Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: CROWE LLP

(2) EIN: 36-0921680

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

INDEPENDENT AUDITOR'S REPORT

To the Administrator and Participants of the
Columbia College Chicago Employees' Retirement Plan
Chicago, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Columbia College Chicago Employees' Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions and an agent on behalf of a qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by qualified institutions and certified to by qualified institutions and an agent on behalf of qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions and an agent of institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by qualified institutions and certified to by qualified institutions and agent on behalf of qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions and an agent of institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COLUMBIA COLLEGE CHICAGO EMPLOYEES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - PLAN DESCRIPTION

The following description of the Columbia College Chicago Employees' Retirement Plan ("the Plan") provides only general information. The Defined Contribution Pension Plan Trustees Committee has the responsibility for management and administration of the Plan. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible administrators and faculty members of Columbia College Chicago ("the College" or "plan sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: All employees are immediately eligible to make voluntary salary deferrals to the Plan on their first day of employment. Employees who have attained age 21 and have completed one year of service are eligible for the College's contribution. Participants may elect to defer to the Plan a minimum of \$200 per plan year or up to 100% of their compensation, in increments of 1%, on a pre-tax basis up to the maximum allowed under Section 402(g) of the Internal Revenue Code ("IRC"). Participants may contribute funds from another qualified plan as rollover contributions. Employees are automatically enrolled in the Plan at a contribution level equal to 2% of eligible compensation unless the employee, within 30 days from their hire date, elects to contribute a different whole percentage or zero. For the year ended December 31, 2024, the College contributed approximately 6.98% of qualified compensation to the Plan. The College contribution percentage allocated to each participant's account is determined by the participant's age and years of service.

Participant Accounts: Individual account balances are maintained for each participant. Each participant's account is credited with the participant's contribution and an allocation of the College's contribution and plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Investment Options: During 2024 and 2023, the assets of the Plan are held by Fidelity Management Trust Company ("Fidelity"), Teachers Insurance and Annuity Association of America ("TIAA"), College Retirement Equities Fund ("CREF") and TIAA, FSB (f/k/a TIAA-CREF, FSB). Participants direct the investment of the contributions into various investment options offered by the Plan. The Plan currently offers fixed and variable annuity accounts and mutual funds as investment options for participants. Participants generally may change their investment elections daily.

Retirement, Disability and Death: A participant is entitled to 100% of his or her account balance upon retirement, disability, or death.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. A participant becomes 100% vested in employer contributions after completing three years of vesting service.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum payment, a monthly annuity, or a rollover distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. Participants who are age 59½ or greater may receive the vested value of his or her account in the form of a lump sum payment, a monthly annuity, or a rollover distribution. A participant may withdraw all or a portion of the value of his or her vested interest prior to termination of employment upon meeting certain requirements as set forth in the plan document. Hardship withdrawal is also permitted.

COLUMBIA COLLEGE CHICAGO EMPLOYEES' RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 1 - PLAN DESCRIPTION (Continued)

Forfeitures: Forfeitures of nonvested amounts are used to pay plan expenses and reduce future contributions of the plan sponsor. As of December 31, 2024 and 2023, forfeited non-vested accounts totaled \$23,507 and \$8,519, respectively. Forfeitures used to reduce College contributions for the years ended December 31, 2024 amounted to \$23,397.

Plan Assets Pledged as Collateral: Prior to the 2021 plan year, participants were permitted to obtain collateralized loans directly from TIAA. Adequate security is required, and a portion of the participant's account serves as collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity Account. In general, the amount of the loan may not exceed the lesser of \$50,000 reduced by the highest outstanding loan balance in a participant's vested account during the prior 12-month period or 50% of the vested portion of the participant's account under the Plan. The minimum loan amount is \$1,000. The loans bear a rate of interest as determined in the controlling contract and may be fixed or variable. The amount of plan assets held as collateral for loans issued to participants by TIAA at December 31, 2024 and 2023 were \$75,503 and \$162,264, respectively. In 2021, the plan changed its loan policy and is issuing any new loans as direct loans to qualifying participants, as noted below.

Notes Receivable from Participants: During 2021, the Company changed its loan policy offering participants the ability to take direct loans on individual's account balances. Under the policy, participants may borrow from the Plan a maximum of 50% of the participant's total vested account balance, not to exceed \$50,000. The minimum notes receivable allowed is \$1,000. Principal and interest payments are made over a period from 12 to 60 months. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with the interest rate charged on similar loans under like circumstances by a commercial lender of funds at the date of origination, as determined by the plan administrator. On December 31, 2024, interest rates on outstanding notes receivable from participants ranged from 4.25% to 9.50%. Principal and interest payments are paid through payroll deductions.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount plan participants generally receive when executing transactions under the terms of the contract and plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS
December 31, 2024 and 2023

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as liquidity, interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their College contributions and earnings thereon.

NOTE 4 - CERTIFIED INVESTMENTS

Certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (collectively TIAA and CREF), including TIAA as agent for TIAA Trust, N.A, and Fidelity Management Trust Company (Fidelity) (the trustees of the Plan) as of and for the year ended December 31, 2024.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 inputs) and gives the lowest priority to unobservable inputs (Level 3 inputs).

(Continued)

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. Transfers between hierarchy measurement levels are recognized by the Plan as of the beginning of the reporting period.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Variable Annuity Contracts: The fair values of the Plan's interest in the CREF variable annuities and the TIAA Real Estate Account (a variable annuity pooled separate account) are determined by obtaining quoted prices on the NASDAQ Stock Market (Level 1 inputs).

