INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Participants of
Aerostar Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Aerostar Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information as described in Note 3 to the financial statements is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Aerostar Savings and Retirement Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 - Description of the plan

The following description of the Aerostar Savings and Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

On September 13, 2013, the Plan adopted the Banco Popular of Puerto Rico Master Defined Contribution Retirement Plan Master Trust. The Plan is a defined contribution plan that covers all eligible employees of Aerostar Airport Holdings, LLC, who have completed a minimum of six (6) months of service and are eighteen (18) years or older. The Plan Sponsor is Aerostar Airport Holdings, LLC, (the Sponsor, or the Company), and Banco Popular of Puerto Rico Fiduciary Division serves as the Trustee.

The Plan is qualified under the provisions of Section 1081.01 of the Internal Revenue Code of Puerto Rico (the Code), as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may elect to contribute an amount of their compensation as defined in the Plan, not exceeding the maximum deferral specified by local law. Participants have the option of making pre-tax, post-tax and catch-up (additional) contributions. These catch-up contributions can be made by participants who have attained fifty (50) years of age before the end of the Plan year, up to \$1,500 in excess of the annual \$15,000 of the eligible compensation limitation. However, they are not eligible for matching contributions by the Plan Sponsor. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Sponsor makes a discretionary matching contribution for the participant in an amount equal to one hundred (100) percent of the participant's first two (2) percent of eligible pay contributed to the Plan. The Company's board of directors may authorize additional employer contributions at their discretion. Participants who are employed on the last day of each month share in a discretionary Employer Additional Contributions of one (1) percent of eligible pay.

Effective November 1, 2024, the Plan provides a discretionary matching contribution equal to \$1.00 for each dollar contributed by the participant, up to 4% of compensation. The matching contribution applies to pre-tax, after-tax, and catch-up contributions and will be remitted to the trustee (BPPR) on a monthly basis. The Employer will not make matching contributions above 4% of a participant's compensation. On November 1, 2024, the Plan was amended to eliminate the Employer Additional Contributions.

Notes to Financial Statements – (Continued)

December 31, 2024 and 2023

Note 1 - Description of the plan – (continued)

Participant accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of: (a) the Plan Sponsor's contribution and (b) Plan earnings. Allocations of Plan earnings are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Plan Sponsor's matching of their accounts plus actual earnings thereon is based on years of continuous service as follows:

<u>Completed Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Investment options

Participants direct their investment of their account balances into various investment options offered by the Plan. The Plan currently offers mutual funds and other options as investments for its participants.

Notes receivable for participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rates at the time funds are borrowed. Principal and interest are paid ratably through monthly payroll deductions. Loan repayments may be scheduled for up to 60 months. Notes receivable from participants are valued at the outstanding loan balance.

Aerostar Savings and Retirement Plan

Notes to Financial Statements – (Continued)

December 31, 2024 and 2023

Note 1 - Description of the plan – (continued)

In-service withdrawals

An employee may not make withdrawals from his or her Plan account (other than hardship withdrawals) until the employee qualifies for benefit payments under the Plan. Benefit payments are payable upon the employee's attainment of normal retirement age, or the occurrence of the employee's disability or death. However, the Plan provides for in-service distributions in certain circumstances, including financial hardship withdrawals, subject to certain limitations. Also, in-service distributions may be available to participants as special disaster distributions, as determined by the Puerto Rico Treasury Department.

Forfeited accounts

Upon a participant's termination from the Plan Sponsor or withdrawal from the Plan for any reason other than death, retirement or disability, the employer contributions on behalf of the participants not then vested are forfeited and used to reduce future employer contributions or administrative fees. On December 31, 2024 and 2023, forfeited non-vested accounts amounted to \$59,137 and \$51,521, respectively, and will be used to reduce future employer contributions.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan, unless paid by the Plan Sponsor.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either (1) a single payment (lump-sum distribution) or (2) payments in substantially equal installments over a fixed period of time.

Plan termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

The following items represent the significant accounting policies followed by the Plan:

Basis of accounting

The accompanying financial statements have been prepared in accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risk and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investments valuation and income recognition

The Plan's investments consist of its interest in the Master Trust, which is reported at fair value. Shares of mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received. Net appreciation (depreciation) in fair value of investments includes the Plan's gain and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits payments to participants are recorded upon distribution.

