Independent Auditors' Report

To the Board of Trustees of
MBHB Medical Plan
Lansing, Michigan

Opinion

We have audited the financial statements of the MBHB Medical Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits and of plan benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in plan benefit obligations for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and plan benefit obligations as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and plan benefit obligations for the year ended December 31, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules are fairly stated in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MBHB MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the MBHB Medical Plan (the "Plan") provides a summary of general information relating to plan provisions and operations. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General – The Plan was effective April 1, 2023. The Plan provides life, accidental death and dismemberment, medical, prescription drug, dental and vision benefits (collectively known as "benefits") to employees of participating employers of Mission Based Health Benefits, Inc. ("MBHB"). MBHB is the Plan Sponsor, a founding member and its president is the plan administrator and Trustee of the trust established for the benefit of the Plan. Participation in the Plan is voluntary, and each member can select the coverage it will provide for its employees and the effective date. The Plan is a self-funded plan for all benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – The Plan provides for contributions from participating employers and employees. All employee contributions are collected by the employer and are submitted to the plan administrator monthly. Premiums represent a premium equivalent rate that is paid by the self-funded participating employer who has joined the Plan that include an estimate of expected claims, reinsurance, administrative cost, taxes or assessment and other necessary and essential operational costs. Premium does not imply this is a fully insured arrangement nor is the Plan a health plan issuer subject to rating requirements required of such an entity. Premiums are earned and recorded, net of amounts ceded under reinsurance agreements, pro rata over the period for which coverage is provided. The amount of required employee contributions varies among members. The amount of gross premium required from the employers for each participant is determined by the Board of Trustees of the Plan and the plan administrator. Premium payments received prior to the period of coverage are classified as unearned premiums.

Benefits – The Plan provides benefits to participants beginning on the first day of the month following thirty days of full-time employment or on the first day of the month following the applicable waiting period, as determined by each member. The Plan also provides benefits to participants during periods of unemployment. In addition, employees may elect coverage for qualified dependents under the Plan provisions as determined by each employer.

Management's Funding Policy – Benefits of the Plan are funded by MBHB, a Michigan multiple employer welfare plan trust (the "Trust"). The Trust's funding policy for benefit obligations is to charge premiums for Plan participants that will pay current Plan obligations and create a reserve to fund future obligations based on actuarially determined liabilities. The benefits are not guaranteed by an insurer or covered by the Michigan Life & Health Guarantee Association.

Plan Termination – Although it has not expressed any intent to do so, the Plan's Board of Trustees has the right under the Plan to amend or terminate the Plan at any time subject to the provisions of ERISA. In the event of termination of the Plan, the Plan shall remain liable to pay benefits for "expenses incurred" and for any total disability that occurs prior to the effective date of Plan termination, but only to the extent of the assets set aside for that purpose. Any remaining surplus would be used and distributed to the participating members, until no assets remain.

MBHB MEDICAL PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Payment of Benefits – Premiums paid are recorded as premium payments in the accompanying statement of changes in net assets available for benefits. Claim payments are recorded when submitted to the Plan by the third-party claims processor for reimbursement. Claims paid by the claims processor prior to year-end or claim payments submitted to the Plan by the claims processor that are not yet paid are recorded as an amount currently payable in the accompanying statements of plan benefit obligations. Premiums not yet paid at year-end are included as an amount currently payable in the accompanying statements of plan benefit obligations.

Pharmacy Rebates – Prescription rebates due from the Plan's pharmacy benefits manager are recorded when earned. For the year ended December 31, 2024, pharmacy rebates of \$249,421 have been netted against claims paid in the accompanying statement of changes in net assets available for benefits.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Board of Trustees determines the Plan's valuation policies utilizing information provided by custodians of the Plan's assets. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Fees – All administrative fees are paid by the Plan. LeadingAge Michigan, a participating employer in the Plan, charges the Plan certain administrative and record-keeping costs to the Plan. In computing these allocated costs, various factors were considered, including the time spent, space used, costs incurred and volume of transactions relating to the Plan in relation to various other entities administered by management (see Note 6). These expenses are reported in administrative expenses on the statement of changes in net assets available for benefits. The Plan also pays fees to third-party claims administrators. These expenses are recorded when incurred and reported in claims processing and other fees on the statement of changes in net assets available for benefits.

Subsequent Events – The Plan has evaluated all subsequent events through October 15, 2025, which is the date the financial statements were available to be issued.

Note 3. Claims Incurred but not Reported

Benefit obligations include health claims currently payable, health claims incurred but not yet reported and premiums payable. Claims paid by the claims processor prior to the year-end that are not reimbursed by the Plan as of year-end are recorded as claims payable and included in claims payable and claims incurred but not reported on the statements of plan benefit obligations.

