Independent Auditors' Report

To the Plan Administrator and Management of the ORG Services LLC 401(k) Plan:
Portland, CT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the ORG Services LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the ORG Services LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ORG Services LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditors' Report (continued)

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ORG Services LLC 401(k) Plan Notes to Financial Statements

Year ended December 31, 2024

1. Description of the Plan

General

The following description of the ORG Services LLC 401(k) Plan (the Plan) is provided for general information purposes only. The Plan was established effective January 1, 2024. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The plan sponsor previously participated in a multiemployer plan held by Prosper Financial Advisors. During November 2023, Prosper Financial Advisors was acquired by another entity and terminated the plan which the plan sponsor was participating in. During October 2024, assets from the former plan in the amount of \$74,985 were transferred into the Plan.

The Plan is a defined contribution plan available to all eligible employees of ORG Services LLC and affiliates, (collectively, the Company) who have completed three months of service and attained age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations. Participants may also contribute amounts representing after-tax compensation (Roth deferral contributions), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified (and certain nonqualified) defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also includes an automatic contribution arrangement. Employees hired on or after the effective date are subject to automatic deferrals of 3% of eligible plan compensation. The amount of such automatic enrollment will increase by 1% up to a maximum of 10% of eligible plan compensation, as defined in the plan document.

The Company will make a matching contribution on the employees' behalf if the employee makes a "Matched Employee Contribution." A "Matched Employee Contribution" is any Elective Deferral Contribution or Catch-up Contribution that the employee makes during the Plan year. If a "Matched Employee Contribution" is made, the Company will contribute to their Employer Matching Contribution account, an amount equal to 50% of the Matched Employee Contributions that are not in excess of 6% of the plan compensation. Contributions are subject to certain dollar limitations as set forth by the Internal Revenue Code (IRC). Such limitations on participant contributions were \$23,000 for Plan year 2024, with the exception of certain allowable catch-up contributions for participants over the age of 50. The maximum amount a participant may contribute as a catch-up contribution for the Plan year 2024 was \$7,500.

ORG Services LLC 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's safe harbor matching contribution, and allocations of Plan earnings, and charged with withdrawals and an allocation of Plan losses and certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are always 100% vested in their Elective Deferral Account, Rollover Contribution Account, and Qualified Non-Elective Contribution Account. Participants vest in the Company's Employer Matching Contribution Account and Non-Elective Contribution Account thereon in accordance with the following schedule:

Years of Service	Percent Vested
Less than 2 Years	0%
2 Years	20%
3 Years	40%
4 Years	60%
5 Years	80%
6 Years or More	100%

A year of service for vesting purposes is defined as any plan year in which an eligible employee is credited with at least, 1,000 hours of service. However, if the Company must make a matching contribution to a participants account in order to satisfy certain nondiscrimination tests required by the Internal Revenue Code, the participant will be 100% vested in those matching contribution.

Notes Receivable from Participants

Notes receivable from participants are not permitted under the Plan.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons as defined in the Plan Document, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants who have reached the age of 59 1/2 may, upon written request, make withdrawals from the vested portion of their account balance. Active participants may also withdraw funds from their pre-tax and Roth deferral accounts under certain hardship conditions.

ORG Services LLC 401(k) Plan
Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits (continued)

After termination of employment with the Company, if the vested amount of the Participants account (excluding rollovers) does not exceed \$5,000, the vested account balance will be distributed from the Plan. Prior to such distribution, the participant has the right to request that the amount be distributed directly to the participant in the form of a lump sum amount or request that it be rolled over to a different IRA provider or another retirement plan eligible to receive rollover contributions. If the vested amount of a participant's account exceeds \$5,000, the participant must consent to any distribution of their Account. However, the Plan Administrator will commence distribution of the participant's vested Account balance without the participant's consent at the time that payments must begin under applicable federal law - generally the April 1 following the later of the calendar year in which the participant attains age 72 or you terminates employment.

Plan Termination

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions is taken, participants will be notified. However, no such action may permit any part of Plan assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participants vested Account balance as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to the participant's account will become 100% vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

ORG Services LLC 401(k) Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various securities, including mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Investments Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, which is presented in the Statement of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid. No participants have elected to withdraw from the Plan but have not yet been paid at December 31, 2024.

Administrative Expenses

In general, administrative expenses incurred in connection with professional services and investment transactions, and payments of benefits to participants, are paid by the Plan. To the extent that the plan does not pay any administrative expenses, such expenses are paid by the Company.

3. Information Prepared and Certified By Trustee

The Plan's investments are held and administered by the Trustee, Matrix Trust Company, as of December 31, 2024. All investment information disclosed in the accompanying financial statements, including investments held at December 31, 2024, and interest income, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2024, was obtained and certified as complete and accurate by Matrix Trust Company.

ORG Services LLC 401(k) Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements

The Plan uses a framework that provides for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include; quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option pricing models, discounted cash flow models, and similar techniques.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value; there have been no changes in the methodologies used at December 31, 2024. Mutual funds are valued at the value of such shares as of the close of business at the end of the year based on quoted active market prices of the underlying investments, and as such, are classified as Level 1 investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

ORG Services LLC 401(k) Plan
Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan’s fair value measurements as of December 31, 2024:

Description	Level 1	Level 2	Level 3	Total
2024				
Investments:				
Mutual funds	\$ 466,234	\$ -	\$ -	\$ 466,234
Total investments at fair value	\$ 466,234	\$ -	\$ -	\$ 466,234

5. Related Party and Party-in-Interest Transactions

Section 3(14) of ERISA defines party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. During 2024, there were no investments in the Plan which were held by the Matrix Trust Company.

Fees paid by the Plan for investment management, recordkeeping and other operating expenses are with the trustee and considered permitted party-in-interest transactions. Investment management fees are netted against net appreciation (depreciation) in fair value of investments for the Plan.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA.

7. Federal Income Tax Status

The prototype plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter effective June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan’s tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

ORG Services LLC 401(k) Plan
Notes to Financial Statements (continued)

7. Federal Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2021.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2024
Net assets available for benefits per the financial statements	\$ 480,699
Employee contributions receivable	(4,148)
Employer contributions receivable	(3,248)
Excess participant contributions payable	1,248
Net assets available for benefits per the Form 5500	\$ 474,551

The following is a reconciliation of changes in net assets available for benefits per the financial statements to the Form 5500 for the year then ended December 31:

	2024
Changes in net assets available for benefits per the financial statements	\$ 405,714
Change in employee contributions receivable	(4,148)
Change in employer contributions receivable	(3,248)
Change in excess participant contributions payable	1,248
Changes in net assets available for benefits per the Form 5500	\$ 399,566

9. Subsequent Events

The Plan has evaluated subsequent events between December 31, 2024 and October 14, 2025, the date the financial statements were available to be issued.
