## Independent Auditor's Report

To the Plan Administrator  
Physicians Pharmacy Direction Retirement Plan for Self-Employed  
Tarentum, Pennsylvania

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits*

We have performed audits of the financial statements of (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditor's Responsibilities for the Audits of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter — Supplemental Schedule Required by ERISA***

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements  
December 31, 2024 and 2023

## 1. Plan Description

The following description of the Physicians Pharmacy Direction Retirement Plan for Self-Employed ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### *General*

Blackburn's Physicians Pharmacy, Inc. ("Company") is the sponsor of the Plan. The Plan is a defined contribution plan covering all eligible employees of the Company, with the exception of independent contractors and non-resident aliens, as defined. Employees become eligible to make deferrals once they have attained age 21. Employees become eligible to receive profit sharing contributions once they have attained age 21 and have completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Board of Trustees is responsible for oversight of the Plan.

The Company is the administrator of the Plan. The Plan's trustee is Empower Trust Company, LLC (Formerly Great-West).

The Plan document was formally restated effective January 1, 2022 (See Note 8).

### *Contributions*

Participating employees may contribute, as elective pre-tax deferrals and Roth, a fixed dollar amount or any percentage of a dollar amount up to 100% of their compensation, subject to Internal Revenue Code limitations for the calendar year. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. In addition, eligible employees may also make rollover contributions from other qualified retirement plans. The Company may provide a discretionary profit sharing contribution. These contributions are allocated to participant accounts based on their compensation as defined in the plan document. To share in the profit sharing contribution, participants must be actively employed on the last day of the plan year. For the years ended December 31, 2024 and 2023, the Company's Board of Directors authorized a \$400,000 profit sharing contribution to the Plan, for both years respectfully.

The Plan includes an auto-enrollment provision effective January 1, 2024, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested into a designated fund until changed by participant. The Plan does not have an escalation feature for the participants' deferral contributions.

## 1. Plan Description (cont.)

### *Investment Options*

Upon enrollment, participants may direct their elective contributions in any of the various investment options offered by the Plan. Participants may make changes in their investment elections at any time.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's profit sharing contribution, and (b) plan earnings or losses and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

### *Vesting*

Participant elective contributions and rollover amounts vest immediately, while the Company's profit sharing contributions vest to the participant in accordance with the following schedule:

<u><i>Period of Service</i></u>	<u><i>Percent Vested</i></u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	100%

A participant's interest in the employer's contribution becomes 100% vested and distributable upon normal retirement, disability, or death.

### *Notes Receivable From Participants*

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are collateralized by the participant's vested account balance. The interest rates commensurate with local prevailing rates as determined by the Plan administrator at the date of issuance. Participant loans currently bear interest ranging from 4.50% to 9.50%. Currently, principal and interest are being paid ratably through monthly payroll deductions.

## 1. Plan Description (cont.)

### *Payment of Benefits*

Upon termination of employment, a participant may elect to receive a lump sum distribution of his or her vested account. Distributions are also available under an installment arrangement; however, if the value of the participant's vested benefit does not exceed \$5,000, the Plan will distribute the entire amount to the participant.

Participants may keep their funds in the Plan after their normal retirement date, but must begin withdrawing once they reach age 73.

Additionally, a participant's vested benefit will be distributable upon the occurrence of any one of the following events: (a) death, (b) disability or (c) plan termination.

Participants are eligible to receive in-service distributions. Once they reach normal retirement age of 59 ½.

### *Forfeited Accounts*

At December 31, 2024 and 2023, forfeited nonvested accounts were approximately \$5,682 and \$2,914, respectively. These accounts will be used to reduce future Company contributions or cover plan expenses. During December 31, 2024 and 2023, \$3,610 and \$6,280, respectively, were used to reduce plan expenses.

## 2. Summary of Significant Accounting Policies

### *Basis of Presentation*

The financial statements of the Plan are prepared on the accrual basis of accounting and are prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as promulgated by the Financial Accounting Standards Board ("FASB ") Accounting Standards Codification ("ASC").

