Independent Auditor's Report

To the Plan Administrator of
CT Spring & Stamping Corporation
401(k) Profit Sharing Plan
Farmington, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CT Spring & Stamping Corporation 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of December 31, 2024 and 2023 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – (Form 5500) Schedule of Assets (Held at Year End) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CT SPRING & STAMPING CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF THE PLAN:

The following description of the CT Spring & Stamping Corporation 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan, established on May 1, 1965 (as a profit sharing plan), covering substantially all employees of The Connecticut Spring & Stamping Corporation (the Company or Plan Sponsor) who have completed two months of service and are age 21 or older. Employees become eligible to participate in the Plan on the first day of the month following the date they meet the eligibility requirements. Participants must complete two months of service to receive the Company discretionary matching contribution. Additionally, participants must complete one year of service, as defined, and be employed at the Company on the last day of the Plan year to receive the Company discretionary nonelective profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The plan administrator oversees governance of the Plan, determines the appropriateness of the Plan's investments and monitors investment performance.

Participant Contributions and Investment Options:

Participants may voluntarily contribute a percentage of their pre-tax and post-tax annual eligible compensation, as limited by the Internal Revenue Code (the Code) and as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 2% of eligible compensation, increasing by 1% each year up to a maximum of 6%. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan with various objectives and degrees of financial risk. The Plan currently offers various mutual funds, a self-directed brokerage account and a fully benefit-responsive investment group annuity contract as investment options for participants.

Employer Contributions:

The Company, in its sole discretion, determines the amount, if any, of the matching contributions to the Plan and when it will be made to the Plan. Discretionary matching contributions for the years ended December 31, 2024 and 2023 were equal to 50% of eligible compensation, up to a maximum of 6%. The discretionary matching contribution for the years ended December 31, 2024 and 2023 was \$506,945 and \$494,443, respectively. The Company may also make a discretionary nonelective profit sharing contribution to the Plan. There was no discretionary nonelective profit sharing contribution made to the Plan for the years ended December 31, 2024 and 2023.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF THE PLAN (Continued):

Participant Accounts:

Each participant's account is credited with the participant's contribution and Company discretionary matching contributions, as well as an allocation of the Company's discretionary nonelective profit sharing contribution, if any. Participant accounts are also credited with an allocation of investment earnings or losses and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are fully vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective profit sharing contributions is based on years of continuous service, as defined. A participant will receive partial vesting of 20% per year between years two through six and will be 100% vested after six years of service. All those participants that entered into the Plan prior to December 31, 2020 are fully vested immediately in all their contributions and the employer contributions.

Notes Receivable from Participants:

A participant may borrow from their account a minimum of \$1,000 up to a maximum of \$50,000, not to exceed 50% of the value of their vested interest in their account. Loans are evidenced by written promissory notes for the amount of the loan and are secured by the participant's vested account balance. The loans have terms of up to five years, or greater if used for the purchase of a primary residence. The loans bear interest at a rate of 1% over the prime interest rate. Principal and interest are paid ratably through payroll deductions. Each participant may not have more than one loan outstanding at any time. These loans are subject to certain restrictions as defined by the Plan and applicable restrictions under the Code.

Forfeitures:

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$31,670 and \$42,328, respectively. These accounts will be used to reduce future employer contributions and administrative expenses of the Plan. For the year ended December 31, 2024, employer contributions and Plan expenses were reduced by \$20,370 and \$19,875, respectively, from forfeited nonvested accounts. For the year ended December 31, 2023, employer contributions and Plan expenses were reduced by \$22,979 and \$26,224, respectively, from forfeited nonvested accounts.

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Payment of Benefits:

Upon termination of service due to death, disability, or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. A partial withdrawal is permitted upon termination of service due to disability or retirement for participants or their beneficiaries who must receive required minimum distributions, as defined by the Code. Participants with a vested account balance of \$5,000 or less will receive a lump-sum amount equal to the value of the vested portion of their account. The Plan also allows for in-service distributions of the participant's vested accounts upon reaching the age of 59 ½ or due to hardship, as defined by the Plan.

Basis of Accounting:

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates:

The preparation of financial statements in conformity with US GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein at the date of the financial statements, and the reported amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment group annuity contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 6).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

CT SPRING & STAMPING CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent loans are treated as distributions based on the terms of the Plan document. Management has evaluated notes receivable from participants for collectability and has determined that no allowance is considered necessary.