Claims and claims payable are reported on the statement of changes in net assets available for benefits, statements of plan benefit obligations and statement of changes in plan benefit obligations net of stop loss reinsurance, as referenced in Note 5. Claims incurred but not reported are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the plan administrator. The estimates are subject to the effects of trends in claim severity and frequency, and a reasonable provision for adverse development has been incorporated in management's best estimate. Although considerable variability is inherent in such estimates, management believes that the amounts reported for unpaid claims and claims adjustment expenses are reasonable. The estimates are continually reviewed and adjusted as necessary as experience develops or new information becomes known; such adjustments are included in the statement of changes in net assets for available for benefits. These amounts are paid by the Plan only if claims are submitted and approved for payment.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for assets of the Plan measured at fair value:

- Interest-bearing cash – Valued at cost, which approximates fair value.
- Money market fund – Valued at the daily closing price as reported by the fund. The money market fund is an open-end mutual fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value ("NAV") and to transact at that price. The money market fund is deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2023 to 2024. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Interest-bearing cash	\$ 33,315	\$ -	\$ -	\$ 33,315
Money market fund	349,883	-	-	349,883
Total investments at fair value	<u>\$383,198</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$383,198</u>
	December 31, 2023			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	<u>\$116,740</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$116,740</u>

Note 5. Stop Loss

The Plan maintains reinsurance coverage with American National Insurance Company ("ANIC") consisting of specific and aggregate stop loss coverage for both medical and prescription claims. The specific stop loss deductible is \$75,000 per member per coverage period, and ANIC is responsible for all member claims in excess of this threshold. The aggregate stop loss deductible is \$1,000,000. Stop loss recoveries totaling \$307,342 have been netted against claims paid on the statement of changes in net assets available for benefits for the year ended December 31, 2024.

The cost of stop loss insurance was \$985,795 for the year ended December 31, 2024. Premiums for stop loss insurance are included in premium payments in the accompanying statement of changes in net assets available for benefits.

Note 6. Related Party and Party-in-Interest Transactions

The Plan has entered into an administrative services contract with LeadingAge Michigan, a participating employer, to share personnel and facilities. The total amount charged to the Plan for the year ended December 31, 2024 was \$97,308.

Note 7. Income Tax Status

The trust funding certain benefits of the Plan is generally exempt from federal income taxes under Section 501(c)(9) of the Internal Revenue Code ("IRC") as a Voluntary Employees' Benefit Association account ("VEBA"). Net investment income earned by a VEBA is taxable as unrelated business income under IRC Section 512(a)(3)(E)(i). For the year ended December 31, 2024, the Plan incurred \$3,317 in federal income tax expense, attributable to unrelated business income, which is included in administrative expenses on the statement of changes in net assets.

The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2024, there were no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements.

In December of 2024, the Plan received a formal determination letter from the IRS. Management believes that during 2024 the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. Additionally, the Plan maintains its cash in bank deposit accounts, which at times may exceed federally insured limits.

Concentrations of credit risk arise due to the Plan operating solely in the long-term healthcare industry in Michigan. Consequently, these operations and the associated credit risk may be affected, either positively or negatively, by changes in economic conditions in the geographic area.

Contributions from 3 participating employers accounted for approximately 84% of total employer contributions for the year ended December 31, 2024. In the event these employers were to suspend contributions, the Plan would terminate coverage to the employers participating as set forth in the Plan document. The Plan would retain the risk of meeting current fixed administrative expense until the appropriate adjustments were made.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 415,383	\$ 518,402
Benefit obligations currently payable	<u>(502,164)</u>	<u>(507,120)</u>
Net assets available for benefits per the Form 5500	<u>\$ (86,781)</u>	<u>\$ 11,282</u>

Note 9. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of benefits paid per the financial statements to the Form 5500 for the year ended December 31, 2024:

Benefits paid per the financial statements	\$4,534,188
Add: benefit obligations currently payable at end of year	502,164
Less: benefit obligations currently payable at beginning of year	<u>(507,120)</u>
Benefits paid per the Form 5500	<u>\$4,529,232</u>

Claims and premiums that have been processed and approved for payment at year-end, but not paid, and claims incurred but not reported, are not considered liabilities under accounting principles generally accepted in the United States of America; therefore, these claims and premiums are not presented as liabilities or claims and premiums paid in the accompanying statements of net assets available for benefits and statement of changes in net assets available for benefits but are recorded on the Form 5500 as a liability and claims paid.
