## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of  
The Baltimore Sun Company Retirement Plan for Mailers

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of The Baltimore Sun Company Retirement Plan for Mailers (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

**Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

---

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

#### 1. Description of Plan

The following brief description of The Baltimore Sun Company Retirement Plan for Mailers (the "Plan") is provided for general information purposes. Participants should refer to the Plan document and related amendments for more complete information. On July 16, 2014, Tribune Company amended and restated its certificate of incorporation and changed its name to Tribune Media Company (the "Company").

##### General

The Plan is a defined benefit pension plan covering employees that are "full time" journeymen or apprentice mailers as those terms are understood according to the Collective Bargaining Agreement of The Baltimore Sun Company (a former subsidiary of Tribune Company). On August 4, 2014, the Company replaced The Baltimore Sun Company as the Plan sponsor.

Effective March 31, 2011 (the "Effective Date"), the Plan was frozen with respect to future benefit accruals and participation, including, but not limited to, future benefit accruals related to service and earnings on or after the Effective Date, and the Plan, formerly a Taft-Hartley Plan and Trust under the National Labor Relations Act, was converted into a Single Employer Plan administered and sponsored solely by the Company. The assets of the Plan were thereafter invested in the Tribune Company Master Trust for Pension Plans (the "Master Trust").

On December 9, 2013, Tribune Company filed a registration statement on Form 10 with the U.S. Securities and Exchange Commission for the purpose of effecting a separation of its principal publishing operations (the "Publishing Spin-Off") into an independent company, Tribune Publishing Company ("Tribune Publishing") (formerly tronc, Inc.). The Publishing Spin-Off was consummated on August 4, 2014 and the Company became the new Plan sponsor. Upon consummation of the Publishing Spin-Off, all Tribune Publishing employees who were participants in the Plan, were considered as having separated from service and became fully vested in their accrued benefits under the Plan. As such, although the Plan is frozen, Tribune Publishing participants are eligible to take a distribution, subject to the terms and conditions of the Plan. There are no active employees of the Tribune Publishing or its subsidiaries participating in the Plan.

Effective March 15, 2016, the Company entered into an agreement with Transamerica Retirement Solutions, LLC ("TRS") to provide administrative, retiree payment and custody services for the Plan. On March 24, 2016, the Company entered into a custody agreement with State Street Bank and Trust ("State Street") and TRS. This agreement allows State Street to act as custodian for certain plan assets which are invested in the Vanguard Federal Money Market fund, so that TRS can make benefit payments for the Plan.

On November 30, 2018, the Company entered into an Agreement and Plan of Merger (the "Nexstar Merger Agreement") with Nexstar Media Group, Inc. ("Nexstar") and Titan Merger Sub, Inc. (the "Nexstar Merger Sub") providing for the acquisition by Nexstar of all of the outstanding shares of the Company's Class A common stock and Class B common stock by means of a merger of Nexstar Merger Sub with and into the Company, with the Company surviving the merger as a wholly owned subsidiary of Nexstar (the "Nexstar Merger"). The Nexstar Merger was consummated on September 19, 2019.

The Plan is subject to the provisions of the ERISA and was administered by the Tribune Media Company Employee Benefits Committee (the "Tribune Committee") consisting of Company employees who were appointed by the Board of Directors or by the Chairman of the Tribune Committee. Upon the consummation of the Nexstar Merger, the Tribune Committee was dissolved and, effective September 19, 2019, a committee selected by Nexstar assumed responsibilities for governance of the Plan.

#### **Early Retirement**

Participants with 15 or more years of vested credited service and who have attained the age of 55 are eligible for early retirement. The monthly benefit is determined as for normal retirement using benefit credit service as of the early retirement date. If payments begin prior to age 65, the benefit is reduced by 0.5% for each month of early payment but not below its actuarial equivalent.