Benefits payable

The Plan accounts for benefits payable in accordance with the guidance provided by the American Institute of Certified Public Accountants (AICPA) *Audit and Accounting Guide, Audits of Employee Benefit Plans*. This guidance requires that benefits payable to people who have withdrawn from participation in a defined contribution plan be disclosed in the notes to the financial statements rather than recorded as a liability of the Plan. As of December 31, 2024 and 2023, benefits owed to the participants amounted to \$15,234 and \$136, respectively.

Reclassifications

Certain reclassifications have been made to the prior year financial statements to conform the to the current year presentation.

Note 3 - Information certified by Trustee – (unaudited)

The plan administrator has elected the method of compliance permitted by Section 103(a)(3)(C) of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information in the accompanying financial statements and ERISA required supplemental schedules related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation /depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023 was obtained by management and agreed to or derived from information certified as complete and accurate by Banco Popular de Puerto Rico, a qualified institution.

Note 4 - Interest in the Master Trust

The Plan's investment consists of its interest in the Master Trust, which was established for the investment of the assets of plans sponsored by those single employers or groups of employers under common control that execute the corresponding adoption agreement. The Plan has a divided interest in the Master Trust. The assets of the Master Trust are held by the Trustee.

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's specific interest in the Master Trust, plus actual contributions and allocated investment income, less actual distributions and allocated administrative expenses. Total investment income (including net appreciation (depreciation) in the fair value of investments) of the Master Trust is allocated to the Plan based upon the specific investments comprising the Plan's interest in the Master Trust.

Note 5 - Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) No. 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under the above-mentioned standard are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active market that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 5 - Fair value measurements – (continued)

The Plan’s interest in the Master Trust that is measured at fair value consists of shares of mutual funds that are valued at the net asset value of the specific shares corresponding to the Plan at year end. Such mutual funds are classified as Level 1.

Following is a description of the valuation methodologies used for assets measured at fair value.

- *Mutual funds* – valued at the net asset value of shares held by the Plan at year end.
- *Money market funds* – valued at cost, plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in these methodologies used at December 31, 2024 and 2023.

The following table sets forth by level, within the fair value hierarchy, the Plan’s interest in the Master Trust that is measured at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total

Note 6 - Party-in-interest transactions

The Plan’s investment consists of its interest in the Master Trust, which is managed by the Trustee, therefore, these transactions qualify as party-in-interest transactions.

Note 7 - Non-Discrimination Test

During the year ended December 31, 2024, the Plan failed the non-discrimination test required by the Code. This test requires compliance with a determined percentage of contributions to the Plan as established in Section 1081.01(d) of 2011 Code, as amended. The Plan Sponsor had the following alternatives to correct this non-compliance: (a) additional employer contributions to non-highly compensated participants, (b) reimbursement to highly compensated participants of their excess contributions, which would result in reporting this reimbursement as taxable income for the year in which the noncompliance takes place, or (c) reclassifying the excess contributions of high compensated participants as post-tax contributions, which requires reporting this excess amount as a taxable income for the year in which the reclassification takes place. The Plan complied with the discrimination test for the year ended December 31, 2023.

For the year ended December 31, 2024, the Plan Sponsor elected to refund excess contributions to highly compensated employees amounting to \$15,825, which has been recorded a liability in the statement of net assets available for benefits. Excess contribution for the year 2024 was paid on March 27, 2025.

Note 8 - Income taxes

The Plan constitutes a qualified plan exempt from income taxes under the provision of Section 1081.01 of the Internal Revenue Code for a New Puerto Rico (the Code), as amended. The Plan obtained its latest determination letter on June 26, 2015, in which the Commonwealth of Puerto Rico tax authorities stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. Management has evaluated the Plan tax position and concluded that the

Note 9 - Subsequent events

The Plan has evaluated subsequent events through October 8, 2025, which is the date that these financial statements were available to be issued. Except as disclosed in Note 7, no other events have occurred subsequent to the statement of net assets available for benefits and to the date the financial statements were available to be issued, that would be require additional adjustments to or disclosure in the financial statements.
