---------------	--------------------------------------

**1** Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

## Independent Auditor's Report

### To the Plan Trustees River Bank and Trust 401(k) Employee Stock Ownership Plan

#### Opinion

We have audited the accompanying financial statements of **River Bank and Trust 401(k) Employee Stock Ownership Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of River Bank and Trust 401(k) Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of River Bank and Trust 401(k) Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about River Bank and Trust 401(k) Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of River Bank and Trust 401(k) Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about River Bank and Trust 401(k) Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Notes To Consolidated Financial Statements

### NOTE 1. DESCRIPTION OF PLAN

The following description of the River Bank and Trust (the "Company") 401(k) Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all full-time employees of the Company who are at least 18 years of age and have completed three months of service. Employees are eligible for participation in the Plan on the first quarterly date occurring after three months of employment with the Company. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Report and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the statutory limitation of \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company shall make a matching contribution of 100% of the participants' elective deferrals that are not in excess of 3% of compensation, as defined by the Plan, plus 50% of the participants' elective deferrals in excess of 3% of compensation up to a maximum of 5% of compensation. Employer discretionary contributions may be made at the option of the Company's Board of Directors. No discretionary contributions were made during the year. Contributions are subject to certain limitations. The Company matching contribution and up to 50% of the participant's contribution, as elected by the participant, may be used to purchase common stock of the Company.

The Plan records employer and employee contributions receivable when compensation is earned. In accordance with ASC 326, *Financial Instruments - Credit Losses*, no allowance for credit losses has been recorded at December 31, 2024 and 2023, as employer and employee contributions receivable have never historically incurred losses and current conditions and supportable forecasts show zero risk of nonpayment.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company common stock and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant deferral contributions, compensation, or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Total shares of the Company common stock allocated to participant accounts as of December 31, 2024 and 2023 were 182,822 and 166,664, respectively.

#### **Vesting**

Participants are vested immediately in their deferral and employer matching contributions plus actual earnings thereon. Vesting in employer discretionary contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

**NOTE 1. DESCRIPTION OF PLAN (CONTINUED)**

**Payment of Benefits**

On termination of service due to death, disability, severance of employment, retirement, or financial hardship, a participant may elect to receive an amount equal to the vested interest in his or her account either in a lump sum, a direct rollover to an “eligible retirement plan” as defined by the Internal Revenue Code of 1986, as amended, or a combination thereof. The Plan also allows employees to withdraw vested balances starting at age 59 ½. Distributions are subject to the applicable provisions of the Plan. All distributions are to be made in cash. In order to fund the liquidation of Company stock, a trustee will approve a transaction for the Plan to sell stock to the holding company, and the holding company will retain the shares as treasury stock. The number of shares sold is dependent on how many shares the terminated participant liquidated and is rounded up in the case of fractional shares.

**Put Option**

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradeable on an estimated market or is subject to trading limitations, includes a put option. The put option is the right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Voting Rights**

If the Company maintains a registration-type class of common stock, each participant (or beneficiary) in the Plan is entitled to direct the manner in which shares of Company common stock that are allocated to their account and entitled to vote shall be voted. If the Company does not maintain a registration-type class of common stock, each participant (or beneficiary) shall have the right to direct the trustee as to the voting of shares of Company common stock allocated to their account only with respect to corporate matters that involve the approval or disapproval of a merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or the sale of substantially all of the Company’s assets (or similar transactions). In accordance with instructions from the Plan Administrator, the trustee shall vote any unallocated shares as well as allocated shares for which no timely voting direction is received from participants or beneficiaries.

A registration-type class of security means Company common stock that is either (i) a class of securities required to be registered under Section 12 of the Securities Exchange Act of 1934, or (ii) a class of securities that would be required to be so registered except for the exemption from registration provided under Section 12(g)(2)(H) of that Act.

**NOTE 2. SUMMARY OF ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

**Payment of Benefits**

Benefits are recorded when paid.

**NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

For purposes of the financial statements, liquid instruments with an original maturity of three months or less are considered cash equivalents. The Plan's cash deposits in a financial institution may at times exceed federally insured limits. The Plan's management does not believe that the Plan is exposed to any significant credit risk in any such accounts.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

**Plan Amendment**

Effective December 1, 2023, the minimum age requirement was lowered from 21 to 18 years of age.

**Subsequent Events**

The Plan has evaluated subsequent events through \_\_\_\_\_, 2025, the date the financial statements were available to be issued.

**NOTE 3. FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)**

**Level 2** – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

**Interest-bearing cash:** Because of the nature of these assets, carrying amounts approximate fair value.

**Pooled Separate Accounts:** Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. The accounts are not exchange traded.

**Company common stock:** Valued at estimated fair value based upon an independent appraisal. The appraiser took into account the current financial condition of the Company, historical and projected earnings, economic outlook, market comparables, and applicable discounts and premiums.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

This appraisal was based upon income valuation techniques consistent with the prior years as illustrated in the following tables:

<b>2024</b>	<b>Fair Value</b>	<b>Valuation Technique</b>	<b>Unobservable Input</b>	<b>Rate Applied</b>
Company common stock	\$ 7,221,469	Discounted cash flow model	Weighted average cost of capital	14.00%
<b>2023</b>	<b>Fair Value</b>	<b>Valuation Technique</b>	<b>Unobservable Input</b>	<b>Rate Applied</b>
Company common stock	\$ 6,166,568	Discounted cash flow model	Weighted average cost of capital	13.75%

**NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b>Investment at Fair Value as of December 31, 2024</b>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets, which is the Company common stock, for the years ended December 31, 2024 and 2023:

	<b>2024</b>	<b>2023</b>
Balance, beginning of year	\$ 6,166,568	\$ 5,928,635

Purchases	1,131,911	679,626
Sales	(688,434)	(301,176)
Balance, end of year	<u>\$ 7,221,469</u>	<u>\$ 6,166,568</u>

**NOTE 4. PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are units of investment funds managed or sponsored by the John Hancock Life Insurance Company, the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Plan's assets also consist of common stock of the Company, which are held by the trustees of the Plan. Company contributions are held and managed by the trustees, who invest cash received. Certain administrative and investment advisory services are performed by Raymond James FSA, Inc. and Wilshire Associates, Inc., who serve as the third-party administrators of the Plan. These companies charge administrative expenses that consist primarily of accounting, investment advisory and brokerage fees to service the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$10,976 for the year ended December 31, 2024 and are included in net appreciation in fair value of investments. The Company pays directly any other fees related to Plan operations.

Investment in the Company's common stock represented approximately 29.5% and 29.1% of total assets as of December 31, 2024 and 2023, respectively.

**NOTE 5. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

**NOTE 6. TAX STATUS**

The Plan adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on December 29, 2020, which stated that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the plan itself. Although the Plan has been amended since received the determination letter, the plan administrator believes that the Plan is currently designated and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has filed Form 5500, which is the annual return for employee benefit plans, for all years through December 31, 2023. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**NOTE 7. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 24,549,357	\$ 20,932,880

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2024, to net income per the Form 5500:

	<b>2024</b>
Net increase per the financial statements	\$ 3,616,477
True up match contribution receivable – 2024	(96,609)
True up match contribution receivable – 2023	87,265

## Independent Auditor's Report

### To the Plan Trustees River Bank and Trust 401(k) Employee Stock Ownership Plan

#### Opinion

We have audited the accompanying financial statements of **River Bank and Trust 401(k) Employee Stock Ownership Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of River Bank and Trust 401(k) Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the year ended December 31, 2024, in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of River Bank and Trust 401(k) Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about River Bank and Trust 401(k) Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of River Bank and Trust 401(k) Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about River Bank and Trust 401(k) Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

## Notes To Consolidated Financial Statements

### NOTE 1. DESCRIPTION OF PLAN

The following description of the River Bank and Trust (the "Company") 401(k) Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution plan covering all full-time employees of the Company who are at least 18 years of age and have completed three months of service. Employees are eligible for participation in the Plan on the first quarterly date occurring after three months of employment with the Company. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Report and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to the statutory limitation of \$23,000 for 2024. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company shall make a matching contribution of 100% of the participants' elective deferrals that are not in excess of 3% of compensation, as defined by the Plan, plus 50% of the participants' elective deferrals in excess of 3% of compensation up to a maximum of 5% of compensation. Employer discretionary contributions may be made at the option of the Company's Board of Directors. No discretionary contributions were made during the year. Contributions are subject to certain limitations. The Company matching contribution and up to 50% of the participant's contribution, as elected by the participant, may be used to purchase common stock of the Company.

The Plan records employer and employee contributions receivable when compensation is earned. In accordance with ASC 326, *Financial Instruments - Credit Losses*, no allowance for credit losses has been recorded at December 31, 2024 and 2023, as employer and employee contributions receivable have never historically incurred losses and current conditions and supportable forecasts show zero risk of nonpayment.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company common stock and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant deferral contributions, compensation, or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Total shares of the Company common stock allocated to participant accounts as of December 31, 2024 and 2023 were 182,822 and 166,664, respectively.

#### **Vesting**

Participants are vested immediately in their deferral and employer matching contributions plus actual earnings thereon. Vesting in employer discretionary contributions is based on years of continuous service. A participant is 100% vested after three years of credited service.

**NOTE 1. DESCRIPTION OF PLAN (CONTINUED)**

**Payment of Benefits**

On termination of service due to death, disability, severance of employment, retirement, or financial hardship, a participant may elect to receive an amount equal to the vested interest in his or her account either in a lump sum, a direct rollover to an “eligible retirement plan” as defined by the Internal Revenue Code of 1986, as amended, or a combination thereof. The Plan also allows employees to withdraw vested balances starting at age 59 ½. Distributions are subject to the applicable provisions of the Plan. All distributions are to be made in cash. In order to fund the liquidation of Company stock, a trustee will approve a transaction for the Plan to sell stock to the holding company, and the holding company will retain the shares as treasury stock. The number of shares sold is dependent on how many shares the terminated participant liquidated and is rounded up in the case of fractional shares.

