**INDEPENDENT AUDITOR’S REPORT**

Trustee and Plan Administrator  
Keltech, Inc. Employee Stock  
Ownership Plan  
Roanoke, Virginia

**Opinion**

We have audited the accompanying financial statements of Keltech, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Keltech, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Keltech, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Keltech, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Keltech, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Keltech, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**EMPLOYEE STOCK OWNERSHIP PLAN**

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 1. Plan Description**

The following brief description of Keltech, Inc. (the Company) Employee Stock Ownership Plan (the Plan) is provided for general information purposes only. The Plan agreement should be referred to for a more complete description of the Plan's provisions.

The Company established the Plan effective as of January 1, 2006. As of January 1, 2023, the Plan was amended and restated, and operates, in relevant part, as an employee stock ownership plan (ESOP). The Plan is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended (IRC) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

During 2007, the Plan purchased 3,750 shares of Company common stock from certain stockholders of the Company and holds the common stock in a trust established under the Plan. The purchase was financed with a note payable which was to be repaid over a period of seven years by fully deductible Company contributions to the trust fund. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the IRC. Shares vest fully upon allocation. The note was fully repaid as of January 1, 2014 and all stock was allocated to participant accounts.

Eligibility:

Each employee will become a participant in the plan on the January 1<sup>st</sup> following the six-month anniversary of the date on which the employee was first credited with an hour of service with the company, provided that the employee was credited with at least 1,000 hours of service within the twelve-month period prior to January 1. In the event they are not credited with 1,000 hours they will become a participant at the end of the first plan year in which they are credited with at least 1,000 hours of service.

Contributions:

The Company makes contributions annually at its discretion. Employees are not permitted to make contributions.

Payment of Benefits:

Distributions on account of death, disability, or retirement are made in substantially equal annual payments over a period of five years. If the vested value of the account is less than \$1,000, the balance will be distributed in a lump-sum cash distribution. If the vested value is

Payment of Benefits (Continued)

greater than \$1,000 and less than \$5,000, the employee can direct the administrator to distribute the vested balance to an individual retirement account in a lump sum or take a cash payout. If the vested amount is \$5,000 or more, it will be distributed over five years under terms mentioned above made to an individual retirement account or a cash payout. These distributions will be made as soon as administratively feasible after the close of the previous year and valuations are made. In the event of death or disability, these payments will be made as soon as administratively feasible after date of death or disability is determined.

Distributions for other separations of services are made with the same terms as above, except they are not made until after five full calendar years of separation or reaching retirement age.

Voting Rights:

All company stock held by the trust will be voted by the Trustee. Each participant and/or beneficiary shall be entitled to direct the voting of any voting shares with respect to any vote required for the approval or disapproval of any merger, consolidation, recapitalization, liquidation, dissolution, sale of substantially all assets or other similar transactions.

Plan Termination:

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC. Upon termination of the Plan, the Trustee would be directed to pay all liabilities and expenses of the trust fund.

Participant Accounts:

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of any Company contribution to the Plan and forfeitures of terminated participants' nonvested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's adjusted beginning-of-the-year account balance to all participants' adjusted beginning-of-the-year account balances.

**KELTECH, INC.**  
**EMPLOYEE STOCK OWNERSHIP PLAN**

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 1. Plan Description (Continued)**

Vesting:

Participants (see above – employees become a participant on the January 1<sup>st</sup> after being credited for 1,000 hours of service in the previous year) become 20% vested after one year of being a participant, 40% after two years of being a participant, etc., until being 100% vested after five full years of being a participant. A participant will become 100% vested upon death, disability or attaining normal retirement date or deferred retirement date if a participant continues service beyond normal retirement date.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Over the first five years, after meeting the above requirements, the participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the 6<sup>th</sup> year, the percentage changes to 50%. Participants who elect to diversify may have funds rolled over into the Company-sponsored 401(k) plan or may roll it over into cash within the account being held in the ESOP money market.

Forfeitures:

Employer contributions and Plan forfeitures are allocated to each participant's account based upon the relation of the participant's compensation to total compensation for the Plan year. Forfeitures of terminated nonvested account balances allocated to remaining participants of \$4,858 in cash at December 31, 2024 and \$17,116 in cash at December 31, 2023.

