## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
the GPS Navigator Pooled Employer Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of the **GPS Navigator Pooled Employer Plan** (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of **December 31, 2024** and the related statement of changes in net assets available for benefits for the year then ended (modified cash basis), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.
- the information in the accompanying 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Emphasis of Matter - Basis of Accounting on the 2024 Financial Statements**

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

## **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### *Supplemental Schedules Required by ERISA*

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of or for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

*Report on Compiled 2023 Financial Statements*

Plan management is responsible for the accompanying 2023 financial statements of the Plan, which comprises the statement of net assets available for benefits as December 31, 2023. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of the Plan as of December 31, 2023.

# GPS NAVIGATOR POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS (Modified Cash Basis)

DECEMBER 31, 2024 AND 2023

---

## **NOTE 1 - DESCRIPTION OF THE PLAN**

The following description of GPS Navigator Pooled Employer Plan (the Plan) provides only general information. Participants should refer to the Plan document and their Employer's participation agreements and summary Plan description for a more complete description of the Plan's provisions.

### ***General***

The Plan is a Pooled Employer Plan (PEP) established by Group Plan Systems, LLC, the Pooled Plan Provider (PPP). The Plan was established under the Setting Every Community Up for Retirement Act of 2019 (SECURE Act) on October 1, 2022. The Plan is a defined contribution plan covering eligible employees of the Participating Employers, and is intended to qualify under Internal Revenue Code of 1986, as amended (IRC or Code), sections 401(a) and 501(a). The Plan is intended to constitute as a multiple employer plan, as described under Code sections 410(a), 411, 413, and 415. Each Participating Employer elects their own provisions related to eligibility, contributions, notes receivable from participants, and payments of benefits. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

### ***Eligibility***

Only those employees of any Participating Employer who are designated by the Participating Employer in its participation agreement as eligible employees shall be eligible to participate in the Plan. Participating Employers may define eligibility requirements based on factors such as age, service, or employee type. Eligible employees shall be eligible to make participant contributions and receive allocations of employer contributions if and to the extent specified in the applicable adoption agreement or otherwise provided by the Plan.

### ***Contributions***

Each year eligible participants may make pre-tax and Roth contributions of their eligible compensation, as defined by the Plan and Participating Employer participation agreement, subject to applicable limits established by law. Participating Employers may elect safe harbor or non-safe harbor contribution provisions as well as compensation definitions. Under certain circumstances, eligible employees may make rollover contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct their contributions into various investment options offered by the Plan. The Participating Employers in the Plan may elect automatic enrollment and escalation features. Accordingly, the Participating Employer will automatically withhold a defined percentage of an eligible participant's compensation based on the Participating Employer's participation agreement, unless the participant affirmatively opts out.

Under the terms of the Participating Employer participation agreements, the Participating Employers may elect to make safe harbor, matching contributions, nonelective contributions, qualified nonelective contributions (QNECs) or qualified matching contributions (QMACs) to the Plan. Participating Employers may also elect to make true-up matching contributions.

### ***Participant Accounts and Allocations***

Each participant's account is credited with the participant's contributions, the participating employers' contributions, (if applicable), and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

# GPS NAVIGATOR POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS (Modified Cash Basis)

DECEMBER 31, 2024 AND 2023

---

## ***Vesting***

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Participating Employer contribution portion of their accounts, plus actual earnings thereon, is based on years of service ranging from immediate to six years graded or cliff vesting, as elected by each Participating Employer. Notwithstanding the above, participants are fully vested in the participating employers' contributions upon reaching retirement age, death disability, or termination of the Plan.

## ***Notes Receivables from Participants***

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest as determined by the PPP, which is prime rate plus 1% as of the effective date of the loan request. Principal and interest is paid ratably through payroll deductions.

## ***Payment of Benefits***

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum distribution or installments based on the Participating Employer's participation agreement. The Plan may allow for in-service distributions if a participant reaches age 59½ and hardship distributions subject to the Participating Employer's participation agreement. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the benefit payment is paid without the participant's consent and is paid in the form of a single lump-sum.

