INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
The Morgan Library and Museum 403(b) DC Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Morgan Library and Museum 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Morgan Library and Museum 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Morgan Library and Museum 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Morgan Library and Museum 403(b) DC Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Morgan Library and Museum 403(b) DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Morgan Library and Museum 403(b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is

derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 1 - Description of Plan**

The following description of The Morgan Library and Museum 403(b) DC Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

a - General and Eligibility

The Plan is a defined contribution plan covering all employees of The Pierpont Morgan Library (the "Museum" or "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All employees of the Museum are immediately able to contribute their own money to the Plan. There is no special age or service requirement to become eligible.

b - Contributions

Elective Deferrals: Participants may elect to contribute to the Plan up to the maximum allowable under the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch up contributions, up to the maximum allowable under the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Mandatory Employee Contributions: All employees who have completed two years of service are required to make mandatory contributions of 2 percent of employee compensation, as defined by the Plan.

Employer Contributions: The Museum will make a discretionary contribution to the Plan to be determined from year-to-year for all eligible participants that have completed two years of service. During 2024, the Museum made contributions equal to 8% of employee compensation plus 9% of the amount of employee compensation in excess of the taxable wage base.

c - Participant Accounts

Each participant account is credited with the participant's contribution and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d - Vesting

Participants are immediately vested in their contributions and employer contributions, plus actual earnings thereon.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 1 - Description of Plan (continued)****e - Payment of Benefits**

Benefits may be withdrawn upon termination of employment, disability, after attaining age 59½, or upon plan termination. Benefits may be paid as lump sum, partial payments, installment payments or annuity contracts. Distributions of \$1,000 or less that are made to a participant who has terminated from employment are made in the form of a lump sum distribution.

f - Hardship Withdrawals

A participant may request a hardship withdrawal under certain conditions as specified in the Plan. Hardship withdrawals must be approved by the Plan administrator.

g - Plan Loans

Participants may borrow from their accounts a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The maximum term of a loan may not exceed 5 years, unless it is for the purpose of purchasing a personal residence. A participant may have up to three outstanding loans at a time.

Participants may also obtain loans issued directly from funds owned by the custodian of the Plan and not directly from a participant's account. Borrowings are limited to one-half of a participant's vested account balance, and may not exceed \$50,000 per participant. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity, and totaled \$56,843 and \$53,952 as of December 31, 2024 and 2023, respectively.

The loan interest rate for these Plan loans may be fixed or variable, and the initial rate is determined by the terms of the controlling contract as is the rate adjustment details and frequency.

h - Revenue Credit Account

Under the terms of the Plan's Recordkeeping Services Agreement (the "Agreement") with Teachers Insurance and Annuity Association of America ("TIAA"), any revenue generated by the Plan in the form of fees or other compensation in excess of 0.19% of Plan assets is credited back to the Plan in the form of a revenue credit and is held in a separate revenue credit account. Funds held in the revenue credit account may be either used to pay direct, reasonable and necessary expenses of the Plan or may be allocated to participants as a plan servicing credit. The balance of the revenue credit account, which includes revenue credits received during 2024 plus earnings thereon, totaled \$129,059 as of December 31, 2024, and is included in investments at contract value on the statement of assets available for benefits.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 2 - Summary of Accounting Policies**

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements:

a - Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

b - Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Money market balances are valued at cost, which equals current value. Purchases and sales of securities are recorded on a trade date basis. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments in fully benefit-responsive investment contracts are stated at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administrative expenses.

c - Payment of Benefits

Benefits are recorded when paid.

d - Plan Expenses

The administrative expenses of the Plan are paid by the Museum, or by Plan assets held in the revenue credit account.

e - Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

f - Subsequent Events

The Museum has evaluated subsequent events through October 13, 2025, the date that the financial statements are considered available to be issued.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 3 - Certified Financial Information**

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, TIAA-CREF Financial Services, the custodian of the Plan, has certified as to the completeness and accuracy of the investments and participant loans of \$59,018,713 and \$53,346,317 as of December 31, 2024 and 2023, respectively, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2024.