#### **Pension Benefits**

Participants with five or more years of service are entitled to pension benefits beginning at the retirement age of 65 and will receive monthly benefits based on actual years of service through termination of employment. Effective January 1, 2001, the maximum benefit was increased to \$35 per year of credited service for a participant whose status as an employee terminates after January 1, 1999. Participants may elect to receive their pension benefits in the form of a life annuity, 10 years certain and continuous, joint and contingent, social security option, or a lump sum option. The lump sum options are not available if the Participant's vested retirement benefit balances are greater than \$10,000 (and are subject to certain restrictions if the balance is between \$5,000 and \$10,000). A participant whose employment terminates after five years of service is entitled to the benefit he would have received had his termination been his retirement date. Participants who terminate employment before rendering five years of service forfeit the right to receive the benefits they have accumulated.

#### **Death and Disability Benefits**

If a vested participant dies prior to retirement, the spouse will be eligible to receive benefits based on a joint and 100% contingent benefits as if the participant had retired on the later of his date of death or his earliest retirement date. Those with spouses that die with at least 15 years of credited service will be able to receive the greater of (a) the above with an actuarial reduction if the spouse is younger than the participant or (b) half of the benefit which would have been payable to the participant had the date of their death been the normal retirement date with an actuarial reduction only if the spouse is more than five years younger than the participant. Participants who terminated employment as a result of becoming totally disabled receive annual disability benefits that are equal to the normal retirement benefits they accumulated as of the time they became disabled.

## **2. Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities and the actuarial present value of accumulated Plan benefits at the date of the financial statements, and changes therein. Actual results may differ from those estimates.

#### **Investment Valuation and Income Recognition**

The Plan's investments in the Master Trust, which was established for the investment of assets of the Plan and other Company-sponsored pension plans, are stated at fair value.

The Plan's investment in the registered investment company is stated at fair value which is based on quoted prices of the securities on the last business day of the Plan year.

The Plan's interest in the Master Trust is determined by The Northern Trust Company (the

---

“Trustee”) on a monthly basis based on the beginning market value of the Plan’s interest plus contributions minus benefit payments which equals the adjusted balance. The Plan’s adjusted balance is divided by the total adjusted balance of the Master Trust to determine the Plan’s percentage interest in the Master Trust.

The fair values of the underlying investments in the Master Trust, shown in Note 6, are based upon published market quotations of fair value as determined by the Trustee. Fair values of investments in the Master Trust not having an established market are developed by reference to quoted market values and other financial data pertaining to investments of a similar nature, quality, and yield, as determined by the Trustee. See Note 7 for a discussion of fair value measurements.

#### **Income Recognition**

The Plan presents the net appreciation or depreciation in fair value of investments, which includes the realized gains or losses, and the unrealized appreciation or depreciation on those investments, in the Statements of Changes in Net Assets Available for Benefits

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

#### **Actuarial Present Value of Accumulated Plan Benefits**

Accumulated plan benefits (Note 5) are those future periodic payments, including lump-sum distributions that are attributable, under the Plan provisions, to the service that employees have rendered as of the benefit information date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) beneficiaries of employees who have died.

The actuarial present value of accumulated plan benefits under the Plan was calculated by the Plan’s actuary and is that amount which results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in these valuations were:

- Discount rate – 6.05% and 6.38% per annum at December 31, 2023 and 2022, respectively.
- Mortality - Based on the Pri-2012 Mortality Table with Generational Projections using the MP-2021 Aon Endemic Scale for December 31, 2023 and 2022
- Retirement age - Age 63

These actuarial assumptions are based on the assumption that the Plan will continue. Should the Plan terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

#### **Benefit Payments**

Benefit payments are recorded when paid.

#### **Administrative Fees and Expenses**

Administrative fees are paid by the Plan. Administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

**3. Funding Policy**

Contributions to provide benefits under the Plan are made by the Company to the Master Trust. Company contributions are actuarially determined to provide the necessary assets to pay benefits to Plan participants. Such contributions meet the minimum funding requirements of ERISA. The Company may, at its discretion, contribute amounts to the Plan in excess of the minimum funding requirements. The Company has complied with the minimum funding requirements of ERISA in 2024 and 2023. No contributions were required for 2024 and 2023.

