INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
ADMA Biologics, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of the ADMA Biologics, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- the amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ADMA Biologics, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ADMA Biologics, Inc. 401(k) Plan's ability to continue as a going concern for within one year after the date the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ADMA Biologics, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ADMA Biologics, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

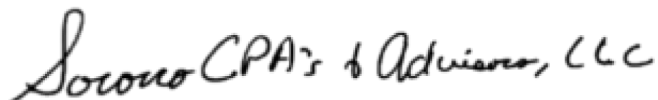

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2023 Financial Statements

The financial statements of the ADMA Biologics, Inc. 401(k) Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 19, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ADMA Biologics, Inc. 401(k) Plan Notes to Financial Statements

Note 1 – Description of Plan

The following description of the ADMA Biologics, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is designed to qualify as a Safe Harbor 401(k) Plan established by the plan sponsor, ADMA Biologics, Inc. (the “Company”). The Plan is a defined contribution plan covering certain employees that meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan became effective on July 1, 2017.

The Company serves as the plan administrator. Transamerica Life Insurance Company, a qualified institution, serves as the Plan’s record keeper and trustee (the “trustee” or “Transamerica”) during the years ended December 31, 2024 and 2023. The trustee has the responsibility under the Plan for the management and control of the assets of the Plan.

Eligibility

Employees are eligible to participate in the Plan upon completion of 30 days of service. There is no minimum age requirement for participation in the Plan.

Contributions

Eligible employees can contribute up to the maximum percentage allowable of their compensation, as defined, subject to certain limitations under the Internal Revenue Code (“Code”). In accordance with the Code, the total maximum allowable contribution to the Plan directly from the participant was \$23,000 for 2024, not including additional catch-up contributions allowed for participants over the age of 50, which were \$7,500. Participants are allowed to designate contributions to both pre-tax and Roth (after-tax) 401(k) classifications. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Participants are always 100% vested in any amounts contributed to the Plan as a rollover from another qualified plan or an IRA.

The Company makes safe harbor matching contributions to the Plan equal to 100% of the amount contributed by participants to the Plan up to the first 4.00% of participant compensation. During 2024, the safe harbor matching contribution was funded on a pay period basis. Employer contributions to a participant's account are allocated among the various investment options in the same proportion as the participant's own contributions. As of December 31, 2024 and 2023, the employer's matching contribution payable to the Plan was \$19,678 and \$25,307, respectively. For the year ended December 31, 2024, the Company made \$1,490,170 in employer safe harbor matching contributions to the Plan.

Profit-sharing amounts may be contributed at the option of the managing body of the Company. During the year ended December 31, 2024, the Company did not make a profit-sharing contribution to the Plan.

ADMA Biologics, Inc. 401(k) Plan
Notes to Financial Statements

Note 1 – Description of Plan, continued

Investment Options

Participants are allowed to invest their elective 401(k) contributions, rollovers, if any, as well as Company matching contributions to the Plan in a variety of investment options as more fully described in the Plan document. Participants may change their investment options and deferral percentages at any time.

Participant Accounts

Each participant's account is credited with the participant's deferral contribution, the Company's matching contributions, if any, and an allocation of the investment earnings, based upon each participant's election and charged with an allocation of administrative expenses not paid by the Company. The benefit to which a participant is entitled is the vested benefit amount in the participant's account.

Vesting

Participants are always 100% vested in their contributions, the Company safe-harbor contributions and any other special contributions made to the Plan as specified by the Plan document.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, partial withdrawals, or annual installments over a period of not more than his or her assumed life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of (a) 50 percent of their vested account balance, or (b) \$50,000 (as defined in the Plan document). The Plan does not allow participants to have more than one loan outstanding at any time. Loans must have a definite repayment period not to exceed five years, unless the loan is for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with the interest rates charged by persons in the business of lending money for loans under similar circumstances at the time the loan is made. The interest rate remains fixed over the loan term. Principal and interest are paid ratably through payroll deductions. Upon termination of employment, all loans will immediately become due and payable. If a loan is not repaid within a reasonable time following termination, it will be offset against the participant's vested balance and recorded as a benefit payment.

ADMA Biologics, Inc. 401(k) Plan Notes to Financial Statements

Note 1 – Description of Plan, continued

Forfeited Accounts

Pursuant to the Plan, forfeited non-vested accounts may be used reduce future employer contributions. No forfeitures were utilized to reduce employer contributions for the year ended December 31, 2024. On December 31, 2024 and 2023, there was a remaining forfeiture balance of approximately \$21,000 and \$19,000, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”) requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, and those differences may be material.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest is recorded in the period earned. Net appreciation or depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

ADMA Biologics, Inc. 401(k) Plan
Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan accrues a percentage of the fair value of the Plan assets which is transferred into a holding account to pay recordkeeping fees and other administrative expenses as they come due. The Sponsor must pay any expenses which exceed amounts accumulated in the holding account. Investment related expenses are included in net appreciation of fair value of investments. Legal, accounting and certain administrative expenses are paid by the Company on behalf of the Plan. Other administrative expenses are paid by the Plan.