### *Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could materially differ from those estimates.

# Physicians Pharmacy Direction Retirement Plan for Self-Employed

Notes to Financial Statements  
December 31, 2024 and 2023

## 2. Summary of Significant Accounting Policies (cont.)

### *Investment Valuation and Income Recognition*

The investments of the Plan are reported at fair value, except for the fully benefit responsive guaranteed investment contract, which is reported at contract value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 5).

Purchases and sales of the investments within the Plan are reflected on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The change between years in the market value of investments and realized gains and losses through purchases and sales of investments are reflected as net appreciation in fair value of investments in the accompanying statements of changes in net assets available for benefits.

### *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the plan administrator deems the note to be in default, the note balance is reduced and a benefit payment is recorded.

### *Payment of Benefits*

Benefits are recorded when paid.

## 3. Information Prepared and Certified By the Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividend and interest income from mutual funds, investment contract, and interest from participant notes receivable for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC. The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## 5. Fair Value Measurements

FASB Accounting Standards Codification (ASC) Topic 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability or in an orderly transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three levels:

Level 1 – Valuations based on unadjusted quoted prices available in active markets for identical assets or liabilities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 – Valuations based on quoted prices for similar assets in active or inactive markets, inputs other than quoted prices that are observable, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

Management is responsible for the Plan's fair value valuation policies, processes, and procedures. These control processes are designed to assure that the values used for financial reporting are based on observable inputs wherever possible. In the event that observable inputs are not available, the control processes are designed to assure that the valuation approach utilized is appropriate and consistently applied and that the assumptions are reasonable.

The Plan had no material financial liabilities as of December 31, 2024 and 2023.

## Notes to Financial Statements December 31, 2024 and 2023

### 5. Fair Value Measurements (cont.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Self-Directed Brokerage Accounts:* Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determined market prices.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2024 and 2023. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

# Physicians Pharmacy Direction Retirement Plan for Self-Employed

## Notes to Financial Statements December 31, 2024 and 2023

### 6. Investment at Contract Value

The Plan entered into a traditional benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company ("Empower Annuity"), which maintains the contributions in a general account, which is credited with earnings and charges for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contribution made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contract by the Plan, (2) company closing, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of the events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that the guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2024 and 2023 was 1.41% and 1.23%, respectively. The actual yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates. The average for 2024 and 2023 was 1.41% and 1.23%, respectively. At December 31, 2024 and 2023, the balance of the contract was \$471,470 and \$485,506, respectively.

### 7. Plan Termination

The Plan sponsor believes that the existence of the Plan is in the best interest of its employees and has no intention of discontinuing it. However, in the event of plan termination, all balances in the participants' accounts will become fully vested and will be distributed as soon as practicable. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such manner as the Company may determine.

## Notes to Financial Statements December 31, 2024 and 2023

### 8. Income Tax Status

The Plan adopted a 401(k) prototype plan document. The Internal Revenue Service (IRS) issued an opinion letter on the Plan document dated June 30, 2020 stating that the form of the prototype plan was acceptable under Section 401 of the Internal Revenue Code for use by adopting employers, and that an employer adopting the Plan could rely on the opinion letter with respect to the qualification of the Plan under Section 401(a) of the Internal Revenue Code. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

GAAP prescribes rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Plan's tax returns. Management has determined that the Plan does not have any uncertain tax positions and associated unrecognized tax benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Plan's tax returns will not be challenged by the taxing authorities and that the Plan will not be subject to additional tax, penalties, and interest as a result of such a challenge. Generally, the Plan's federal returns remain open for income tax examination for three years from date of filing.

### 9. Risks and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the value of these investments will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits

### 10. Related Party and Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and investment contracts managed by Empower Trust Company, LLC, Empower Advisory Group, LLC and Empower Annuity Insurance Company, which are the trustees under the Plan and Merrill Lynch, is the investment advisor. These transactions qualify as party-in-interest transactions. Asset management fees are allocated proportionately to each participants, while loan/distribution fees are specifically charged to the participant. The Plan also made a direct payment to an additional third-party administrator, Metro Benefits, Inc. For the years ended December 31, 2024 and 2023, fees paid were \$92,539 in 2024 and \$81,035 in 2023, respectively.

### 11. Terminated Participants

As of December 31, 2024 and 2023, there were 32 and 29 terminated participants who had not withdrawn their account balances totaling \$1,587,191 and \$1,494,312, respectively.