**4. Plan Termination**

In the event the Plan terminates, the funds of the Plan shall be used for the benefit of participants or their contingent annuitants under the Plan as of the date of such termination, except that any funds not required to satisfy all liabilities of the Plan shall be returned to the Company, as allowed for under ERISA. Each participant, contingent annuitant receiving a retirement allowance, or spouse receiving a spousal allowance, shall be entitled to a share in the assets of the Plan available to provide benefits in the manner and to the extent then provided in Section 4044 of ERISA.

Should termination occur, to the extent unfunded vested benefits exist and the Company is unable to fund these liabilities, ERISA provides that such benefits are payable by the Pension Benefit Guaranty Corporation (the "PBGC") to participants up to specified limitations, as described in ERISA. Whether a participant's accumulated plan benefit will be paid depends on both the priority of those benefits and the level of the benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all.

**5. Accumulated Plan Benefits**

The actuarial present value of accumulated plan benefits and the changes in the actuarial present value of accumulated plan benefits are as follows:

**Actuarial present value of accumulated plan benefits at December 31, 2023**

Vested benefits	
Participants currently receiving payments	\$ 5,647,896

**6. Interest in Tribune Company Master Trust for Pension Plans**

The Master Trust was established for the investment of assets of the Plan and several other Company-sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. At December 31, 2024 and 2023, the Plan's interest in the net assets of the Master Trust was approximately 1%. The assets of the Master Trust are held by the Trustee. Investment income and administrative expenses relating to the Master Trust are allocated to the individual plans based upon average balances invested by each plan.

The following is a summary of the fair values of investments held by the Master Trust at December 31, 2024 and 2023:

	<u>2024</u>	
	<u>Master Trust Balances</u>	<u>Plan's Interest in Master Trust Balances</u>
<b>Investments at fair value</b>

Total investment income in Master Trust related to nonspecifically identified investments	<u>\$ 39,245,755</u>	<u>\$ 115,804,300</u>

**7. Fair Value Measurements**

Accounting Standards Codification ("ASC") Topic 820 "Fair Value Measurements and Disclosures" ("ASC Topic 820") establishes a framework for measuring fair value and expands disclosures about fair value measurements. ASC Topic 820 defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market

# The Baltimore Sun Company Retirement Plan for Mailers

## Notes to Financial Statements

### December 31, 2024 and 2023

---

for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

#### **Registered Investment Companies**

Registered investment companies consist of investments in mutual funds. Mutual funds are valued based on exchange listed prices, for exchange traded registered investment companies, or the Net Asset Value ("NAV") for open-ended and continuously offered closed-end registered investment companies.

#### **Commingled Pools / Collective Trusts**

Investments in commingled pools / collective trusts are valued at NAV of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets of each of the respective commingled pool / collective trust. The underlying assets are valued based on the NAV as provided by the investment account manager or based on pricing from observable market information in a nonactive market. These commingled pools/collective trusts may be redeemed daily and may require up to a 5 business day notice period, and have no unfunded commitments.

Investments in cash commingled pools invest in short-term securities that are valued at amortized cost, which approximates fair value. The amortized cost of an instrument is determined by valuing it at its original cost and thereafter amortizing any discount or premium from its face value at a constant rate until maturity. Securities held by a money market portfolio are generally high quality and liquid; however, they are reflected as Level 2 because the inputs used to determine fair value are not quoted prices in an active market.

## 8. Income Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by a letter dated July 19, 2016, which considered amendments executed through January 22, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter, however Plan management believes that the Plan is designed to comply with, and that the Plan is currently being operated in material compliance with, the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2024 and 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a tax liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

#### **9. Risks and Uncertainties**

Plan contributions and the actuarial present value of accumulated Plan benefits are prepared based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions will occur in the near term and that the effect of such changes would be material to the financial statements and the actuarial present value of accumulated plan benefits.

