## INDEPENDENT AUDITORS' REPORT

To the Administrator of  
Protective Life Corporation Group Term Life Insurance Plan

### Opinion

We have audited the accompanying financial statements of Protective Life Corporation Group Term Life Insurance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and statements of benefit obligations as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits and statement of changes in benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and benefit obligations for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America (GAAP).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audits of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could influence judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audits.

## **OTHER MATTER**

### *Supplemental Schedule Required by ERISA*

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## **1. PLAN DESCRIPTION**

The following brief description of the Protective Life Corporation Group Term Life Insurance Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

### **General**

The Plan is a fully insured contributory defined benefit health and welfare plan covering active and retired employees of Protective Life Corporation (PLC) and its subsidiaries (collectively, the Employer) and covered dependents. The definition of an employee under this Plan includes regular, full-time, salaried employees and hourly employees as well as job-share salaried employees working at least 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The investment of the Plan is held by Wells Fargo Bank, N.A. All investment transactions with Wells Fargo Bank, N.A. (the Custodian) qualify as party-in-interest transactions.

On December 1, 2004, the Employer established the Protective Life Corporation Master Welfare Benefit Trust (the Trust) to provide life insurance benefits to eligible retired employees. At December 31, 2024 and 2023, the Plan was the only participating plan in the Trust. The Trust is administered by an internally appointed group of Trustees (Trustees).

### **Benefits**

The Plan provides life benefits and accidental death or dismemberment benefits for active employees, as well as certain dependent life insurance benefits at no cost to the employee. Retired employees are entitled to similar life insurance benefits at no cost to the retiree if they elected to commence benefits under the Protective Life Corporation Pension Plan immediately after terminating eligible employment with the Employer.

Active employees may purchase additional life benefits on their own with certain limits of coverage amounts. Effective January 1, 2015, the Employer added a feature to the Plan that allows active employees to purchase additional limited amounts of life benefits for their spouse/child(ren). The cost of such additional benefits is paid by the employee and is reflected in the financial statements as a portion of insurance premiums paid and as employee contributions.

### **Funding**

The Plan is funded by payments from the Employer, the Trust, and active employees to provide sufficient funds to pay all insurance premiums and reasonable expenses of administering the Plan. All premiums for active employees and key retired employees were paid out of corporate assets of the Employer and employee withholdings during the year ended December 31, 2024, and are reflected in the financial statements as insurance premiums paid and employer and employee contributions, respectively. Additionally, insurance premiums for non-key, currently retired employees for coverage up to \$50,000, are paid from the Trust, with premiums for coverage in excess of \$50,000 being paid out of corporate assets of the Employer.

## **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Investment Valuation and Income Recognition**

Investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8, for more information on fair value measurement. Investment transactions are recorded on the trade date. Interest income is recorded as earned. The Plan's Trustees determine the Plan's valuation policies utilizing information provided by the Custodian.

### **Employer and Employee Contributions Receivable**

Employer contributions are accrued based on unremitted premiums for active employees and certain unremitted premiums for retired employees paid out of corporate assets of the Employer.

Employee contributions are accrued based on unremitted deductions from participating employees' compensation for additional life benefits.

### **Administrative Expenses**

The Employer provides certain administrative and accounting services to the Plan at no cost and also pays certain other administrative expenses on behalf of the Plan.

### **Payment of Benefits**

Premiums are recorded when paid by the Employer or Plan and can be found in the accompanying statement of changes in net assets available for benefits.

### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations, and changes therein, additional amounts payable to the insurance company, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported changes in net assets during the reporting periods. Actual results could differ from those estimates.

## **3. POSTRETIREMENT BENEFIT OBLIGATION**

The basis of the postretirement benefit obligation is the payment of premiums to purchase life insurance for retirees. The total actuarial present value of future benefits is the discounted present value of those premium payments.

**PROTECTIVE LIFE CORPORATION  
GROUP TERM LIFE INSURANCE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to employee service rendered consistent with the service requirements for eligibility for the benefits upon retirement. Postretirement benefits include future benefits expected to be paid to or for: (1) currently retired employees or their beneficiaries, and (2) active employees or their beneficiaries after retirement from service with the Employer. Prior to an active employee's full eligibility date, the postretirement benefit obligation is the portion of the expected obligation that is attributed to that employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligation is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the postretirement benefit obligation to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The costs of the postretirement benefit obligations provided by the Plan are paid entirely by the Employer. Additional life benefits are paid by the participant. The Plan's total benefit obligations in excess of net assets available for benefits at December 31, 2024 and 2023, relates to the postretirement benefit obligation. It is expected that this will be funded through future Employer contributions.

The following were significant assumptions used in the Plan's actuarial valuations at December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Weighted average discount rate	5.70%	4.96%
Average retirement age	<u>Rate</u>	<u>Rate</u>

60	10%	10%
61	10%	10%
62	15%	15%
63-64	20%	20%
65	25%	25%
66-67	25%	25%
68	30%	30%

The foregoing assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

**4. TERMINATION**

The Employer expects to continue the Plan indefinitely; however, the Employer has the right to terminate or partially terminate the Plan at any time subject to the provisions set forth in ERISA and in accordance with the Plan document.

**5. INCOME TAX STATUS**

The Trust received a favorable tax determination letter from the Internal Revenue Service (IRS) dated June 11, 2007, stating that the Trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code. The Plan has been amended since receipt of the latest determination letter. Management believes the Plan continues to be tax-exempt at December 31, 2024 and 2023.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 3,811,650	\$ 4,045,124
Additional amounts payable to insurance company	<u>(221,381)</u>	<u>(210,329)</u>
Net assets available for benefits per Form 5500	<u>\$ 3,590,269</u>	<u>\$ 3,834,795</u>

The following is a reconciliation of insurance premiums paid to participants per the financial statements to the Form 5500 at December 31, 2024:

Insurance premiums paid per financial statements	\$ 2,583,601
Add: Change in additional amounts payable to insurance company	<u>11,052</u>
Insurance premiums paid per Form 5500	<u>\$ 2,594,653</u>

## **7. RISKS AND UNCERTAINTIES**

Investments are exposed to various risks, such as interest rate and credit risks. Due to the level of risk associated with investments and the level of uncertainty related to credit risks, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan's total postretirement benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could be material to the financial statements.

## **8. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or others means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2024 and 2023, to value the Plan's investment at fair value.

**PROTECTIVE LIFE CORPORATION  
GROUP TERM LIFE INSURANCE PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

The money market account is valued based on historical cost, which represents fair value, at year end. This method of valuation may produce a fair value calculation that may not be reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment at fair value as of December 31, 2024 and 2023:

<b>December 31, 2024</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Money market account	\$ 3,616,980	\$ -	\$ -	\$ 3,616,980
<b>December 31, 2023</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Money market account	\$ 3,858,526	\$ -	\$ -	\$ 3,858,526

For the years ended December 31, 2024 and 2023, there were no transfers between levels.

## **9. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan invests in a money market account held by Wells Fargo Bank, N.A. (in its capacity as Custodian), and therefore, transactions with the Custodian qualify as party-in-interest transactions. The fair value of the money market account was \$3,616,980 and \$3,858,526 as of December 31, 2024 and 2023, respectively. Plan assets, held by the Custodian, earned interest income of \$17,124 for the year ended December 31, 2024.

## **10. SUBSEQUENT EVENTS**

Management has evaluated the events and transactions that have occurred through October 14, 2025, the date the financial statements were available for issuance, and noted no items requiring adjustment of the financial statements or additional disclosures.