Traditional Guaranteed Investment Contracts: The TIAA Traditional Annuity Contracts are individual guaranteed fixed annuity investment contracts issued by TIAA ("Issuer"). Due to certain liquidity restriction provisions, some of the individual annuity contracts within the TIAA Traditional Annuity contract held by the Plan are not fully benefit-responsive and, accordingly, are measured at fair value. TIAA and plan management have determined contract value to be the most reasonable estimate of fair value for these contracts. The fair values of the Plan's investment contracts are estimated by discounting the projected cash flows based upon current yields for contracts with comparable durations and credit quality of the issuers. The contract values are guaranteed by TIAA and reflect the exit value available to the Plan and plan participants. Based upon recent credit ratings for TIAA, management believes no adjustment to contract value is required related to credit quality. Since investment contracts are not transferable, there is no market from which to obtain observable market prices for the contracts held by the Plan or comparable contracts (Level 3 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - TIAA TRADITIONAL INDIVIDUAL FIXED ANNUITY ACCOUNTS

The Plan holds \$22,897,713 and \$21,881,486 in fully benefit-responsive investment contracts as of December 31, 2024 and 2023, through its investment holdings in the TIAA Traditional Account. Within the TIAA Traditional Individual Fixed Annuity Contracts are six types of contracts available to participants: the Retirement Annuity (RA), the Group Retirement Annuity (GRA), the Retirement Choice (RC), the Supplemental Retirement Annuity (SRA), the Group Supplement Retirement Annuity (GSRA), and the Retirement Choice Plus (RCP). Each of these contracts has unique provisions and qualities. There are certain liquidity restrictions on the RA, GRA, and RC contracts. Participants with RA, GRA, and RC contracts have certain restrictions over the availability of lump-sum withdrawals from the contracts as well as over the number of installments in which participant-initiated transfers and participant-initiated withdrawals are made. Based on these provisions, the RA, GRA, and RC contracts are considered to be non-fully benefit-responsive. As there are no comparable restrictions over the SRA, GSRA and RCP contracts, those contracts are considered fully benefit-responsive. Participants in the Plan hold investments in both non-fully benefit-responsive and fully benefit-responsive contracts through the TIAA Traditional Account.

(Continued)

NOTE 6 - TIAA TRADITIONAL INDIVIDUAL FIXED ANNUITY ACCOUNTS (Continued)

For both the fully benefit-responsive and the non-fully benefit-responsive contracts within the TIAA Traditional Account, TIAA maintains the contributions in its general account. TIAA's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise.

The investment contracts through the TIAA Traditional Account are directly between TIAA and the participants. Benefit payments from the contracts are paid as an annuity or a lump sum, as defined in the contracts and as elected by the participant upon meeting the eligibility requirements. There are no conditions specified in any of the contracts under which participant withdrawals and transfers would be restricted, other than the provisions noted above, or made at a value other than contract value or the annuity or lump sum benefit, as defined in the contracts. The contracts do not provide any provisions that would allow the Issuer to terminate the contracts between the Issuer and the participants.

The crediting interest rates of the fully benefit-responsive contracts may vary from participant to participant. The crediting rates are based on an agreed-upon formula with the Issuer, as defined in the contract agreement. The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under the RA, GRA, SRA and GSRA contracts and is between 1% and 3% for the RC and RCP contracts. Such interest rates are reviewed on a periodic basis and may from time to time have a new rate substituted for the one in the current certificate. A new rate will apply only to benefits arising from any premiums, additional amounts, and internal transfers applied to the Traditional Annuity while such rate schedule is in effect and will not affect any benefits purchased prior to the change, as defined in the contracts. The key factors that influence future interest crediting rates could include the following: the level of market interest rates; the amount and timing of participant contributions, transfers and withdrawals into/out of the contracts; and the duration of the underlying investments backing the contract.

The Plan's value of assets held in these fully benefit-responsive and non-fully benefit-responsive contracts are an accumulation of many individual contracts between participants and TIAA. These various contracts may have many different effective crediting rates. Based upon this fact and the complexity of the contract provisions of the various TIAA Traditional Annuity contracts, management has determined that it is not practicable to calculate the Plan's average yields from the fully benefit-responsive contracts based on annualized earnings or the average yields based on the interest rate credited to participants.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the College. No such officer or employee receives compensation from the Plan. Substantially all administrative expenses of the Plan are paid directly by the College.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

Fidelity and TIAA are service providers for the Plan. The Plan holds mutual funds, variable annuity contracts, and investment contracts issued by TIAA, CREF, and TIAA Trust, N.A., and therefore, these transactions and the Plan's payment of administrative and recordkeeping fees, and investment management fees to TIAA, CREF, or TIAA Trust, N.A. qualify as party-in-interest transactions. As part of the services with TIAA, the Plan receives plan servicing credits to offset certain expenses. These plan services credits are included in the reporting of the net appreciation of investments on the statement of changes. The Plan also holds investments in shares of mutual funds issued by Fidelity Investments, an affiliate of Fidelity, and the Plan's payment of investment management fees qualify as party-in-interest transactions. The Plan's payment of administrative fees and recordkeeping fees to Fidelity qualify as party-in-interest transactions.

NOTE 8 - TAX STATUS

Since the Plan is maintained under IRC Section 403(b), rather than Section 401(a), there is no IRS program pursuant to which an individual determination letter may be obtained for the Plan. The plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits at December 31, 2024 and 2023 per the financial statements to the net assets reported in the Form 5500:
