|---------------|--------------------------------------|

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Independent Auditor's Report

To the Plan Administrator and  
Those Charged with Governance of  
Orders Construction Company 401(k) Plan  
St. Albans, West Virginia

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Orders Construction Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Orders Construction Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Orders Construction Company 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Orders Construction Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Orders Construction Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Orders Construction Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter – Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the

supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Orders Construction Company 401(k) Plan

## Notes to Financial Statements

December 31, 2024

---

### Note 1 — Plan Description

---

The following description of Orders Construction Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

#### *General*

The Plan is a defined contribution plan covering substantially all employees of Orders Construction Company, Inc., Allied Development Group, Inc., Paramount Builders, LLC, Summit Corporation, Performance Power Solutions, LLC, and Premier Risk Management Solutions, LLC (the “Company”) who are at least 21 years of age and who have one year of service. The Plan does not cover employees covered by collective bargaining agreement, leased employees, or non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2024, the plan was amended to allow certain employees to participate who do not meet all the criteria within the adoption agreement.

#### *Contributions*

Participants may contribute from compensation as pretax or Roth as defined in the Plan. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions from other qualified plans.

The Company makes employer safe-harbor matching contributions of 100% of the first 3% of compensation that a participant contributed, plus 50% of matched participant contributions that exceed 3% but do not exceed 5%.

The Company may also make discretionary non-elective contributions which are allocated among participants who are active on the last day of the Plan year and have at least 1,000 hours of service during the Plan year. Non-elective contributions are allocated based on the total non-elective contribution for a participant’s allocation group, as defined by the Plan document, multiplied by the participant’s annual pay as of the last day of the Plan year divided by the total annual pay for all eligible participants in the participant’s group. Non-elective contributions for the year ended December 31, 2024 were \$796,342.

#### *Participant Accounts*

Each participant’s account is credited with the participant’s contributions, the Company’s contributions, an allocation of Plan earnings, and charged with an allocation of administrative fees. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

#### *Vesting*

Participants are immediately vested in their elective deferrals, rollover contributions, qualified non-elective contributions, and safe-harbor matching contributions plus actual earnings thereon. Vesting in the non-elective contributions portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service. Participants will become 100% vested upon normal retirement, death, or disability while employed by the Company.

## Notes to Financial Statements

December 31, 2024

### *Notes from Participants*

Participants may borrow from their accounts a minimum of \$1,000 up to the maximum of \$50,000 or 50% of their vested account balance, whichever is less. Note terms range from one year to five years. The notes are secured by the balance in the participant's account and bear interest at 1% over the Prime Rate on the first business day of the month the loan originated. Principal and interest are paid through payroll deductions.

### *Payment of Benefits*

Upon retirement, death, disability, or termination, a participant can elect to receive a lump-sum or partial withdrawal equal to the vested value of his or her account. In-service distributions are allowed, as defined by the Plan document.

### *Administrative Costs*

Administrative expenses are paid by the Company and the Plan on a discretionary basis.

### *Forfeited Accounts*

As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$405 and \$22,412, respectively. During the year ended December 31, 2024, \$21,890 of the forfeitures were used to fund the 2023 employer non-elective contributions.

## **Note 2 – Significant Accounting Policies**

---

### *Basis of Accounting*

The financial statements of the Plan are prepared using the accrual method of accounting.

### *Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosures. Actual results may differ from those estimates.

### *Valuation of Investments and Income Recognition*

The Plan's investments are recorded at fair value except for fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a full discussion of fair value measurements.

Investments in fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

## Notes to Financial Statements

December 31, 2024

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### *Notes from Participants*

Notes from participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

### *Benefit Payments*

Benefits are recorded when paid.

### *Subsequent Events*

Evaluation of subsequent events was considered through September 26, 2025, the date the financial statements were available to be issued.

## **Note 3 — Fair Value Measurements**

---

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used only when Level 1 inputs are not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

*Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Collective Trust Funds* – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

## Notes to Financial Statements

December 31, 2024

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis consisted of the following at December 31:

|   | 2024                |                      |
|---|---------------------|----------------------|
|   | Level 1             | Total                |
| Mutual funds  | \$ 9,895,027        | \$ 9,895,027         |
| Total assets in fair value hierarchy  | <u>\$ 9,895,027</u> | 9,895,027            |
| Collective trust funds, measured at NAV as practical expedient <sup>(a)</sup> |                     | 9,792,358            |
| Total investments at fair value   |                     | <u>\$ 19,687,385</u> |

|   | 2023                 |                      |
|---|----------------------|----------------------|
|   | Level 1              | Total                |
| Mutual funds  | \$ 10,823,128        | \$ 10,823,128        |
| Total assets in fair value hierarchy  | <u>\$ 10,823,128</u> | 10,823,128           |
| Collective trust funds, measured at NAV as practical expedient <sup>(a)</sup> |                      | 7,507,011            |
| Total investments at fair value   |                      | <u>\$ 18,330,139</u> |

(a) In accordance with FASB Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## Note 4 — Investment Contract with Insurance Company

Participants may also invest in a fixed account that is a traditional investment contract. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment issuer is financially obligated to repay the principal and the specified interest rate to the Plan.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the investment contract held by the Plan was \$813,365 and \$2,014,824 at December 31, 2024 and 2023, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The investment has a portfolio investment rate design in which all deposits in the investment are credited with the same interest rate on a daily basis, with no set maturity. Such interest rates are reviewed on a quarterly basis for resetting. There is a minimum interest rate of 1.0%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan document (including complete or partial plan termination, or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or

any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

---

### Note 5 — Related Party and Party-in-Interest Transactions

---

Certain administrative functions are performed by officers or employees of the Company. These employees are also Plan participants. No such officer or employee receives compensation from the Plan.

Plan participants may choose to invest in funds held by Plan's Custodian. Therefore, these transactions qualify as related party transactions. Fees paid to the Custodian by the Plan for investment management and record-keeping services were \$64,547 for the year ended December 31, 2024.

---

### Note 6 — Plan Termination

---

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

---

### Note 7 — Tax Status

---

The Plan is an adoption of a pre-approved plan sponsored by CCH Incorporated effective January 1, 2021, and amended effective March 22, 2023. The Plan is designed in accordance with applicable sections of the *Internal Revenue Code (IRC)*. The Company has obtained the most recent favorable opinion letter from the IRS dated June 30, 2020. The Company believes the Plan is currently being operated in compliance with the applicable requirements of the *IRC*.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.