The Plan holds investment securities in the Master Trust. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks will occur in the near term and that the effect of such changes would materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

#### **10. Information Certified by the Trustee/Custodian**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan and by State Street Bank and Trust Company (the "Custodian").

#### **11. Party-in-Interest Transactions**

Certain investments of the Plan and Master Trust are shares of funds managed by the Trustee, and therefore transactions between these entities qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custodial services amounted to approximately \$219 and \$217 for the years ended December 31, 2024 and 2023, respectively.

TRS is considered a party-in-interest to the Plan. Fees paid by the Plan for recordkeeping services amounted to \$11,933 and \$6,934 for the years ended December 31, 2024 and 2023, respectively.

Fidelity Institutional Asset Management Trust Company is an investment manager and an investment adviser to the Plan and is considered a party-in-interest to the Plan. Fees paid by the Plan for investment advising services amount to \$14,718 and \$17,077 for the years ended December 31, 2024 and 2023, respectively.

#### **12. Subsequent Events**

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

**Valuation of Plan Assets**

Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value.

A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).

**Expected Return on Assets**

2022 Plan Year	5.43%
2023 Plan Year	7.11%, limited to 5.74%
2024 Plan Year	6.05%, limited to 5.59%

**Trust Expenses Included in Target Normal Cost**

\$110,000 Based on the prior year's actual administrative expenses (excluding PBGC Variable Rate Premium), plus the estimated PBGC Variable Rate Premium for the current year, rounded to the nearest \$10,000

## Schedule SB, Part V — Summary of Plan Provisions

<b>Effective Date</b>	Effective January 1, 1969. Effective March 31, 2011, all benefits accrued under the plan are frozen.
<b>Plan Year</b>	January 1 – December 31.
<b>Eligibility for Participation</b>	Date employed in the bargaining unit defined in the collective bargaining agreement as a full time journeyman or apprentice. Employees who were participants prior to January 1, 1976 continue as participant. Mailroom trainees are not eligible to participate in the plan.
<b>Normal Retirement</b>	
Eligibility	Age 65.
Benefit	<p>If a participant terminated after January 1, 1999 and has been a continuously active member, the monthly benefit is equal to \$35.00 multiplied by the participant's benefit credited service.</p> <p>If a participant terminated after January 1, 1999 and had not been a continuously active member, the monthly benefit is equal to the sum of the following:</p> <ol style="list-style-type: none"><li>(1) \$35 multiplied by benefit credited service after January 1, 1999; plus</li><li>(2) \$31 multiplied by benefit credited service earned from January 1, 1997 to December 31, 1998; plus</li><li>(3) \$26 multiplied by benefit credited service earned from January 1, 1994 to December 31, 1996; plus</li><li>(4) \$21 multiplied by benefit credited service earned prior to January 1, 1994.</li></ol> <p>Benefits for participants who terminated before January 1, 1999 were calculated under the plan formula in effect on such date.</p>
<b>Early Retirement</b>	
Eligibility	Age 55 and 15 years of vesting credited service.
Benefit	Monthly benefit determined as for normal retirement using benefit credited service as of early retirement date. Benefit is reduced by ½% for each month payments begin before normal retirement date, but not below its actuarial equivalent.

Schedule SB Attachment (Form 5500) —2024 Plan Year  
The Baltimore Sun Company Retirement Plan for Mailers  
EIN: 36-1880355 PN: 019

**Disability Retirement**

Eligibility	First day of the month on or after completion of 15 years of benefit credited service and eligible for disability benefits from Social Security.
Benefit	Same as early retirement but not reduced for early payment.

**Postponed Retirement Date**

Eligibility	Allowed at the option of the employee.
Benefit	Greater of (i) benefit calculated at normal retirement date and actuarially increased to reflect deferral of payment and (ii) benefit calculated at actual retirement date using service credited through postponed retirement date.

**Vested Termination Benefits**

Eligibility	Five years of vesting credited service.
Benefit	The accrued benefit is determined as for normal retirement but is based on benefit credited service at the time of termination.