## ***Forfeitures***

Forfeited nonvested accounts can be used to pay administrative expenses and to reduce future Participating Employer contributions.

## **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### ***Basis of Presentation***

The accompanying financial statements of the Plan are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Under that basis, certain additions are recognized when received and certain deductions are recognized when paid. Investments are stated at fair value. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America primarily because the effects of outstanding contributions and outstanding expenses are not included in the financial statements.

### ***Use of Estimates***

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### ***Investment Valuation and Income Recognition***

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

# GPS NAVIGATOR POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS (Modified Cash Basis)

DECEMBER 31, 2024 AND 2023

## ***Notes Receivables from Participants***

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. Delinquent notes receivable are recorded as distributions on the basis of the terms of the Plan document.

## ***Payment of Benefits***

Benefits are recorded when paid.

## **NOTE 3 - TRANSFER OF FUNDS**

Upon termination or new entrance of a Participating Employer, funds may be transferred to or from other qualified plans. During the year ended December 31, 2024, transfers into the Plan from other qualified plans totaled \$6,955,255.

## **NOTE 4 - SUMMARY OF INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)**

The Plan Administrator has obtained a certification from the Custodian (Matrix Trust Company) that the information provided to the Plan Administrator by the Custodian is complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

A summary of information included in the financial statements, which has been certified, is as follows:

	<u>2024</u>
Investments at fair value	\$ 44,409,097
Cash	328,578
Notes receivable from participants	381,782
Net appreciation of investments	4,831,575
Interest and dividends	134,819
Interest on notes receivables from participants	28,691

## **NOTE 5 - FAIR VALUE MEASUREMENTS**

Accounting Standards Codification ("ASC") No. 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC No. 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

# GPS NAVIGATOR POOLED EMPLOYER PLAN

NOTES TO FINANCIAL STATEMENTS (Modified Cash Basis)

DECEMBER 31, 2024 AND 2023

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Unobservable inputs for which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: (including money market mutual funds) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Exchange Traded Funds: – Valued using a market approach based on the closing market prices of identical instruments on the last trading day of the year.

Common collective trust funds: – The fair value of the common collective trust fund is determined by the custodian of the fund based on the underlying assets, which represent the net asset value, a practical expedient to fair value held by the Plan. The Plan does not have any unfunded commitments relating to its investment in the common collective trust fund, or any significant restrictions on redemptions. Participant directed redemptions can be made on any business day and do not have a redemption notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

	<b>Assets at fair value as of December 31, 2024</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

## **NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the PPP has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their adopting employer's contributions.

## **NOTE 7 - INCOME TAX STATUS**

The Plan has not received an opinion letter from the IRS indicating that the Plan is designed in accordance with the applicable section of the IRC. However, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The classification of investment and investment earnings reported in the financial statements may differ from the classification on the Form 5500 due to different reporting requirements on Form 5500.

## **NOTE 9 - PARTY IN INTEREST TRANSACTIONS**

Certain participants have the ability to borrow on their vested account balances. As the individuals are participants in the Plan, these transactions qualify as party-in-interest transactions. As Matrix Trust Company is the Plan's Custodian and July Business Services, LLC is the third-party recordkeeper, these transactions qualify as party-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS (Modified Cash Basis)

DECEMBER 31, 2024 AND 2023

---

## **NOTE 10 - PROHIBITED TRANSACTIONS**

During the year ended December 31, 2024, there were instances where Participating Employers failed to timely remit employee 401(k) deferral contributions and loan repayments to the Plan for certain payroll periods within the timeframe prescribed by the Department of Labor. These are deemed prohibited transactions in accordance with ERISA and the IRC. As of December 31, 2024, \$120,182 were considered to be prohibited transactions and delinquent participant contributions. The PPP and the third party recordkeeper files the appropriate Form 5330. The reimbursement for lost earnings was not material to the Plan financial statements.

## **NOTE 11 - SUBSEQUENT EVENTS**

The Plan has evaluated events and transactions for potential recognition or disclosure through October 7, 2025, the date the financial statements were available to be issued.
