## Independent Auditors' Report

To the Plan Administrator of  
**Transit Employees' Retiree Health Fund**

### *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed an audit of the financial statements of Transit Employees' Retiree Health Fund (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Transit Employees' Retiree Health Fund's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Transit Employees' Retiree Health Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Transit Employees' Retiree Health Fund's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Transit Employees' Retiree Health Fund's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Transit Employees' Retiree Health Fund's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Other Matter – 2023 Financial Statements***

Predecessor auditors performed an audit of the accompanying statements of net assets available for benefits and of benefit obligations as of December 31, 2023, and related notes, of Transit Employees' Retiree Health Fund. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 15, 2024 indicated that (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedule, other than the information in the 2023 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

---

### 1. Description of Plan

The following description of the Transit Employees' Retiree Health Fund (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

#### *General*

The Plan is a contributory defined benefit plan established by the Board of Trustees (the Plan Sponsor) effective July 1, 2020 to provide a retiree health benefit. The Plan covers all employees of Local 689, Amalgamated Transit Union, AFL-CIO (the Organization). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's assets are held in a voluntary employees' beneficiary association (VEBA) trust and Truist Bank serves as the custodian of the Plan. A Board of Trustees is responsible for oversight of the Plan, including monitoring the Plan's investment performance, determining eligibility and benefits to be offered under the Plan, and appointing an administrator to conduct the business of the Plan.

#### *Eligibility*

All active members of Local 689 (the Union) are eligible and required to participate in the Plan. Participants become eligible for benefits as a retiree upon termination of employment if:

- the participant was an employee of the Washington Metropolitan Area Transit Authority (WMATA) and contributed to the Plan,
- the participant retired from employment on or after July 1, 2020,
- the participant worked in a Union-represented job classification for five consecutive years immediately preceding retirement,
- the participant was eligible to receive retirement benefits from the Transit Employees' Retirement Plan (TERP) at the termination of employment, and
- the participant is a member of the Union and in good standing on the date of retirement.

For those participants who began employment with WMATA prior to 2010, the participant must contribute to the Plan for at least a period of five years prior to retirement to be eligible to receive a benefit. Certain dependents of participants may also be eligible to receive benefits under the Plan.

#### *Contributions*

The Plan is funded entirely by participant contributions equal to 1% of the participant's compensation as defined by the summary plan document. The 1% participant contribution to the Plan ceased subsequent to the October 9, 2024 payroll, pursuant to the Memorandum of Understanding signed between the Union and WMATA on August 19, 2024 (see Note 7). The present employees' accumulated contributions was \$33,189,466 and \$26,400,996 for the years ended December 31, 2024 and 2023, respectively.

### 1. Description of Plan (Continued)

#### *Benefits*

All benefits payable under the Plan are subject to annual adjustment or termination at the discretion of the Trustees and in accordance with applicable law. Benefit payments commence the month following the election of benefits by an eligible retiree (see Eligibility above).

The benefits will vary depending on the type of pension benefit received under the TERP, the initial hire date of the participant, whether the participant is enrolled in single or family coverage, and the participant's eligibility for Medicare. The obligation associated with current retirees was approximately \$660,000 and \$431,000 for the years ended December 31, 2024 and 2023, respectively.

#### *Expenses*

The Plan's administrative expenses primarily consisted of fees paid to the Plan's actuary, legal counsel and other consultants.

### 2. Summary of Accounting Policies

#### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

#### *Use of Estimates*

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

#### *Investment Valuation and Income Recognition*

The Plan's investments are reported at fair value. Fair value is defined as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

### 2. Summary of Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

#### *Payment of Benefits*

Benefits payments to participants are recorded upon distribution.

#### *Expenses*

The Plan's administrative expenses primarily consisted of fees paid to the Plan's actuary, legal counsel and other consultants.

#### *Subsequent Events*

Subsequent events were evaluated through October 15, 2025, the date the financial statements were available to be issued. Except as noted in Note 7 regarding the termination of the plan, there were no subsequent events that require recognition or disclosure in these financial statements.