Recent Accounting Pronouncements

The Company evaluates new accounting pronouncements for relevance and impact on the Plan's financial statements. Management does not expect that timely adoption of new pronouncements will have a material impact on the Plan's net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2025, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) on December 31, 2024 and 2023, including investments totaling \$31,651,561 and \$26,299,922, respectively, and notes receivable from participants totaling \$893,251 and \$769,984, respectively, and for the year ended December 31, 2024, net appreciation in fair value of investments totaling \$3,288,693, interest and dividends totaling \$656,786, and interest income on notes receivable from participants totaling \$69,955, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica, the trustee of the Plan. This information has not been audited by the Plan's independent auditors.

Note 4 – Risks and Uncertainties

The Plan provides for various investment options in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits. The plan administrator, through its investment committee, monitors the Plan's investments and the risks associated therewith on a regular basis, which the plan administrator believes minimizes these risks.

**ADMA Biologics, Inc. 401(k) Plan
Notes to Financial Statements**

Note 5 – Fair Value Measurements

Certain investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date. Accounting guidance establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. During 2024 and 2023, Level 1 inputs were available and therefore used. No level 2 and 3 inputs were used by the Plan.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds - Mutual funds are valued at the daily NAV of shares held by the Plan at year end. The NAV is based upon quoted prices.

The input levels used by investment category are as follows:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 30,309,290	\$ -	\$ -	\$ 30,309,290
Total Investments at Fair Value	\$ 30,309,290	\$ --	\$ --	\$ 30,309,290

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 25,146,549	\$ --	\$ --	\$ 25,146,549
Total Investments at Fair Value	\$ 25,146,549	\$ --	\$ --	\$ 25,146,549

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

ADMA Biologics, Inc. 401(k) Plan Notes to Financial Statements

Note 6 – Group Annuity Contract

The Plan holds a traditional investment contract that meets the fully benefit-responsive investment criteria and is therefore reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a group annuity contract. The group annuity contract is a stable value product that guarantees principal and accumulated interest. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, are credited on a daily basis, and have no set maturity. The effective credited interest rate is set semi-annually and effective on the first date of the semi-annual period. Contract charges may reduce this return. The contract value of the group annuity contract at December 31, 2024 and 2023 was \$1,342,271 and \$1,153,373, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the "IRC") or the failure of the trust to be tax-exempt under Section 501(a) of the IRC.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that also would limit the ability of the Plan to transact at contract value with the participants.

Participants may deposit or withdraw on a daily basis at contract value. Aggregate participant withdrawal requests resulting from a Plan-initiated event will be subject to an annual limit based on the Plan's contract balance at the beginning of the year. If these withdrawals exceed the Plan's designated percentage in any given year, the withdrawals will be paid; however, the excess over the annual limit may be subject to a market value adjustment.

ADMA Biologics, Inc. 401(k) Plan Notes to Financial Statements

Note 6 – Group Annuity Contract, continued

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

If the Plan provides 12 months' written notice to terminate the group annuity contract, then no market value adjustment or penalty will be assessed against the Plan's account balance. If the Plan provides less than 12 months' written notice, the Plan's balance in the account will be subject to a market value adjustment.

Note 7 – Related Party and Party In Interest Transactions

Certain Plan investments are managed by Transamerica, the appointed trustee of the Plan's assets as of December 31, 2024 and 2023. Therefore, these transactions qualify as party-in-interest transactions. Transamerica provides certain administrative services to the Plan pursuant to the agreement between the Company and Transamerica. Additionally, administrative expenses include other professional fees paid by the Plan; therefore, these transactions also qualify as party-in-interest transactions. As disclosed in Note 2, the Company pays a portion of administrative expenses on behalf of the Plan. Expenses paid to Transamerica by the Plan totaled approximately \$143,000 during the year ended December 31, 2024. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 8 – Tax Status

The Plan is based on a "volume submitter" plan document. The sponsor of the volume submitter document has received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the Plan is qualified under Section 401 of the Code. The Company has chosen to rely on the IRS determination letter issued to the sponsor of the volume submitter document as evidence that the form of the Plan is tax-qualified. The Plan is also required to be operated in conformity with the Code to maintain its tax-qualified status. The plan administrator believes that the Plan, which has been amended since the date of the determination letter, continues to be tax-qualified in both form and operation.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
