Report of Independent Auditors

To the Administrator of New York Yankees Employee Investment Plan,

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of New York Yankees Employee Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 (“supplemental schedule”), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule is related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

General

The following description of the New York Yankees Employee Investment Plan (the “Plan”) is provided for general informational purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions. Effective January 1, 1998, the New York Yankees Partnership (the “Partnership”) adopted the Plan. The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Fidelity Management Trust Company (“Fidelity” or “Trustee”) serves as trustee and custodian.

Eligibility

The Plan covers employees of the New York Yankees Partnership (the “Plan administrator” or the “Partnership”), Trans-Marine Management Corporation (an affiliated entity) and employees within a specific union of River Operating Company (a subsidiary of the Partnership) who, during each plan year, have completed twelve months of service, have worked 1,000 hours, and are age 21 or older. Participation in the Plan is voluntary. The Plan does not cover minor league baseball players, event staff employees, interns, collectively bargained employees except for members of a specific union, employees of River Operating Company except for members of the specific union noted above, and nonresident aliens who do not receive earned income from the United States of America.

Contributions

Participants may contribute to the Plan up to a maximum of 60% of eligible compensation for any contribution period, subject to an Internal Revenue Service (“IRS”) maximum contribution of \$23,000 in 2024. The IRS permits participants age 50 and over to contribute an additional \$7,500 for 2024 as a catch-up contribution. A participant may also make transfer (“rollover”) contributions from qualified retirement plans.

The Partnership makes a matching employer contribution in an amount equal to 25% of each participant’s eligible contribution, subject to a maximum of 6% of their eligible compensation contributed to the Plan.

Participant Accounts

Participant accounts are credited by investment fund for participant contributions. Unit values are calculated daily to reflect the gains or losses of the underlying investments and expenses. Each participant’s account is credited with the participant’s contribution, employer’s contribution and allocations of Plan earnings. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and employer nonelective contributions plus actual earnings thereon. The Plan provides for vesting in employer matching contributions and actual earnings thereon included in participant accounts based on years of service. A participant becomes 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service and 100% vested after five years of service. A participant who terminates employment as a result of retirement, disability or death shall be fully vested and entitled to receive the value of their entire account.

Investment Options

The Plan provides participants with various options, including mutual funds and one common collective trust fund.

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2024 and 2023

Forfeited Accounts

Forfeitures of nonvested account balances are included in the Plan's investments and are available to reduce future employer contributions or to pay administrative expenses. At December 31, 2024 and 2023, forfeited, nonvested funds totaled \$5,555 and \$8,802, respectively. During 2024, \$13,992 of forfeitures were used to pay administrative fees.

Revenue Credit Program

To the extent that recordkeeping revenue received in connection with plan services exceeds agreed-upon compensation, a revenue credit will be available to reduce future employer contributions or to pay administrative expenses. During 2024, \$93,959 of revenue credit was recorded as other income.

Notes Receivable from Participants

The Plan allows participants to apply for one loan each calendar year with a limit of two loans outstanding at any given time. The minimum loan is \$1,000 and the maximum amount is the lesser of one-half of the present value of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance in the participants account during the prior twelve-month period. The loan interest rate is set at one percent above the prime rate. Interest rates on outstanding notes receivable ranged from 4.25% to 9.50% at December 31, 2024. Such loans are collateralized by each respective participant's vested account with interest and principal payments being credited to the participant's account according to their current investment elections. Principal and interest is paid ratably through payroll deductions. Repayment terms may not exceed five years unless it is for the purchase of a participant's primary residence in which case the loan repayment period may extend up to ten years. A participant's vested interest in his or her account is reduced by the value of any loans outstanding upon termination.

Benefits Paid to Participants

Upon termination of service, disability or the attainment of normal retirement (age 65) or early retirement (age 55), a participant may elect to receive a lump-sum amount equal to the value of their account, a direct rollover to an eligible retirement plan, or installment payments. If the vested account balance payable to a participant is less than or equal to \$1,000 the entire amount shall be paid to the participant in a single lump-sum. As more fully described in the Plan document, early withdrawals are generally limited to cases involving financial hardship or in service withdrawals upon attainment of age 59 ½.

2. Summary of Accounting Policies

Basis of Presentation

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP"), and reflect management's estimates and assumptions, such as those regarding fair value, that affect the recorded amounts.

Investment Valuation and Income Recognition

The Plan invests in mutual funds and a common collective trust fund managed by Fidelity. Investments are stated at fair value. The Plan's Benefit Committee determines the Plan's valuation policies utilizing information provided by the Trustee.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. The Plan presents, in the Statement of Changes in Net Assets Available for Benefits, the net appreciation in the fair value of investments, which consists of the realized gains or

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2024 and 2023

losses on the sale of investments during the year and the unrealized appreciation or depreciation on the investments held at the end of the year.

Common Collective Trust Fund

The fair value of the common collective trust fund is measured at net asset value ("NAV") as a practical expedient, which represents the fair value of the underlying securities held in the fund. This investment is not available in an exchange or active market. Distributions from the net investment income are declared daily and reinvested monthly. There were no unfunded commitments related to the common collective trust fund as of December 31, 2024 and 2023. Redemption frequency for participant withdrawals take place daily whereas plan level liquidations require notice to Fidelity and could result in the Plan's investment in the Managed Income Portfolio being placed into an investment only account for up to twelve months.

Notes Receivable from Participants

Notes receivable from participants are recorded at outstanding principal balance plus accrued interest. Interest income is recorded on the accrual basis.