**Preretirement Survivor Benefit**

Benefit	<p>Beginning January 1, 1985, if a vested participant dies prior to retirement, the spouse to whom s/he was married for at least one year will be eligible for a benefit based on the joint and 100% contingent benefit as if the participant had retired on the later of his date of death or his earliest retirement date.</p> <p>However, if the participant had at least 15 years of benefit credited service, his spouse will be eligible to receive the greater of the above or an amount equal to half benefit which would have been payable to the participant as if the date of his death had been his normal retirement date. The benefit will be reduced if the spouse is more than five years younger than the participant.</p> <p>Effective January 1, 1992 a lump sum death benefit of \$5,000 is payable to the beneficiary of a single participant who dies while vested prior to retirement. Also, the death benefit payable, as described above, to the spouse of a married participant will not be less than a lump sum value of \$5,000.</p>

Single life annuity, joint and survivor annuity (50%, 66<sup>2</sup>/<sub>3</sub>%, or 100%), 10 year certain and continuous, Social Security level income option, and lump sum payment (less than \$10,000).

**Optional Forms Conversion Factors**

Annuity benefits payable under the optional forms are calculated using the actuarial equivalent factors as defined in Schedule A of the Plan document:

- (1) Ten years certain and continuous: If a participant's age last birthday at retirement is 65, the 10 years certain and continuous benefit will be 90.5% of the life annuity benefit. For each year the participant's age last birthday at retirement is less than 65, the factor is increased by 3/5%, not greater than 98%. For each year the participant's age last birthday at retirement is greater than 65, the factor is reduced by 1¼% without limit.
- (2) Joint and 100% contingent option: If the employee and his or her beneficiary are the same age, the employee's life annuity benefit is multiplied by 82%. For every full year that the beneficiary is older than the retiree, the factor is increased by 1%, not greater than 95%. For every full year that the beneficiary is younger, the factor is reduced by 1% without limit.
- (3) Joint and 66<sup>2</sup>/<sub>3</sub>% contingent option: If the employee and his or her beneficiary are the same age, the employee's life annuity benefit is multiplied by 87%. For every full year that the beneficiary is older than the retiree, the factor is increased by 2/3%, not greater than 97%. For every full year that the beneficiary is younger, the factor is reduced by 2/3% without limit.
- (4) Joint and 50% contingent option: If the employee and his or her beneficiary are the same age, the employee's life annuity benefit is multiplied by 89%. For every full year that the beneficiary is older than the retiree, the factor is increased by ½%, not greater than 98%. For every full year that the beneficiary is younger, the factor is reduced by ½% without limit.

- (5) Lump sum option: Lump sum values are calculated using 417(e) mandated mortality and interest. The 417(e) interest for the preceding November is used for the entire next calendar year.

**2020 Special Distribution Window**

Effective August 31, 2020 an amendment was made to allow terminated vested participants who terminated on or before June 30, 2020 with an actuarially equivalent present value of their accrued benefit that is not more than \$50,000 to elect a lump-sum during the window election period from September 14, 2020 through October 31, 2020.

**Definitions**

**Vesting Service**

Vesting credited service is equal to benefit credited service plus any service as a mailroom trainee, or when not covered by a collective bargaining agreement to the extent that the service would have been counted if the employee had been a participant in the plan at that time.

**Benefit Service**

Benefit credited service prior to January 1, 1976 is determined under the plan in effect prior to January 1, 1976. Benefit credited service beginning January 1, 1976 is one year for each plan year during which a participant completes at least 1,000 hours of service. Partial years of benefit credited service are credited for each plan year in which a participant was not an employee for the entire year if employed on a basis which can be annualized to at least 1,000 hours.

**Plan Changes Since the Prior Year**

The funding valuation does not reflect any plan changes.

## Schedule SB, line 24 — Change in Actuarial Assumptions

The funding valuation reflects the following assumption change:

- A change in the unlimited expected rate of return on plan assets from 7.11 percent to 6.05 percent to better reflect future expectations.

This assumption change did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