**Note 2. Summary of Significant Accounting Policies**

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**December 31, 2024 and 2023**

**Note 2. Summary of Significant Accounting Policies (Continued)**

Operating Expenses:

All expenses of maintaining the Plan are paid by the Company.

Investment Valuation and Income Recognition:

The shares of Company common stock are valued at fair value. See Note 3 for discussion of fair value measurements.

Interest is recorded on the accrual basis.

Payment of Benefits:

Benefits are recorded when paid.

Date of Management's Review of Subsequent Events:

Subsequent events were evaluated through October 14, 2025, which is the date the financial statements were available to be issued.

**Note 3. Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurements accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 3. Fair Value Measurements (Continued)**

Level 3 Fair Value Measurements:

The fair value of the Company common stock is based on an annual independent appraisal. This appraisal was based on a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, weighted average cost of capital, market comparables, and applicable discounts and premiums.

Selected individuals, under the supervision of the Company’s Board of Directors, determine the fair value measurement policies and procedures in consultation with the Company’s chief operating officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

The following tables present fair value measurement information for the Plan’s investments in Company common stock. The carrying values of receivables and cash and cash equivalents included in the accompanying statement of net assets available for benefits approximated fair value at December 31, 2024 and 2023, and are thus not included in the following table:

	<u>Fair Value</u>	<u>Fair Value Measurements at the End of the Reporting Period Using Significant Unobservable Inputs (Level 3)</u>
<b><u>December 31, 2024:</u></b>		
Company common stock	\$ 11,812,875	\$ 11,812,875

**Note 3. Fair Value Measurements (Continued)**

The following tables provide further details of the Plan's Level 3 fair value measurement:

	<u><b>Company Common Stock</b></u>
<b><u>Year Ended December 31, 2024:</u></b>	
Beginning balance	\$ 9,246,000
Total gains or losses included in changes in net assets available for benefits	2,566,875

Ending balance	<u><u>\$ 11,812,875</u></u>
Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments held at the end of the reporting period	<u><u>\$ 2,566,875</u></u>
<b><u>Year Ended December 31, 2023:</u></b>	
Beginning balance	\$ 7,839,000
Total gains or losses included in changes in net assets available for benefits	1,407,000
Purchases and sales	<u>-</u>
Ending balance	<u><u>\$ 9,246,000</u></u>
Total gains or losses for the year included in changes in net assets available for benefits attributable to the change in unrealized gains or losses relating to investments held at the end of the reporting period	<u><u>\$ 9,246,000</u></u>

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2024 are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no significant transfers into or out of Level 3.

**KELTECH, INC.**  
**EMPLOYEE STOCK OWNERSHIP PLAN**

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 4. Tax Status**

The Internal Revenue Service has determined and informed the Company, by a letter dated August 5, 2014, that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

**Note 5. Administration of Plan Assets**

The Plan's assets, which consist principally of Company common stock, are held by the Trustee of the Plan.

Company contributions are held and managed by the Trustee, which invests cash received and makes distributions to participants.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. A third-party administrator (TPA) also provides administrative services to the Plan. Administrative expenses for the TPA's fees are paid directly by the Company.

**Note 6. Investments**

The Plan's investments in Company common stock (all allocated), at December 31, 2024 and 2023, are as follows:

	<u>2024</u>	<u>2023</u>
Number of shares	<u>3,750.00</u>	<u>3,750.00</u>
Cost	<u>\$ 4,814,002</u>	<u>\$ 4,814,002</u>
Fair Value	<u>\$ 11,812,875</u>	<u>\$ 9,246,000</u>

**KELTECH, INC.**  
**EMPLOYEE STOCK OWNERSHIP PLAN**

**Notes to Financial Statements**  
**December 31, 2024 and 2023**

**Note 7. Risks and Uncertainties**

The Plan's investments consist primarily of the Company's common stock, which is exposed to various risks, including interest rate, market, and credit risks, as well as valuation assumptions based on earnings and cash flows. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**Note 8. Related Party and Party-in-Interest Transactions**

The Plan invests in Company common stock which is a related party and party-in-interest transaction. As described in Notes 2 and 5, the Company pays the expenses of the Plan. The Plan has a number of service providers. Such parties are parties-in-interest under ERISA. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.
