age 49 except in the event of death, disability or retirement. Upon termination of service, a participant may elect to receive distributions equal to the value of the participant's vested interest in his or her account. If a participant's vested account balance does not exceed \$5,000, then the vested account balance may only be distributed in a single lump-sum payment without participant consent. If the vested account balance exceeds \$5,000, the distribution can be made in the form of a single lump-sum payment, or partial withdrawals of at least \$5,000 or installments, but only with respect to required minimum distributions, over a period of not more than the participant's assumed life expectancy.

Terminated employees are not required to withdraw amounts from their Plan accounts if such accounts are greater than \$5,000.

### **Forfeitures**

A forfeiture is the non-vested portion of a terminated participant's account balance. The forfeited amount remains in the Plan and may first be used to pay administrative expenses, to reduce subsequent employer contributions or be reallocated to the active participants during the year. As of December 31, 2024, and 2023, there are no forfeitures that have not yet been applied to reduce administrative expenses, employer contributions or allocated to active participants. Also, in 2024, \$572 in forfeitures were used to reduce employer contributions.

### **Notes Receivable from Participants**

Under the terms of the Plan, participant loans are not permitted.

### **Administrative Expenses**

Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Use of Estimates**

The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

### **Investment Valuation and Income Recognition**

The Plan's investments are made through a self-directed brokerage investment option for Plan participants. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 3 for disclosures of methodologies used to determine the recorded fair value of Plan investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements* ("Topic 820"), provides a framework for measuring fair value which requires that an entity determine asset and liability fair values based on the exit price from an orderly transaction in the principal market for the asset or liability being measured.

### **Payment of Benefits**

Benefits are recorded when paid.

## **3. FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

ASC Topic 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair values using Level 1 inputs because they generally provide the most reliable evidence of fair value.

### **Level 1 Fair Value Measurements**

Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities. The Plan offers a self-directed brokerage option that holds mutual funds, common stock and foreign stock, which are traded on an exchange or listed market.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Common stock is valued at the closing price reported on the active market on which the individual securities are traded.

### **Level 2 Fair Value Measurements**

Level 2 asset and liability fair values are based on observable inputs that include: quoted market prices for similar assets or liabilities in an active market not defined by Level 1: quoted market prices for identical or similar assets or liabilities in markets that are not active; or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 2 assets and liabilities include the money market accounts and corporate and government bonds in the self-directed brokerage option.

The fair value of government securities and corporate bonds are determined by closing prices at the end of the Plan year. Closing prices are obtained from third party pricing vendors. When quoted prices are unavailable, pricing vendors use various evaluation methodologies, which are based on quoted prices for securities with similar coupons, ratings and maturities.

### **Level 3 Fair Value Measurements**

Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash flow methodologies, as well as financial instruments where the determination of fair value requires significant management judgment or estimation. These methodologies may result in a significant portion of the fair value being derived from unobservable data.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

Fair Value Measurements at the End of the Reporting Period Using

<u>December 31, 2024</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Quoted Prices for Similar Assets (Level 2)</u>	<u>Unobservable Assets (Level 3)</u>	<u>Total</u>

Total assets at fair value	\$ <u>31,930,663</u>	\$ <u>1,063,480</u>	\$ <u>3,599,988</u>	\$ <u>36,594,131</u>

Fair Value Measurements at the End of the Reporting Period Using

<u>December 31, 2023</u>	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Quoted Prices for Similar Assets (Level 2)</u>	<u>Unobservable Assets (Level 3)</u>	<u>Total</u>
Self directed investments	\$ <u>20,076,925</u>	\$ <u>6,711,703</u>	\$ <u>2,754,805</u>	\$ <u>29,543,433</u>

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, the following table exhibits the transfers into or out of Level 3.

Transfers Into and Out of Level 3

Value at December 31, 2022	\$ 2,754,805
Transfers In	1,327,257
Transfers Out	( 482,074)
Value at December 31, 2023	\$ <u>3,599,988</u>

#### 4. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The financial statements agree to Schedule H of Form 5500 in its entirety for the years ended December 31, 2024, and 2023.

#### 5. TAX STATUS

The Plan operates under a non-standardized adoption agreement in connection with a prototype 401(k) profit sharing plan and trust. This prototype Plan document has been filed with the appropriate agency and has obtained an opinion letter dated June 2, 2021, from the Internal Revenue Service stating that the prototype constitutes a qualified plan under Section 401 of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations three years after filing.

## **6. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## **7. RELATED PARTIES**

The Plan maintains self-directed brokerage accounts managed by Wells Fargo Advisors, Charles Schwab, Global Resource Solutions, Phoenix Financial Services, Fidelity Investments, TD Ameritrade, Securian Financial, USAA Financial Advisors and Sprott Global Resource Investments. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

## **8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## **9. SUBSEQUENT EVENTS**