### 3. Postretirement and Postemployment Benefit Obligations

A postretirement benefit obligation has been recognized for retiree medical benefits for eligible participants and their dependents upon retirement. These benefit obligations represent the actuarial present value of the cost of those estimated future benefits that are attributed by the terms of the Plan as of the date of the financial statements. The obligations represent the amounts that are expected to be funded by participant contributions to the Plan and from existing assets of the Plan. Postretirement benefits include future benefits expected to be paid to or for active employees and their beneficiaries and dependents after retirement from service with WMATA.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to the Plan's current benefits to estimate future annual benefits per participant and to adjust such estimates for the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

### 3. Postretirement and Postemployment Benefit Obligations (Continued)

#### *Actuarial Assumptions*

The total other post-employment benefits (OPEB) liability was determined by an actuarial valuation as of December 31, 2024 and 2023, using the following actuarial assumptions, applied to all periods in the measurement:

- Cost method: Unit credit
- Discount rate: 5.23% and 5.74% for 2024 and 2023, respectively
- Mortality: RP 2014 Blue Collar Table with mortality improvement based on 90% of Scale MP-2021 for 2024 and 2023
- Health care trend: Pre-Medicare benefit: None; Post-Medicare benefit: 2.5%

#### *Sensitivity Analysis*

The effect of a 1% increase in health care trend rates would result in an increase in the post-retirement benefit obligation from \$108,636,000 to \$130,487,000 and from \$84,643,000 to \$101,826,000 as of December 31, 2024 and 2023, respectively.

### 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

## Notes to Financial Statements

For the Years Ended December 31, 2024 and 2023

### 4. Fair Value Measurements (Continued)

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

*Money market funds:* Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

*Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*U.S. government securities:* Valued using pricing models maximizing the use of observable inputs for similar securities.

*Exchange traded funds:* Exchange traded funds that are publicly traded on major exchanges are valued at the closing price reported on the major market on which the individual securities are traded

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

### 5. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Truist Bank, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

### 6. Related-Party and Party In Interest Transactions

The Plan's investments are administered under a contract with Truist Bank, the Custodian of the Plan. Contributions are held and managed by Truist Bank, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA.

### 7. Plan Transfers

On August 19, 2024, the Organization and WMATA signed a memo of understanding (MOU) as part of its collective bargaining process. The MOU calls for the immediate cessation of the 1% participant contribution to the Plan upon the ratification or approval of the MOU by the parties and the transfer of the Plan's assets to the Transit Employees' Health and Welfare Plan (the TEHWP) for the benefit of the Plan's participants, who will become eligible to receive post-retirement health benefits from the TEHWP. Effective January 1, 2025, benefits payable to eligible retirees or their dependents under Section 3 – Benefits was terminated. Per an Asset Transfer

### **7. Plan Transfers (Continued)**

Agreement that was fully executed on February 21, 2025, between the Plan and the TEHWP, \$31,000,000, which represents the approximate assets of the Plan as of July 1, 2024, was transferred from the Plan to TEHWP to provide retiree health benefits to the eligible participants of the Plan as of January 1, 2025. During 2025, the Board of Trustees approved the distribution of the Plan's assets remaining after the plan-to-plan transfer, totaling approximately \$7,000,000, to the Plan's participants based on either their post-July 1, 2024 contributions or their proportional, cumulative contributions made to the Plan. As of October 15, 2025, only a residual amount of assets remains in the Plan to fund its administrative operations. As of December 31, 2024, and through October 15, 2025, the Board of Trustees had yet to take any formal action to terminate the Plan, therefore the termination of the Plan was not deemed to be imminent and the going concern basis of accounting was used to prepare these financial statements.

### **8. Tax Status**

The VEBA trust, funding the benefits of the Plan, obtained an exemption letter from the Internal Revenue Service on November 28, 2022, exempting the trust from taxes under the provisions of Section 501(c)(9) of the IRC. As the Plan has exemption status, no federal or income taxes have been recorded for the years ended December 31, 2024 and 2023.

### **9. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