Note 4 - Investment Contracts with Insurance Company

The Plan has two fully benefit-responsive investment contracts with TIAA, the TIAA Traditional Annuity and the TIAA Stable Value.

The TIAA Traditional Annuity and TIAA Stable Value are fixed-rate annuity contracts. Contributions buy a contractual amount of future benefits for the investing participant. The contracts guarantee principal and a minimum interest rate and provide the opportunity for additional amounts in excess of the guaranteed rate. Allocations to TIAA Traditional Annuity and TIAA Stable Value are backed by TIAA's claims-paying ability. Additional amounts, when declared by the TIAA Board of Trustees, remain in effect for one year beginning each March 1 for the TIAA Traditional Annuity, and from January 1 through June 30 and July 1 through December 31 for TIAA Stable Value.

The TIAA Traditional Annuity provides for a guaranteed annual interest rate of 3%. The TIAA Stable Value provides a guaranteed minimum rate of interest between 1% and 3%, before deductions for contract fees.

The TIAA Traditional Annuity and TIAA Stable Value have no liquidity restrictions and are fully benefit-responsive. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 4 - Investment Contracts with Insurance Company (continued)**

Certain events limit the Plan's ability to transact at contract value with TIAA. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

Note 5 - Fair Value Measurements

FASB ASC 820, "Fair Value Measurements and Disclosures," provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from and corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 5 - Fair Value Measurements (continued)**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023:

Insurance Company General Contracts: Investments in the insurance company general account deemed non fully benefit-responsive are comprised of guaranteed funds and fixed accounts and are valued at fair value by the insurance company by discounting related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

Pooled Separate Accounts: Determine fair value using the net asset value (NAV) of the funds. The NAV is determined by each fund's trustee using the fair value of the underlying securities within the fund at year end.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan sponsor is responsible for the determination of fair value. Accordingly, it performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan sponsor has not historically adjusted the prices obtained from the pricing services.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the statements of net assets available for benefits.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024

Note 5 - Fair Value Measurements (continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2024:

Balance, beginning of year	\$7,297,620
Interest	328,642
Purchases	123,674
Sales	<u>(433,681)</u>
Balance, End of Year	<u>\$7,316,255</u>

The following table represents the Plans' Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the range of values for those inputs.

2024				
<u>Instrument</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
TIAA Traditional Annuity	<u>\$7,316,255</u>	Discounted cash flow	Risk-adjusted discount rate applied	<u>1.00% - 3.00%</u>
2023				
<u>Instrument</u>	<u>Fair Value</u>	<u>Valuation Technique</u>	<u>Significant Unobservable Inputs</u>	<u>Range</u>
TIAA Traditional Annuity	<u>\$7,297,620</u>	Discounted cash flow	Risk-adjusted discount rate applied	<u>1.00% - 3.00%</u>

Note 6 - Party-in-Interest Transactions

Plan investments are funds managed by the Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA-CREF"). TIAA-CREF acts as custodian for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees totaling \$182,334 were paid indirectly to TIAA-CREF during the 2024 plan year.

THE MORGAN LIBRARY AND MUSEUM 403(b) DC PLAN**NOTES TO FINANCIAL STATEMENTS****DECEMBER 31, 2024****Note 7 - Reportable Transactions**

The Trust established under the Plan has plan assets that exceed 5% of total Plan assets, however, these assets are participant directed and are under participant control, therefore, no schedule of reportable transactions is required with respect to them.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Museum has the right under the Plan agreement to terminate the Plan subject to the provisions of ERISA.

Note 9 - Tax Status

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate sections of the Internal Revenue Code ("IRC"), and accordingly, the Trust's net investment income is exempt from income taxes. The Plan has adopted a prototype plan through TIAA-CREF that is qualified by the Internal Revenue Service and a determination letter separately filed is not mandatory by Plan sponsor. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements. Management believes that it has appropriate support for any tax positions taken and does not have any uncertain tax positions that are material to the financial statements. The Plan's tax returns are generally subject to examination by taxing authorities for a period of three years from the date of filing.

Note 10 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