Notes receivable from participants are considered in default when a participant fails to make repayments on an outstanding loan or their loan matures and has not been repaid in full. A defaulted loan may be treated as an actual distribution or a deemed distribution. An actual distribution occurs when a participant is eligible to receive all or part of their account balance based on the Plan's distribution provisions. Actual distributions are no longer considered plan assets. A deemed distribution occurs when the participant is not eligible for an actual distribution. Deemed distributions are still considered plan assets.

Contributions

Participant and employer contributions are recorded in the period during which payroll deductions are made from the participants' earnings. Rollover contributions are recorded in the period they are received by the Plan.

Benefits

Benefits to participants are recorded when paid.

Administrative Expenses

The Partnership pays certain administrative expenses of the Plan including the audit, legal and Form 5500 preparation fees. The Plan pays expenses related to custodian, recordkeeper and advisory services. Fees related to notes receivable from participants are charged directly to the respective participant accounts. The Partnership personnel perform various administrative services for the Plan, including limited assistance with the maintenance of participant records. Such costs associated with these services are not included in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions and deductions during the reporting period. The Plan's management believes that these estimates are adequate. Actual results could differ from those estimates.

New York Yankees Employee Investment Plan

Notes to Financial Statements

December 31, 2024 and 2023

Risks and Uncertainties

The Plan provides for various investment options in professionally managed mutual funds and a common collective trust fund that purchase common shares, debt, and other equity type securities of publicly traded companies. Such investments are exposed to various risks such as interest rate, market and credit risk. Market risks included global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with such investments and the level of uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in value in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

3. Fair Value Measurements

ASC 820 defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

ASC 820 also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. ASC 820 establishes three levels of inputs that may be used to measure fair value:

- Level 1 Quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3 Unobservable inputs that are supported by no market activity and that are significant to the fair value of the assets or liabilities.

Mutual Funds

Mutual funds are considered Level 1 investments as quoted prices in active markets are utilized to measure their fair value.

Investments Measured at Fair Value on a Recurring Basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2024 and 2023 (Level 1, 2 and 3 inputs are defined above):

	Fair Value of Investments as of December 31, 2024				
	Net Asset Value (a)	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 84,137,299	\$ -	\$ -	\$ 84,137,299
Common collective trust fund	5,442,272	-	-	-	5,442,272
Total investments at fair value	\$ 5,442,272	\$ 84,137,299	\$ -	\$ -	\$ 89,579,571

	Fair Value of Investments as of December 31, 2023				
	Net Asset Value (a)	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 66,713,025	\$ -	\$ -	\$ 66,713,025
Common collective trust fund	5,312,430	-	-	-	5,312,430
Total investments at fair value	\$ 5,312,430	\$ 66,713,025	\$ -	\$ -	\$ 72,025,455

- (a) Certain investments that are measured at fair value using net asset value per share as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan recognizes transfers between levels of the valuation hierarchy when they occur. There were no transfers between levels of the valuation hierarchy for the years ended December 31, 2024 and 2023.

4. Financial Information Certified by the Trustee

The following is a summary of the Plan's investment balances and related investment information included in the Plan's financial statements, notes to financial statements and the Schedule of Assets (Held at End of Year) which was certified by Fidelity as of December 31, 2024 and 2023, and for the year ended December 31, 2024 as complete and accurate, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party and Party-in-Interest Transactions

The Trustee managed the Plan's investments in certain mutual funds and a common collective trust fund for the years ended December 31, 2024 and 2023; therefore, these transactions qualify as party-in-interest transactions. Party-in-interest investments at December 31, 2024 and 2023 were \$78,498,870 and \$62,267,714, respectively. Included in these assets were notes receivable from participants of \$916,892 and \$795,887 at December 31, 2024 and 2023, respectively. Fees paid for services rendered by parties-in-interest of \$97,179 for the year ended December 31, 2024 were based on customary rates for such services and were paid by the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon a complete or partial termination of the Plan, the account of each affected participant will fully vest.

7. Income Tax

The Plan adopted the Fidelity volume submitter defined contribution plan that received an advisory letter from the IRS dated June 30, 2020, stating that the written form of the underlying prototype plan document is qualified under Section 401 of the Internal Revenue Code ("IRC"), and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Partnership most recently adopted the volume submitter plan on January 1, 2015 and has adopted the required amendments. The Partnership believes the Plan, as amended, is being operated and administered in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt at December 31, 2024 and 2023.

Plan Management must evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions of the Plan, and has concluded that, as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. These positions are not expected to change in the next 12 months. The Plan is subject to routine audits by taxing jurisdictions and accordingly, the effect of such review, if any, would be reflected in the period of review.

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	2024	2023
Net assets available for benefits per the financial statements	\$ 90,496,463	\$ 72,821,342
Certain deemed distributions of participant loans	<u>(129,644)</u>	<u>(129,441)</u>

The following is a reconciliation of notes receivable from participants per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	2024	2023
Notes receivable from participants per the financial statements	\$ 916,892	\$ 795,887
Certain deemed distributions of participant loans	<u>(129,644)</u>	<u>(129,441)</u>
Participant loans per the Form 5500	<u>\$ 787,248</u>	<u>\$ 666,446</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements for the year ended December 31, 2024 to the Form 5500:

	2024
Net increase in net assets available for benefits per the financial statements	\$ 17,675,121
Current year deemed distributions of participant loans	<u>(204)</u>
Net income per the Form 5500	<u>\$ 17,674,917</u>

Certain deemed distributions of participant loans consist of loans that were deemed distributed in an earlier year for which a participant has resumed payment. These deemed distributions are considered plan assets per the financial statements but must be reported as deemed distributions on the Form 5500.