Excess Participant Contributions Payable:

Excess participant contributions payable represent payments due to certain active participants to return excess contributions in order to satisfy the relevant nondiscrimination provisions of the Plan. The Plan distributes the excess contributions to applicable participants prior to March 15th in the following year. As of December 31, 2024 and 2023, excess contributions totaled \$17,915 and \$42,507, respectively.

Payment of Benefits:

Benefits are recorded when paid.

Administrative Expenses:

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Reclassifications:

Certain 2023 amounts have been reclassified to conform to the 2024 presentation. Such reclassifications had no material effect on the financial statements.

NOTE 3 – RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

CT SPRING & STAMPING CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 4 – CERTIFIED INVESTMENTS:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held (at fair value), the fully benefit-responsive investment group annuity contract (at contract value), and notes receivable from participants at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America (EAICA) and Empower Trust Company, LLC (Empower), qualified institutions and the custodians of the Plan.

NOTE 5 – FAIR VALUE MEASUREMENTS:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

CT SPRING & STAMPING CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued):

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and therefore Level 1.

Self-Directed Brokerage Account: The account primarily consists of publicly traded securities that are valued on the basis of readily determinable market prices.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments that are measured at fair value are all classified as Level 1 as of December 31, 2024 and 2023, and totaled \$26,472,012 and \$22,932,484, respectively.

The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2024 and 2023, there were no transfers of investments into or out of Level 3, respectively.

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT GROUP ANNUITY CONTRACT:

The Plan has a traditional fully benefit-responsive guaranteed investment contract with EAICA totaling \$2,903,356 and \$3,048,415 at December 31, 2024 and 2023, respectively. EAICA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting interest rate for the contract is reviewed on a quarterly basis for resetting by the issuer. The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria, and therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by EAICA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

CT SPRING & STAMPING CORPORATION
401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 6 – FULLY BENEFIT-RESPONSIVE INVESTMENT GROUP ANNUITY CONTRACT (Continued):

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with EAICA. Such events include: (1) termination of the contract, (2) spin-offs, divestitures, layoffs, or corporate relocation, (3) partial or total plan termination, (4) retirement incentive programs, or (5) liberalization of plan withdrawal or transfer rules.

In addition, certain events allow EAICA to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) contract owner's failure to abide by state or federal law, (2) failure to render performance necessary to comply with the terms of the contract, (3) failure to maintain assets of at least \$25,000, (4) plan disqualification, and (5) failure to adopt the plan in a reasonable period of time.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 7 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments in American Funds are shares of mutual funds managed by Empower. The fully benefit-responsive investment group annuity contract is managed by EAICA. Empower and EAICA are the custodians and recordkeepers of the Plan, and therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also party-in-interest transactions.

Empower provides certain administrative services to the Plan pursuant to a service agreement between the Plan and Empower. Empower receives revenue from mutual fund service providers for services Empower provides to the funds. Empower remits funds to the Plan to cover Plan audit and advisory expenses. This revenue is used to offset certain amounts owed to Empower for its administrative services to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

For the years ended December 31, 2024 and 2023, the amount deposited into the Plan was \$31,007 and \$48,974, respectively, which were used to offset administrative expenses in the accompanying statements of changes in net assets available for benefits. Of these amounts, \$30,882 and \$27,172 were used to pay certain audit and advisory expenses of the Plan, respectively. There were no amounts allocated to the accounts of Plan participants during the years ended December 31, 2024 and 2023. At December 31, 2024 and 2023, the remaining balance in this account was \$30,039 and \$38,074, respectively, which is included in the fully benefit-responsive investment group annuity contract account.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

CT SPRING & STAMPING CORPORATION

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 8 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 9 – TAX STATUS:

The Plan Sponsor adopted a non-standardized prototype profit-sharing plan, which received an Internal Revenue Service (IRS) opinion letter, most recently amended November 14, 2022, stating that the form of the prototype document is acceptable under Section 401(a) of the Code. The Plan has not submitted for a determination letter. Although the Plan has been amended since receiving its opinion letter, the plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 10 – RECONCILIATION TO FORM 5500:

The following is a reconciliation of the changes in net assets available for benefits per the financial statements for the years ended December 31, 2024 and 2023 to Schedule H of the Form 5500:

	<u>2024</u>	<u>2023</u>

NOTE 11 – SUBSEQUENT EVENTS:

Effective April 27, 2025, the Plan was amended to change the eligibility requirements wherein employees who have completed two months of service and are age 18 or older are eligible to participate in the Plan and receive the Company discretionary matching contribution.

Management has evaluated subsequent events through October 14, 2025, which is the date the financial statements were available to be issued. The Plan did not have any other material subsequent events that require adjustment or disclosure in these financial statements.