**Put Option**

Under Federal income tax regulations, the Company stock that is held by the Plan and its participants and is not readily tradeable on an estimated market or is subject to trading limitations, includes a put option. The put option is the right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Voting Rights**

If the Company maintains a registration-type class of common stock, each participant (or beneficiary) in the Plan is entitled to direct the manner in which shares of Company common stock that are allocated to their account and entitled to vote shall be voted. If the Company does not maintain a registration-type class of common stock, each participant (or beneficiary) shall have the right to direct the trustee as to the voting of shares of Company common stock allocated to their account only with respect to corporate matters that involve the approval or disapproval of a merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or the sale of substantially all of the Company’s assets (or similar transactions). In accordance with instructions from the Plan Administrator, the trustee shall vote any unallocated shares as well as allocated shares for which no timely voting direction is received from participants or beneficiaries.

A registration-type class of security means Company common stock that is either (i) a class of securities required to be registered under Section 12 of the Securities Exchange Act of 1934, or (ii) a class of securities that would be required to be so registered except for the exemption from registration provided under Section 12(g)(2)(H) of that Act.

**NOTE 2. SUMMARY OF ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

**Payment of Benefits**

Benefits are recorded when paid.

**NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

For purposes of the financial statements, liquid instruments with an original maturity of three months or less are considered cash equivalents. The Plan's cash deposits in a financial institution may at times exceed federally insured limits. The Plan's management does not believe that the Plan is exposed to any significant credit risk in any such accounts.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisers. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation, or depreciation, includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

**Plan Amendment**

Effective December 1, 2023, the minimum age requirement was lowered from 21 to 18 years of age.

**Subsequent Events**

The Plan has evaluated subsequent events through \_\_\_\_\_, 2025, the date the financial statements were available to be issued.

**NOTE 3. FAIR VALUE MEASUREMENTS**

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

**Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)**

**Level 2** – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024, and 2023.

**Interest-bearing cash:** Because of the nature of these assets, carrying amounts approximate fair value.

**Pooled Separate Accounts:** Underlying holdings are primarily valued using market quotations or prices obtained from independent pricing sources. The accounts are not exchange traded.

**Company common stock:** Valued at estimated fair value based upon an independent appraisal. The appraiser took into account the current financial condition of the Company, historical and projected earnings, economic outlook, market comparables, and applicable discounts and premiums.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although plan management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

This appraisal was based upon income valuation techniques consistent with the prior years as illustrated in the following tables:

<b>2024</b>	<b>Fair Value</b>	<b>Valuation Technique</b>	<b>Unobservable Input</b>	<b>Rate Applied</b>
Company common stock	\$ 7,221,469	Discounted cash flow model	Weighted average cost of capital	14.00%
<b>2023</b>	<b>Fair Value</b>	<b>Valuation Technique</b>	<b>Unobservable Input</b>	<b>Rate Applied</b>
Company common stock	\$ 6,166,568	Discounted cash flow model	Weighted average cost of capital	13.75%

**NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b>Investment at Fair Value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets, which is the Company common stock, for the years ended December 31, 2024 and 2023:

	<b>2024</b>	<b>2023</b>
Balance, beginning of year	\$ 6,166,568	\$ 5,928,635
Unrealized gain (loss)	611,424	(140,517)
Purchases	1,131,911	679,626
Sales	(688,434)	(301,176)
Balance, end of year	<u>\$ 7,221,469</u>	<u>\$ 6,166,568</u>

**NOTE 4. PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are units of investment funds managed or sponsored by the John Hancock Life Insurance Company, the trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The Plan's assets also consist of common stock of the Company, which are held by the trustees of the Plan. Company contributions are held and managed by the trustees, who invest cash received. Certain administrative and investment advisory services are performed by Raymond James FSA, Inc. and Wilshire Associates, Inc., who serve as the third-party administrators of the Plan. These companies charge administrative expenses that consist primarily of accounting, investment advisory and brokerage fees to service the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services were \$10,976 for the year ended December 31, 2024 and are included in net appreciation in fair value of investments. The Company pays directly any other fees related to Plan operations.

Investment in the Company's common stock represented approximately 29.5% and 29.1% of total assets as of December 31, 2024 and 2023, respectively.

**NOTE 5. PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

**NOTE 6. TAX STATUS**

The Plan adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on December 29, 2020, which stated that the Plan and related trust are designated in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the plan itself. Although the Plan has been amended since received the determination letter, the plan administrator believes that the Plan is currently designated and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan has filed Form 5500, which is the annual return for employee benefit plans, for all years through December 31, 2023. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

**NOTE 7. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2024 and 2023 to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 24,549,357	\$ 20,932,880

Net assets available for benefits per the Form 5500	<u>\$ 24,452,748</u>	<u>\$ 20,845,615</u>

The following is a reconciliation of net increase per the financial statements for the year ended December 31, 2024, to net income per the Form 5500:

	<u>2024</u>
Net increase per the financial statements	\$ 3,616,477
True up match contribution receivable – 2024	(96,609)
True up match contribution receivable – 2023	87,265
Net income	<u>\$ 3,607,133</u>
